#### A. FOREWORD BY THE EXECUTIVE MAYOR

I would like to take this opportunity to introduce to you the Five Year Integrated Development Plan for Enoch Mgijima Local Municipality. The 2017/22 IDP process had the sufficient public participation, despite the challenges faced by the municipality. This process included the identification of priorities at ward level.

The 5 Year Integrated Development Plan for Enoch Mgijima Local Municipality, which is the 1<sup>st</sup> Generation Strategic Plan developed since the amalgamation of Former Lukhanji, Tsolwana and Inkwanca Local Municipalities represents a new vision, mission and strategic objectives of the municipality into the 5 Year Term of Council.

The vision and mission statements which were developed through an extensive public participation process reaffirm our commitment to the 2016 ANC Local Government Manifesto as well as the National Development Plan.

This IDP presents a framework for social upliftment, development and change for the lives of ordinary and corporate citizens of this municipality.

It attempts to define our existence and give legitimacy to a long-established view that Enoch Mgijima Local Municipality is an economic hub of the Chris Hani Region and has a bigger role to play within the development trajectory of the Eastern Cape Province. As a newly established municipality, we are mindful of the many challenges that the amalgamation of the three municipalities brought, and at the same time, we are also mindful of the challenges ahead of us.

As we navigate ourselves into the next 5 Years, we will collaborate with all other spheres of government as well as our internal stakeholders to ensure that we stabilize the institution to ensure that it provide good quality services, it is in a sound financial position, there is strategic political leadership and administrative efficiency and effectiveness, that all outstanding amalgamation issues are dealt with and finalised as soon as possible and a professional work environment with a good work ethic is established sooner rather than later.

Councillor L. Gunuza-Nkwentsha

#### B. OVERVIEW BY THE ACTING MUNICIPAL MANAGER

The 2016 Local Government elections marked the 5<sup>th</sup> Local Government elections in South Africa since the dawn of our democracy. The past four Local Councils since 1994, played a significant role in changing the lives of Communities within our area of jurisdiction. The amalgamation of three different Local Municipalities (Lukhanji, Tsolwana and Inkwanca) by the 5<sup>th</sup> Local Government elections makes this area to be a unique municipality. It is a bigger Local Municipality named after Prophet Enoch Mgijima. This newly amalgamated entity brings new and unique challenges to this new Municipal Administration for the next five years (2017 to 2022).

This unique challenge resulted in the new Administration developing its own five-year strategy called Integrated Development Plan 2017 to 2022. It is through this Integrated Development Plan that the work that was started by the three previous Administration had to be continued with vigour and speed. Governance Structures and Systems are in place; it is for the Administration to hit the ground running. Complete Administrative efficiencies and effectiveness will only be realised through maximum use of available governance structures and implementation of available systems with the community being at the centre of development.

Government programmes like Back to Basics and operation Masiphathisane will assist immensely in ensuring Public Participation and Community Involvement in most if not all our programmes. The achievement of all the above will only be possible through close collaboration between the three spheres of Government (National, Provincial and Local) as equal partners in development.

MR. S. NKONKI ACTING MUNICIPAL MANAGER

#### 1. CHAPTER 1: EXECUTIVE SUMMARY

#### 1.1. Background.

The Municipal Systems Act, Act 32 of 2000, requires that local government structures prepare Integrated Development Plans (IDPs). The IDP serves as a tool for the facilitation and management of development within the areas of jurisdiction.

In conforming to the Act's requirements, the Council of the Enoch Mgijima Local Municipality (EMLM) has delegated the authority to the Interim Municipal Manager to prepare the IDP.

The aim of the new 5-year IDP for Enoch Mgijima LM is to present a coherent plan to improve the quality of life for people living in the area. The intention of this IDP is to link, integrate and co-ordinate development plans for the municipality which is aligned with national, provincial and district development plans and planning requirements binding on the municipality in terms of legislation.

This document represents the 1<sup>st</sup> Generation IDP for Enoch Mgijima Local Municipality's Integrated Development Plan (IDP) for the current planning and implementation time-frame being 2017-2022 and considers the 2016/2017 budget cycle. The document must be read together with the comprehensive suite of municipal-wide sector plans which have been developed to support its subsequent implementation.

The above three municipalities will be amalgamated in line with the following circulars: -

MBD Circular 8/2015: Re-Determination of Municipal Boundaries in terms of Section 21 of the Local Government: Municipal Demarcation Act of 1998.

Through the above circular, the Chairperson of the Demarcation Board has informed the Speakers and Municipal Managers of the above mentioned municipalities, the Speaker of the Chris Hani District Municipality, the MEC for Eastern Department of Local Government and Traditional Affairs as well as various other government departments and government entities, that the Municipal Demarcation Board of South Africa ("MBD") has decided to determine or redetermine certain municipal boundaries in terms of Section 21 of the Local Government: Municipal Demarcation Act of 1998, as set out in the draft notice attached as Annexure A to the circular referred to herein.

In terms of Section 21 of the Local Government: Municipal Demarcation Act of 1998, the MBD has:-

|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 15 of 330 |

- Re-determined the boundaries of the three municipalities referred herein by amalgamating the remaining portion of the municipal area of Tsolwana with the municipal areas of Inkwanca and Lukhanji.
- b) Determined the municipal boundaries of the new Category B municipal area.
- c) Such municipal area is referred to in here as Enoch Mgijima Municipality.

#### 1.2. Legislative Framework

The formulation of the IDP must be guided by various pieces of legislation. The Integrated Development Planning process originates in the Constitution of the Republic of South Africa (Act 108 of 1996), which enjoins local government to:-

The *Constitution of the Republic of South Africa (1996)* stipulates that the local sphere of government consists of municipalities which were established for the whole South Africa, the so-called wall-to-wall municipalities.

The objectives of local government are set out in Section 152 of the Constitution as follows:-

- a) To provide democratic and accountable government for local communities;
- b) To ensure the provision of services to communities in a sustainable manner;
- c) To promote social and economic development;
- d) To promote a safe and healthy environment; and
- e) To encourage the involvement of communities and community organisations in the matters of local government.

The Constitution commits government to take reasonable measures, within its available resources, to ensure that all South Africans have access to adequate housing, health care, education, food, water and social security.

According to Section 25 of the MSA each municipal council must, after the start of its elected term, adopt a single, inclusive and strategic planning (IDP) for the development of the municipality which links, integrates and co-ordinates plans and takes into account proposals for the development of the municipality and which aligns the resources and capacity of the municipality with the implementation of the said plan. The IDP should form the policy framework and general basis on which annual budgets will be based and should be aligned with national and provincial development plans and planning requirements.

The Constitution further states that the three spheres of government are distinctive, interdependent and inter-related. They are autonomous, but exist in a unitary South Africa and have to cooperate on decision-making and must co-ordinate budgets, policies and activities, particularly for those functions that cut across the spheres.

Co-operative governance means that national, provincial and local government should work together to provide citizens with a comprehensive package of services. They have to assist and

|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 16 of 330 |

support each other, share information and coordinate their efforts. Implementation of policies and government programmes particularly require close cooperation between the three spheres of government.

A number of policies, strategies and development indicators have been developed in line with the prescriptions of legislation to ensure that all government activities are aimed at meeting the developmental needs of local government.

Section 1.3 outlines the national, provincial and district policy directives, sector plans and legislation that set the strategic direction and with which the Enoch Mgijima Local Municipality must align to ensure that government spending is directed at the pressing needs of the community and those that contribute towards economic growth.

The Service Delivery and Budget Implementation Plan (SDBIP) is regulated by National Treasury **Circular No. 13** dated 2005 and Performance Management by **Regulation 29089** dated 2006.

Chapter 5, Section 26 of the MSA indicates the core components of an IDP and that such an IDP must reflect the following:

- 1) The municipal council's vision for the long-term development of the municipality with special emphasis on the municipality's most critical development and internal transformation needs.
- 2) An assessment of the existing level of development in the municipality, which must include an identification of communities which do not have access to basic municipal services.
- 3) The council's development priorities and objectives for its elected term, including its local economic development and internal transformation needs.
- 4) The council's development strategies which must be aligned with any national and provincial sectoral plans and planning requirements that are binding on the municipality in terms of legislation.
- 5) A spatial development framework which must include the provision of basic guidelines for a land use management system for the municipality.
- 6) The council's operational strategies.
- 7) Applicable disaster management plans.
- 8) A financial plan, which must include a budget projection for at least the next three years.
- 9) The key performance indicators and performance targets determined in terms of Section 41 of the MSA.

The Municipal Planning and Performance Management Regulations (R796 of 2001) set out further requirements for an IDP:-

- 1) An institutional framework is required for implementation of the IDP and to address the municipality's internal transformation;
- 2) Investment initiatives;
- 3) Development initiatives including infrastructure, physical, social and institutional development; and

#### 1.3. The IDP Development Process

#### 1.3.1. Framework and Driving Force Behind the IDP.

Municipalities function within the realm of an extensive legislative and policy framework. This framework provides prescripts and guidelines to be implemented and aligned with municipal

| Version | Period    | Document                                     | Page 23 of 330 |

functions. Enoch Mgijima Local Municipality realises that in order to achieve growth and development, the budget, programmes and projects must be aligned to developmental and institutional policy directives.

#### 1.3.2. The 2017-2022 IDP/Budget Process Plan.

In order to ensure certain minimum quality standards and proper coordination between and within spheres of government in development of Integrated Development Plan (IDP), Section 28(1) and 29(1) (a) and (b) of Municipal Systems Act of 2000 prescribes that the council of the municipality must within the prescribed period after the start of its elected term "adopt a process set out in writing to guide the planning, drafting, adoption and review of its Integrated Development Planning. This plan must include the following:

- A programme specifying the time frames for the different planning steps
- Appropriate mechanisms, processes and procedures for consultation and participation of local communities, organs of state, traditional authorities and other role players in the IDP drafting process.
- An indication of the organization arrangements for the IDP process.
- Mechanisms for integration and alignment.

In compliance with the provisions of the Act as stipulated above the Integrated Development and Planning Department wishes to submit to council a final process plan as part of the preparation for implementation of Integrated Development Plans. It is this Process Plan which will be a guiding document to the actual Integrated Development Planning Process for 2017-2022.

#### 1.3.3. The Purpose of the IDP/Budget Process Plan.

The purpose of this process plan is to indicate the types of activities planned for the successful development of the 2017-2022 Integrated Development Plan for Enoch Mgijima Local Municipality. It will set the extent and nature of activities that the municipality will engage in, in order to develop 2017-2022 IDP/Budget.

#### 1.3.3.1. Institutional Arrangements.

The following institutional arrangements have been put in place to ensure th development and implementation of the IDP:-

- a) Enoch Mgijima LM Municipal Council
- b) Finance and Administration Standing Committee

# 1.3.5. Process Plan for Enoch Mgijima LM's Annual Financial Statements.

The process plan for the preparation of the 2016/2017 AFS is attached to this document.

# 1.4. The IDP Development Phases

The IDP will be organised through the following chapters: -

# 1.4.1. Chapter One

This Chapter of the IDP addresses the following key issues:-

- 1) Background
- 2) Legislative Framework

| Version | Period    | Document                                     | Page 37 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 37 OI 330 |

- 3) Mandate
- 4) Enoch Mgijima LM's Service Delivery Priorities (SDP's
- 5) The IDP Process Plan

## 1.4.2. Chapter Two.

This Chapter of the IDP addresses the following key issues:-

- 1) Compilation of Existing Information
- 2) Community and Stakeholder Level Analysis
- 3) Reconciling Existing Information Compilation and Community and Stakeholder Level Analysis
- 4) Municipality-wide Analysis
- 5) Spatial Analysis
- 6) Socio-economic/Gender Differentiation
- 7) Socio-economic/Gender Differentiation
- 8) In-depth Analysis of Priority Issues: General Guidelines
- 9) In-depth Analysis of Priority Issues: Generic Sector Guidelines
- 10) Consolidation of Analysis Results

### 1.4.3. Chapter Three.

This Chapter of the IDP addresses the following key issues:-

- 1) Vision
- 2) Working Objectives
- 3) Localised Strategic Guidelines
- 4) Localised Spatial Strategic Guidelines
- 5) Localised Strategic Guidelines for Poverty Alleviation and Gender Equity
- 6) Localised Strategic Environmental Guidelines
- 7) Localised Strategic Guidelines for Local Economic Development (LED)
- 8) Localised Institutional Strategic Guidelines
- 9) Financial Strategy

## 1.4.4. Chapter Four.

This Chapter of the IDP addresses the following key issues:-

- 1) Establishing Preliminary Budget Allocations
- 2) Setting Indicators for Objectives
- 3) Project Outputs/Targets/Locations
- 4) Cost/Budget Estimates/Source of Finance

| Version | Period    | Document                                     | Dogo 20 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 38 of 330 |

### 1.4.5. Chapter Five.

This Chapter of the IDP addresses the following key issues:-

- 1) Integrating Projects and Programmes
- 2) Integrated Sector Programmes
- 3) 5-year Financial Plan for the Municipality
- 4) 5-year Capital Investment Programme (all sources of investment)
- 5) 5-year Action Programme
- 6) Integrated Monitoring and Performance Management System
- 7) Integrated Spatial Development Framework
- 8) Integrated Poverty Reduction/Gender Equity Programme
- 9) Integrated Environmental Programme
- 10) Integrated LED Programme
- 11) Integrated Institutional Programme
- 12) Disaster Management Plan

### 1.4.6. Chapter Six.

This Chapter of the IDP addresses the following key issues:-

- a) Opportunity for Comments from Provincial/National Government
- b) District-level Horizontal (Inter-municipal) Coordination
- c) Opportunity for Public Comments
- d) Incorporating and Responding to Comments
- e) Final Adoption by the Municipal Council

### 1.5. Mandate

To ensure that Enoch Mgijima LM is a responsive, efficient, effective and accountable municipality, chapter 3 to 5 of the IDP will outline in detail how the long-term vision translates into an effective plan that aligns the municipal budget, monitoring and evaluating mechanisms as well as timeframes for delivery. The municipality will ensure closer alignment between the long-term development objectives (in context of National, Provincial and District development policies) and the IDP.

| Version | Period    | Document                                     | Daga 20 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 39 of 330 |

The mandate for the municipality is guided by, but not limited to the following government imperatives:-

### 1.5.1. National Development Plan

The South African Government through the Presidency has published a National Development Plan. The Plan aims to eliminate poverty and reduce inequality by 2030. The Plan has the target of developing people's capabilities to be to improve their lives through education and skills development, health care, better access to public transport, jobs, social protection, rising income, housing and basic services, and safety. It proposes to the following strategies to address the above goals:-

- a) Creating jobs and improving livelihoods;
- b) Expanding infrastructure;
- c) Transition to a low-carbon economy;
- d) Transforming urban and rural spaces;
- e) Improving education and training;
- f) Providing quality health care;
- g) Fighting corruption and enhancing accountability;
- h) Transforming society and uniting the nation.

As the core of the Plan is to eliminate poverty and reduce inequality and the special focus on the promotion of gender equity and addressing the pressing needs of youth. More importantly for efficiency in local government the NDP proposes 8 targeted actions listed below:-

- a) Stabilise the political-administrative interface;
- b) Make public service and local government careers of choice;
- c) Develop technical and specialist professional skills;
- d) Strengthen delegation, accountability and oversight;
- e) Improve interdepartmental co-ordination;
- f) Take pro-active approach in improving national, provincial and local government relations;
- g) Strengthen local government;
- h) Clarify the governance of SOE's.

The National Development Plan 2030 has been adopted by the National Cabinet in August 2012 and this place an injunction on the state and its agencies (including municipalities) to implement the Plan.

The Plan makes the following policy pronouncements and proposes performance targets that intersect with developmental mandates assigned to local government. Importantly, municipalities are expected to respond to these developmental imperatives when reviewing their Integrated Development Plan and developing the corresponding three-year Medium Term Revenue and Expenditure Frameworks.

| Version | Period    | Document                                     | Page 40 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 40 01 330 |

- a) Youthful population presents opportunities to boost economic growth, employment and reduce poverty;
- b) Strengthen youth service programmes community based programmes to offer young people life skills training, entrepreurship training;
- c) Increase employment from 13 million in 2010 to 24 million in 2030;
- d) Ensure that skilled, technical, professional and managerial posts better reflect the country's racial, gender and disability makeup;
- e) Establish effective, safe and affordable public transport;
- f) Produce sufficient energy to support industry at competitive prices;
- g) Ensure that all South African have access to clean running water in their homes;
- h) Make high speed broadband internet universally accessible at competitive prices;

### 1.5.2. National Government's Outcomes Based Approach to Service Delivery

National Government has agreed on 12 outcomes as a key focus of work between now and 2014. These outcomes have been expanded into high-level outputs and activities, which in turn formed the basis of a series of performance agreements between the President and relevant Ministers.

Whilst all of the outcomes can to some extent be supported through the work of local government, *Outcome 9* (A responsive, accountable, effective and efficient local government system) and its 7 outputs are specifically directed at local government:-

| Table 1: Out  | Table 1: Outcome 9 Outputs                              |  |  |  |  |
|---|---|--|--|--|--|
| Output 1 Implement a differentiated approach to municipal financing, planning |   |  |  |  |  |
| Output 2  | Improving access to basic services                      |  |  |  |  |
| Output 3  | Implementation of the Community Work Programme          |  |  |  |  |
| Output 4  | Actions supportive of the human settlement outcome      |  |  |  |  |
| Output 5  | Deepen democracy through a refined Ward Committee model |  |  |  |  |
| Output 6  | Administrative and financial capability                 |  |  |  |  |
| Output 7  | Single window of co-ordination                          |  |  |  |  |

### 1.5.3. CoGTA's National KPA's for Municipalities.

Department of Cooperative Governance and Traditional Affairs (CoGTA) assess the progress made by municipalities against five Key Performance Areas (KPAs) and crosscutting interventions adopted in the 5-Year Local Government Strategic Agenda. The five KPAs that form the basis of the assessments are:-

| Version | Period    | Document                                     | Page 41 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 41 01 330 |

| Table 2: | Table 2: National KPA's                                   |  |  |  |  |
|----------|---|--|--|--|--|
| KPA 1    | Good Governance and Public Participation                  |  |  |  |  |
| KPA 2    | 2 Municipal Transformation and Organisational Development |  |  |  |  |
| KPA 3    | Basic Service Delivery                                    |  |  |  |  |
| KPA 4    | Municipal Financial Viability and Management              |  |  |  |  |
| KPA 5    | Local Economic Development (LED);                         |  |  |  |  |

The above allow CoGTA to determine how well each municipality is performing, compare its performance to targeted goals, create measures to improve performance, identify the municipalities that have under-performed and propose remedial action to improve performance of municipalities.

#### 1.5.4. The New Growth Path.

This National Policy Framework deals specifically with issues such as creating decent work, reducing inequality and defeating poverty through "a restructuring of the South African economy to improve its performance in terms of labour absorption as well as the composition and rate of growth". Important and of practical consequence to local government, are the specific job drivers that have been identified:-

- 1) Substantial public investment in infrastructure both to create employment directly, in construction, operation and maintenance as well as the production of inputs, and indirectly by improving efficiency across the economy;
- 2) Targeting more labour-absorbing activities across the main economic sectors —the agricultural and mining value chains, manufacturing and services;
- 3) Taking advantage of new opportunities in the knowledge and green economies; Leveraging social capital in the social economy and the public services; and Fostering rural development and regional integration.

# 1.5.5. Provincial Government of the Eastern Cape – Eastern Cape Vision 2030

In 2014, the Executive Council of the Eastern Cape Provincial Government appointed the Eastern Cape Planning Commission (ECPC) to facilitate a participatory exercise of defining what the NDP should mean for the province. This definition has been used to inform the Eastern Cape's Provincial Development Plan (PDP). The plan aims to provide creative responses to the province's challenges.

There are five related goals that inform the PDP. Each goal aims to encourage rural development to address the spatial and structural imbalances in the Eastern Cape. Each goal has a vision, key objectives and strategic actions. Further detail is provided in Part 2 of this plan.

The five goals are interrelated and cross-enable each other. For example, good health (goal 3) is important for effective learning (goal 2) and productive economic activity

| Version | Period    | Document                                     | Dago 42 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 42 of 330 |

(goal 1). Achieving the first three goals will inevitably create more vibrant communities (goal 4). The fifth goal, capable and accountable institutions, enables the first four goals.

## a) Goal 1: A growing, inclusive and equitable economy.

The PDP aims to develop a growing, inclusive and equitable economy. This includes a larger and more efficient provincial economy that optimally exploits the competitive advantages of the Eastern Cape, increased employment and reduced inequalities of income and wealth.

### b) Goal 2: An educated, empowered and innovative citizenry.

The PDP seeks to ensure that people define their identity, sustain their livelihoods, live healthy lives and raise healthy families, develop a just society and economy, and play an effective role in the development of their communities, as well as the politics and governance of the state at all levels.

### c) Goal 3: A Healthy population.

The PDP seeks to ensure that all citizens of the Eastern Cape live longer and healthy lives. This will mainly be achieved by providing quality healthcare to people in need. The health system must value patients, care for communities, provide reliable service and value partnerships. In addition, the system should rest on a good primary healthcare platform and be integrated across primary, secondary and tertiary levels of healthcare.

### d) Goal 4: Vibrant, equitable and enabled families.

The PDP seeks to ensure that by 2030, the Eastern Cape is characterised by vibrant communities in which people can responsibly exercise their growing freedoms. The plan aims to address spatial disparities across the province, and seeks to guide the development and use of instruments to achieve this. These instruments include legislation and policy, spatial targeting of infrastructure and other investments, and planning itself. Where and how people live and work is the most visible manifestation of spatial equity.

### e) Goal 5: Capable, conscientious and accountable institutions

The PDP seeks to build capable, conscientious and accountable institutions that engender and sustain development partnerships across the public, civic and private sectors. It aims to construct and mobilise multi-agency partnerships for development, encouraging the emergence of a strong, capable, independent and responsible civil society committed to the province's development. The province will build the necessary capabilities to anchor these multi-agency partnerships and empower people to meaningfully participate in their own development.

| Version | Period    | Document                                     | Page 43 of 330 |

## 1.5.6. Enoch Mgijima LM's Political Priorities

The Enoch Mgijima LM is guided by the following **11 (eleven) priorities**, as highlighted by the **ANC's Local Government Elections Manifesto**.

- 1) Build on achievements made in delivering basic services to the people.
- 2) Improve access to municipal services and reduce outsourcing in municipalities.
- 3) Further improve public participation and accountability of councillors.
- 4) Enhance the capacity of the local state to deliver on its mandate.
- 5) Develop and strengthen local economies, create jobs and promote job placements, especially for the youth.
- 6) Intensify the fight against fraud and corruption in local government and social fabric crimes in communities.
- 7) Promote education as the apex priority in local communities.
- 8) Improve health in urban and rural communities.
- 9) Help municipalities adapt to the changing climatic conditions.
- 10) Build spatially integrated communities.
- 11) Promote nation-building and socially cohesive communities.

The highlights of the Political Priorities are reflected in the following paragraphs:-

# 1.5.6.1. Priority 1: Basic Services

Together we shall build on the achievements made in the delivery of basic services by:

a) Expanding the electrification programme to the remaining areas and rolling out solar energy in certain areas.

| Version | Period    | Document                                     | Dogo 44 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 44 of 330 |

- b) Enhancing the capacity of the municipality to accelerate upgrading and integration of informal settlements.
- c) Increasing the capacity of existing dams, building new dams and improving water treatment infrastructure.
- d) Cleaning public sanitation facilities in towns and cities and rolling out sanitation facilities in informal settlements and rural municipalities.
- e) Intensifying cleaning campaigns in towns and cities and increasing households with access to refuse removal.
- f) Ensuring that tarred roads are maintained and gravel roads are graded.
- g) Addressing challenges related to billing systems and enhancing the system to protect indigent households.
- h) Mobilising funding for rehabilitation, refurbishment and replacement of ageing infrastructure.

## 1.5.6.2. Priority 2: Municipal Services and Outsourcing.

Together we shall improve access to municipal services and reduce outsourcing by:-

- a) Ensuring that municipal services remain the core function of municipalities.
- b) Discouraging municipalities from outsourcing the basic services they are able to render themselves.
- c) Building delivery capacity in municipalities with a view to reducing outsourcing of municipal services.
- d) Developing sound regulatory and monitoring mechanisms for outsourced municipal services in those municipalities without capacity to render services themselves.
- e) Engaging with municipalities and organised labour on the introduction of flexible shifts to promote greater access to municipal services.

### 1.5.6.3. Priority 3: Public Participation and Accountability.

Together we shall continue to improve public participation and accountability through:-

a) Strengthening public participation to ensure that all communities participate in municipal programmes and activities.

| Version | Period    | Document                                     | Dago 45 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 45 of 330 |

- b) Further improve accessibility and accountability of councillors through regular report back and feedback meetings in communities.
- c) Requiring councillors to sign performance and accountability agreements.
- d) Strengthening partnerships with community organisations and other forums of people's participation.
- e) Rolling out the Batho Pele Standards Framework for local government to improve service delivery.
- f) Ensuring that all municipalities conduct consumer satisfaction surveys.

### 1.5.6.4. Priority 4: Municipal Capacity.

Together we shall improve and enhance institutional capacity of municipalities by:-

- a) Enhancing the existing skills and capabilities and recruiting officials with requisite technical skills, administrative knowledge and experience.
- b) Strengthening local partnerships with the private sector, trade unions and community based organisations to enhance service delivery.
- c) Strengthening and consolidating relations between councillors and traditional leaders to improve service to traditional communities.
- d) Bringing additional engineering, project planning and financial management skills to urban municipalities.
- e) Building capacity to undertake long term planning with a view to ensuring coordination and integration of strategies for growth and development.
- f) Developing programmes for youth councils in municipalities.
- g) Strengthening internal capacity of municipalities to monitor work of municipalities, including early warning mechanisms to identify areas where challenges may arise.
- h) Promoting education and training of municipal officials through skills development initiatives.
- i) Providing additional national and provincial support to further improve the capacity of local government to deliver services.
- Developing capacity to address challenges related to non-payment of bulk suppliers and recovery of money owed to municipalities by communities, government departments and businesses

### 1.5.6.5. Priority 5: Local Economy and Job Creation.

Together we shall develop and strengthen local economies, create jobs and promote job placements, especially for the youth through:-

- a) Reorientation of local economies to become effective centres of production, information processing and economic and spatial development.
- b) Strengthening structures of Local Economic Development.
- c) Developing sports and recreational facilities to grow local economies.
- d) Ensuring that municipalities incorporate science and technology into their programmes as catalysts for local economic development and deploy innovations such as the hydrogen fuel cell technology.
- e) Upscaling cooperatives to mainstream economic development. Upscaling the Community Work Programme to provide initial exposure to work opportunities to unemployed young people.
- f) Ensuring the Expanded Public Works Programme takes advantage of the Municipal Infrastructure Grant to create labour absorption activities and job opportunities.
- g) Ensuring that all municipalities develop special programmes targeting youth cooperatives and enterprises.
- h) Developing the productive and creative skills of young people for economic projects and activities in municipalities.
- i) Promoting local procurement of goods and services to increase local production.
- j) Encouraging the growth of SMMEs and cooperatives through centralised government procurement.
- k) Maintaining all municipal infrastructure and facilities.
- I) Encouraging local businesses to target young people and to take advantage of programmes to promote youth employment.
- m) Expanding broadband access in local government, including through free Wi-Fi areas.
- n) Providing residents with information about programmes on sustainable agriculture and rural development.
- o) Assisting rural smallholder farmers to access municipal land for food production and sustainable agriculture.

| Version | Period    | Document                                     | Dogo 47 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 47 of 330 |

- p) Collaborating with farmers to create better working and living conditions for farm workers.
- q) Working with traditional leaders to ensure that communal land under the trusteeship of traditional leaders is accessible and available for development and economic growth.

### 1.5.6.6. Priority 6: Fraud and Corruption in Local Government.

Together we shall intensify the fight against fraud and corruption in local government by:-

- a) Vigorously implementing anti-corruption programmes to identify and deal effectively with cases of fraud and corruption.
- b) Ensuring that all ANC councillors abide by the ANC's code of conduct.
- c) Preventing municipal officials and councillors from doing business with municipalities.
- d) Holding corrupt municipal officials and councillors liable for the losses incurred by the municipality because of their corrupt actions.
- e) Pursuing action against companies involved in bid rigging, price fixing and corruption in procurement.
- f) Ensuring there are consequences for municipal councils' illegal decisions.
- g) Implementing recommendations emanating from forensic investigations conducted in municipalities.
- h) Mobilising communities to play an active part in fighting fraud and corruption.

### 1.5.6.7. Priority 7: Crime in Communities.

Together we shall fight crime in communities by:-

- a) Strengthening the community safety forums and forming street committees as part of community efforts against crime.
- b) Improving street lighting and signs in towns, townships and villages.
- c) Encouraging municipalities to enter into partnerships with business against crime, community based organisations and NGOs.

| Version | Period    | Document                                     | Dago 40 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 48 of 330 |

- d) Strengthening the enforcement of municipal by-laws on antidumping, maintenance of a healthy environment and prevention of illegal trading.
- e) Embarking on massive campaigns against drug and substance abuse and illegal trading in our communities.
- f) Working with all sectors to end violence against women and children.
- g) Involving traditional leaders in crime fighting efforts in rural communities.
- h) Strengthening municipal courts to service communities effectively.

### 1.5.6.8. Priority 8: Education in Communities.

Working together to promote education as the apex priority in local communities through:-

- a) Promoting better collaboration between government departments, communities and stakeholders to accelerate the development and support of early childhood development facilities.
- b) Working together with parents, teachers, students and relevant stakeholders to take the Quality Learning and Teaching Campaign to communities.
- c) Implementing programmes that promote community ownership of schools, colleges, universities and other public education facilities.
- d) Speeding up the provision of libraries and library resources to a further 800 schools.

### 1.5.6.9. Priority 9: Community Health.

Together we shall promote health and primary healthcare in our communities through:

- a) Promoting health, preventing diseases and strengthening the delivery of primary healthcare.
- b) Working with the provincial and national departments to deliver ideal clinics through Operation Phakisa, to speedily improve health infrastructure, services, especially in National Health Insurance (NHI) pilot sites.

| Version | Period    | Document                                     | Page 40 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 49 of 330 |

- c) Ensuring that clinics are built, maintained and equipped appropriately to provide affordable quality health services and to be ready for the implementation of the NHI.
- d) Strengthening programmes and campaigns on healthy lifestyle in communities.
- e) Encouraging people to screen annually for non-communicable diseases such as diabetes, high cholesterol, hypertension, eye problems and cancers.
- f) Strengthening programmes against tuberculosis (TB) in highly affected communities, especially among prisoners, miners, ex-miners and their families; and in selected villages, metros and towns, early childhood development centres, schools and correctional facilities.
- g) Working with the provincial and national departments to intensify prevention initiatives and expand the treatment programme of HIV and AIDS.

# 1.5.6.10. Priority 10: Climate Change.

Together we shall help all municipalities adapt to changing climatic conditions by:

- a) Encouraging all municipalities to work with national departments to embark on research on changing climatic conditions and possible risks to their adaptation and sustainability.
- b) Ensuring that municipalities work with national and provincial government in the implementation of climate change mitigation and adaptation measures.
- c) Strengthening municipal plans that are aimed at reducing the negative impact of changing environmental conditions and taking advantage of new opportunities that may be presented.
- d) Establishing and developing municipal capacity to manage disaster risks that may be presented by changing climate.
- e) Introducing innovative technologies and energy sources that are free of harmful emissions such as hydrogen fuel cells, solar power and wind energy.
- f) Undertaking youth initiatives as part of municipal efforts to adapt to changing climatic conditions.
- g) Defining the role of communities in municipal efforts to adapt and remain sustainable under changing environmental conditions.

### 1.5.6.11. Priority 11: Social Cohesion and Nation Building.

| Version | Period    | Document                                     | Dago E0 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 50 of 330 |

Together we shall promote social cohesion and nation building in municipalities through:-

- a) Ensuring that municipal programmes respond to the socio-economic needs of all citizens.
- b) Ensuring that municipal programmes strengthen the social fabric of our communities.
- c) Honouring and celebrating collective heritage sites in municipalities.
- d) Building commonly shared sites and venues for worship to accommodate diverse cultural and religious activities.
- e) Upgrading community arts centres and libraries in all municipalities.
- f) Organizing sport and recreational activities that are aimed at promoting nation building.
- g) Promoting a culture of dialogue as part of efforts to build a social compact for local growth and development.
- h) Organizing cultural activities where people from diverse backgrounds express their cultural identities and belief systems.

# 1.5.7. Enoch Mgijima LM's Service Delivery Priorities (SDP's).

Based on the LGE Manifesto, the municipality has identified Ten (10) service delivery priorities which will be implemented through a Ward Committee participatory process. The SDP will be aligned with the Political Priorities which are summarised as follows: -

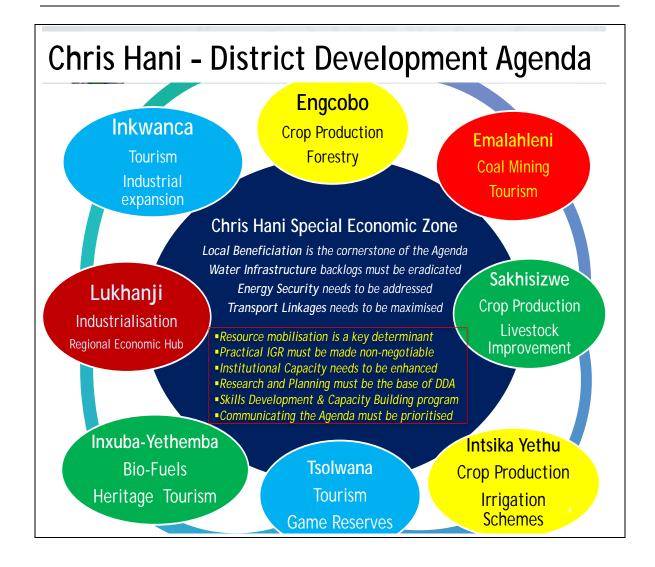

| #     | Priorities                                  |  |  |
|-------|---|--|--|
| SDP01 | Electricity                                 |  |  |
| SDP02 | Roads, bridges and storm water management.  |  |  |
| SDP03 | Local Economic Development                  |  |  |
| SDP04 | Safety and Security                         |  |  |
| SDP05 | Public Amenities                            |  |  |
| SDP06 | Housing                                     |  |  |
| SDP07 | Social cohesion.                            |  |  |
| SDP08 | Spatial Development and Land Use Management |  |  |
| SDP09 | Human Capital Development                   |  |  |

#### 1.5.8. Chris Hani District Development Agenda.

Chris Hani District Municipality has adopted a "Developmental Agenda" that seeks to guide development in its area of jurisdiction. This explained by a slide below and covers the eight local municipalities within the district:-

| Version | Period    | Document                                     | Dago E1 of 220 |

## 2.4. Population and Demographic Profile

The demographic profile of Enoch Mgijima Municipality is a consolidated account of vital and social statistics, such as the births, deaths, marriages, employment, mobility, lifestyles, etc., of populations. The numbers identify certain characteristics about the residents in the area thus telling a story or forecasting future trends within the population.

| Version | Period    | Document                                     | Page 57 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 57 01 550 |

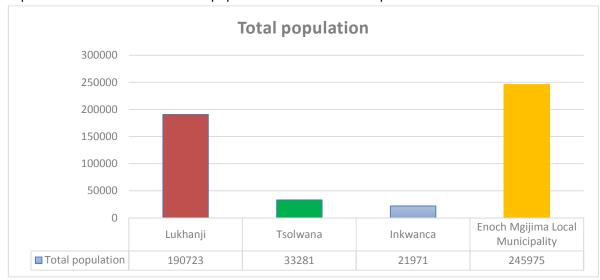

This profile will have the following implications to Enoch Mgijima Municipality and its service delivery partners;

- ✓ Population characteristics;
- ✓ Water supply, water treatment and sewage management;
- ✓ Solid waste management and waste minimization;
- ✓ Transportation planning and traffic management;
- ✓ Energy supply and energy efficiency;
- ✓ Habitat preservation and environmental protection;
- ✓ Storm-water management and floodplain management;
- ✓ Education and education facilities;
- ✓ Land Use planning, Land Subdivision and Zoning;
- ✓ Housing Affordability and Future needs;
- ✓ Economic Development and Tourism;
- ✓ Emergency Services and Policing;
- ✓ Local organizations, services, and programming;
- ✓ Health services provision;
- ✓ Grants and funding, etc.

### 2.4.1. Total Population and Geographic Share.

Enoch Mgijima Municipality will commence with a total population of 245 975 people. This will represent about 3.9% of the total population in the Eastern Cape Province.

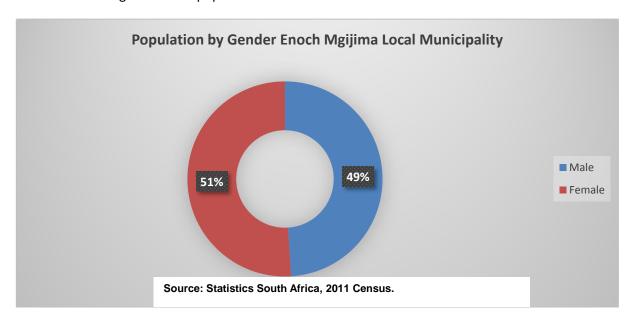

Source: Statistics South Africa, 2011 Census.

| Version | Period    | Document                                     | Dago EO of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 58 of 330 |

## 2.4.2. Population by Gender.

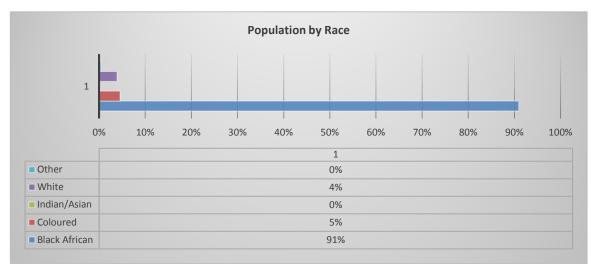

Enoch Mgijima Municipality's population will be predominantly female dominated at 51% with males constituting 49% of the population.

The female population will be slightly higher by 2% compared to the male population.

### 2.4.3. Population by Race.

The graphic below suggests that Enoch Mgijima Municipality will have Black African dominated population at 91%, followed by a Coloured population at 5%.

Source: Statistics South Africa, 2011 Census.

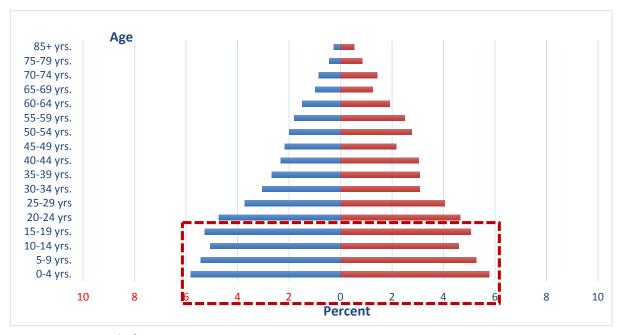

| Version | Period    | Document                                     | Page 59 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 39 01 330 |

The White population group will constitute 4% whilst the rest of other populations will constitute a combined 1%.

## 2.4.4. Population by Age.

The following population pyramid suggests that the population of Enoch Mgijima Municipality has a predominantly young and youthful population.

Source: Statistics South Africa, 2011 Census.

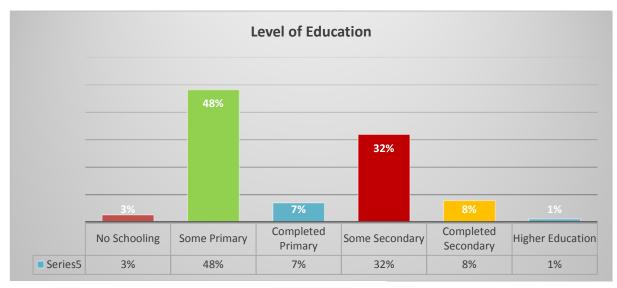

The highest population concentration is between ages 0-4 years, followed by 5-9 years, 15-19 years respectively for both males and females. The high child to teen population indicates an expansive profile which is characterized by high teenage pregnancies. The implication to Enoch Mgijima Municipality is that there is an expanding working age population with potential problems for housing, education and job creation.

| Version | Period    | Document                                     | Daga 60 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 60 of 330 |

## 2.5. POPULATION BY LEVELS OF EDUCATION

The number of people with no schooling at all, thus cannot read or write is about 3% of the combined population.

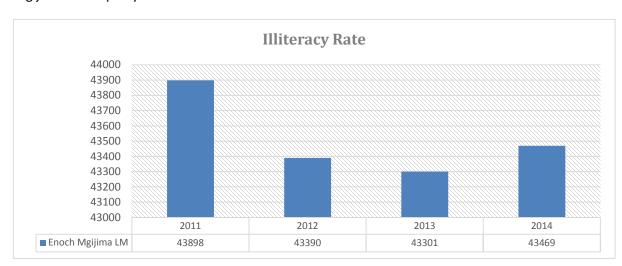

Source: Statistics South Africa, 2011 Census.

Those with elementary education ("Completed primary education") is equivalent to 7% of the combined population.

# 2.5.1. Proportion of Illiterate People.

The following graph summarises the number of illiterate people that will be inherited by Enoch Mgijima Municipality: -

Source: Statistics South Africa, 2011 Census.

| Version | Period    | Document                                     | Page 61 of 330 |  |
|---------|-----------|--|----------------|--|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage of of 330 |  |

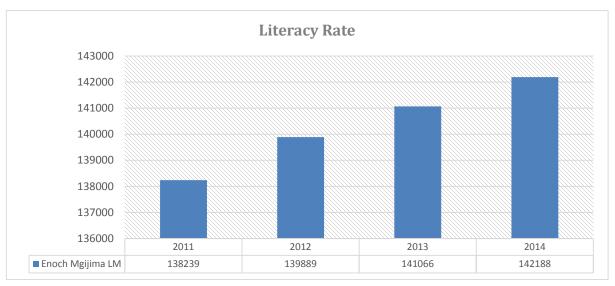

The biggest proportion of illiterate people comes from the Queenstown/Whittlesea and surrounding areas, due to its population size, relative to Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas.

This dataset poses a couple of socioeconomic challenges to Enoch Mgijima Municipality and will require a concerted effort, working hand-in-hand with its (Enoch Mgijima Municipality) and its social partners. The following is a summary of such socioeconomic challenges:-

- a) Illiteracy rate, if not reduced amongst adults within Enoch Mgijima Municipality will reproduce similar socioeconomic vulnerabilities amongst children.
- b) It will pose various obstacles such as social insertion for both adults and children and shall result in social ills such as high disease rates, high healthcare costs, difficulties in finding employment, etc, if not dealt with.
- c) From an economic perspective, illiteracy rate will have a significant impact on household income and will result in increased poverty and social grant dependency.

### 2.5.2. Proportion of Literate People.

Similar patterns can be observed on literacy rate amongst the three municipal areas as illustrated in the following graphic:-

Source: Statistics South Africa, 2011 Census.

The high rate of literacy amongst the people of Enoch Mgijima LM is a factor of population and social dynamics. Those who are more literate than others will stand a better chance of competing for resources and opportunities, such as employment opportunities than those who are less literate.

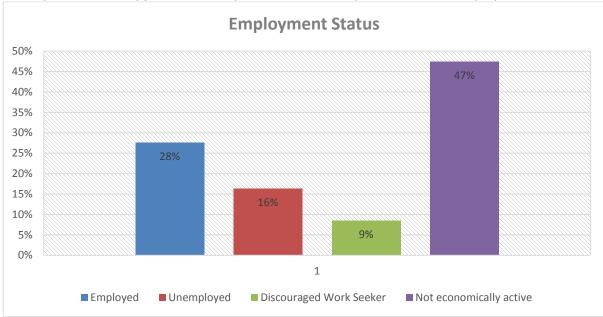

| Version | Period    | Document                                     | Daga 62 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 62 of 330 |

### 5.7. HOUSEHOLD INCOME AND POVERTY

### 5.7.1. Employment.

About 28% of the combined population is employed, whilst 16% id unemployed. 47% is not actively involved in any job search, they either have lost hope and/or are unemployable.

Source: Statistics South Africa, 2011 Census.

About 47% of the combined population is not either not involved and/or not involved in any income generating act ivies and are classified as "Not economically active".

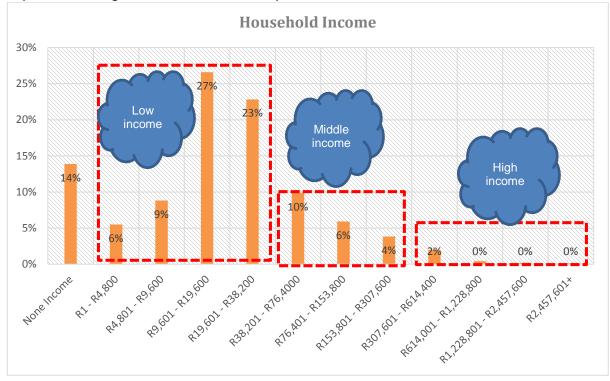

Thus the combination of the non-economically active population, the unemployed and the discouraged work seekers, ("a total of 72% of the combined population") relies on only 28% of the combined population, which is economically active.

| Version | Period    | Document                                     | Daga 62 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 63 of 330 |

## 5.7.2. Average Household Income.

About 14% of the households has no income and is thus "**Ultra Poor**". These households either depend on social grants or hand-outs for daily survival.

Source: Statistics South Africa, 2011 Census.

A combined 65% of the households earn between R1.00 to R38, 200.00 per annum and are thus regarded as low income earners. These are households whose income earners ("Sometimes referred to as the Working Poor") earn income from basic to elementary jobs and are in the income category that cannot stimulate demand.

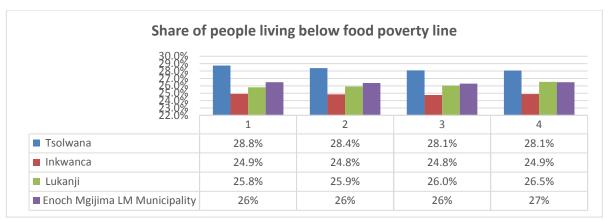

The high-income earners, being those who earn between R307, 601.00 to R2, 457,601.00 per annum constitute only 3% of the combined population.

| Version | Period    | Document                                     | Dago 64 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 64 of 330 |

## 5.7.3. Share of People Leave below Food Poverty Line.

Enoch Mgijima Municipality will have an average share of its population living below food poverty line at 27%.

Source: Statistics South Africa, 2011 Census.

This represent the portion of the population whose income, either from employment or social grant is only enough to enable them to buy food and thus cannot afford to pay for other social amenities.

The biggest proportion will come from Tarkastad/Hofmeyer and surrounding areas municipal area, followed by Lukhanji and Molteno/Sterkstroom and surrounding areas.

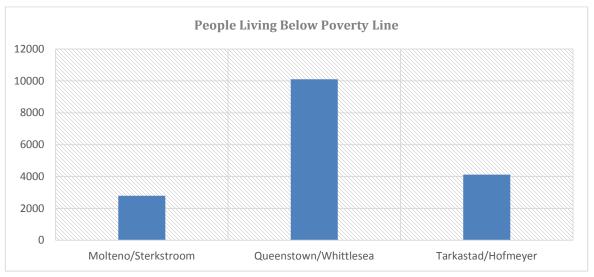

| Version | Period    | Document                                     | Daga 65 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 65 of 330 |

### 5.8. ECONOMIC DEVELOPMENT AND EMPLOYMENT

### 5.8.1. Number of People in Formal Employment.

The following graphic summarises the number of people who are formal employment or in the government sector at Enoch Mgijima Municipality, being a combination of people in full-time employment from Queenstown/Whittleasea and surrounding areas, Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas respectively: -

Source: Statistics South Africa, 2011 Census.

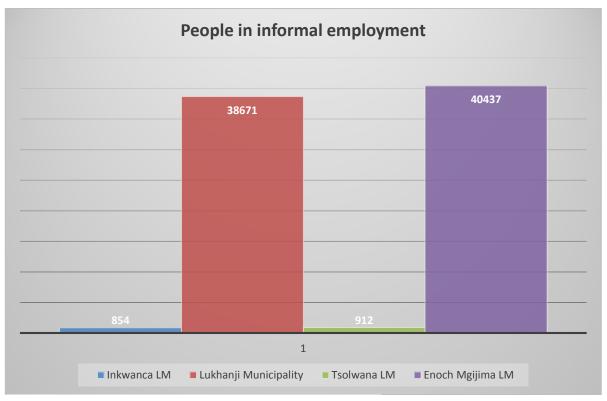

The combination of the three datasets indicates that a total of 17,023 people are in full-time employment or in the government sector. This therefore suggests that only 6.9% of the ENOCH MGIJIMA LM population is in government employment.

| Version | Period    | Document                                     | Daga 66 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 66 of 330 |

## 5.8.2. Number of People in Informal Employment.

The following graphic summarises the number of people who are in self-employment or informal employment at Enoch Mgijima Municipality, being a combination of people in full-time employment from Queenstown/Whittlesea and surrounding areas, Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas respectively:-

Source: Statistics South Africa, 2011 Census.

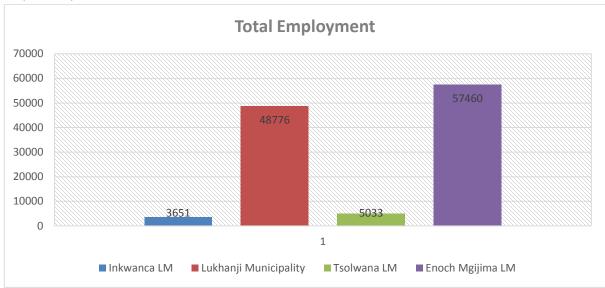

The combination of the three datasets indicates that a total of 40,437 people are in private sector or informal employment. This therefore suggests that only 16.44% of the Enoch Mgijima LM population is in private sector employment.

| Version | Period    | Document                                     | Page 67 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 67 of 330 |

## 5.8.3. Total Employment.

The following graphic summarises the number of people who are in formal employment and informal employment at Enoch Mgijima Municipality, being a combination of people in formal employment and informal employment from Queenstown/Whittleasea and surrounding areas, Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas respectively: -

Source: Statistics South Africa, 2011 Census.

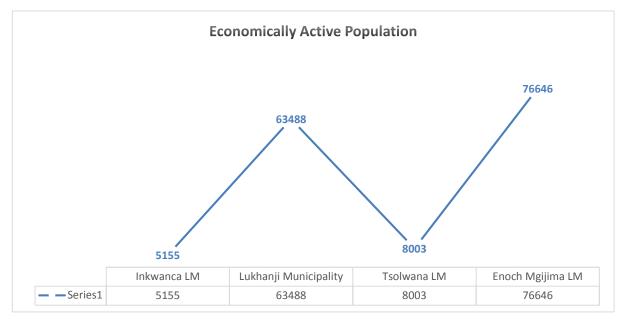

The combination of the three datasets indicates that a total of 57,460 people are in full-time employment. This therefore suggests that only 23.36% of the Enoch Mgijima LM population is in full-time employment.

| Version | Period    | Document                                     | Daga 60 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 68 of 330 |

## **5.8.4.** Economically Active Population.

The following graphic summarises the number of people who economically active at Enoch Mgijima Municipality, being a combination of people in self-employment employment ("entrepreneurs") and people who are currently seeking employment from Queenstown/Whittleasea and surrounding areas, Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas respectively:-

Source: Statistics South Africa, 2011 Census.

The combination of the three datasets indicates that a total of 76,646 people are economically active. This therefore suggests that only 31.16% of the Enoch Mgijima LM population is economically active.

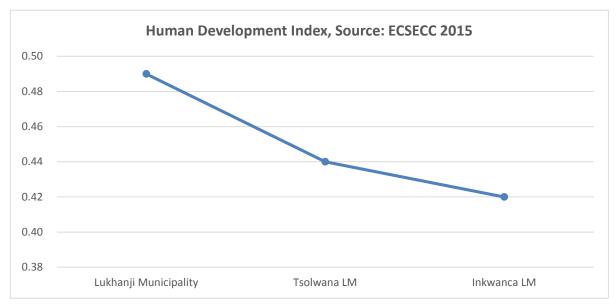

| Version | Period    | Document                                     | Page 60 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 69 of 330 |

### 5.9. DEVELOPMENT INDICATORS

### 5.9.1. Human Development Index.

The following graphic summarises the Human Development Index at Enoch Mgijima Municipality:-

Source: Statistics South Africa, 2011 Census.

The HDI attempts to rank the population development on a scale of Zero (0) (lowest human development) to 1.0 (highest human development) based on the following human development goals;

- Longevity as measured by life expectancy at birth;
- Knowledge as measured by a weighted average of adult literacy and means of schooling;
- Standard of living as measured by real gross per capita gross domestic product.

# The more the HDI is close to 1(one), the better is the human development in the area.

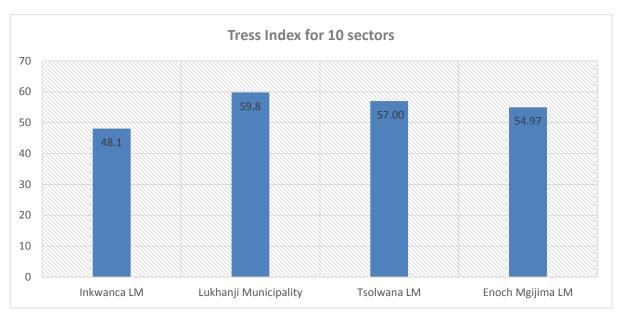

The population of Inkwanca is the most under-developed, followed by the Tarkastad/Hofmeyer and surrounding areas population, with Lukhanji population being the least under-developed.

| Version | Period    | Document                                     | Page 70 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 70 of 330 |

### 5.9.2. Tress Index.

The following graphic summarises the Tress Index at Enoch Mgijima Municipality, being a combination of indices from Queenstown/Whittleasea and surrounding areas, Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas respectively:-

Source: Statistics South Africa, 2011 Census.

Tress index is a useful indicator of progress and depth scale in an economy. The Tress index indicates the level of concentration or diversification in an economy. It is estimated by ranking the ten sectors according to their contributions to GVA or employment, adding the values cumulatively and indexing them.

A tress index of zero (0) represents a totally diversified economy, while a number closer to 100 indicates a high level of concentration.

Enoch Mgijima Municipality's economy is relatively poorly diversified when compared to that of the Chris Hani region. The tress index for Enoch Mgijima Municipality is 54.97 while that of Chris Hani is currently at 65.12.

### **5.10. ECONOMIC STRUCTURE**

## 5.10.1. Gross Value Add.

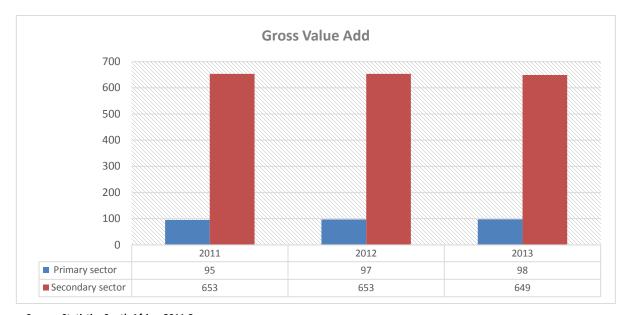

The performance of Enoch Mgijima Municipality's economic system in terms of, factors such as production activity, can be measured by its gross value add (**GVA**). We considered the GVA at constant prices as a more accurate measure of short term movements in the Enoch Mgijima

| Version | Period    | Document                                     | Page 71 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 71 of 330 |

Municipality's economy because it excludes taxes on production and enables us to give an industry specific valuation by looking at current outputs in the prices applicable in a given base year.

The following is a graphical illustration the municipal **Gross Value Add** over a period of three years;

Source: Statistics South Africa, 2011 Census.

The higher **Gross Value Add** the secondary sector at 649, compared to the very low gross value at for the primary sector implies that Enoch Mgijima Municipality has a high level of consumption and a low level of production.

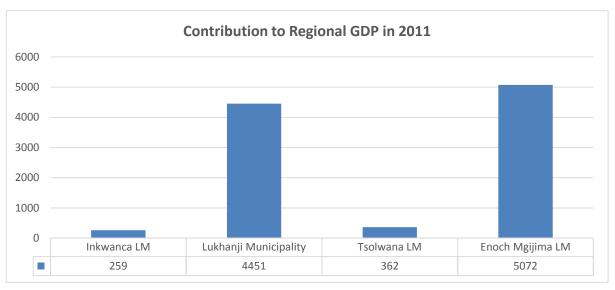

This confirms a widespread argument that suggests the South African economy is a consumption based economy. Thus from the economic point of view, Enoch Mgijima Municipality will have to introduce economic programmes and implement economic activities that are elastic to gross value add.

| Version | Period    | Document                                     | Page 72 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage /2 01 330 |

# 5.10.2. GDP Contribution.

The following graphic summarises the Gross Domestic at Enoch Mgijima Municipality, using 2011 Constant Prices, being a combination of GDP contributions from Queenstown/Whittleasea and surrounding areas, Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas respectively as measured by Statistics SA:-

Source: Statistics South Africa, 2011 Census.

Using the **Gross domestic product** (**GDP**), we measure the monetary value of all the finished goods and services produced within Enoch Mgijima Municipality, using 2011 Constant Prices. The GDP contribution of Enoch Mgijima Municipality to Chris Hani DM's GDP was at R5, 072 Million, using numbers from Lukhanji, Tarkastad/Hofmeyer and surrounding areas and Former Inkwanca LM.

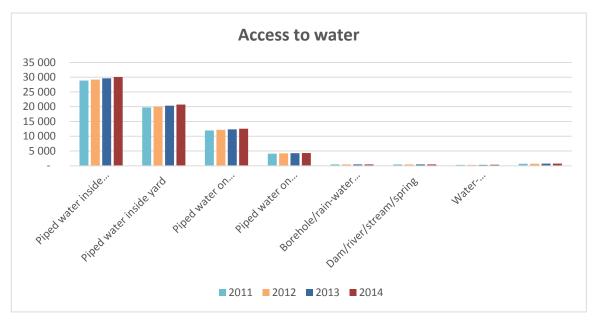

| Version | Period    | Document                                     | Page 73 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage /3 01 330 |

## 5.11. ACCESS TO SERVICES

### 5.11.1. Access to water

The following graphic summarises access to water by households at Enoch Mgijima Municipality, being a combination of statistics from Queenstown/Whittleasea and surrounding areas, Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas respectively: -

Source: Statistics South Africa, 2011 Census.

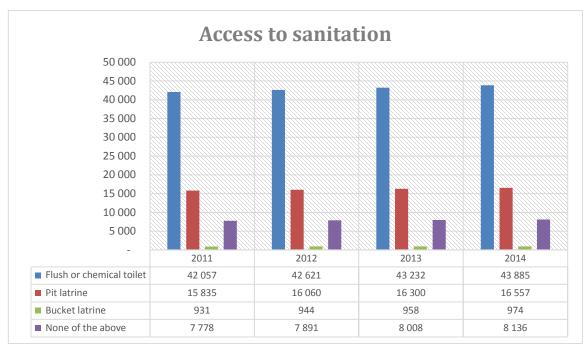

The graphic suggest that 44.8% of households has access to piped water inside their dwellings in 2014, whilst 29% had access to water inside their yards in the same period. During the same period, 6.4% of the households had access to water on community stand, through the government water supply scheme. Thus a total number of households' equivalent to 80.2% of the total households has access to water whilst the backlog can be estimated at 19.8% of the surveyed households.

| Version | Period    | Document                                     | Page 74 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 74 of 330 |

## 5.11.2. Access to sanitation services

The following graphic summarises access to sanitation by households at Enoch Mgijima Municipality:-

Source: Statistics South Africa, 2011 Census.

The graphic suggest that 66.85% of households has access to flush or chemical toilets inside their dwellings in 2014, whilst 24.75% had access to pit latrines inside their yards in the same period. Thus a total number of households' equivalent to 91.6% of the total households has access to sanitation facilities whilst the backlog can be estimated at 8.4% of the surveyed households

| Version | Period    | Document                                     | Dogo 75 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 75 of 330 |

#### 5.11.3. Refuse Removal

The following graphic summarises access to refuse removal by households at Enoch Mgijima Municipality: -

Source: Statistics South Africa, 2011 Census.

The above indicates household access to refuse removal services by type in 2014. From the graphic provided below, it is worth noting that whilst access to "Refuse removal by local authority once a week" and "Refuse removal by local authority less often" should be understood as an indication of refuse removal services provided by the local authority, the rest of the households had different ways of collecting and disposing off their refuse.

In 2014, the three local authorities, were providing billable refuse removal services to 58.6% of the households and businesses once a week and this number becomes a baseline for Enoch Mgijima Municipality.

In the same period, the three local authorities, were providing billable refuse removal services to 58.6% of the households and businesses once a week and this number becomes a baseline for Enoch Mgijima Municipality.

The implication to Enoch Mgijima Municipality is the efficiency and effectiveness of collecting refuse, particularly in its urban nodes as this will ensure health and hygiene as well as aesthetical attractiveness of those nodes.

| Version | Period    | Document                                     | Page 76 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 76 of 330 |

## 5.12. ACCES TO SOCIAL AND COMMUNITY SERVICES

### 5.12.1. Fire and Rescue Services.

There is a functional firefighting service with personnel and equipment located in Queenstown. The towns of Tarkastad, Hofmeyer, Molteno and Sterkstroom as well as their immediate surrounding areas do not have Fire and Rescue Services and they rely on the assistance provided by the Chris Hani Disaster Centre.

A lot of veld fires are experienced by immediate surrounding areas of Tarkastad, Hofmeyer, Molteno and Sterkstroom especially towards the end of winter season. This hits heavily on Farmers as they lose a lot of stock. They have grouped themselves to try and fight the fires but this is not enough. They lack equipment to deal with this challenge. With funds permitting the Municipality should consider purchasing Fire Fighter Vehicles for the towns mentioned above.

#### 5.12.2. Traffic Law Enforcement.

There is a functional Traffic Department with personnel and equipment located in Queenstown. It provides numerous traffic management services varying from vehicle registrations and deregistration's, issuing of learners and driver's licences and well as a traffic testing station. The towns of Tarkastad and Molteno have very small traffic departments, offering limited services with limited staff.

## 5.12.3. Disaster Management.

Disaster management services are provided by Chris Hani District Municipality on behalf of all three municipalities. There is a dedicated Disaster Management Centre at CHDM with personnel dedicated for each of the three municipalities.

## 5.12.4. Health.

Primary health is a competence of the Provincial Department of Health. HIV/Aids is a public health concern that the municipality should to at least monitor and proactively contribute to the reduction of the impact and the spread of HIV/Aids among its communities. An estimated 10% of population has contracted HIV while another 1% suffers from full blown Aids (Global Insight 2008).

Queenstown and Mlungisi Township has various clinics under its jurisdiction. Rural areas surrounding Queenstown and Whittlesea, Ezibeleni as well as the residents of Tarkastad,

| Version | Period    | Document                                     | Page 77 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 77 of 330 |

Hofmeyer, Molteno and Sterkstroom and their surrounding areas make use of clinics provided by the Eastern Cape Department of Health.

#### 5.12.5. Solid Waste.

The South African Constitution (Act 108 of 1996) states that the people of South Africa have the right to an environment that is not detrimental to human health, and imposes a duty on the state to promulgate and to implement policies to ensure that this right is upheld. All departments of state or administration in national, provincial or local levels of government have similar obligations. The three municipalities collect waste according varying waste collection schedules. Waste is then deposited in the respective waste collection centres located just outside the urban nodes of Queenstown, Tarkastad, Molteno and Sterkstroom.

#### 6. SOCIAL AMMENITIES AND CRITICAL INFRASTRUCTURE

## 6.1. Education Facilities.

Academic institutions in the district include a satellite campus of the Walter Sisulu University which is based in Queenstown and Whittlesea. There is TVET College in the form of Ikhala TVET College based in Queenstown and Ezibeleni.

The municipality is also endowed with a number of good primary and secondary schools as well as pre-primary schools.

| Tertiary Institutions & TVET Colleges |            |                                  |  |  |
|---------------------------------------|------------|----------------------------------|--|--|
| Tertiary/FET Location                 |            | Academic Offerings.              |  |  |
| Institution                           |            |                                  |  |  |
| WSU                                   | Queenstown | Commence & Public Administration |  |  |
| Ikhala TVET College                   | Queenstown | Further education and training.  |  |  |

The primary challenges facing the tertiary institutions, many of which are historically disadvantaged institutions, include, but not limited to the following:

- a) Curriculum transformation through diversification and upgrading of course offerings;
- b) Funding constraints;
- c) Improvement of standards.
- d) Institutional transformation and the integration of multiple institutions;
- e) Question of access and equity;

Factors which fuel these challenges include income levels of poor households, bursary access and the transformation of secondary education. Poor secondary education standards and language challenges also impact on the institutions.

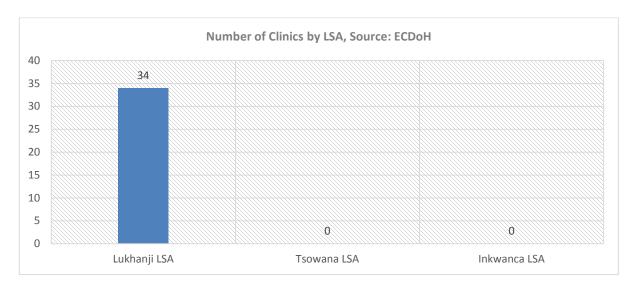

| Version | Period    | Document                                     | Dags 70 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 78 of 330 |

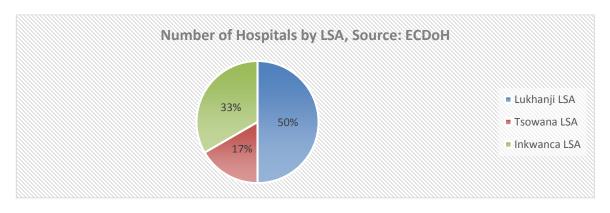

## 6.2. Healthcare Facilities.

The Eastern Cape Department of Health owns and operates Category B and C hospitals (Government Hospitals) almost in each magisterial district ("**Urban Node**") in Chris Hani District. In addition to this, there are clinics and mobile healthcare centres in most rural nodes of the region. The work of the Health Department is complemented by the Community Health Workers who are trained in primary care under the Department of Social Development.

The following graph depicts a number of clinics available within Enoch Mgijima Municipality;

The following graph depicts a number of hospitals available within Enoch Mgijima Municipality;

| Version | Period    | Document                                     | Page 70 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 79 of 330 |

Note: The number of clinics within Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas still has to be determined.

# 6.3. Facilities for Safety & Security.

| #  | Police Stations | # | Courts       |

#### 6.4. Other Critical Infrastructure.

Other transport infrastructure close to the Queenstown node of Enoch Mgijima Municipality is summarized in the following paragraphs;

## 6.4.1. Access to Railroad Infrastructure.

The rail road infrastructure connection runs parallel to the N6 from Johannesburg via Bloemfontein, Aliwal North, **Queenstown**, Carthcart, Stutterheim (**Amabele Station**) to East London. The Eastern Cape Department of Roads and Transport has launched a Kei Rail Project which will facilitate the movement of people and goods from Amabele Station, the surrounding sidings to East London.

# 6.4.2. Access to Commercial Airports.

The towns of Queenstown is located less than 250km from **East London Airport**. A possibility exists that an aerodrome will be established in the future from the Queenstown Military Airstrip.

## 6.4.3. Access to Ports.

There are two fully developed ports close enough to all the Queenstown node of the Enoch Mgijima Municipality. The ports are based in Port Elizabeth with the Port of

Ngqurha and East London with the Port of East London. The two ports are vertically and horizontally integrated with fully developed industrial development zones ("IDZ") in the form of Coega IDZ in Port Elizabeth and East London IDZ in East London.

## 7. MUNICIPAL SITUATIONAL ANALYSIS

The situational analysis is an outcome of an identification and analysis of both internal and external factors affecting the municipality. This report shall be an input into the planning process of Enoch Mgijima Municipality. This section has been organised into two sections being the following: -

- a) PEST Analysis and;
- b) SWOT Analysis.

## 7.1. PEST ANALYSIS

Summarized in the following paragraphs: -

# 7.1. Political Issues facing Enoch Mgijima Municipality.

Summarised in the following table: -

| Politica | Political Factors  |  |  |
|----------|--|--|--|
| #        | Key political issues affecting Enoch Mgijima Municipality      |  |  |
| 1.00     | Political party driven protests on aspects of service delivery |  |  |
| 2.00     | Political party driven protests on issues of good governance.  |  |  |

# 7.2. Economic Challenges facing Enoch Mgijima Municipality.

Summarised in the following table: -

| Economic | Economic Factors  |  |  |
|----------|---|--|--|
| #        | Key economic issues facing Enoch Mgijima Municipality   |  |  |
| 1.00     | Poor economic growth rate at 0.48% ("lower than the National Average of 2.5%") which limits real economic development, enterprise growth and job creation |  |  |
| 2.00     | Economically active population at about 31%, which is below 50% of the combined population  |  |  |
| 3.00     | Gross value add for primary sector which is far below the same for the secondary sector.  |  |  |

| Version | Period    | Document                                     | Page 81 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage of 01 330 |

| 4.00  | Investment not congruent to GDP.   |  |  |
|---|--|--|--|
| 5.00  | Combined GDP does not support the combined population and vice versa.                          |  |  |
| 6.00  | The economy is vulnerable and are highly dependent on imports ("both local and international") |  |  |
| 7.00 High levels of unemployment as a result of poor economic performance |  |  |  |
| 8.00  | Economic base not stable as a result of its high dependence on the secondary sectors.          |  |  |

# 7.3. Social Challenges facing Enoch Mgijima Municipality.

Summarised in the following table:-

| Social | Factors  |  |  |  |  |
|--------|--|--|--|--|--|
| 1.00   | High rate of unemployment with 38% of the combined population being unemployed or seeking employment |  |  |  |  |
| 2.00   | High rate of youth unemployment with 47% of the unemployed population being young people             |  |  |  |  |
| 3.00   | Approximately 14% of the combined households are ultra-poor  |  |  |  |  |
| 4.00   | Approximately 27% of the combined households are living below the poverty line                       |  |  |  |  |
| 5.00   | High level of inequality within the combined population as evidenced by the Tress Index              |  |  |  |  |
| 6.00   | High rate of teenage pregnancy as evidenced by the high population dependency ratio                  |  |  |  |  |
| 7.00   | High prevalence of communicable diseases especially amongst the poor and the economically inactive.  |  |  |  |  |
| 8.00   | Service delivery backlogs on social amenities such as water and sanitation services                  |  |  |  |  |

# 7.4. Technological Challenges facing Enoch Mgijima Municipality.

Summarised in the following table:-

| Techno | Technological Factors   |  |  |  |  |
|--------|---|--|--|--|--|
| #      | Key issues facing Enoch Mgijima Municipality  |  |  |  |  |
| 1.00   | Internet connectivity and telecommunication very poor in areas such as Molteno and Sterkstroom. |  |  |  |  |
| 2.00   | Lack of notable technology development and transfer initiatives                                 |  |  |  |  |
| 3.00   | Lack of technology driven initiatives for social upliftment.                                    |  |  |  |  |

| Version | Period    | Document                                     | Dago 92 of 220 |

| 4.00 | Lack of broadband infrastructure   |
|------|--|
| 5.00 | Lack of adequate technology for infrastructure and agricultural development. |

# 8. SERVICE DELIVERY ANALYSIS.

The service delivery analysis has been undertaken based on performance on the following KPA's for the past five (5) years: -

| Nationa | ational KPA's   |  |  |
|---------|---|--|--|
| KPA 1   | Good Governance and Public Participation                |  |  |
| KPA 2   | Municipal Transformation and Organisational Development |  |  |
| KPA 3   | Basic Service Delivery                                  |  |  |
| KPA 4   | Municipal Financial Viability and Management            |  |  |
| KPA 5   | Local Economic Development (LED);                       |  |  |

The analysis of the KPA's is summarised in the following paragraphs: -

## 8.1. KPA 1: GOOD GOVERNANCE AND PUBLIC PARTICIPATION.

**Responsible Directorate**: Office of the MUNICIPAL MANAGER.

The following key issues are summarised under this key performance area: -

- a) Introduction.
- b) Powers and functions;
- c) Public participation.
- d) Governance structures.
- e) Employment equity;
- f) Organizational design;
- g) Labour relations;
- h) Training and development.

# 8.1.1. Introduction.

The achievement of the municipal strategies depends on the effectiveness of governance structure and processes. This is also realized through the existing cordial and productive relationship between the administration, political structures and political office bearers of Council.

| Version | Period    | Document                                     | Dama 02 af 220 |  |
|---------|-----------|--|----------------|--|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 83 of 330 |  |

# 8.1.2. Municipal Powers and Functions.

A municipality has the functions and powers assigned to it in terms of sections 156 and 229 of the Constitution. These functions and powers are divided between the District municipality and the local municipalities established within its area of jurisdiction. Section 84(a) to (p) of the Structures Act defines the functions and the powers that are assigned to District Municipalities.

The Minister may authorize (under certain circumstances) a local municipality to perform a district function and power and the Member of the Executive Council for local government may (under certain circumstances) adjust specified functions and powers between the district and a local municipality in its area.

# 8.1.3. Powers and Functions of Enoch Mgijima LM.

The Constitution outlines the objectives of local government as follows:

- a) To promote democratic and accountable government for local communities
- b) To ensure the provision of services to communities in a sustainable manner
- c) To promote social and economic development
- d) To promote a safe and healthy environment and
- e) To encourage the involvement of communities and community organizations in the matters of local government.

## 8.1.4. Public Participation.

The Constitution stipulates that one of the objectives of municipalities is "to encourage the involvement of communities and community organizations in the matters of local government".

The White Paper Local Government (WPLG) emphasises the issue of public participation (not only in municipal planning). It provides details on how to achieve public participation and the role of local government in the involvement of citizens in policy formulation and designing of municipal programmes, as well as implementation and monitoring and evaluation of such programmes. Public participation is meant to promote local democracy.

Public participation in ENOCH MGIJIMA LM is guided by the Public Participation Policy and strategy that was adopted by Council.

## 8.1.4.1. Intergovernmental Relations.

The municipality participates in the following intergovernmental relations structures: -

- a) LAC
- b) LCF
- c) PPF
- d) IGR
- e) Rep Forum
- f) DIMAFU
- g) DCF
- h) CFO's forum.
- i) MUNIMEC.

## 8.1.4.2. Ward Committees.

Following the re-demarcation process conducted by the Demarcation Board during the previous term, EMLM saw its Ward composition totalling 34 Wards. Each Ward has representation of ten committee members of which the Ward Councillor acts as Chairperson at meetings and is responsible for holding meetings within their respective Wards.

Every Ward Committee within Enoch Mgijima LM Municipal Area is considered functional and active. Ward Councillors regularly furnish reports on meetings and service delivery progress to the Speaker's Office to keep the municipality informed and ensures accountability. Ward committes are functioning well and contributing to governance. All community engagements are channelled through ward councillors and ward committees.

| Version | Period    | Document                                     | Page 87 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 67 01 330 |

## 8.1.4.3. Community Development Workers.

CDWs within EMLM are the foot-soldiers for service delivery and accountable governance. Based within the Local Municipality's LMs 34 wards, these workers compile monthly reports for submission to the Speaker's Office and to the Department of Local Government and Traditional Affairs detailing the conditions on the ground.

In the previously amalgamated municipalities, CDWs played an instrumental role in the identification of service delivery shortcomings and assisted in ensuring a number of interventions were carried out to address these issues. They also played a prominent role in publicising and mobilising residents to target part in government sector gatherings and meetings.

## 8.1.5. Municipal Governance Structures.

In terms of the Section 155 (1) of the South African Constitution, Enoch Mgijima LM is a Category B municipality with the **Mayoral Executive System** with a Ward Participatory Process.

The **Mayoral Executive System** allows for the exercise of executive authority through an executive mayor in whom the executive leadership of the municipality is vested and who is assisted by the **Mayoral Committee**.

The municipality is made up of, and is governed through the following structures: -

## 8.1.6. Municipal Council.

The Local Government Elections of August 2016 saw the African National Congress (ANC) gaining control of the Enoch Mgijima LM Municipal Council. Thirty-Four Councillors were elected to represent their Wards while another Thirty Four were elected from a Proportional Representation ballot, bringing the Municipal Council to 42 in total.

Within the Municipal Council, Councillors elected from the Proportional Representation list make-up the Executive Committee of Municipality and hold various portfolio positions to which they apply political leadership and guidance towards the delivery of services to the citizens of EMLM.

## 8.1.7. Traditional Leaders.

Traditional leaders participate in all council processes but do not vote on council decisions as they are not an elected structure.

| Version | Period    | Document                                     | Dago 00 of 220 |
|---------|-----------|--|----------------|

## 8.1.8. Performance Management

The IDP 2017/2022 includes Performance Management System (PMS) requirements applicable to EMLM. These are derived from legislation relevant to the local municipality and with consideration of the service level outputs prioritised annually by the municipality.

In this chapter, the current EMLM PMS is assessed. A framework for the development of a comprehensive PMS is consequently included, which covers issues such as: roles of stakeholders, performance indicators, performance targets, publishing of performance reports and the PMS in relation to the IDP.

A first draft of the performance information component of the Service Delivery Budget Implementation Plan (SDBIP) is also provided as these service delivery targets broken down over four quarters provide the basis for Section 57 Performance Agreements, as per the MSA.

# 8.1.9. Risk Management

Risk Management is one of the key pillars for good governance practices; and it's a continuous process that enables constant improvements in strategy design and strategy implementation as well as an organization's systems and operations.

The effective management of risk is prioritised to ensure that business risks across the organisation are identified and managed on an on-going basis for the achievement of the municipality is vision to become the leading community driven municipality in the provision of sustainable services and developmental programmes.

The following risk management structures and mechanisms will be put in place during 2017/2018:-

- a) Anti-Fraud and Corruption Management
- b) Risk Matrix, within the policy
- c) Risk Management Policy, both the Framework and Policy
- d) Risk Register (Strategic & Operational)
- e) Risk Management Committee
- f) Incident Register

## 8.1.10. Internal Audit.

## 8.1.10.1. Legal Framework Governing Internal Auditing

The Constitution of the Republic of South Africa, 1996 Section 152 (1) The objects of local government are:-

- 1) to provide democratic and accountable government for local communities.
- 2) Section 195(1) Public administration must be governed by democratic values including the following:

| Version | Period    | Document                                     | Dago 90 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 89 of 330 |

- a) Efficient, Economic and Effective use of resources must be promoted.
- b) Public administration must be accountable.
- c) Transparency must be fostered by providing the public with timely, accessible and accurate information.

Municipal Finance Management Act, 2003 Section 165 makes the following provisions: -

- (1) Each municipality and each municipality entity must have an internal audit unit,
- (2) The internal audit unit of a municipality must-
- a) Prepare risk based audit plan and internal audit program each financial year;
- b) Advise the accounting officer and report to the audit committee on the implementation of the internal audit plan and matters relating to Internal audit, internal controls, risk management and performance management.

Municipal Systems Act, No.32 of 2000 Section 45, states that the results of performance measurements in terms of S41 (1) (c) must be audited as part of the municipality's internal auditing processes.

Municipal Planning and performance management Regulations of 2001, Para 14 (c) states that a municipality's internal auditors must:-

- i. On a continuous basis audit the performance measurement of the municipality;
- ii. Submit quarterly reports on their audits to the municipal manager and performance audit committee.

The MFMA, Section 166(1) states that each municipality must have an audit committee. An audit committee is an independent advisory which must advise municipal council, political office bearers, accounting officer and management of the municipality, on matters relating to internal audit, internal financial control and risk management.

# 8.1.10.2. Primary Functions of the Internal Auditing Unit.

The primary objective of Internal Audit is to assist the Accounting Officer, Municipal Council and the Audit Committee in the effective discharge of their responsibilities. The purpose of IA is to provide independent, objective assurance and consulting service designed to add value and improve the municipalities operations. It helps the municipality accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.

# 8.1.9.2. Critical Internal Auditing Role Players.

- a) Municipal Public Accounts Committee (MPAC)
- b) Audit Committee
- c) Auditor- General
- d) Provincial Treasury and CoGTA
- e) Management
- f) Council

| Version | Period    | Document                                     | Dags 00 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 90 of 330 |

g) Public

# 8.1.10.3. Internal Auditing Policies.

EMLM currently have the following policies and procedures: -

- a) Internal Audit Policy
- b) Internal Audit Charter
- c) Internal Audit Standards

# 8.1.10.4. Internal Audit Staff Compliment.

The unit operates with the following staff compliment: -

| # | Personnel                     | Number |  |  |
|---|-------------------------------|--------|--|--|
|   | Acting Internal Audit Manager | 1      |  |  |
|   | Senior Internal Auditor       |        |  |  |
|   | Internal Auditor              |        |  |  |
|   | Internal Audit Clerk          |        |  |  |
|   | Internal Audit Interns        | 2      |  |  |

# 8.1.10.5. Current Internal Audit Projects.

- a) Strategic and Operational Risk Assessment
- b) Development of Internal Audit Plan for 2016/17 Financial Year
- c) Review of Internal Audit Charter
- d) Review of Internal Audit Policy
- e) Development of Internal Audit Procedure Manual

# 8.1.10.6. SWOT Analysis for Internal Audit Unit.

## Strengths.

- a) Functioning internal audit unit reporting to Audit Committee and the Council despite the challenges encountered
- b) Support of MPAC
- c) Audit Committee and Risk Management Committee in place.

#### Weaknesses.

- a) Inadequate office space
- b) Non-Implementation of Internal Audit Recommendations
- c) Non-Submission of Requested Information
- d) Awareness of the Roles and Responsibilities of Internal Audit Function within the Institution
- e) Designated Car for Internal Audit Unit to Execute Internal Audit Functions

| Version | Period    | Document                                     | Page 01 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 91 of 330 |

# 8.1.10.7. Municipal Public Accounts Committee (MPAC)

# 8.1.10.7.1. Legislative Requirements for Municipal Public Accounts Committee (MPAC).

The MPAC is a committee of the municipal council, appointed in accordance with section 79 of the Structures Act.

The Council determine the functions of the committee and agree on the terms of reference as per SALGA, National Treasury and CoGTA for the committee.

# 8.1.10.7.2. Purpose and Functions of Municipal Public Accounts Committee (MPAC).

- a) The main purpose of the MPAC is to exercise oversight on behalf of the council over the executive functionaries of council and to ensure the effective and efficient use of municipal resources.
- b) MPAC help to increase awareness of council and public on the financial and performance issues of the municipality.
- c) To perform any other functions assigned through a council resolution within its area of responsibility.

# 8.1.10.7.3. Challenges Facing MPAC.

#### **Human Resources.**

No dedicated support staff members, however the current acting manager has been appointed with effect from June 2016 and an intern seconded through CHDM learnership programme.

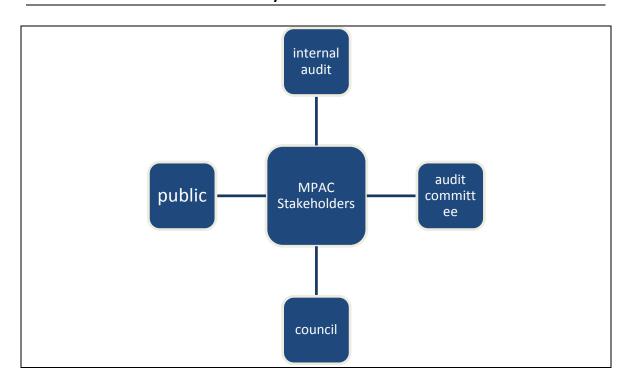

## Systems.

No special dedicated tools of trade, however the acting manager is using the tools obtained from the current position. The tools will be required once the support staff members are appointed i.e. 3 Laptops, 3G cards.

| Version | Period    | Document                                     | Page 02 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 92 of 330 |

# 8.1.10.7.4. Critical MPAC Role Players.

# 8.1.10.7.5. Current Internal MPAC Projects.

- 1) An annual work (2016/17 financial year) has been developed awaiting council approval detailing projects/activities that will be conducted by the committee.
- 2) Amongst the projects are the following:
- a) Ensuring conclusion of performance agreements
- b) Review and interrogation of budget implementation in-year reports (Sec71,72,52d etc)
- c) Quarterly reviews and interrogation of performance reports
- d) Site inspections on selected service delivery projects

# 8.1.10.8. SWOT Analysis for MPAC.

# Strenghts

a) Functional MPAC through in year reporting.

| Version | Period    | Document                                     | Page 93 of 330 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 95 01 550 |

- b) visit of service delivery projects
- c) oversight on annual report

#### Weaknesses

- a) Lack of dedicated support staff
- b) Non-completion of the 2015/16 approved work plan
- c) Lack of support/cooperation from executive functionaries
- d) Lack of conducive working environment office space
- e) Lack of special dedicated vehicle to support in the execution of MPAC functions/activities.

# 8.1.9.9. Special Programmes Unit (SPU)

# 8.1.9.9.1. Legislative Requirements for SPU

The SPU was established because of a realization that the psychological well-being of the rate payers is always urgent; hence target groups participation is of value. This is about the acknowledgement that every individual is different; whether in terms of age, gender or otherwise.

The SPU seeks to implement policies derived from the following pieces of legislation: -

- a) Integrated National Disability Strategy
- b) Older Person Act no 13 of 2006
- c) Children's Act (Act 38 of 2005)
- d) National Youth Policy 2015 2020
- e) South African National Policy Framework for Women's Empowerment and Gender Equality 2000
- f) The National Strategic Plan for HIV, STI and TB 2012 2020
- g) The National Sport and Recreation Act 110 of 1998
- h) Domestic Violence Act (Act 116 of 1998)
- i) Maintenance Act (Act 4 of 1998)
- j) Employment Equity Act (Act 55 of 1996)
- k) Basic Conditions of Employment Act (Act 75 of 1997)
- I) Skills Development Act (Act 97 of 1998)

#### 8.1.9.9.2. Constitutional Mandate of the SPU

| Version | Period    | Document                                     | Dago 04 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 94 of 330 |

When the President announced the Ministry for Women, Children and People with Disabilities in May 2009 and proclaimed the establishment of the department in July 2009, he emphasised the need for equity and access to development opportunities for the vulnerable groups in our society.

## 8.1.9.9.3. Functions of the SPU

- a) Strengthen good governance for the Special Programmes Unit to deliver on its mandate.
- b) Promote inter-sectoral collaboration through War Rooms.
- c) Promote, advocate and monitor women's empowerment and gender equality.
- d) Promote, advocate and monitor men's rights and responsibilities.
- e) Promote, advocate and monitor children's rights and responsibilities.
- f) Promote, advocate and monitor senior citizen's rights and responsibilities.
- g) Promote, advocate and monitor the youth's rights and responsibilities
- h) Promote, advocate and monitor the rights of people living with disabilities
- i) Promote, advocate and monitor the rights of people infected and affected with HIV/AIDS
- j) Promote, advocate and monitor community sport

## 8.1.9.9.4. SPU Stakeholders and Role-players.

- a) All Government Departments
- b) NGOs
- c) Business Sector
- d) Traditional Leaders
- e) Traditional Healers
- f) Council of Churches

# 8.1.9.9.5. Existing SPU Structures

- a) Youth Council Task Team
- b) Women Council Task Team
- c) Older Person Forum Task Team
- d) Disability Council Task Team
- e) Local AIDS Councils

| Version | Period    | Document                                      | Dogo 05 of 220 |
|---------|-----------|---|----------------|
| 2       | 2017-2022 | Enoch Mgijima I.M Integrated Development Plan | Page 95 of 330 |

# 8.1.9.9.6. SPU Staff Compliment

- a) 2 X SPU Coordinators
- b) 1 X SPU Officer
- c) 1 X HIV/AIDS Officer
- d) 1 X SPU Intern

# 8.1.9.9.7. SWOT Analysis for the SPU.

## Strengths

The Unit have dedicated and experienced staff

#### Weaknesses

• Staff need to be trained on Public Management as they are dealing with communities so that they are clear with the legislation.

## Challenges.

- a) Insufficient Budget
- b) Office Space
- c) Unavailability of Tools of Trade such as office space, furniture, laptops, printers, 3G cards, transport allowance
- d) Under staffing
- e) Non-functionality of our councils as they are unemployed and do not have taxi fares

# 8.1.9.10. Legal Services Unit

## Performance objective

To ensure council's compliance with legislation through provision of credible legal advice & opinion.

## **Core Functions**

The directorate has the following responsibilities:

- 1) Facilitation of the development of by-laws and policies.
- 2) Development and maintenance of council's litigation register.
- 3) Liaison with council attorneys on legal matters.
- 4) Analyse and provide opinion on agreements entered into by the municipality and other parties.

## **Applicable Legislation**

Constitution of The Republic of South Africa 108 Of 1996.

**Municipal Systems Act** 

| Version | Period    | Document                                     | Dago 06 of 220 |
|---------|-----------|--|----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 96 of 330 |

Municipal Structures Act Municipal Finance Management Act Intergovernmental Relations Act

## 8.1.9.10. SWOT ANALYSIS

## **STRENGHTS**

1) More coordinated inter action between council and its attorney and advice and opinion received timeously

#### **WEAKNESSES**

- 1) Lack of or complete nonexistence office space for the department
- 2) Department highly under staffed.
- 3) Lack of inter action between other departments and legal service.

## **OPPORTUNITIES**

1) Reduced litigations against the municipality where legal opinion is sought before undertaking actions with legal implications.

#### **THREATS**

a) Exposure to litigations and legal cost if department is not effectively utilized.

# **8.1.9.11.** CASE BACKLOG

| 1  | Total number of cases in different courts |    |
|--|---|----|
| 2  | Pending litigations                       | 3  |

#### 8.3. KPA 2: MUNICIPAL TRANSFORMATION AND DEVELOPMENT

**Responsible Directorate: Corporate Services Directorate.** 

# 8.3.1. Introduction.

This chapter articulates the broad institutional framework of Enoch Mgijima LM as well as its governance model.

## 8.3.2. Political Structures.

The political structure of Enoch Mgijima Local Municipality is comprised of the Executive Mayoral System that is structured as follows: -

- a) Executive Mayor;
- b) Speaker
- c) Chief Whip
- d) Mayoral Committee;
- e) The municipal council consists of 68 councilors i.e. 34 ward councilors and 34 proportional councilors.
- f) The municipality has established committees in terms of Section 79 and 80 of the Municipal Structure Act.

The following Council Structures are currently held within EMLM:-

# 8.3.2.1. PR Councillors.

| Ward | PR CLLR                  |

## 8.3.2.4. Section 79 & 79 Committees

EMLM has both Section 79 and Section 80 Committees established as per legislative requirements to support the good governance function of Council. Within the municipality, Section 79 Committees fall under the Speaker's Office and fulfil key governance functions of predominantly an administrative oversight nature.

All relevant Section 78 & 79 committees have been established and are functioning.

## 8.3.2.5. Section 80 Committees

Section 80 Committees are standing committees aligned to the various functional areas for service delivery within the municipality under the Mayor's Office.

All relevant Section 89 committees have been established and are functioning.

#### 8.3.2.6. Audit and Risk Committee.

Enoch Mgijima LM has established a Performance, Audit & Risk Committee.

The EMLM Audit Committee has been established in terms of Section 166 of the MFMA and will perform the following duties and responsibilities: -

- 1) Advise the council, political office bearers, the accounting officer and the management of the municipality on matters relating to the following:
  - a) internal financial control and internal audits,
  - b) risk management, accounting policies,
  - c) the adequacy, reliability and accuracy of financial reporting and information,
  - d) performance management,
  - e) effective governance, compliance with MFMA,
  - f) the annual Division of Revenue Act and any other applicable legislation
- 2) Review of the annual financial statements to provide the council with an authoritative and credible view of the financial position of the municipality, its effectiveness and overall level of compliance with the MFMA, annual Division of Revenue Act and any other applicable legislation.
- 3) Respond to the council on any issues raised by the Auditor-General in the audit report.
- 4) Carry out such investigations into financial affairs of the municipality as the council may request.
- 5) Perform such other functions as may be prescribed by Section 166(1) and (2).

## 8.3.3. Human Resources and Performance Management.

In order for the municipal to deliver on its vision in the provision of sustainable services and development programmes, much emphasis is put on recruitment, staff retention and skills development and training.

The municipality will develop a Human Resource Strategy during 2017/2018 to guide the municipality in implementing human resource related matters.

# 8.3.4. Recruitment and Selection, Training and Development.

In order to recruit, develop and retain critical and scarce skills, the municipality has developed the following policies which have been adopted by Council:

- a) Recruitment Policy.
- b) Training and Development Policy
- c) Staff Retention and Succession Planning Policy.

# 8.3.5. Staff Compliment and Appointments.

The staff compliment is made up of all employees from the former municipalities except for the Section 56 Managers who are in acting positions. The required staff compliment has not been determined as the municipality does not have an organogram, but a placement organogram which is a temporal measure developed in order to absorb staff of the former municipalities into Enoch Mgijima LM.

There are no new appointments, pending the development of an organisational structure and job descriptions.

# 8.3.6. Skills Development.

Skills development is aimed at benefiting all employees but, has to at the same time ensure that significant progress is made in advancing the development interests of designated groups in line with Employment Equity targets.

The interpersonal and people management skills of senior and middle managers will continue to be improved through training with the assistance of the LGSETA and relevant other technical SETA's.

The other kind of skills development needs focus on specific skills needed in specific departments within the organization. In this instance, the Director identifies the kind of training needs that is important for specific employees in terms of law and informs the Human

| Version | Period    | Document                                     | Page 103 of 330 | l |

Resources Department accordingly i.e. refresher training with regard to technical skills; professional courses etc. Priorities are considered to determine the most critical skills development needs before training can be arranged within the limits of budgetary provisions.

A Workplace Skills Plan is compiled and implemented annually to provide training on general skills development needs which focus on the organization as a whole and submitted to the Department of Labour.

A skills audit will be undertaken as part of the critical activities during 2017/2018.

# 8.3.7. Employment Equity.

The Municipality with continue with the transformation process until our environment and the administration fully reflects our current demographics.

An Employment Equity Plan will be developed during 2017/2018 financial year.

### **8.4.KPA 3: BASIC SERVICES**

Responsible Directorate: Community Services Directorate.

#### 8.4.1. Introduction.

The South African Constitution assigns municipalities the duty of ensuring the provision of basic services; promoting social and economic development and a safe and healthy environment in which to live and work. This chapter outlines EMLM's municipal infrastructure and Services.

The directorate renders the following services to the broader EMLM community: -

# 8.4.2. Solid Waste Management.

# 8.4.2.1. Legislative Requirements.

- a) National Environmental Management Act 107 of 1998
- b) National Environmental Management Waste Act 59 of 2008
- c) National Waste Management Strategy of 2012
- d) National Environment Management: Air Quality Act 39 of 2004
- e) Occupational Health & Safety Act

| Version | Period    | Document                                     | Dago 104 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 104 of 330 |

The municipality provides waste management services that include waste collection, street cleaning, clearing of illegal dumping and waste disposal. Regular solid waste collection service is provided to business, institutions and households within the jurisdiction of the municipality.

Waste collection from residential premises is carried out on a weekly or bi- weekly basis. Waste disposal is centralized, and all waste collected in the various centres (including garden waste) is transported to the licenced landfill sites in Queenstown, Tarkastad, Whittlesea, Hofmeyer, Molteno and Sterkstroom for disposal.

To meet the demand for waste management, the directorate has determined and projected critical infrastructure and equipment that needs to be purchased in the next 5 Years for this purpose. A new landfill site is planned for development in Queenstown as the current one nearing its operational capacity.

To protect the environment and health of the community, the municipality will continue to render waste collection services as scheduled. Plans to extend the waste collection services to rural communities through the acquisition of additional resources, providing waste collection infrastructure to new developments and procuring of adequate equipment will continuously and consistently be implemented from year to year.

The promulgation of the Waste Act (Act No. 59 of 2008), shifts the approach to waste management hence municipalities must embrace the principles of waste minimisation, reuse, recycling and energy recovery as the preferred options to waste management over treatment and disposal to landfill. The municipality will ensure the introduction of waste minimisation projects and encourage separation of waste at source and recycling where possible.

## 8.4.3. Cemeteries.

## 8.4.3.1. Legislative Requirements.

- a) National Environmental Management Act
- b) Biodiversity Act
- c) National Heritage Resources Act
- d) Occupational Health & Safety Act
- e) Water Act
- f) Environmental Conservation Act
- g) Conservation of Agricultural Resources Act

The following is a list of cemeteries by area: -

| # | Cemetery | Condition |
|---|----------|-----------|
|   |          |           |

| Version | Period    | Document                                     | Dago 105 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 105 of 330 |

| 1  | Queenstown cemetery               | Almost full |
|----|-----------------------------------|-------------|
| 2  | Lukhanji cemetery                 | Almost full |
| 3  | Ezibeleni cemetery (old and new), | Almost full |
| 4  | Mlungisi cemetery                 | Almost full |
| 5  | Sada cemetery                     | Almost full |
| 6  | Ekupumleni cemetery               | Almost full |
| 7  | Whittlesea old cemetery           | Almost full |
| 8  | Ilinge cemetery                   | Almost full |
| 9  | Lesseyton cemetery                | Almost full |
| 10 | Masakhane Cemetries               | Almost full |
| 11 | Malambile Cemetries               | Almost full |
| 12 | Dennekruin Cemetries              | Almost full |

To address the increasing demand on cemeteries, land will have to be identified and negotiations to buy suitable property will have to be made. All the cemeteries under the municipal jurisdiction are almost full thus availability of space for new cemeteries and related services are fast becoming a problem. Upgrading of the graveyards will be done on an ongoing basis. All new township developments should make provision for cemeteries and be included in the EIA process to prevent duplication of processes.

## 8.4.4. Sport and Recreation Facilities, Parks, Playgrounds and Open Spaces.

# 8.4.4.1. Legislative Requirements.

- a) National Environmental Management Act
- b) Biodiversity Act
- c) National Heritage Resources Act
- d) Occupational Health & Safety Act
- e) Water Act
- f) Environmental Conservation Act
- g) Conservation of Agricultural Resources Act

The provision of sports and recreation facilities, parks, playing equipment and green areas are currently managed and provided by the Community Services Directorate. Provision for the commonly practiced sporting codes like rugby, soccer, tennis, cricket etc. is at a reasonably acceptable level in the urban areas. In the rural areas only basic sport facilities like graded soccer fields and basic multipurpose facilities are provided. The need for the provision of all

| Version | Period    | Document                                     | Page 106 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 106 of 330 |

these community facilities in both the urban and rural areas is still great, as indicated at most IDP meetings. However, the availability of financial resources remains a challenge.

## 8.4.5. Environmental Management.

# 8.4.5.1. Legislative Requirements.

- a) National Environmental Management Act no 107 of 1998
- b) The National Environmental Management: Air Quality Act 39 of 2004
- c) The Protected Areas Act no 57 of 2003
- d) The Biodiversity Act no 10 of 2004
- e) The National Water Act no 36 of 1998
- f) The National Water Services Act 108 of 1997
- g) The National Waste Act no 59 of 2009
- h) Environmental conservation Act no 73 of 1989

The present environmental footprint on natural resources consumption and demand pattern clearly envisages future shortage in the available resources to meet the population demand. The status quo is further aggravated by human activities which results in climate change, a phenomenon which its effects can be witnessed globally. The need to provide services in a sustainable manner and to preserve our natural resources has been a global challenge, hence the Millennium Development Goals (MDG), treaties to which South Africa is a signatory to such as the Montreal protocol and Basel convention.

The proclamation of the National Environmental Management Act, Act 107 of 1998 (NEMA) and the subsequent pieces of legislation legitimised environmental sustainability in development planning, service delivery and infrastructure development. This means that our efforts to meet the needs of the current generation should not impact negatively on the ability of future generations to meet their own. Environmental sustainability should therefore be considered and incorporated in development planning in national, provincial and local spheres of government.

The Municipal Systems Act, Act 32 of 2000, (MSA) is framework legislation for local government and it introduces the developmental local government. The Act further stipulates that basic services should be delivered in a sustainable manner while promoting socially equitable development. Through the MSA municipalities are required to adopt a more sustainable approach to planning and development as embraced in the South African Constitution as well as in other policies and legislative enactments relevant to Local Government.

| Version | Period    | Document                                     | Page 107 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 107 of 330 |

The growing municipal population, economy and industrialization will have adverse impacts on the availability of natural resources and environmental quality if measures are not put in place to ensure sustainable development.

The municipality will ensure that all proposed developments are environmentally, socially and economically sustainable through participation in EIA processes and development of environmental assessment tools that will guide future development e.g. Strategic Environmental Assessment (SEA), life cycle assessment. Etc.

## 8.4.6. Libraries.

## 8.4.6.1. Legislative Requirements.

- a) Local Government Ordinance, (Ordinance 17 of 1939)
- b) The Standard Library By- Laws

Library services are provided by the municipality with six functional libraries.

As the education curriculum keeps on changing, libraries are becoming a great need and an essential for students hence recently the libraries are faced with over population and limited resources. The municipality endeavours to continuously upgrade and improve the standard of the libraries to match the increasing technological development that requires and challenges the libraries to be abreast with the latest and updated innovation in ICT (Information Communication Technology). It is envisaged that the municipal libraries will in future have adequate computers to offer effective self-help computer services to the community at large.

There is still a need to intensify the extension of the library services to the rural communities that are still experiencing limited access to information.

# 8.4.7. Departmental Organogram.

The directorate operates through a transitional organogram also known as the placement organogram. This organogram has been developed to create positions for all Community Services employees from the amalgamated municipalities. A final organogram will be developed during 2017/2018 Financial Year.

The transitional organogram is attached to this document.

| Version | Period    | Document                                     | Dago 100 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 108 of 330 |

#### **8.5. KPA 3: COMMUNITY SAFETY**

#### 8.5.1. Legislative Requirements.

- a) National Road Traffic Act 93 Of 1996
- b) National Land Transport Act 5 Of 2009
- c) Criminal Procedure Act 51 Of 1977
- d) Control of access to Public Places and Vehicles Act 53 of 1985
- e) Private Security Industry Regulation Act 56 Of 2001
- f) Firearm Control Act 60 of 2000
- g) MSA
- h) Administrative Adjudication of Road Traffic Offenses Act, No 46 of 1998

#### 8.5.2. Safety and Security.

The core function of the Traffic Services is to make the roads safe for all users within the municipal area whereas Security Services deals with safeguarding of the municipal property, personnel and its residents. This is done through visible law enforcement, road safety campaigns and awareness programmes.

The Security Services is responsible for the safeguarding of Council's assets and employees.

#### 8.5.3. Licencing Services.

#### 8.5.3.1. Legislative Requirements.

- a) National Road Traffic Act
- b) Councils by-laws
- c) S.A.B.S. (S.A.N.S) Act

Enoch Mgijima Local Municipality is an agent of the province in the administration of driver's and vehicle licenses. The municipality is also responsible for the issuing of licenses for business premises. The licensing services have improved since the introduction of e-Natis system. The system has proven to be effective and quick in that the licensing transactions are mainly computerised which minimises the prolonged processes that were susceptible to corruption.

| Version | Period    | Document                                     | Dago 100 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 109 of 330 |

# 8.5.4. Fire and Disaster Management.

#### 8.5.4.1. Legislative Requirements.

The Fire & Disaster Management Services adhere directly to the following legislation:

- a) Fire Services Act, Act 99 of 1987.
- b) National Building Regulations and Building Standards Act 103 of 1977.
- c) Occupational Health and Safety Act 85 of 1993.
- d) Hazardous Substances Act, Act 15 of 1973 as amended.
- e) National Road Traffic Act 46 of 1998.
- f) Disaster management Act 57 of 2002.
- g) National Disaster Management Framework 2005
- h) National Veldt and Forest Fire Act 101 of 1998.
- i) Explosives Act, Act 26 of 1956 as revised.
- j) Municipal Systems Act, 32 of 2000
- k) Safety at Sports and Recreational Events Act 2 of 2010
- I) South African National Standards

The Municipality has an established Emergency Services for Fire, Rescue and Disaster Management. Additional equipment and resources are required to optimise the functioning of this centre. This main station is in Queenstown. Additional fire stations are envisaged to be established which will serve the Tarkastad/Hofmeyer area as well as Molteno/Sterkstroom area in order to comply with the Regulations of South African National Standards, which require arrival at the scene of an emergency within at most 15 minutes.

Medical Emergency Services which handles ambulances is a function of the Department of Health. There are ambulances servicing the Municipal area are stationed in Queenstown.

| Version | Period    | Document                                     | Dago 110 of 220 |

#### 8.6. KPA 4: INFRASTRUCTURE DEVELOPMENT

Responsible Directorate: Technical Services Directorate.

#### 8.6.1. Introduction.

The South African Constitution assigns municipalities the duty of ensuring the provision of municipal infrastructure services. This chapter outlines EMLM's municipal infrastructure and Services.

The directorate renders the following services to the broader EMLM community: -

#### 8.6.2. Roads and Stormwater Management Services.

# 8.6.2.1. Legislative Requirements.

- a) National Land Transport Act no 5 of 2009
- b) Occupational Health and Safety Act 1993
- c) National Road Traffic Act 1996
- d) National Environmental Management Act no 107 of 1998

#### 8.6.2.2. Roads Infrastructure.

The transportation infrastructure data is an indication of the Enoch Mgijima Municipality's connection to other local economic centres and rural nodes. It also indicates how connected the efficiency of transportation of goods and people to and from various economies surrounding Enoch Mgijima Municipality.

The road network has been summarized on the following table, which summarizes all district roads from Queenstown to each local municipality;

| Enoch Mgijima Municipality's Road Transport Network. |                       |                    |                   |             |  |
|--|-----------------------|--------------------|-------------------|-------------|--|
| #  | Section               | Length of the road | Road<br>Condition | Description |  |
| R392   | Queenstown-Dordrecht  | 72 KM              | Fair              | N/A         |  |
| R392   | Queenstown-Elliot     | 131Km              | Fair              | N/A         |  |

|---------|---|------|------|--|--|--|--|
| Source: | Source: RAMS Visual Condition Index, 2011 |      |      |  |  |  |  |

A municipal road condition assessment will be undertaken during the development of the Infrastructure Master Plan which is planned for 2017/2018 financial year.

The Roads & Storm water section is responsible for the maintenance of all municipal roads. The majority of urban and township roads are tarred and paved, with gravel roads, mainly in the rural areas requiring attention.

A vigorous process of re-surfacing all municipal roads in Queenstown are currently underway and some of the roads have been completed. More roads have been prioritised for re-surfacing in Queenstown and have been registered and funded by MIG. The huge increase in the price of bitumen products is however a challenge which means that lesser roads will be tarred with the funds that will be available in future budgets.

The municipality plans to assess the existing Road network and Bridges every five years to properly plan and implement preventative maintenance, safer roads and bridge structures. Roads in the rural areas will be graded and maintained on a regular basis. Regular planned maintenance is crucial to ensure that roads are serviceable and can address rising demand, which in turn makes the cost of maintenance to escalate.

Increasing heavy traffic volumes using municipal roads, high cost of bitumen are a real threat to the sustainability of the road network. A Roads Master Plan will be developed in 2017/2018 financial year to address some of the identified future needs and challenges and will serve in Council.

The Municipality plans to pave each year as many sidewalks as the budget allows where there is high number of pedestrians.

Municipality plans to develop a Stormwater Master Plan to assist with addressing issues pertaining to the Stormwater drainage within the municipality. The Stormwater Master Plan will be used to prioritize project proposals for solving the storm water problems in each area.

The municipality is responsible for, the repairing of potholes on the existing surfaced road, cleaning of Stormwater drainage system to maintain free flow Stormwater, upgrading of gravel roads to surfaced roads, installation of new storm water drainage systems, rehabilitation of existing roads, and re-gravelling and blading of gravel roads in rural and urban areas an on regular basis.

| Version | Period    | Document                                     | Page 112 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 112 of 330 |

# 8.6.3. Electrical Engineering Services.

#### 8.6.3.1. Legislative Requirements.

- a) Electricity Act 41/1987
- b) NERSA regulations
- c) Occupational Health and Safety Act

The Millennium Development Goal states that 97% of households must have universal access to electricity by 2025. Access to electricity will alleviate poverty as the use of electricity supports lighting and cooking facilities.

The municipality supplies, upgrades, and maintains electricity to formal townships in terms of the license agreement from NERSA. The municipality currently distributes electricity through an agreement between NERSA and the Former Lukhanji LM whilst it is still finalising its own electricity distribution licence.

The number of households who receive free basic electricity and the corresponding expenditure per financial year is summarised in the following table: -

| SERVICE     | HOUSE HOLDS | PER HOUSEHOLD | AMOUNT       | AMOUNT         |
|-------------|-------------|---------------|--------------|----------------|
|             |             |               | MONTHLY      | YEARLY         |
| ELECTRICITY | 8328        | R 42,49       | R 353 856,72 | R 4 246 280,64 |

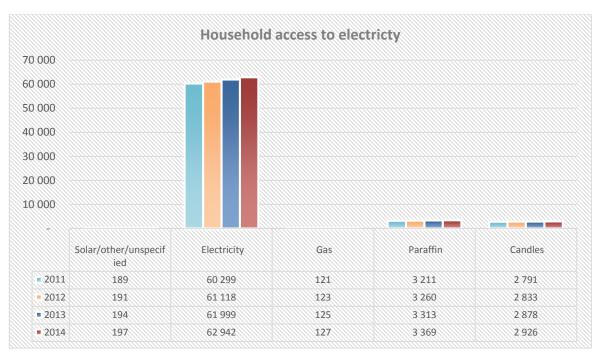

The municipality doesn't have an Electricity Master Plan and it plans to develop it during 2017/2018 financial year.

#### 8.6.3.2. Access to electricity

The following graphic summarises access to electricity by households at Enoch Mgijima Municipality: -

| Version | Period    | Document                                     | Dago 112 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 113 of 330 |

Source: Statistics South Africa, 2011 Census.

The graphic suggests that 94% of households has access to in 2014, whilst 6% was using gas, paraffin and candles for lighting in the same period. Thus, the backlog can be estimated at 6% of the surveyed households.

# 8.6.3.3. The State of Electricity Distribution

The municipality is faced with a lot of electricity problems, especially in Queenstown. These problems are characterised by old electricity infrastructure, regular electricity outages which affect businesses and households alike. the municipality is losing a lot of revenue on electricity as a result of these problems.

The state of the electricity infrastructure has been summarised as follows:-

# 8.6.3.3.1. Queendustria Substation.

This substation operates on a single transformer with a capacity of 15MVA. There is a 20MVA transformer on site which was procured in 2015 but not connected. The transformer was damaged by lightning during 2015 and has not been repaired. It is currently energized by ESKOM at 66 kV but it only distributes a restricted 11MVA due to its cable size. Scheduled maintenance was carried out in October 2016.

The substation supplies Queendustria and Ezibeleni and is considered a high risk.

| Version | Period    | Document                                     | Dago 114 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 114 of 330 |

#### 8.6.3.3.2. Ebden Substation.

This substation operates on a single transformer with a capacity of 15MVA. The original transformer was a 10MVA. The transformer was damaged by lightning during 2015 and has not been repaired. It is currently energized by ESKOM at 66 kV but it only distributes a restricted 12MVA due to its cable size. Scheduled maintenance was last carried out in 2003.

The substation supplies the town of Queenstown and its surrounding suburbs and is considered a high risk.

#### 8.6.3.3.3. Westbourne Substation.

This substation operates on a single transformer with a capacity of 15MVA. It is currently supplied from Ebden Substation at 66 kV but it only distributes a restricted 10MVA due to its cable size. Scheduled maintenance was last carried out in 2003.

The substation supplies the parts of Queenstown, Top Town and surrounding farms and is considered a high risk.

# 8.6.3.3.4. Mlungisi Substation.

This substation operates on a single transformer with a capacity of 15MVA. It is currently supplied from Ebden Substation at 66 kV but it only distributes a restricted 15MVA due to its cable size. Scheduled maintenance was last carried out in 2003.

The substation supplies the parts of Queenstown, Mlungisi and surrounding farms and is considered a high risk.

#### 8.6.3.3.5. 11KV Reticulation Substations.

The Queenstown area also has the following substations: -

- 1) Ezebileni S/S
- 2) Town Hall S/S
- 3) Komani S/S
- 4) Connaught S/S
- 5) Library S/S
- 6) Victoria Road S/S
- 7) Central S/S
- 8) Spargs S/S
- 9) Alexandria S/S

| Version | Period    | Document                                     | Page 115 of 330 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 115 01 550 |

- 10) Madeira Park S/S
- 11) Bridge Street S/S
- 12) Nonesi Mall S/S
- 13) Amatola S/S
- 14) Bachelor S/S
- 15) Balmoral S/S
- 16) Pambo Central S/S

The Ezibeleni Substation and Alexandria Substation are considered High Risk due to defective equipment.

### 8.6.3.3.6. Small Towns and the 22KV Substations.

The following is the status of the substations in the surrounding towns: -

- a) TARKASTAD 22 kV
- b) HOFFMEYER 22 kV
- c) MOLTENO 22 kV to 11 kV SUB-STATION
- d) STERKSTROOM 22kV TO 11 kV SUB-STATION

### 8.6.3.3.7. General Electricity Challenges

Network not been maintained for 12 years and is very old. Municipal staff has only been doing fault repairs instead of maintenance. The municipality currently at a very high risk as the electricity infrastructure is deteriorating very fast.

### 8.6.3.3.8. Electricity Supply Capacity in MVA's.

Calculated as follows: -

| Electricity Supply Capacity in MVA's      |    |  |  |  |
|---|----|--|--|--|
| Queenstown and surrounding areas          | 48 |  |  |  |
| Tarkastad/Hofmeyer and surrounding areas  |    |  |  |  |
| Molteno/Sterkstroom and surrounding areas |    |  |  |  |
| Source: EMLM, Technical Services          |    |  |  |  |

# 8.6.3.3.9. Human Risks Relating to Electricity

- a) The is a high risk of human being including municipal staff being electrocuted as a result of many open pillar boxes and faulty substations.
- b) There is a high prevalence of illegal connections and low rate of arrests and convictions.

| Version | Period    | Document                                     | Dago 116 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 116 of 330 |

# 8.6.3.3.10. Financial Risks Relating to Electricity

- a) Financial losses due to electricity theft and tempering estimated at 40% of billable electricity revenue.
- b) Municipality pay about R48 Million per month to ESKOM for bulk supply and generates less in the form of own revenue.
- c) Risk of losing a NERSA Lincence due to uncontrolled losses.

#### 8.6.3.3.11. Technical Risks Relating to Electricity

- a) Network is at the state of collapse as evidenced by the high number of electricity outages and faults.
- b) Proper maintenance has not been carried out for more than 10 years.
- c) There is no technical capacity to undertake maintenance.
- d) There are no electricity spare parts as a result even minor faults take longer to be fixed.
- e) The operating procedures are difficult and time consuming.
- f) There are regular and longer electricity outages which affect both the businesses and civilians.

#### 8.6.4. Municipal Buildings.

# 8.6.4.1. Legislative Requirements.

- a) National Building Regulations and Standards Act No. 103 of 1977
- b) Construction Industry Development Board Act
- c) Occupational Health and Safety Act
- d) Architectural Professions Act
- e) Green Buildings Policy

Municipal Buildings include amongst others, the provision of new municipal buildings and structures and their maintenance, throughout the area. The municipality's success is dependent on interaction with other internal and external departments to ensure accurate needs assessment and planning for new developments and the necessary maintenance of existing structures.

The Health and Safety Act requires that all buildings be annually audited for Health and Safety compliance in order to guarantee the safety of all users including visitors. The municipality shall strive to comply with all aspects of the said piece of legislation within all its buildings and facilities for the benefit of the public and employees as well. Recommendations of the annual audits shall be included in budgets and implemented.

#### 8.6.5. Departmental Organogram.

The directorate operates through a transitional organogram also known as the placement organogram. This organogram has been developed to create positions for all Technical Services employees from the amalgamated municipalities. A final organogram will be developed during 2017/2018 Financial Year.

The transitional organogram is attached to this document.

# 8.7. KPA 5: MUNICIPAL FINANCIAL VIABILITY AND MANAGEMENT

#### Responsible Directorate: Budget and Treasury Office.

The municipal financial management is regulated by several pieces of legislation and Enoch Mgijima Local Municipality is fully complying with the aim of ensuring sound financial viability. As a newly established entity, most of the time has been consumed in trying to consolidate information, systems and resources from the three amalgamated municipalities. The annual financial statements have been consolidated to produce a single annual financial statement for the year preceding the amalgamation.

All finance and SCM processes have been consolidated and centralised to Queenstown whilst the process of streamlining human resources processes in still underway. Other associated governance processes and outstanding legal requirements are also being attended to and will be reflected during the 2018/2019 IDP Review.

Through the centralised financial management system, the Budget and Treasury Office is able to ensure that all expenditure and income are continuously monitored. There is no single property evaluation roll and currently the valuation rolls of the amalgamated municipalities are being used as an interim measure.

The municipality will compile a single valuation roll during 2017/2018 in compliance with the Property Rates.

#### 8.7.1. Municipal Historic Financial Performance.

Expenditure from previous year's capital and operating expenditure does not exist because Enoch Mgijima Municipality is a new entity.

| Version | Period    | Document                                     | Page 118 of 330 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 110 01 330 |

# 8.7.2. Brief Analysis of the Current Financial Performance.

Summarised as follows: -

- a) The municipality has exceeded the upper limit of the treasury guidelines. The municipality's salary budget as a percentage to its operating budget is 36%. Treasury guideline is that salary budget should not exceed 35%
- b) The municipality does not have any long-term loan as now and does not anticipate taking one in the 2017/18 financial year
- c) Debtors collection rate is 88.7% in the 2017/18 budget year decreasing to 78.9% and 79.1% in the two outer years.

# 8.7.3. Critical Activities Performed by the Budget and Treasury Office.

The directorate performs the following functions: -

# 8.7.3.1. Revenue collection and management.

We collect revenue through the following means: -

- a) Collection of outstanding debt
- b) Registered Indigents
- c) Revenue Collection

### 8.7.3.2. Funding management.

We manage the following funding: -

- a) Own Funding
- b) Grant Funding
- c) External Loans

# 8.7.3.3. Supply chain management.

Through this unit, the Directorate procures goods and services using a Supply Chain Management Policy.

# 8.7.3.4. Asset management.

The unit manages the following types of assets: -

- a) Movable Assets
- b) Infrastructure Assets

| Version | Period    | Document                                     | Page 119 of 330 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 119 01 330 |

# 8.7.3.5. Indigent Management.

The directorates provide support to indigents through an Indigent Management Policy.

Indigents are those people that, due to many factors, are unable to make monetary contribution towards basic services, no matter how small the amounts seem to be. Any household, earning less than the R3 500.00 per month qualifies to be registered as indigents.

An Indigent Register has been compiled and is continuously being updated with indigent people from Queenstown and surrounding areas, Whittlesea and surrounding areas, Sterkstroom, Molteno, Tarkastad and surrounding areas.

Indigent people are supported through an equitable share grant and our support to them is an attempt to reduce the number of indigents within the municipality also falls within this category.

. The indigent register is reviewed every year to ensure that all eligible indigents are catered for. It is also to ensure the credibility of the indigents register. The municipality has established an indigent steering committee which is headed by a Free Basic Services Coordinator with ward councillors forming part of the steering committee.

Provision of free basic services and support to residents of Enoch Mgijima include the following:

| SERVICE                  | HOUSE HOLDS | PER HOUSEHOLD | AMOUNT       | AMOUNT         |  |
|--------------------------|-------------|---------------|--------------|----------------|--|
|                          |             |               | MONTHLY      | YEARLY         |  |
| Electricity              | 8328        | R 42,49       | R 353 856,72 | R 4 246 280,64 |  |
| Refuse Removal           | 5099        | R 102,25      | R 521 372,75 | R 6 256 473,00 |  |

- c) Mid-year Performance Reporting
- d) Annual Report
- e) Annual Financial Statements.

# 8.7.4. Relevant Legislative Requirements Applicable to Budget and Treasury.

The work of the directorate is guided by the following legislation: -

| 1. | Municipal Systems Act no 32 of 2000                |
|----|--|
| 2. | Property Rates Act no 6 of 2004                    |
| 3. | Municipal Finance Management Act no 56 of 2003     |
| 4. | Preferential Procurement Performance Framework Act |
| 5. | SCM Regulations and CIDB Regulations               |

# 8.7.5. The Legislative Context and Its Application.

Summarised in the following paragraphs: -

# 8.7.5.1. The Municipal Systems Act and Its Implications.

Section 95 and 96 of MSA refers to customer and debt collection services whereas section 12 speak about policies and procedures development

# 8.7.5.2. The Property Rates Act and Its Implications.

The whole act regulates the activities that lead to the appointment of Municipal valuer, compilation of General valuation roll with its supplementary and relates services such as policy development.

### 8.7.5.3. The Municipal Finance Management Act and Its Implications.

This act regulates the Financial Management of the institution, giving certain responsibilities to Mayor, Accounting Officer, Directors and Managers.

#### 8.7.5.4. The Preferential Procurement Policy Framework Act and Its Implications.

This act regulates the procurement of goods and services aligned with Municipal Finance Management Act.

# 8.7.5.5. The SCM Regulations and Their Implications.

This act regulates the procurement of goods and services aligned with Municipal Finance Management Act.

### 8.8.4. Human Settlements Organisational Structure.

The directorate currently operates through a transitional organisational structure. There is currently no organogram except only for a placement organogram which has been created to accommodate Human Settlement officials from the former municipalities.

the directorate is managed by an acting director and the critical posts have not been determined since amalgamation. The transitional organogram is attached to this document.

#### 8.8.5. Housing Development.

There is progress in the registration of Pre-1994 Tittle deeds with minor challenges.

RA60 projects/post 1994, Township registration has been formalized, verification to be done to fast-track title deed transfers.

Beneficiary Administration in progress by the municipality for current projects (Sada Wooden zinc, Polar Park, Nomzamo, Ilinge rectification, Imvani Rectification)

The Provincial Human Settlement department, granted us four (4) sites in Scalen street for Housing Development.

The current human settlement projects include the following: -

| PROJECT NAME   | Status  |
|--|---|
| New- Rathwick  | Layout Plan approved. Bulk infrastructure Services still a challenge Beneficiary list to be updated   |
| Millitary Veterans   | 10 houses out of 200 has been handed over. The challenge is on the approval of beneficiaries as well as electrification of the project.   |
| Toisekraal (364), Nomzamo (559)<br>Imvani rectification, Ilinge<br>rectification, RA60 electrification<br>Merino Walk, Ensam<br>Poplar Groove, Bothas Hoek | Appointment of land surveyor for planning and survey Beneficiary administration is in progress with challenges. Project is progressing well NHBRC is on site Prov. Human Settlements appointed conveyancers to undertake Individual transfers process for all Post 1994 projects. |

The challenges facing housing are as follows: -

- a) Disaster and emergency housing is not located within the municipality.
- b) High demand of housing for Middle income group
- c) Data collected on NHNR indicated a high demand of housing for middle income group.
- d) Delays on Land audit to obtain the actual land available for housing development.

#### 8.8.6. Sale of Municipal Land.

| Version | Period    | Document                                     | Page 125 of 330 |

| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 125 01 550 |

A lifting of the moratorium was granted by Council in December 2016. The directorate will only be able to sell land after the adoption of the policy that will guide the council on how to dispose off land.

### 8.9. KPA 7: LOCAL ECONOMIC DEVELOPMENT

#### 8.9.1. Introduction

Enoch Mgijima Local Municipality is one of six local municipalities within the Chris Hani District Municipality. It is situated in the centre of the Chris Hani District Municipality. Enoch Mgijima LM is an economic hub of the district and a gateway to Gauteng and the Western Cape Province. The municipality has various competitive advantages in that it's not only an economic hub but also an industrial hub with manufacturing firms Twizza Factory, Fischer's Dairy, Crickely Dairy and other manufacturing concerns based at the Queendustria. The municipality is also home to three (3) shopping centres such Nonesi Mall, Lukhanji Mall and Pick' n Pay Mall.

The municipality is also endowed with a considerable industrial inventory based in Whittlesea, Queenstown and Queendustria near Ezibeleni. There is also an airstrip and the town of Queenstown has been considered for a Special Economic Zone. The towns of Queenstown and Whittlesea are university towns with the Walter Sisulu University having campuses on both towns whilst the main campus of Ikhala TVET College is in Queenstown. Molteno, Sterkstroom, Tarkastad and Hofmeyer are renowned for their agricultural potential with some of the region's stud breeders for cattle and sheep found in these towns.

# 8.9.2. Legislative Requirements

The local economic development initiatives in the municipality are guided by the following legislation;

- a) South African Constitution (1996);
- b) The White Paper on Local Government (1998); The Municipal System Act (2000);
- c) The National Spatial Development Perspective
- d) and Municipal Property Rates Act.

#### 8.9.3. Enoch Mgijima LM's Economic Profile

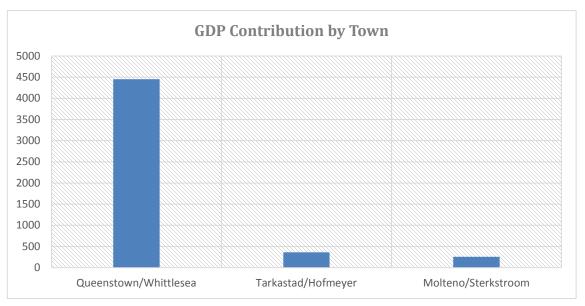

| Version | Period    | Document                                     | Dago 126 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 126 of 330 |

Enoch Mgijima LM is an economic and commercial hub of the Chris Hani Region in the Eastern Cape with the higher household income compared to other municipalities. Its local economy is the largest economy in the district context and is dominated by the wholesale and retail sector, followed by manufacturing, services and agricultural sectors in terms of GDP contribution.

#### 8.9.3.1. The GDP Contribution.

The following graphic summarises the Gross Domestic at Enoch Mgijima Municipality, using 2011 Constant Prices, being a combination of GDP contributions from Queenstown/Whittlesea and surrounding areas, Tarkastad/Hofmeyer and surrounding areas and Molteno/Sterkstroom and surrounding areas respectively as measured by Statistics SA:-

Source: Statistics South Africa, 2011 Census.

Using the **Gross domestic product** (**GDP**), we measure the monetary value of all the finished goods and services produced within Enoch Mgijima Municipality, using 2011 Constant Prices. The GDP contribution of Enoch Mgijima Municipality to Chris Hani DM's GDP was at R5, 072 Million, using numbers from Lukhanji, Tarkastad/Hofmeyer and surrounding areas and Former Inkwanca LM.

#### 8.9.3.2. Gross Value Add by Sector.

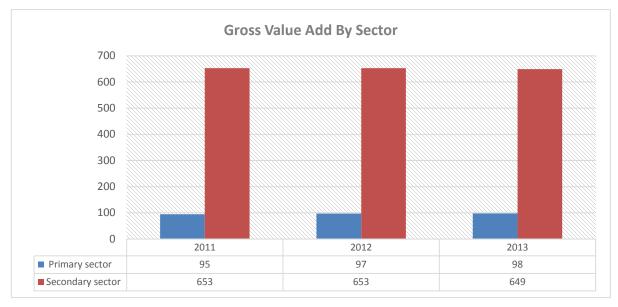

The performance of Enoch Mgijima Municipality's economic system in terms of, factors such as production activity, can be measured by its gross value add (**GVA**). We considered the GVA at constant prices as a more accurate measure of short term movements in the Enoch Mgijima Municipality's economy because it excludes taxes on production and enables us to give an

| Version | Period    | Document                                     | Page 127 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 127 of 330 |

industry specific valuation by looking at current outputs in the prices applicable in a given base year.

Source: Statistics South Africa, 2011 Census.

The higher **Gross Value Add** the secondary sector at 649, compared to the very low gross value at for the primary sector implies that Enoch Mgijima Municipality has a high level of consumption and a low level of production.

This confirms a widespread argument that suggests the South African economy is a consumption based economy. Thus, from the economic point of view, Enoch Mgijima Municipality will have to introduce economic programmes and implement economic activities that are elastic to gross value add.

#### 8.9.4. Spatial Characteristics for Enoch Mgijima LM

The spatial characteristics have not yet been determined. The municipality has not yet developed a Spatial Development Plan and is planning to do so during 2017/2018 financial year. The spatial development frameworks of the former municipalities expired before amalgamation and therefore cannot be used for this purpose.

#### 8.9.5. Strategic Focus.

The municipality will achieve the goal of economic development and job creation, whose outcome will be sustainable growth, poverty alleviation and better life for all by coordinating sustainable social and economic developmental initiatives. It will also do so by creating a conducive environment for business investment and growth for job creation.

The municipality's focus areas on local economic development are the following: -

- a) SMME and Cooperatives Development.
- b) Agriculture and rural development.
- c) Tourism and heritage development.
- d) Industrial development.
- e) Local economic development.

# **8.9.6.** The Proposed Economic Corridors.

The shape and form of local economic development within Enoch Mgijima LM will adopt a corridor approach for ease of development and coordination.

The corridors have been identified as follows: -

- a) N6 Corridor Komani
- b) R61 Corridor Komani, Tarkastad Hofmeyer
- c) N6- R397 Development Corridor, Queenstown, Sterkstroom, Molteno
- d) N6-R67 Development Corridor, Queenstown, Whittlesea

#### 8.9.6.1. The N6 - Komani Corridor.

#### The corridors have been classified as follows: -

| Town   | Agricultural, agro-     | Manufacturing,        | Tourism and     | Service, retail and      |
|--------|-------------------------|-----------------------|-----------------|--------------------------|
|        | processing and forestry | construction and      | hospitality     | logistics                |
|        |                         | mining                |                 |                          |
| Komani | Irrigation, game        | industrial business   | Fishing, sport  | Trading Stores, filling  |
|        | farming, aloe           | hub, hives, quarries, | tourism, hotels | station, transport (taxi |
|        |                         | Ezibeleni industrial  |                 | industry), Airdrome      |
|        |                         | park                  |                 |                          |

| Version | Period    | Document                                     | Dago 120 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 129 of 330 |

# The opportunities in this corridor are the following: -

| Komani | Manufacturing potential (i.e. production, warehousing, break of bulk and transportation   |
|--------|---|
|        | Business "tourism" (i.e. conferences, week-night accommodation and related services, etc.)  |
|        | <ul><li>3) Retail and business services</li><li>4) Spatial Planning region change integrate Komani and Ezibeleni – Komani -Whittlesea</li></ul> |

# The Economic Driver is the Revitalisation of the Komani Industrial Park linking this with Airdrome and Rail Development.

# The proposed corridor enablers are the following: -

- 1) Reconsider the movement of waste management site and closure of the grave site.
- 2) Development of the Komani Infrastructure Master Plan that will take into consideration (prescient planning), bulk infrastructure plan that can be uplifted to National Standards.
- 3) Housing Development Needs (working class, middle class and others) this to look at integration of Ezibeleni to Komani
- 4) Congestion of the already busy Cathcart Road Motivate for N6 bypass to ensure smooth movement of transport

# 8.9.6.2. The R61 Development Corridor.

# The corridors have been classified as follows: -

| Town      | Agricultural, agro-<br>processing and<br>forestry | Manufacturing,<br>construction and<br>mining | Tourism and hospitality   | Service, retail and logistics                  |
|-----------|---|--|---|--|
| Tarkastad | meat processing                                   | None   | sports bar /tavern for<br>township, B&B facilities in<br>township, tour guides,<br>Provision of more tourist<br>attractions | Transport business,<br>revival of railway line |
| Hofmeyer  | Sheep farming,<br>Game Farming                    | Cosmetic factory,<br>Waste recycling         | Trophy Hunting  | transport business                             |

# The opportunities in this corridor are the following: -

| Tarkastad | Strengthen of Agriculture Activities focusing at Meat Value Chain, Fruit, Vegetable and Fodder and Unlock tourism potential |
|-----------|---|
| Hofmeyer  | Sheep farming, hunting and agro-tourism related industries  |

| Version | Period    | Document                                     | Dago 120 of 220 |

# 8.9.7. LED Organisational Structure.

Local economic development within Enoch Mgijima LM is located within the IPED Directorate. The directorate currently operates through a transitional organisational structure. There is currently no organogram except only for a placement organogram which has been created to accommodate LED officials from the former municipalities.

the directorate is managed by an acting director and the critical posts have not been determined since amalgamation. The transitional organogram is attached to this document.

### 8.9.8. Engagements with Business Formations.

The Directorate engages local businesses through the following organised structures, which it has working relations with: -

- a) The Black Management Forum.
- b) Border Kei Chamber of Business.
- c) Lukhanji Business Forum.

### 9. IDENTIFICATION OF MUNICIPAL PRIORITY ISSUES

The purpose of identifying ward priorities for the 5 Year IDP was to ensure a clear focus of municipal action on strategic municipality-wide priority issues, while at the same time ensuring that essential location and target group specific needs or problems will not be neglected. The priorities were identified through a public participation process that was led by Ward Councillors, supported by municipal administrative personnel.

The following is a summary of the service delivery priorities identified per ward:-

# 9.3. Service Delivery Priorities for Ward 1

| Ward 01    |                              | CIIr. TUTWANA ZOLEKA- NONIBE COMMUNITY HALL  |          |
|------------|------------------------------|--|----------|
| Date of Co | ollection                    | 06 March 2016-16 March<br>2017   |          |
| Venue      |                              |  |          |
| #          | <b>Identified Priorities</b> | Identified Project   | Location |
| 1          | Human Settlements            | Construction of RDP Houses   | Ward 01  |
| 2          | Water and Sanitation         | Access to clean water for all households   | Ward 01  |
| 3          | Water and Sanitation         | Access to sanitation for all households  | Ward 01  |
| 4          | Roads & Stormwater           | Construction of tar roads / paving   | Ward 01  |
| 5          | Electricity                  | Access to electricity for all households   | Ward 01  |
| 6          | Roads & Stormwater           | Construction and maintenance of stormwater drainage system                             | Ward 01  |
| 7          | Public facilities            | Construction and maintenance of community halls  | Ward 01  |
| 8          | Public Parks                 | Construction of parks for children and adults  | Ward 01  |
| 8          | Sports and Recreation        | Construction of sports field in the ward   | Ward 01  |
| 10         | Cemeteries                   | Maintenance by Fencing the graveyard and provision of services in water and sanitation |          |

## 10. Spatial Analysis and Spatial Representation of Development Issues.

The purpose of this section is to ensure that the municipality's spatial strategies and land use management decisions are based on a general awareness of:-

- a) spatial constraints, problems, opportunities, trends and patterns;
- b) the necessity for spatial restructuring;
- c) the need for land reform; and
- d) the spatial dimension of development issues.

N.B. It should be noted that Enoch Mgijima LM is in the process of developing a Spatial Development Framework for 2017-2022. The spatial information contained herein is a consolidated summary from the three former municipalities. The SDF's of the amalgamated municipalities expired before amalgamation and therefore only certain information could be used for the purposes of developing this IDP.

The SDF will be incorporated into the IDP during the 2018-2019 IDP Review.

#### 10.3. National Spatial Development Perspective (NSDP).

In essence, the NSDP proposes that spatial and development planning activities carried out by the state should acknowledge the realities of the economic development potential of an area to be planned whilst still taking into account the likelihood that Apartheid spatial planning – particularly in peripheral areas has resulted in a fragmented pattern of spatial development.

The NSDP suggests that economic development potential may be classified in terms of broad categories from high potential to low potential and that such potential will not be uniformly distributed but is likely to be associated with certain conditions that enhance development potential. Such conditions would include current economic activities and associated scales of economy, natural endowments such as climate, soils and water availability (for agricultural and/or industrial development), and tourism potential based on competitive advantages (which may be historical, social, or natural in character).

| Version | Period    | Document                                     | Dogo 165 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 165 of 330 |

A set of criteria to assist with the assessment of development potential is provided in the NSDP, as follows: -

| Criterion  | Description   | Applicability in Inkwanca<br>Municipal Area |
|--|---|---|
| Innovation and experimentation.  | Research and development and the application of technology to production processes.   | To be determined                            |
| Production: High value, differentiated goods (not strongly dependent on labour costs).   | All forms of production that focus on local and/or global niche markets such as manufacturing, and some specialised agricultural or natural resource-based products.  | ■ To be determined                          |
| Production: Labour-<br>intensive, mass-<br>produced goods<br>(more dependent on<br>labour costs and/or<br>natural resource<br>exploitation). | Industries in this category, such as iron and steel producers, and agricultural and mining activities, are highly dependent on market proximity or good, cheap transport linkages to the large volumes of natural resources that they use in their production processes, as well as the availability of greater numbers of unskilled and semi-skilled labour.   | ■ To be determined                          |
| Tourism.   | Key components of tourism include the need for a tourist-attraction (e.g. eco-scenery, cultural, heritage), good transport routes, safety and, in many instances, high-quality restaurants and hotels.  | ■ To be determined                          |
| Retail and services.   | Retail, catering and personal services are major components of any economy and a large employer of semi-skilled workers in the major post-industrial economies of the world, such as the United States of America (US), the United Kingdom (UK) and Europe and Japan.  The locational requirements for this category are the presence of enterprises and people who are willing and able to pay for goods and services. | ■ To be determined                          |
| Public services and administration.  | The processes of production, consumption and circulation need to be organised through business and public management. This category also includes social services such as health, welfare and education.  | ■ To be determined                          |

| Version | Period    | Document                                     | Page 166 of 220 |

### 10.4. The Eastern Cape Spatial Development Plan.

The Eastern Cape PGDP (2004 - 2014) provides a strategic framework, sectoral strategies and programmes aimed at achieving a rapid improvement in the quality of life for the poorest people of the Province. In order to achieve this, the PGDP sets out a vision with quantified and sequenced targets in the areas of economic growth, employment creation, poverty eradication and income redistribution for the ten-year period 2004-2014.

The strategy framework for growth and development is expressed in terms of six strategic objectives, which are divided further into **three key objectives** and **three foundation objectives**. The three key objectives:

- 1) Systematic eradication of poverty through a holistic, integrated and multi-dimensional approach to pro-poor programming.
- 2) Agrarian transformation and strengthening of household food security.
- 3) Consolidation, development and diversification of the manufacturing base and tourism potential.

These key objectives are supported by the following three **foundation objectives**:

- 1) Infrastructure development.
- 2) Human resource development.
- 3) Public sector and institutional transformation.

The above strategic framework for the PGDP is illustrated below: -

| - |  |  |

# 10.5. Spatial Planning and Land Use Management at Tarkastad/Hofmeyer & Surrounding Nodes.

SDF — It is a strategic plan that gives effect to the vision, goals, and objectives of the IDP. SDF is intended to guide long term development of an area as well as capital expenditure priorities and decisions of the IDP over a medium term 5 years. An SDF is mandatory in terms of the Municipal Systems Act.

The Former Tsolwana SDF was adopted by council in 2010 and is valid till 2014. The next revision will among other things attempt to define a clear Land Use management framework, provide policy directive on the hierarchy of service points and settlements, identify key development corridors & strengthen links with EC – Provincial SDF and National Spatial Development Plan. The review will also carefully consider SPLUMA.

# 10.5.1. Settlement Patterns and Land Tenure at Tarkastad/Hofmeyer & Surrounding Nodes.

Apart from small pockets of privately owned land in the two urban centres, namely, Hofmeyr and Tarkastad, the balance of the land in Municipal area is held in terms of lesser forms of tenure – registered in the name of the state.

The settlement pattern within the municipality is indicative of the nature and type of activities to be found. Tarkastad and Hofmeyr are the main populated areas and formally proclaimed towns within the municipality. Outside these two urban centres lie the Thornhill /Tendergate and Ntabethemba rural settlements, located mostly in wards 1, 2 and 3, on the eastern portion of Tarkastad.

#### 10.5.2. Land Use Audit at Tarkastad/Hofmeyer & Surrounding Nodes.

The table below show the distribution of land parcels by municipal rural sub-area:-

| Settlement            | Units |
|-----------------------|-------|
| Baccle's farm Village | 348   |
| Hofmeyr               | 1813  |
| Khayalethu            | 185   |
| Kwezi Village         | 473   |
| Mitford               | 926   |
| Phakamisa             | 221   |
| Rocklands             | 566   |
| Spring Grove          | 394   |
| Tarkastad             | 2967  |
| Tentergate            | 1103  |
| Thembalethu           | 95    |
| Thornhill             | 1416  |
| Zola Village          | 353   |
| Total                 | 10860 |

| Version | Period    | Document                                     | Dago 160 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 168 of 330 |

#### Key issues relating to Municipality spatial development are listed below:

- a) Dispersed Settlement Pattern: Pockets of developed urban centres surrounded by scattered undeveloped rural villages, which implies great costs to fulfil every basic human right to basic infrastructure and services.
- b) Need to systematically address the fragmented nature of development to promote the integration of urban and rural areas over time (phased development approach which will optimise on existing capacity and resources to generate the most spin-off effects from investment).
- c) A strategic approach is required, which enables geographic areas to be prioritised for different levels of investment to ensure ongoing sustainable development and which will have the most spin-off effects for continued economic growth in the Municipality Area.
- d) Limited economic activity outside of urban centres
- e) Need to build on the agricultural and tourism potential of the area and target investment to other LED related initiatives and programmes taking place outside of the urban centres that have potential for growth and to generate economic spin-off.

### 10.5.3. Nodal Development at Tarkastad/Hofmeyer & Surrounding Nodes.

The former Tsolwana Municipality had identified in its SDF commitments the following strategic nodes:

- 1) Tarkastad & Hofmeyr are primary development nodes. These areas are seen as key administrative centres with a relatively well developed urban infrastructure on which to catalyse development. They are also well positioned because of their central locality with regards to movement patterns with Hofmeyr in the north connecting the municipality outward through distributor arteries like R390, R391 and R401 while Tarkastad in the South connects us through R344 & R61. These affects largely the ward 4 and 5. In these nodes the municipality seeks to ensure the following:
- a) A well demarcated urban boundary
- b) Focused densification to ensure improved levels of access to amenities
- c) Improved infrastructure expenditure to lever economic development in especially areas such as SMME. Manufacturing, Office, and Trade activities.
- 2) Tendergate / Mitford / are secondary development nodes: These are areas where we intend to focus special interest rural development interventions. For example, the areas of Tendergate and Mitford are suitable for secondary administrative offices as well as focused Agriculture and Tourism development while Tendergate can be utilized mainly for ensuring better access to municipal services and administrative support.

| Version | Period    | Document                                     | Page 169 of 330 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 109 01 330 |

## 10.5.4. Densification at Tarkastad/Hofmeyer & Surrounding Nodes.

The Former Tsolwana SDF also make provision for development of certain parts of our municipal space as special development zones allowing only certain land uses. For example, we propose that agricultural development which is a focus area in our LED priorities be undertaken and encouraged into these areas.

# 9.5. Spatial Planning and Land Use Management at Molteno/Sterkstroom & Surrounding Nodes.

The Spatial Development Framework for the Former Inkwanca Local Municipality was **adopted by council in May 2013** and aims to provide guidelines for settlement growth and development needs in Inkwanca as well as providing guidance on where best to direct resources in upgrading the rural settlements. The Spatial Development framework also aims to highlights areas where strategic development intervention is required (areas of particular development potential and/or areas where current development activities represent a development opportunity). The Spatial Development Framework will be reviewed in the 2017-18 financial year.

The Former Inkwanca Spatial Development Framework applies to the whole area of jurisdiction of the Inkwanca Local Municipality. This area is characterized by a composite settlement and land use pattern, incorporating urban, peri-urban and rural components, some of which were previously administered as separate local government entities. The area covered by the Former Inkwanca Municipality is approximately 3387 ha in extent. Political representation is based on 4 Wards within this area.

A set of criteria to assist with the assessment of development potential is provided in the NSDP, as follows: -

| Criterion  | Description  | Applicability in Inkwanca<br>Municipal Area |
|--|--|---|
| Innovation and experimentation.  | Research and development and the application of technology to production processes.  | <ul> <li>Not applicable</li> </ul>          |
| Production: High value, differentiated goods (not strongly dependent on labour costs). | All forms of production that focus on local and/or global niche markets such as manufacturing, and some specialised agricultural or natural resource-based products. | ■ Not applicable                            |

| Version | Period    | Document                                     | Page 170 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 170 of 330 |

| Criterion  | Description   | Applicability in Inkwanca<br>Municipal Area   |  |
|--|---|---|--|
| Production: Labour- intensive, mass- produced goods (more dependent on labour costs and/or natural resource exploitation). | Industries in this category, such as iron and steel producers, and agricultural and mining activities, are highly dependent on market proximity or good, cheap transport linkages to the large volumes of natural resources that they use in their production processes, as well as the availability of greater numbers of unskilled and semi-skilled labour.   | <ul> <li>The central Inkwanca area has been identified as having low grade coal reserves as well as some coal-bed methane gas production potential.</li> <li>This mining potential has not been actively explored or initiated yet.</li> <li>Agricultural Sector in Inkwanca identified as having ongoing development potential.</li> <li>Presently, farming aimed at commercial production under pressure from market conditions and crime (stock theft).</li> <li>However, no substantial secondary activities are identified relating to the primary sectors at this time</li> </ul> |  |
| Tourism.   | Key components of tourism include the need for a tourist-attraction (e.g. eco-scenery, cultural, heritage), good transport routes, safety and, in many instances, high-quality restaurants and hotels.  | <ul> <li>The Calata Liberation         Heritage Route Tourism         route runs through the         Inkwanca area.</li> <li>Areas with potential as         tourism sites of interest         include farm-stay         enterprises, rock art sites         and the Vegkoppies Boer         War Memorial.</li> </ul>   |  |
| Retail and services.   | Retail, catering and personal services are major components of any economy and a large employer of semi-skilled workers in the major post-industrial economies of the world, such as the United States of America (US), the United Kingdom (UK) and Europe and Japan.  The locational requirements for this category are the presence of enterprises and people who are willing and able to pay for goods and services. | <ul> <li>Molteno and Sterkstroom are local-level service centres, providing access to basic goods and services.</li> <li>Both these towns compete with the larger centre of Queenstown and, fall within the larger centre's sphere of influence.</li> <li>The prevailing poverty (low disposable income)</li> </ul>   |  |
| Version Period   | Document  | Page 171 of 330   |  |

| Version | Period    | Document                                     | Dogo 171 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 171 of 330 |

| Criterion                           | Description  | Applicability in Inkwanca<br>Municipal Area  |
|-------------------------------------|--|--|
|                                     |  | of the majority of residents in the LM limits the scale and range of enterprises in the towns.  This is allied to the trend of higher-income individuals having the means to travel to larger centres to do their business (and access social services) than was the case in the past. |
| Public services and administration. | The processes of production, consumption and circulation need to be organised through business and public management. This category also includes social services such as health, welfare and education. | <ul> <li>Molteno is a centre for<br/>Local Government<br/>administration.</li> <li>Sterkstroom is a<br/>subsidiary centre for the<br/>Inkwanca LM.</li> <li>Administration premises<br/>are low-level in nature<br/>and not significant<br/>beyond local scale.</li> </ul>             |

A critical assessment of the above suggests that the NSDP would classify the **Former Inkwanca** area as having a generally low level of development potential from a National perspective. It is likely that the area would be seen as one of probable ongoing social transfers (that is, an area where it is unlikely in the short to medium term that the economic activities in the area would enable the majority of residents to self-sustain whilst paying all social rents due (such as economically related service fees and charges etc.).

In short, the likelihood remains that, in spite of the identified development potential of the area in agriculture, mining and tourism, the state would continue to be the main provider of livelihoods support in the short-medium term.

The implication for the Inkwanca Municipality is that whilst there is no major economic node in the Municipality, there are identified development opportunities linked to the base of natural resources and environmental endowments.

Taking these opportunities into account, then, the interpretation of the NSDP suggests that the Former Inkwanca Municipality should:

| Version | Period    | Document                                     | Page 172 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 172 of 330 |

- Prioritize activities that would lead to ongoing partnerships with significant economic roleplayers in the Municipal area (such as the Chris Hani DM, the Farmers Associations, the Elitheni Coal Mining Company and Badimo Gas etc.); and
- Ensure that the towns of Molteno and Sterkstroom are properly managed such that necessary urbanization is catered for in such a way as to restructure the spatial relationships of the town over time and afford the majority of residents' better access to business and social facilities.

Facilitate and focus on ensuring good partnerships with state departments that are central to the rendering of social services (such as Education, Health & Welfare, Sports, Art & Culture) in order to ensure a focus is the continual improvement of the quality of such services rendered in the towns of Molteno and Sterkstroom (the objective being these become "centres of excellence" in the provision of social goods and services).

## 9.5.1. Topography and Drainage at Molteno/Sterkstroom & Surrounding Nodes.

The topography of the area consists predominantly of lowlands with slope values of less than 3 at altitudes of 1000 to 1500 metres above sea level. Along the western and south western edge of the Municipality, low mountains with hills, with slope values of 6 to 12, at altitudes of 1500 to 2000, are found and along the Great Fish River valley altitude above sea level varies from 500 to 1000 metres. The area is mainly drained by the Hex River (Sterkstroom) and Stormbergspruit (Molteno) with the Stormberg Mountains as a definite water shed.

#### 9.5.2. Rainfall and Evaporation at Molteno/Sterkstroom & Surrounding Nodes.

Mean annual rainfall of 400 to 500mm is received in the North, North-West and the south, while the central and eastern areas receive rainfall of 500 to 600 mm. Most of the rain (+-75%) occurs in the summer months (November to April) in the form of thunderstorms. Very little of the Municipality receives in excess of 600 mm per annum.

#### 9.5.3. Climate at Molteno/Sterkstroom & Surrounding Nodes

Summers are warm to hot and winters very cold. Daily maximum temperatures averaged for January range from 24 to 30°C over the Municipality. Winter temperatures averaged for July range from very cold to extremely cold in the north (Molteno) and north east, with daily mean minimum temperatures of -7 to 0°C experienced. Minimum temperatures in the southern areas, south of Sterkstroom are a little higher in the range -2 to 0°C. Frost periods of greater than 14 dekads (ten day periods) are experienced throughout the area.

## 9.5.4. Soil Erosion at Molteno/Sterkstroom & Surrounding Nodes.

The area consists of somewhat broken terrain with sandstone ridges covered by thin loamy soils on rock and basins covered by claypan soils. There are no rainfed arable soils in the area. The soils can be described as moderate to highly erodible and generally have clay content of 15 to 25%.

## 9.5.5. Geology at Molteno/Sterkstroom & Surrounding Nodes

According to the available geological map, four geological units occur in the study area, namely alluvium, dolerite, sedimentary rocks of Molteno and Burgesdorp Formations and sedimentary rocks of Molteno Formation. A layer of alluvium blankets the banks of the Stormbergspruit and Hex River. The alluvium can be highly variable both laterally and vertically, as erosive and depositional forces are continually at work. The nature of the unconsolidated alluvium deposited by the rivers depends on the type of parent material. Dolerite forms a form the ribbon-like features on the western and central parts of Molteno whilst the large dolerite area to the south is a sill. Dolerite dykes occur in the northern parts of Sterkstroom with dolerite sills occurring in the east, west, and southwest.

## 9.5.6. Vegetation at Molteno/Sterkstroom & Surrounding Nodes.

Vegetation types represent an integration of the climate, soil and biological factors in a region, and as such, are a useful basis for land-use and conservation planning. There are nine vegetation types found in the area. The distribution of these vegetation types is illustrated in the map below. South-eastern Mountain Grassland covers 49% of the area. This sweet grassland is environmentally important to its suitability for winter grazing. However, if sound management principles are not applied the land will convert to zuurveld rendering it useless for winter grazing. This regime is very good for sheep and cattle grazing.

#### 9.5.7. Land Cover at Molteno/Sterkstroom & Surrounding Nodes

The collective effects of soil, terrain and climate features determine Land Capability. It indicates the most intensive long-term and sustainable use of land for rain-fed agriculture and at the same time highlights the permanent limitations associated with the different land use classes. It is therefore a more general term and conservation oriented than land suitability. The table below gives an indication of the suitable land uses for the various Land Capability Classes (LCC). There is no area of high potential arable land (LCC I & II) in Inkwanca LM. 29 % of the Municipal

| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 174 of 330 |

Area is classified as arable land with limited crop production potential (LCC IV) This limited arable area is situated around Sterkstroom and to the south and east of the municipality.

## 9.5.8. Land Use Management at Molteno/Sterkstroom & Surrounding Nodes.

The area is characterized by two distinct settlement forms.

#### These are:

- The two urban centres of Molteno and Sterkstroom. These towns act as service centres to the resident population and surrounding commercial farms
- Commercial farming area (extensive land holdings)

## 9.5.9. Land Ownership at Molteno/Sterkstroom & Surrounding Nodes.

The area is defined by its two towns, Sterkstroom and Molteno, which are surrounded by low-density rural farmlands. Private land ownership for rural land accounts for 90.96 % of land ownership in the municipal area, totaling 3.49 million hectares.

#### Summary of Ownership Details of Farm Parcels - Inkwanca LM

| OWNERSHIP          | NO. | AREA (HA)  | %     |
|--------------------|-----|------------|-------|
| UNDEFINED          | 64  | 27,991.72  | 7.27  |
| MUNICIPAL DISTRICT | 2   | 40.27      | 0.01  |

| STATE NATIONAL     | 15  | 4,902.04   | 1.27  |

# 9.6. Spatial Planning and Land Use Management at Queenstown & Surrounding Nodes.

This section deals with municipal zoning schemes and the Spatial Development Framework. The municipality has to implement the Spatial Planning and Land Use Management Act of 2014. The Act requires the establishment of municipal tribunals. On the 31<sup>st</sup> March 2015, the Council agreed to shift from a joint municipal tribunal and establish a standalone municipal tribunal.

An organisational structure was proposed to assist municipalities with the successful implementation of SPLUMA. The proposed posts have been included in the municipal wide organisational structure that was

| Version | Period    | Document                                     | Dogo 177 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 177 of 330 |

approved by Council in January 2015. The challenge is the funding of the posts. The other challenge with regards to the effective implementation of SPLUMA is the absence of the municipal town planner. The town planner resigned in December 2014. The municipality is in the process of recruiting for the town planner.

#### 10. CHAPTER 3: STRATEGIC CONTEXT.

#### 10.1. Introduction.

This chapter maps the plans and strategies developed by Enoch Mgijima LM against the Local Government Manifesto of the ANC as well as the 12 Outcomes, the National Development Plan and the Eastern Cape Growth and Development Strategy. This chapter also provides the details of the Strategic Objectives that guide the development of the Enoch Mgijima LM's 2017/22 IDP.

## 10.2. Summary of Plan to inform Enoch Mgijima LM's Service Delivery Agenda.

Summarised as follows: -

| Version | Period    | Document                                     | Dago 170 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 178 of 330 |

#### National and Provincial Agenda:

Government priorities and focus areas are set at both a national and provincial level

**District Agenda**: District plans (SDF, IDP, and District Management Area/Land Use Guidelines

**Integrated Development Plan**: Five-year plan linked to long-term goals i.e. breaking down EMLM's long-term objectives into five-year strategic planning

**Integrated Development Plan**:Annual IDP review that outlines overview of planning for a specific year against high-level strategic plans outlined infive-year IDP and reports on progress against those high-level goals on an annual basis

**SDBIP and Business Plans**: Annual business planning by departments linked to achieving objectives outlined in the IDP.

#### 10.3. ENOCH MGIJIMA LM'S STRATEGIC DIRECTION.

## 10.3.1. Enoch Mgijima LM's Vision Statement.

A developmental regional economic hub which is customer focused and committed to service excellence in delivering quality and sustainable services.

#### 10.3.2. Enoch Mgijima LM's Mission Statement.

In pursuit of the vision, we will:

- a) Provide sustainable quality services to all our citizens efficiently and effectively.
- b) Develop and empower all our councillors and employees with capacity building programs.
- c) Unlocking the development potential and increase the investment opportunities.

| Version | Period    | Document                                     | Page 179 of 330 |

#### 12. CHAPTER 5: FINANCIAL PLAN.

#### 12.1. The Purpose of the Financial Plan.

To create the medium term strategic financial framework for allocating municipal resources through the municipal budgeting process in order to ensure the financial viability and sustainability of the municipality's investments and operations.

This plan is prepared in terms of Section 26 (h) of the *Local Government: Municipal Systems Act*, as amended, which stipulates that a financial plan must be prepared as part of the Integrated Development Plan.

The three-year financial plan includes an Operating Budget and Capital Budget informed by the IDP priorities. It takes into account the key performance areas of the IDP. All programmes contained in the budget are reflected in the IDP. The review of the Municipality's IDP has a ripple effect on the budget.

In addition to being informed by the IDP, the municipal fiscal environment is influenced by a variety of macro-economic control measures. National Treasury determines the ceiling of year-on-year increases in the total Operating Budget. Various government departments also affect municipal service delivery through the level of grants and subsidies.

### 12.2. The EMLM Financial Management Framework.

In meeting the demands associated with modernised practices towards sustaining and enhancing financial viability; and addressing the specific needs of Enoch Mgijima LM within the context of limited resources and mounting service delivery expectations, has necessitated that a comprehensive integrated approach towards financial sustainability be developed.

The municipality is facing many challenges with regards to financial planning & management and are ever changing due to the dynamic setting of local government. Financial management has therefore been enabled through the development and implementation of the following strategies and systems at municipal level:-

| Version | Period    | Document                                     | Page 275 of 330 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 2/5 01 550 |

### 12.2.1. Primary and Other Bank Accounts.

The municipality maintains separate bank accounts for its conditional grants. This is to assist in effective monitoring of grant funding to the municipality. The municipality also deems it fit to separate its main primary bank account from the grant accounts

### 12.2.2. Financial Management Strategy.

The Financial Strategy has been formulated to ensure that the EMLM maximises all available opportunities that would enhance Council's financial strength especially considering the cost-shift environment that has been created with the implementation of assigned powers and functions.

Council's overall Financial Strategy is structured into the following core components to allow for a clearer understanding of the overall task:

- a) Asset Management strategies;
- b) Capital Financing Strategies;
- c) Financial Management Strategies;
- d) Free Basic Services and indigent Support.
- e) Operational Financing Strategies;
- f) Revenue enhancement and maximisation Strategies;
- g) Strategies to Enhance Cost-effectiveness; and

These segments are intended to provide operational guidance to staff to assist them in achieving identified objectives and goals.

Importantly the Strategies formulated are deemed to be primary mitigating tool against the financial risks identified, and giving effect to the objectives of the Integrated Development Plan, through ensuring that the performance targets as per the Budget underlying the IDP are achieved.

The strategies are premised on ensuring compliance with adopted financial policies, modelled on modernised reform practices applicable to Local Government.

### 12.2.3. The Municipal Financial Recovery Plan.

There is a financial recovery plan in place which is articulated in the municipality's Revenue Enhancement Strategy. Part of the recovery plan includes the appointment of REVCO and the utilisation of Meter monitoring solution to assist in electricity revenue collection

| Version | Period    | Document                                     | Dags 276 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 276 of 330 |

## 12.2.4. Revenue Enhancement and Maximization Strategy.

The purpose of this strategy is to ensure that all possible avenues are explored to maximise the receipt of any monies available to Council by way of intergovernmental transfers and Grants or Donations, including expanding the billing database and maximising income opportunities on every registered serviced site within the LM's jurisdiction.

The second component of this strategy focuses on strengthening and building capacity within credit control and debt management practices and processes of Council, ensuring the attainment and exceeding of collection rates in line with key budgetary requirements.

The third component of the strategy focuses on maximising the registration of households eligible for participation within the Free Basic Services (FBS) programme of Council, this component is aimed at arresting spiralling debts associated with this user group, and limiting consumption of services in line with the FBS allocation threshold. In line with the strategy employed, Council has formalised the appointment of a debt collection agency on a contingency arrangement over the next three years to undertake revenue enhancement and debt reduction, with a special focus on skills transfer to a dedicated internal unit.

A comprehensive revenue enhancement strategy is undertaken and it includes:

- 1) Cleaning of the debtor database to ensure that all consumers are levied for all services received at the correct tariff for such service.
- 2) Reviewing and formalizing an indigent policy for the municipality.
- 3) Ensuring that all consumers that qualify in respect of such approved indigent policy are registered.
- 4) Implementing credit control measures to significantly improve payment levels and ensure that consumers that can pay do so.
- 5) Reviewing Council's tariff policy in respect of the subsidy of free basic services and to ensure that the actual cost of services is recovered through the respective tariffs.
- 6) Restructuring of the operational budget to ensure that the budget is cash funded and that it reflects actual payment levels in respect of bad debt provision.
- 7) Investigating distribution losses in respect of electricity and water to ensure that electricity and water purchased is billed
- 8) Appointment of a debt collection agency to assist in collecting outstanding debt

### 12.2.5. Credit Control and Debt Collection Policy.

| Version | Period    | Document                                     | Page 277 of 330 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 2// 01 330 |

The Policy sets out to control and manage the recovery of outstanding debt due to Council. This policy is in place and is subject to regular updates. The policy lays down the basis for distribution of accounts, collection procedures, interest and penalties to be charged in the event of non-payment, with strong focus on management reporting requirements pursuant of key legislative requirements and performance management. Giving effect to the administration of this policy, Council through the appointment of a revenue accountant has invested in a Revenue Management and Debt Collection System fully compliant with Municipal Bylaws and objects of the policy framework, the system effects have result in macro approach to debt management and collection being effected, in an effective and efficient manner, maximise the return on investment and per household.

The Municipality currently bills all its debtors on a monthly basis as per the norms and standards of revenue management. The Municipality has an updated Valuation roll which is currently being used to bill the Municipal debtors, and the supplementary valuation roll is conducted annual as prescribed by the standards. The Municipality has developed and implemented the Revenue Enhancement Strategy.

## 12.2.6. Tariff Policy.

This policy sets key guidelines on what should be considered when pricing services and guiding principles for the compilation of water, sanitation, solid waste and other services. This policy is subject to constant review, given significant reforms within the water sectors, which impact on the price cost of services rendered, and ultimately on the sustainability of trading services.

### 12.2.7. Asset Management.

#### 12.2.7.1. Asset Management Strategies.

The purpose of the strategy is to optimise the use of all assets under the control of EMLM, given the financial exposure and the revenue streams earned by the Municipality in the rendering of services to the community.

### 12.2.7.2. Asset Management Policy.

This policy is deemed necessary in order to facilitate the effective management, control and maintenance of the assets. The policy is in place and is subject to regular review. The prime objectives of the policy are to ensure that the assets of Enoch Mgijima LM are properly managed and accounted for by:

- a) Ensuring the accurate recording of asset information;
- b) The accurate recording of asset movements;

| Version | Period    | Document                                     | Daga 270 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 278 of 330 |

- c) Exercising strict control over all assets;
- d) Providing correct and meaningful management information;
- e) Compliance with Council's Insurance Policy and Payment Procedure;
- f) Effecting adequate insurance of all assets; and
- g) Maintenance of Council's Assets.

The implication of this policy on the administration and planning of assets has been profound, in that the organisation has a comprehensive understanding of all assets under the Management Control of the Municipality, has an acute understanding of the conditions and remaining lifespan etc. of the asset base, all of which are aimed at ensuring that sound financial planning occurs, especially around investment choices and reserve creation to safe guard against ageing infrastructure; the Funding and Reserves policy is directly influenced through the outcomes of the annualised conditional assessment on all infrastructural assets.

It is envisaged that strict adherence to policy framework will continue to be applied in order to protect the resource of the community, and ensure the continued viability of the Municipality.

### 12.2.7.3. Asset Movement System.

At the time of commissioning a GRAP compliant Asset Register, an asset tracking system using bar-coded discs and scanners was put in place. With the completion of the Asset Register, the asset tracking system is now fully operational.

The system allows for regular audits of all assets to be completed in a shorter time frame and therefore allowing for more regular updates of the register.

## 12.2.8. Financial Management Strategies.

The purpose of this strategy is to ensure that the Financial Systems in place at EMLM are of such quality to allow for the generation of accurate and timely reporting at all times.

The Strategy has culminated in the institution being able to effectively make informed decisions around service delivery, identify financial risks and impeding financial problems, through having an acute understanding of the financial affairs of the Municipality, through a simplified qualitative analysis being provided based on the in year reports focusing on budgeted performance( revenue, expenditure, capital); impact of the trading activity on the financial position and cash flows within the Organisation, this is in compliance with international standards on in year reporting.

| Version | Period    | Document                                     | Page 270 of 220 |

## 12.3. Operating Revenue.

The projected revenue for the municipality is reflected in table below. It is important that anticipated revenue levels are realistic for each revenue source and consistent with expenditure and collection experience.

Municipal budgets must be funded and credible. The needs of the communities have to be met within the financial capacity and resource constraints of the municipality to ensure long term sustainability.

| Revenue Sources                 | 2017/18          | 2018/19          | 2019/20          |

## 12.4. Tariff Setting.

Tariff setting plays a major role in ensuring certain levels of revenue according to affordability and to accommodate the consideration of basic services in the IDP strategic plan.

The following is a graphical presentation of revenue by source over the MTREF: -

| ſ | Version | Period    | Document                                     | Dags 202 of 220 |
|---|---------|-----------|--|-----------------|
| ĺ | 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 282 of 330 |

### 12.4.1. Rationale for Tariff Setting.

Tariff setting plays a major role in ensuring certain levels of revenue according to affordability and to accommodate the consideration of basic services in the IDP.

The affordability of tariffs is under pressure due to increased cost and the increasing demand for bulk infrastructure and renewal of ageing infrastructure as the municipality has expanded due to amalgamation of three (3) municipalities.

Appropriate ways to restructure tariffs must be explored to encourage more efficient use of utility services and to generate the resources required to fund maintenance, renewal and expansion of infrastructure to provide services.

Increases in tariffs must be closely linked to the National Treasury cost-of-living guidelines and reflect an appropriate balance between the interest of poor households, other customers and ensuring the financial sustainability of the municipality.

In the case of solid waste tariffs, it must include the cost of providing the different components of the service. Refuse removal is an economical service resulting that their budgets are break-even.

Refuse removal tariffs are mainly affected by high labour costs, petrol price increases and vehicle costs which are in many cases beyond the municipality's control.

In addition, new ways need to be explored for alternative methods to manage the landfill sites such as the introduction of the recycling process and measures to prevent dumping, for example, garden refuse removal etc.

A new valuation roll has to be implemented and moratorium on sale of land has to be lifted to allow for new developments which will in return expand and relieve some of the pressure on the municipality's revenue base.

### **12.5.** Protecting the Poor

The equitable share allocation is mainly used to provide free basic services to approximately 13 427 registered indigent households. Indigent support provided to protect poor households is as follows:

|                | Free Basic Services |               |              |                |  |
|----------------|---------------------|---------------|--------------|----------------|--|
| Service        | House Holds         | Per Household | Amount       | Amount         |  |
|                |                     |               | Monthly      | Yearly         |  |
| Electricity    | 8 328,00            | R42,49        | R 353 856,72 | R 4 246 280,64 |  |
| Refuse Removal | 5 099,00            | R102,25       | R 521 372,75 | R 6 256 473,00 |  |

| Version | Period    | Document                                     | Dogo 202 of 220 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 283 of 330 |

In addition, it is essential that the municipality plays a critical role in creating an enabling environment for investments and other activities that lead to job creation to relieve the pressure on unemployment.

The municipality needs to focus on maximizing job creation through labour intensive methods, LED projects and participating in the extended public works programme.

## 12.6. Operating Expenditure by Type

Operating expenditure is compiled both on the zero-based budget approach where practical and on the incremental approach. The following table indicates the medium-term expenditure framework aligned to the IDP: -

| Expenditure by Type             | xpenditure by Type |                  |                  |                  |                  |  |
|---------------------------------|--------------------|------------------|------------------|------------------|------------------|--|
|                                 | 2017/18            | 2018/19          | 2019/20          | 2020/21          | 2021/22          |  |
| Employee related costs          | R 210 526 733,00   | R 223 158 337,00 | R 236 547 837,22 | R 250 740 707,45 | R 265 785 149,90 |  |
| Remuneration of councillors     | R 30 223 356,00    | R 32 020 946,72  | R 33 884 307,86  | R 35 917 366,33  | R 38 072 408,31  |  |

## 12.8. Capital Expenditure

Proposed capital programmes over the medium-term framework are only considered once the full projected and future operational costs have been determined and the sources of funding are available.

The capital requirements are reflected in the table below for the next three (3) years. These figures are based on the projects identified through the IDP process project phase and reflect estimated amounts based on the availability of funding.

The projected sources of funding over the medium term have been carefully considered and can be summarized as follows:

| Grant information                       | rant information |                  |                  |  |  |
|---|------------------|------------------|------------------|--|--|
|   | 2017/18          | 2018/19          | 2019/20          |  |  |
| Operating Grants                        |                  |                  |                  |  |  |

It has been reported during the situational analysis that the municipality doesn't have reserves or investments, resulting in a need for external funding needed to be obtained to supplement the capital budget to address the huge demands in the IDP for essential expanding of basic services and upgrading of bulk infrastructure.

It therefore imperative that capital budgets are prioritized to reflect consistent efforts to address backlogs in basic services and the refurbishment and expanding of existing infrastructure.

When it comes to funding the capital budget care should be taken to not become largely reliant on national and provincial grants. Council needs to explore ways in which own revenue contribution to fund their capital budgets can be increased.

#### 12.9. Conclusion

This framework with its financial strategies and policies will contribute to ensure the municipality remains financially viable and sustainable to provide quality municipal services to all communities. It can be expected that municipal revenue and cash flows will gradually improve through increased municipal growth and envisaged new developments.

The increasing pressure on the municipal bulk services and upgrade of ageing infrastructure will continue for the next five (5) years. Therefore, new imaginable ways need to be explored to become efficient to generate the required resources to maintain, renew and expand infrastructure.

A new energized focus on maximizing job creation through labour intensive approaches and participation in the Expanded Public Works Programme is essential not only to reduce the unemployment rate but also protecting the poor against the down turn of the economy.

The many challenges facing the municipality are addressed through the following important elements: -

- a) Greater levels of transparency and accountability;
- b) Integrity of billing systems and accurate accounts;
- c) Going back to basics of good cash and revenue management;
- d) Stabilizing senior management and ensuring appropriate technical skills;
- e) Improving levels of spending on repairs and maintenance;

| Version | Period    | Document                                     | Page 287 of 330 |
|---------|-----------|--|-----------------|
| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | rage 207 01 330 |

- f) Effective spatial and land use planning;
- g) Generate more employment through labour intensive programmes;
- h) Structure tariffs for utility services to encourage growth and generate additional sources of revenue to fund capital expenditure;
- i) Ensure sound financial management policies exist; and
- j) Eliminating spending on non-priority items.

This IDP with the MTREF ensures that Council is on the right track to become the leading community driven municipality in the provision of sustainable services and developmental programmes.

#### 13. CHAPTER 6: PERFORMANCE MANAGEMENT FRAMEWORK.

#### 13.1. Introduction.

EMLM has an existing Performance Management System policy which has recently been developed in association with CoGTA during 2016/17. It is that policy that will inform the PMS that will be used by the institution going forward.

### 13.2. Role of Council.

In line with the Municipal Systems Act (Act No. 32 of 2000), the Municipal Council commits to participating in the development of its performance management system through the Executive Committee and shall: -

- a) Oversee the development of the municipality's performance management system.
- b) Assign responsibilities in this regard to the Municipal Manager who shall submit the proposed system to the Municipal Council for adoption, and establish mechanisms to monitor and review the performance management system.

Through the development of the new PMS, the Municipal council will set out clear roles and responsibilities with regard to the key elements of a sound PMS which are planning, monitoring, measurement, review, and reporting and performance assessment. The council, The Municipal Manager, section 57 managers and the audit committee shall all have distinct roles in terms of the key elements given above.

### **13.3.** Role of the Community.

In addition to developing distinct responsibilities for officials, EMLM also envisages a key role for the community to play in terms of the development process of the PMS. Measures shall be put in place in order to allow the community to have a role in terms of setting performance indicators and targets. Community involvement is in keeping with section 42 of the Municipal Systems Act which stipulates the following:

"A municipality, through appropriate mechanisms, processes and procedures established in terms of Chapter4, must involve the local community in the development, implementation and review of the municipality's performance, management system. and, in particular, allow the community to participate in the setting of appropriate key performance indicators and performance targets for the municipality."

The table beneath aims to give a broad outline of what a more comprehensive take on role and responsibilities would look like.

Table 1: Comprehensive table displaying the different roles in the PMS process: -

| Actor                         | Roles and Responsibilities  |
|-------------------------------|---|
| Role of the council           | Participates in strategic planning and agenda setting, endorses targets, and reviews reports.       |
| Role of the Municipal manager | Plans, monitors, review, reports, and ensure effective performance assessments.                     |
| Role of the s57 managers      | Plans, sets targets, signs agreements, implements, reports, and assessed, learning from the review. |
| Role of the Audit Committee   | Quality assures and monitors the planning, reporting, verification, and assessments.                |
| Role of the community         | Contributes to identification of issues and receives reports back on progress made.                 |

The table above thus presents a broad framework for the manner in which roles and responsibilities will be organised to operationalize our PMS.

### 13.4. Key Performance Indicators.

The regulations inform us that performance indicators should be set by the council within the PMS. These indicators should be derived from the priorities and objectives of the municipality as stated in the IDP. The performance indicators in question should be measurable, relevant, objective and precise. The council shall ensure that the performance indicators apply to all its

| Version | Period    | Document                                     | Daga 200 of 220 |

| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 289 of 330 |

units and all service providers that it enters into a service delivery agreement with. As mentioned earlier the council also has a responsibility to ensure that the performance indicators used shall also reflect the input of the community. The council shall comply with all these requirements stated above in accordance with section 9 of the Municipal Planning and Performance Management Regulations, 2001.

### 13.5. Performance Targets.

After developing a set of performance indicators, the council shall develop relevant targets for those indicators. Performance targets should have the following qualities according to section 12 of the Municipal Planning and Performance Management Regulations, 2001:

- a) Be practical and realistic;
- Measure the efficiency, effectiveness, quality and impact of the performance of the municipality, administrative component, structure, body or person for whom a target has been set;
- c) Be commensurate with available resources;
- d) Be commensurate with the municipality's capacity; and
- e) Be consistent with the municipality's development priorities and objectives set out in its integrated development.

The setting of targets shall assist the municipality in terms of measuring performance because these targets shall be audited annually as part of the municipality's internal auditing processes determined by the Auditor-General.

### 13.6. Publishing of Performance Reports and the Annual Reports

EMLM acknowledges the importance of publishing the results of its performance to the broader public. This is not only a democratic imperative but also a healthy tool for performance management since it facilitates accountability and builds a culture of performance drives work into the organisation. A number of different platforms shall be used in order to bring performance management closer to the broader community. Publicising performance information is also a legal requirement and is clearly stated in the Municipal Systems act section 41 (e), which stipulates:

A Municipality must-establish a process of regular reporting to:

- a) The council, other political structures, political office bearers and staff of the municipality
- b) The public and appropriate organs of state.

An annual report of PMS should also be compiled and made available to the general public. The annual report should include a detailed report of the municipality's performance and the

| 2       | 2017-2022 | Enoch Mgijima LM Integrated Development Plan | Page 290 of 330 |

performance of any service provider that was contracted to the municipality during the financial period under scrutiny. The annual report also gives details regarding performance indicators to be set for the following year. Lastly the annual report will highlight all those areas in which the municipality is in need of improvement. In addition to the annual report are quarterly reports which EMLM compiles and releases which support the findings of the annual report. These key documents ensure that continuous monitoring of performance is taking place. Ideally the annual report which reflects performance management should not stand alone but should rather form part of the overall municipal annual report so that it may gain centrality and be seen as crucial to the municipality's strategy.

### ENOCH MGIJIMA

LOCAL MUNICIPALITY

Physical Address: 70 CathCart Road, Town Hall, Komani 5320 Postal Address: Private Bag X 7111, Komani 5320

### ADOPTION OF IDP 2017/2022

A draft IDP was adopted by the Council on the 31 March 2017 in accordance with the legislative requirements contained in the Local Government: Municipal Finance Management Act 56 of 2003 and used to invite comments from all stakeholders. The invitation for comments on the IDP was done by placing an official advertisement in the local newspaper. The comment period lasted for over 21 days during April and May 2017, at the end of comments period, inputs were collated and considered for in the IDP. Having considered all received comments, this document represent the final IDP for 2017/22 An ordinary Council Meeting convened on the 07 June 2017considered and resolved to adopt the final IDP/Budget for 2017/22 financial year for implementation.
