7.6	Appendix F - Employee related costs - Councillors	119
7.7	Appendix G - Revenue to expenditure reconciliation	120

1. INTRODUCTION

The purpose of this document is to conclude the public participation and consultation process that forms part of compiling the medium term budget of the Municipality, thereby complying with the provisions of the Municipal Finance Management Act No. 56 of 2003. (MFMA).

This budget is the key financial planning tool, which forms the basis of the funding for the activities of Council in the 2009/10 – 20011/12 financial years and seeks to address the development and transformational challenges by directing increased resources to key priority areas. This budget sets out how the Dr Ruth S Mompati District Municipality's priorities are going to be met through various activities and projects over the next three years.

Dr Ruth S Mompati District Municipality continues to pay attention to the challenges of managing its resources to solve the needs of our community, particularly within the context of the rural nature of our district and the extreme poverty of our people. This budget seeks to give practical expression to the needs of the people for accelerated growth, broad-based development and for the fight against unemployment and poverty.

This budget document provides councillors, residents, stakeholders, officials and members of the general public with an overview of the Municipality's strategy, budget and income sources, highlighting the public participation activities embarked on as part of the 2007/11 Integrated Development Plan (IDP) and 2009/10 Budget process and discuss general financial matters and provide details on the operating and capital budgets. This process will improve the accountability and responsiveness of the Municipality towards the local community needs.

The 2009/10 medium-term budget demonstrates the Municipality's commitment to sound financial management and a well-developed long-term financial strategy. The success and objectives of the 2009/10 medium-term budget can, however, only be achieved with the co-operation of all role-players.

2. STRATEGIC OVERVIEW

2.1 Background

The Dr Ruth S Mompati District Municipality was established in December 2000 incorporating the following local municipalities:

- Naledi Local Municipality (Vryburg, Stella)
- Molopo Local Municipality (Tosca, Pomfret, Bray, Vostershoop)
- Kagisano Local Municipality (Ganyesa, Morokweng, Piet Plessis)
- Lekwa-Teemane Local Municipality (Christiana, Bloemhof)
- Greater-Taung Local Municipality (Taung, Reivilo)
- Mamusa Local Municipality (Schweizer-Reneke, Amalia)

The Municipality covers an area of approximately 47,478 square kilometres and has an estimated population of 430,000 residents.

2.2 Vision

Developmental District of choice where sustainable service delivery is prioritised and realised.

2.3 Strategic focus areas

The following are the priority issues and key needs of the Municipality as contained in the IDP document:

- Water
- Sanitation
- Job creation (Agriculture)
- Land and housing
- Health
- Electricity
- Provincial roads
- Education
- Disaster management
- Fire fighting
- Policing
- Refuse removal

The challenge that the municipality faces over the MTREF period is to allocate limited funding to achieve a balance between the needs and requirements of the various strategic focus areas relevant to the Municipality's powers and functions.

3. MAYORAL BUDGET SPEECH

The Dr Ruth S Mompati District Municipality (RDM) faces huge developmental challenges, which revolve around the following:

- How to find sustainable ways to meet basic, social and economic needs of the people of Dr Ruth S Mompati (i.e. meeting the challenge of sustainability); and
- How to improve the quality of human life and the human living environment of the people of Dr Ruth S Mompati by creating and sustaining integrated, humane, equitable and viable settlements in the area of jurisdiction of the Dr Ruth S Mompati District Municipality (i.e. meeting the challenge of sustainable development).

Great strides have been made to ensure alignment of the budget with the IDP. The budget for the current MTREF was developed with the IDP as its main basis and aims to address strategic focus areas and primary objectives within the available resources as contained in the IDP.

The total budget of the municipality has changed substantially for the 2009/10 financial year and compares as follows to the previous year's budget:

	R'000
2010/11	369 655
2009/10	260 190
Increase	109 465
Increase %	42%

Strategic focus areas

The strategic focus areas of the Dr Ruth S Mompati District Municipality as identified in the IDP process are as follows:

- Water and Sanitation
- Environmental Health
- Disaster Management and Fire Fighting
- Development Facilitation of Growth and Development Flagship Projects

An action plan for each strategic focus area, including the municipality's primary objectives, was developed and is linked to IDP objectives. The associated medium-term financial implications for such is reflected as per **Supporting Table 1 (Page 35)**.

Measurable performance objectives

The annual measurable performance objectives of the municipality are derived from the following main objectives:

- Municipal transformation and institutional development
- Improve basic service delivery and infrastructure investment
- Local economic development
- Financial viability and financial management
- Good governance, community participation and ward committee systems

The detail annual measurable performance objectives are discussed as per **Supporting Table 10 (Page 61)**.

Projects and programs

The following are the main projects and programs budgeted for by the municipality over the MTREF:

	R'000
Design and Management of NURP	11 153
BDM2007-013 Bophirima Bucket Eradication: Boitumelong Ext 5	512
Ba-Ga- Mothibi: Housing Bulk Water Upgrading	6 000
Bogosing: Bulk Water Upgrading	6 000
Vryburg: Bulk Water Supply for 4500 Houses (Phase I)	-
Bophirima Rural Water Supply Program 2008/11	22 740
Bophirima Rural Water Supply Program 2008/11	20 000
Support to local municipalities: Incomplete Projects	5 520
Design and Management of NURP (Phase II)	40 151
Bophirima Rural Sanitation Programme 20010/13	40 038
Bophirima Rural Water Supply Program 2011/13	91 583
Stella Bulk Water Supply	1 950
#	#REF!
#	#REF!

Budget highlights

The following are the key highlights as summarized from the budget:

Special projects and donations

The budget for special projects and donations is R875,000 for the 2009/10 financial year with a total budget of R2.6m over the MTREF demonstrating the municipality's commitment towards HIV / Aids, youth, gender and other high priority issues that need to be addressed in the district.

Ruth Mompati Bursary Fund

The municipality's contribution towards the Ruth Mompati Bursary Fund is R 500,000 for the 2009/10 financial year with a total budget of R1.6m over the MTREF. Dr Ruth S Mompati has indicated it's commitment towards the education and upliftment of our youth and aims to further develop the Ruth Mompati Bursary Fund.

Training and development of officials

A total of R1.9m has been budgeted over the MTREF for training and courses and the bursary reserve for officials.

Free Basic Water

The following funds have been set aside from the equitable share allocations towards the provision of free basic water in the district:

Year	R'000	% of Equitable	
		Share	
- 2010/11	43 906	27%	
- 2011/12	46 628	25%	
- 2012/13	49 379	24%	
Total over MTREF	139 912		

Allocations to Local Municipalities

Although the municipality's function as Water Services Authority is it's first priority, through strict budgeting processes, the municipality managed to set the following aside to be allocated to local municipalities:

Year	R'000	% of Equitable	
		Share	
- 2010/11	28 332	17%	
- 2011/12	14 204	8%	
- 2012/13	15 732	8%	
Total over MTREF	58 268		

Rural Sanitation Programmes

Rural Sanitation Programmes to the value of R71.2m are to be funded over the MTREF.

Rural Water Supply Programmes

Rural Water Supply Programmes to the value of R137.2m are to be funded over the MTREF.

Local Economic Development Projects

This municipality has set aside R29.7m towards LED projects in the district, which will go some way in assisting Dr Ruth S Mompati with the implementation of ASGISA as urged by the Deputy President during her visit to the district in May 2006.

Employee related costs

Employee related costs are below the national norm over the MTREF and is made up as follows:

Year	Salaries R'000	Total operating expenditure		% of total operating expenditure
		R'000	R'000	
2010/11	53 940	185 083		29%
2011/12	57 284	205 824		28%
2012/13	60 664	184 956		33%

This budget attempts to answer some of the more serious questions posed by the IDP. More funds are however urgently required to address the infrastructure and service delivery backlogs that exist in the district. The MTREF budget is the guiding document which will direct management in the 2009/10 as far as funding of capital and operational expenditure is concerned and must be strictly monitored as required by the MFMA.

All role-players, namely councillors, the municipal manager, management, officials, members of the community, local municipalities, Provincial Treasury and National Treasury are hereby thanked for their assistance with the compilation of the Dr Ruth S Mompati District Municipality's Operating and Capital Budget for the MTREF 2009/10 - 2011/12. It is only through the assistance of all interested parties that a successful budget process and therefore an all inclusive and participatory budget can be achieved.

**EXECUTIVE MAYOR****Dr RUTH S MOMPATI DISTRICT MUNICIPALITY**

4. BUDGET RELATED RESOLUTIONS

- a) Council resolves that the annual budget for the municipality for the financial year 2009/10; and indicative for the two projected outer years 2010/11 and 2011/12 be approved as set-out in the following schedules:
 - 1.1 Operating revenue by source reflected in schedule 1;
 - 1.2 Operating expenditure by vote reflected in schedule 2;
 - 1.3 Operating expenditure by GFS classification reflected in schedule 2(a);
 - 1.4 Capital expenditure by vote reflected in schedule 3;
 - 1.5 Capital expenditure by GFS classification reflected in schedule 3(a); and
 - 1.6 Capital funding by source reflected in schedule 4.
- b) Council resolves that the measurable performance objectives reflected in the IDP and summarised in Supporting Table 10 are approved for the budget year 2008/09.
- c) Council resolves to adopt the Bophirima Integrated Development Plan 2007-2011 tabled with the budget.
- d) Council notes the fact that there were no changes to the budget related policies and notes the fact that the Supply Chain Management Policy was previously approved by Council and is implemented as from 1 January 2006.
- e) Council notes the Service Delivery and Budget Implementation Plan, 2009/10, tabled with the budget for subsequent approval by the Executive Mayor.
- f) Council resolves to adopt the District IDP Framework, 2009/10.
- g) Council resolves to adopt the IDP process plan and Planning, Budgeting and Performance Programme, 2009/10.
- h) Council resolves to adopt the Performance Management Framework, 2009/10.

5.1 EXECUTIVE SUMMARY

5.1.1 Background

The implementation of the MFMA has facilitated more efficient and effective financial management and budgeting as a way of promoting transparency, participation and accountability. The introduction of these and various other financial management reforms and institutional changes form part of Dr Ruth S Mompati's overall contribution to the achievement of government and the people of this country in ensuring a better quality life for all its citizens.

5.1.2 Alignment with national and provincial priorities

In order to ensure integrated and focused service delivery between all spheres of government it was important for the Dr Ruth S Mompati District Municipality to align its IDP priorities with that of National and Provincial government.

From the table below it is evident that all spheres of government place a high priority on infrastructure development, economic development and job creation, efficient service delivery and poverty alleviation.

Dr Ruth S Mompati DISTRICT MUNICIPALITY	NORTH WEST PROVINCE	NATIONAL GOVERNMENT
IDP (2007)	Provincial Growth and Development Strategy (2004 - 2014)	Government's Programme of Action
Priority Issues and Key Needs	Key Development Priorities	National Priorities
- Water - Electricity - Refuse removal - Sanitation	- Construction & infrastructure	- Strengthening of infrastructure and service delivery (basic services) - Improving training and skills development programmes
- Development Facilitation (Agriculture) - Land and housing - Provincial roads - Disaster management and fire fighting (protection of grazing and	- Growth and investment - Agriculture & rural development - Mining and energy - Tourism - Manufacturing and trade - Construction & infrastructure - SMME development - Training & skills development	- Accelerated and shared growth - Improving training and skills development programmes
- Health - Education - Policing	- Construction & infrastructure	- Strengthening education, public health services and social welfare - Improving training and skills development programmes

5.1.3 Outcomes of the consultative process

Section 23(2) of the MFMA stipulates that, "after considering all budget submissions, the Council must give the mayor an opportunity –

- a) to respond to the submissions, and
- b) if necessary, to revise the budget and table amendments for consideration by the Council"

The final budget therefore represents a refined and amended version of the budget tabled in March 2009, taking into consideration, where possible, the submissions and representations during the community consultation process and inputs received from National Treasury, Provincial Treasury, local municipalities and other role players .

5.1.4 Past and current performance, achievements and challenges

The Dr Ruth S Mompati District Municipality has made substantial progress within various areas since its formation in December 2000. The Integrated Development Plan (IDP) and the budget process are ensuring that our actions continue to improve the lives of our residents and particularly to address the challenges we face.

5.1.5 Free and subsidized basic services

On 1 July 2003 the Dr Ruth S Mompati District Municipality was appointed as the water services authority in the District. A section 78 process is currently underway to determine the most appropriate way for the provision of water services in the District. Interim agreements for the provision of water have been entered into with the current water providers Sedibeng Water, Botshelo Water and some of the Local Municipalities until such time as the process has been completed.

The following balances have been set aside to fund the provision of water, which due to the high indigency in the District amounts to virtually 100% free basic provision:

Year	R'000
2010/11	43 906
2011/12	46 628
2012/13	49 379

5.1.6 Fiscal strategy, financial position, ongoing viability and sustainability

Dr Ruth S Mompati District Municipality has demonstrated strong and prudent financial management over the last five years. This fact is demonstrated by the unqualified audit reports on the annual financial statements received from the Office of the Auditor-General for the last four years.

From 1 July 2006, RSC levies have been scrapped and the Municipality will be entirely reliant on government grants and subsidies. The following amounts have been included as part of the equitable share allocations to replace the RSC levies:

Year	R'000
2010/11	19 853
2011/12	21 642
2012/13	23 591

5.1.7 Selected highlights from departmental budgets

The following are selected highlights from the departmental operating budget for the MTREF period:

	Budget Year 2010/11 R'000	Budget Year+1 2011/12 R'000	Budget Year+2 2012/13 R'000	Total for MTREF period R'000

OPERATING EXPENDITURE PER MAJOR TYPE (See next graph for breakdown of Other)

OPERATING EXPENDITURE BY MINOR TYPE (Breakdown of Other from previous chart)

6.1 BUDGET PROCESS OVERVIEW (Including consultation process and outcomes)

6.1.1 Political oversight of the budget process

The key to strengthening the link between priorities and spending plans lies in enhancing political oversight of the budget process. Section 53(1)(a) of the MFMA states that the mayor of a municipality must provide political guidance over the budget process and the priorities that must guide the preparation of the budget.

Political oversight of the budget process is essential to ensure that:

- i) The political executive is responsible for policy and prioritization
- ii) Policy priorities are linked to departmental spending plans and the delivery of quality services.

As was the case with the 2009/10 financial planning process, the Mayoral Committee had a significant role to play in the financial planning process. Strengthening the link between Government's priorities and spending plans is not an end in itself, but the goal should be enhanced service delivery aimed at improving the quality of life for all the people within the city.

Budgeting is primarily about the priorities and choices that the Municipality has to make in deciding how to meet the agreed set of policy objectives through better service delivery. Political oversight of the budget process allows Government and in particular the Municipality to manage the tension between competing policy priorities and fiscal realities. The key to strengthening the linkage between priorities and departmental plans lies in enhancing political oversight of the IDP and Budget process. The Mayoral Committee will advise Council accordingly. This committee plays a leading role in guiding the alignment of resource allocations with national, provincial and local priorities.

6.1.2 Schedule of key deadlines relating to budget process (MFMA s21(1)(b))

The budget time schedule for the compilation of the 2009/10 medium term budget was approved by Council and is attached as [Appendix H](#).

6.1.3 Process used to integrate the review of the IDP and preparation of the budget

The IDP and budget compilation was an iterative process where needs and resources to meet such were continuously balanced: the needs of the community; technical assessments and budgets available were discussed within the framework of the adopted Planning, Budgeting and Performance Management Programme; culminating into the current MTREF budget.

6.1.4 Process for consultation with each group of stakeholders and outcomes

Notices were published in the two local newspapers namely the Streeknuus and the Stellalander, inviting the public to participate in the budget process. A copy of the advert is attached as [Appendix I](#).

The municipality embarked on a Budget Road Show to all local municipalities in the District. The Road Show meetings were attended by politicians, senior managers and other key role-players from the community in each municipality .

The pre-community consultation budget was made available on the municipality's website, and hard copies were made available at the municipalities offices.

6.1.5 Stakeholders who were involved in consultations

The following stakeholders were involved in consultations:

- i) National Treasury;
- ii) Provincial Treasury;
- iii) Local Municipalities;
- iv) Community members;
- v) Councillors and manager

6.1.6 Process for tabling the budget in council for consultation

The draft budget was presented by the Executive Mayor to Council on Thursday, 26 March 2009. Councillors were then requested to study the document and to make inputs where needed.

6.1.7 Process for tabling the budget in council for consideration and approval

The final budget will be presented to Council for consideration and approval on Thursday, 28 May 2009.

6.1.8 Process for approving the budget

After consideration, the final budget will be approved by Council on Thursday, 28 May 2009.

6.1.9 Use of ward committees and other formal structures

Ward committees and other role-players from the community from each municipality were involved during the Budget Road Show process that was followed.

6.1.10 Process to record and integrate inputs from the community in the final budget

A strength of the Dr Ruth S Mompati IDP is the community driven consultative process. The integration and alignment of the IDP and budget by implication is that the budget reflects the aspirations of the community within the constraints of available resources.

Refer sections **6.1.3** and **6.2.8, 6.2.10** for further detail.

6.1.11 Process and media used to provide information on the budget to the community

Notices were published in the two local newspapers namely the Streeknuus and the Stellalander, inviting the public to participate in the budget process.

A hardcopy of the budget was made available at the offices of the municipality.

A softcopy in pdf format is available on the website of the municipality : www.Dr Ruth S Mompati.co.za.

6.1.12 Methods employed to make the budget document available (including websites)

Refer **(6.1.11)** above.

6.2 ALIGNMENT OF BUDGET WITH INTEGRATED DEVELOPMENT PLAN

This section describes how Dr Ruth S Mompati District Municipality's budget is aligned to the Dr Ruth S Mompati IDP. It does not detail local municipalities and sector department alignment. Therefore only relevant portions of the IDP are abstracted:

6.2.1 Vision

Developmental District of choice where sustainable service delivery is prioritised and realised.

6.2.2 Strategic focus areas

- i) Water and Sanitation
- ii) Environmental Health
- iii) Disaster Management and Fire Fighting
- iv) Development Facilitation of Growth and Development Flagship Projects
- v) LED via the Nodal Urban Regeneration Programme with Municipal Roads as anchor

6.2.3 Long-term goals or outcomes for the community

The goal is to improve the quality of life of all the people of Dr Ruth S Mompati. The latter can also be stated as follows: "A Better Life for All".

The core strategies for the Dr Ruth S Mompati Intergovernmental Forum comprise of the following:

- i) Space
creating space for it all to happen by investing appropriately in the most appropriate locations (spatial restructuring, equity and efficiency)
- ii) Economy
creating the most appropriate opportunities for it all to happen in the most appropriate locations and spaces (economic growth, job creation and poverty eradication)
- iii) Governance
creating the most appropriate environment for it all to happen in a viable and sustainable manner (participative, transparent, accountable and developmental)
- iv) Communication
communicating what is happening (diverse mediums, continuously and effectively)

6.2.4 Alignment with national and provincial plans

An example of alignment is reflected in section **5.1.2**.

More importantly, alignment is achieved by following the same approach and direction provided by Provincial and National Government. The Dr Ruth S Mompati Growth and Development Strategy followed the same approach as the National Spatial Development Perspective (NSDP) in determining the Economic Potential Ranking (EPR) and Economic Needs Ranking (ENR) of the various local municipalities in Dr Ruth S Mompati. The budget of RDM is appropriate according to this analysis.

6.2.5 Consideration of service delivery and funding

The budget takes into consideration the IDP priorities as indicated, but also focuses on RDM powers and functions. The high priority of water and sanitation directed the allocation of limited resources, leaving limited funding for municipal roads (priority 5) in Molopo, Kagisano and Lekwa-Teemane. These services are currently rendered on a piecemeal basis by other government departments.

RDM is currently performing certain primary health care services in the district on an agency basis on behalf of the North West Provincial Health Department. This function is not subsidized sufficiently, leaving the RDM with no other choice but to allocate funds from own functions to budget for the shortfall.

After the completion of the section 78 process for water and sanitation in the district the recommendations will impact on the budget related to maintenance and operations.

6.2.6 Summary of medium-term objectives

The medium-term objective of the municipality are reflected as per [Appendix J](#).

6.2.7 Measurable performance objectives

The performance objectives of the municipality are reflected as per [Supporting Table 10](#) and described in detail in the Service Delivery and Budget Implementation plan.

6.2.8 Prioritization systems used for allocating resources to objectives

Apart from the approach described in section [6.2.4](#) above, various other prioritization mechanisms were used:

- the ward committees prioritized issues in their area and is described in March 2002 IDP and were revised by
- i) some Wards (especially in Greater Taung Community Based Planning Process)
 - ii) the local municipal IDP representative forums agreed on priorities for their respective municipal areas
 - iii) the district wide IDP representative forum agreed on district priorities

These priorities; Economic Potential Ranking; Economic Needs Ranking; growth and development strategies and powers and functions are used in allocating resources to objectives within RDM.

6.2.9 Amendments to the IDP

The IDP 2007/11 was adopted in May 2007 and no amendments were made.

6.2.10 Consultative process undertaken to review the IDP

The following formal mechanisms were used to consult various stakeholders and compile the review of the IDP:

- i) District wide IDP steering committees (to obtain inputs from local municipalities also representing the views of local IDP representative forums) : 3 meetings
- ii) Growth and Development Summit (district wide IDP representative forum) : 1 meeting
- iii) IDP engagement session with provincial sector departments : 1 meeting
- iv) Dr Ruth S Mompati Intergovernmental Technical Forum : 2 meetings
- v) RDM internal strategic planning sessions : 2 meetings
- vi) Spatial Development Framework Planning Sessions (8 meetings including local mun)
- vii) Numerous Task Team Meetings for Flagship Projects
- viii) Executive Mayor sessions with established business and commercial farmers
- viii) Advertisement in local media inviting comments ([Appendix I](#))

6.3 BUDGET RELATED POLICIES OVERVIEWS AND AMENDMENTS

6.3.1 Revenue related policies

Over the years, the functions that local authorities have been expected to perform have increased according to the needs of the community. Unfortunately there has been no significant expansion in the income sources available to local authorities in order to serve the community and render the services needed.

Municipalities must table a balanced and credible budget, based on realistic estimates of revenue that are consistent with their budgetary resources and collection experience. The needs of the residents and communities have to be met within the financial capacity and resource constraints of the Municipality.

RSC Levies

Regional Services Council Levies were payable by all businesses and employers operating within the RDM's area of jurisdiction. With the promulgation of the 2005 Division of Revenue Act National Government proposed to phase out this specific taxation vehicle, and has subsequently decided to replace the levy with a direct grant.

Credit Control and Debt Collection Policy

The current Credit Control and Debt Collection Policy is mainly aimed at the collection of levies. This policy will however need to be reviewed in future to be brought in line with the municipalities role as Water Services Authority, depending on the outcome of the Section 78 process.

Equitable Share

The local government equitable share allocation is based on achieving the Constitutional requirements as provided for in sections 214 and 227 of the Constitution. In terms of these provisions, local government is entitled to an equitable share of nationally raised revenue to enable municipalities to provide basic services to low income households and to assist municipalities in maintaining functioning administrations.

The equitable share grant is an unconditional grant and municipalities are free to regard it as general revenue, rather than earmarking it for specific programmes. Municipalities should, however, as a matter of cooperative governance, prioritize its budget towards poor households and national priorities like free basic services and the expanded public works programme.

6.3.2 Free basic services including levels, households benefiting and cost

The municipality, as the Water Services Authority, has provided for the provision of free basic water as follows:

Year	R'000
2010/11	43 906
2011/12	46 628
2012/13	49 379

The municipality has embarked on a program of consolidating all indigent registers of local municipalities into a district wide indigent register. Upon completion of this process a Free Basic Services Policy will be drafted.

6.3.3 Investment of funds, reserves, borrowing and cash management

External Loans

Funds to the value of R 30 million have been availed by the DBSA over the 2008/09 and 2009/10 financial years for the Water and Sanitation programmes of the District. These funds are guaranteed by the North West Department of Developmental Local Government and Housing, which has allocated funds over the 2 financial years for the repayment of the loan.

Investments

The municipality has an approved Investment Policy through which all investment decisions are guided. This policy is currently in the process of being reviewed.

Details on investments are listed as per **Supporting Tables 4 and 4(a)**.

6.3.4 Supply chain management policy

The Council resolved on 5 December 2005 that, in terms of Section 111 of the Local Government Municipal Finance Management Act, 2003 (Act 56 of 2003), to adopt the Supply Chain Management Policy of the municipality from 1 January 2006.

6.3.5 Virement, adjustment budgets, and unforeseen and unavoidable expenditure

The Adjustments Budget process is governed by various provisions in the MFMA and is aimed at instilling and establishing an increased level of discipline, responsibility and accountability in the financial management practices of municipalities.

The Council had approved one adjustments budget during the 2008/09 financial year.

6.3.6 Monitoring (management and oversight)

The budget of the municipality is monitored on a monthly basis through the compilation of budget management reports, which indicate movements on votes and line items. Budget reports will be made more interactive and accessible to management in the 2009/10 financial year by utilizing web access to improve management ownership of departmental budgets.

6.3.7 Long term financial planning principles

Long term financial planning principles are guided by the IDP and plans contained therein.

6.3.8 Personnel (overtime, vacancies, temp staff, etc)

Information regarding personnel costs, etc. are contained per **Supporting Tables 8, 8a and 8b**.

6.3.9 Infrastructure investment and funding

Infrastructure investment and funding are detailed per **Appendix C**.

6.4 BUDGET ASSUMPTIONS

Budgets are prepared in an environment of uncertainty. To prepare meaningful budgets, assumptions need to be made about internal and external factors that could influence the budget.

6.4.1 Reviewing the external factors

The South African economy has grown more strongly over the past year than anticipated. Business confidence is strong, investment and employment creation have gained momentum, inflation and interest rates remain moderate.

Although the economy is exceedingly favourable, we recognise the need for both restraint and redoubled efforts, so that full advantage is taken of the opportunities before us. The 2010 medium term outlook for the South African economy remains positive with the inflation rate expected to stay within the target range of 3 to 6 percent. Consumer price inflation is expected to average about 5% a year over the next three years.

6.4.2 General inflation outlook and its impact on the municipal activities

The following key factors that have been taken into consideration in the development of the 2009/10 MTREF:

- i) National Government macroeconomic targets. National Treasury has advised that price increases need be constrained within the band of 4.6% to 5.4% over the MTREF, being the Reserve Bank's inflation target.
- ii) The general inflationary outlook as it will impact on Dr Ruth S Mompati's residents and businesses.
- iii) The increase in price for bulk water by the two water services providers. The following increases are recommended by the water services providers for the 2009/10 year:

Botshelo Water	5.7%
Sedibeng Water	5.7%

- iv) The increase in the cost of remuneration. Employee Costs comprise in the region of 30.7% of the operational budget, and therefore any increases above inflation places a disproportionate upward pressure on the expenditure budget. An interim increase of 10% above the current year levels has been provided for officials. The latest Remuneration of Public Office Bearers Act has been used as a basis for the increase of councillors salaries. The proposed increase in councillor's salaries has been partly funded for as an annual increase on the Equitable Share allocation as follows:

Year	Equitable share R'000	Budget provision R'000	% of budget provision
2010/11	1 240	4 447	28%
2011/12	1 304	4 723	28%
2012/13	1 382	5 002	28%

- v) The increase in other resource inputs.

6.4.3 Credit rating outlook

Funds to be loaned to the municipality from the DBSA for the Water and Sanitation projects will be guaranteed by the North West Department of Developmental Local Government and Housing. A credit rating is therefore not required for this exercise, but will however be performed in the near future to assist with future potential development. The municipality's bank did however, on an informal basis, confirm that Dr Ruth S Mompati, due to its excellent credit record, would be rated as A.

6.4.4 Interest rates for borrowing and investment of funds

The MFMA specifies that borrowing can only be used to fund capital or refinancing of borrowing in certain conditions.

The DBSA has granted a special interest rate of 6.5% for the Water and Sanitation projects.

The interest rate on short-term investments is improving under the current economic climate and is expected to stabilize in the near future. The following average interest rates were earned:

2008/09	10.06%
2009/10	7.88%

6.4.5 Rates, tariffs, charges and timing of revenue collection

The municipality's sole source of own income, the RSC levies, have been scrapped as from 1 July 2006 and the shortfall provided for as an increase on the Equitable Share allocation as follows:

Year	R'000
2010/11	19 853
2011/12	21 642
2012/13	23 591

6.4.6 Growth or decline in tax base of the municipality

Kindly refer section **6.4.5** above.

6.4.7 Collection rates for each revenue source and customer type

Kindly refer section **6.4.5** above.

6.4.8 Price movements on specifics e.g. bulk purchases of water and electricity, fuel

The following increases are recommended by the water services providers for the supply of bulk water for the 2009/10 year:

Botshelo Water	5.7%
Sedibeng Water	5.7%

6.4.9 Average salary increases

The following average salary increases for officials are used:

2010/11	10.0%
2011/12	6.2%
2012/13	5.9%

The following average salary increases for councillors are used:

2010/11	10.0%
2011/12	6.2%
2012/13	5.9%

6.4.10 Industrial relations climate, reorganisation and capacity building

Effective and efficient service delivery is core to the success of the municipality and in order to ensure continued high levels of services the municipality will have to initiate various studies to identify the best service delivery model. Various alternative service delivery options will have to be considered. The next phase should then be a detail design relating to an alternative institutional model. The model must be based on the principle of regionalization and the objective of this approach will be to improve service delivery.

6.4.11 Trends in population and households (growth, decline, stable)

The estimated average population growth rate for the Dr Ruth S Mompati District Municipal Area was 0.97% for the year 1996 to 2001, the lowest in the North West Province.

6.4.12 Changing demand characteristics (demand for services)

Water Services

Most of the households [66 306 households or 75.82% of the households] in the Dr Ruth S Mompati District Municipal Area have access to acceptable levels of water services. Most of the latter households [34 838 households or 39.84% of the households] use public taps. A number of households [21 142 households or 24.18% of the households] in the Dr Ruth S Mompati District Municipal Area, however, are in need of acceptable levels of water services. The greatest need for acceptable levels of water services exists in the Greater Taung Local Municipality [8 441 households], the Kagisano Local Municipality [8 430 households], and the Naledi Local Municipality [1 696 households].

Sanitation Services

A number of the households [17 264 households or 19.74% of the households] in the Dr Ruth S Mompati District Municipal Area have access to acceptable levels of sanitation services. Most of the households [70 184 households or 80.26% of the households] in the Dr Ruth S Mompati District Municipal Area, however, are in need of acceptable levels of sanitation services. Most of the latter households [50 685 households or 57.96% of the households] use pit latrines. The greatest need for acceptable levels of sanitation services exists in the Greater Taung Local Municipality [33 420 households], the Kagisano Local Municipality [17 931 households], and the Mamusa Local Municipality [7 582 households].

6.4.13 Trends in demand for free or subsidised basic services

Refer **6.4.12** above.

6.4.14 Impact of national, provincial and local policies

Integration of service delivery between National, Provincial and Local Government is critical to ensure focussed service delivery and in this regard various measures were implemented to align IDPs, provincial and national strategies (PGDS's) around priority spatial interventions. In this regard the following national priorities form the basis of all integration initiatives:

- i) Economic development to ensure the reduction of unemployment and poverty
- ii) Access to water, electricity and sanitation to all
- iii) Improved health services
- iv) Building safe and secure environments
- v) Provision of high quality housing
- vi) Job creation through the Extended Public Works program
- vii) Provision of road and other infrastructure
- viii) Development of SMME's

To achieve these priorities integration mechanisms are in place to ensure integrated planning and execution of various development programs. The focus will be to strengthen the link between policy priorities and expenditure thereby ensuring the achievement of the national, provincial and local objectives.

6.4.15 Ability of the municipality to spend and deliver on the programmes

Capital project expenditure is assumed to increase to a rate of 100% of the capital budget. The achievements and rate of spending during the first half of 2009/10 provide some confidence that this level of spending can be achieved.

6.4.16 Implications of restructuring and other major events into the future

The section 78 process is currently under way and will inform the municipality of the form and structure as it role of Water Services Authority in future. Depending on the outcome of the evaluation, budget trends could change substantially in future. The following funds have been set aside for the provision of water over the MTREF period:

Year	R'000
2010/11	43 906
2011/12	46 628
2012/13	49 379

6.5 FUNDING THE BUDGET (Including fiscal overview and sources of funding)

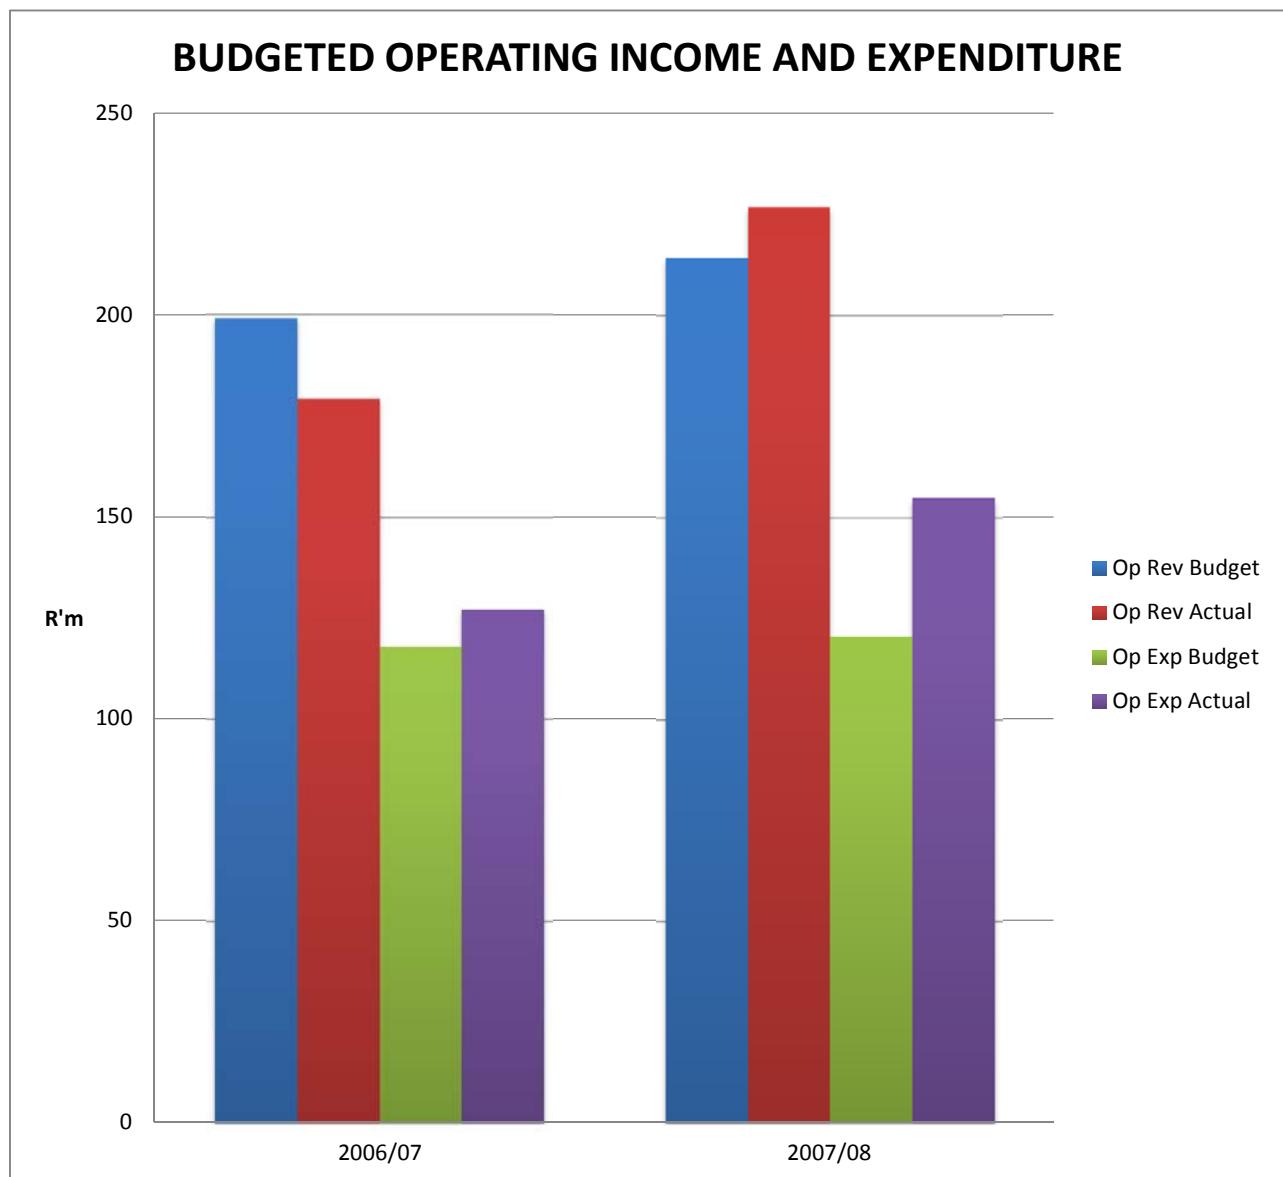

A review of financial performance, projection of long-term financial outlook, financing and funding arrangements is critical to budget preparation. The long-term financial plan should be reviewed each year to update assumptions, projections and related policies.

6.5.1 FINANCIAL OVERVIEW

The promulgation of the MFMA required a transformation in financial planning processes. It is therefore appropriate to analyse the financial performance of the Dr Ruth S Mompati District Municipality for the period 2006/07 to 2007/08 and to discuss strategies to deal with the challenges. Evaluating some key benchmarks with regard to performance and challenges will assist in understanding successes, trends and future challenges.

6.5.1.1 Budget Performance

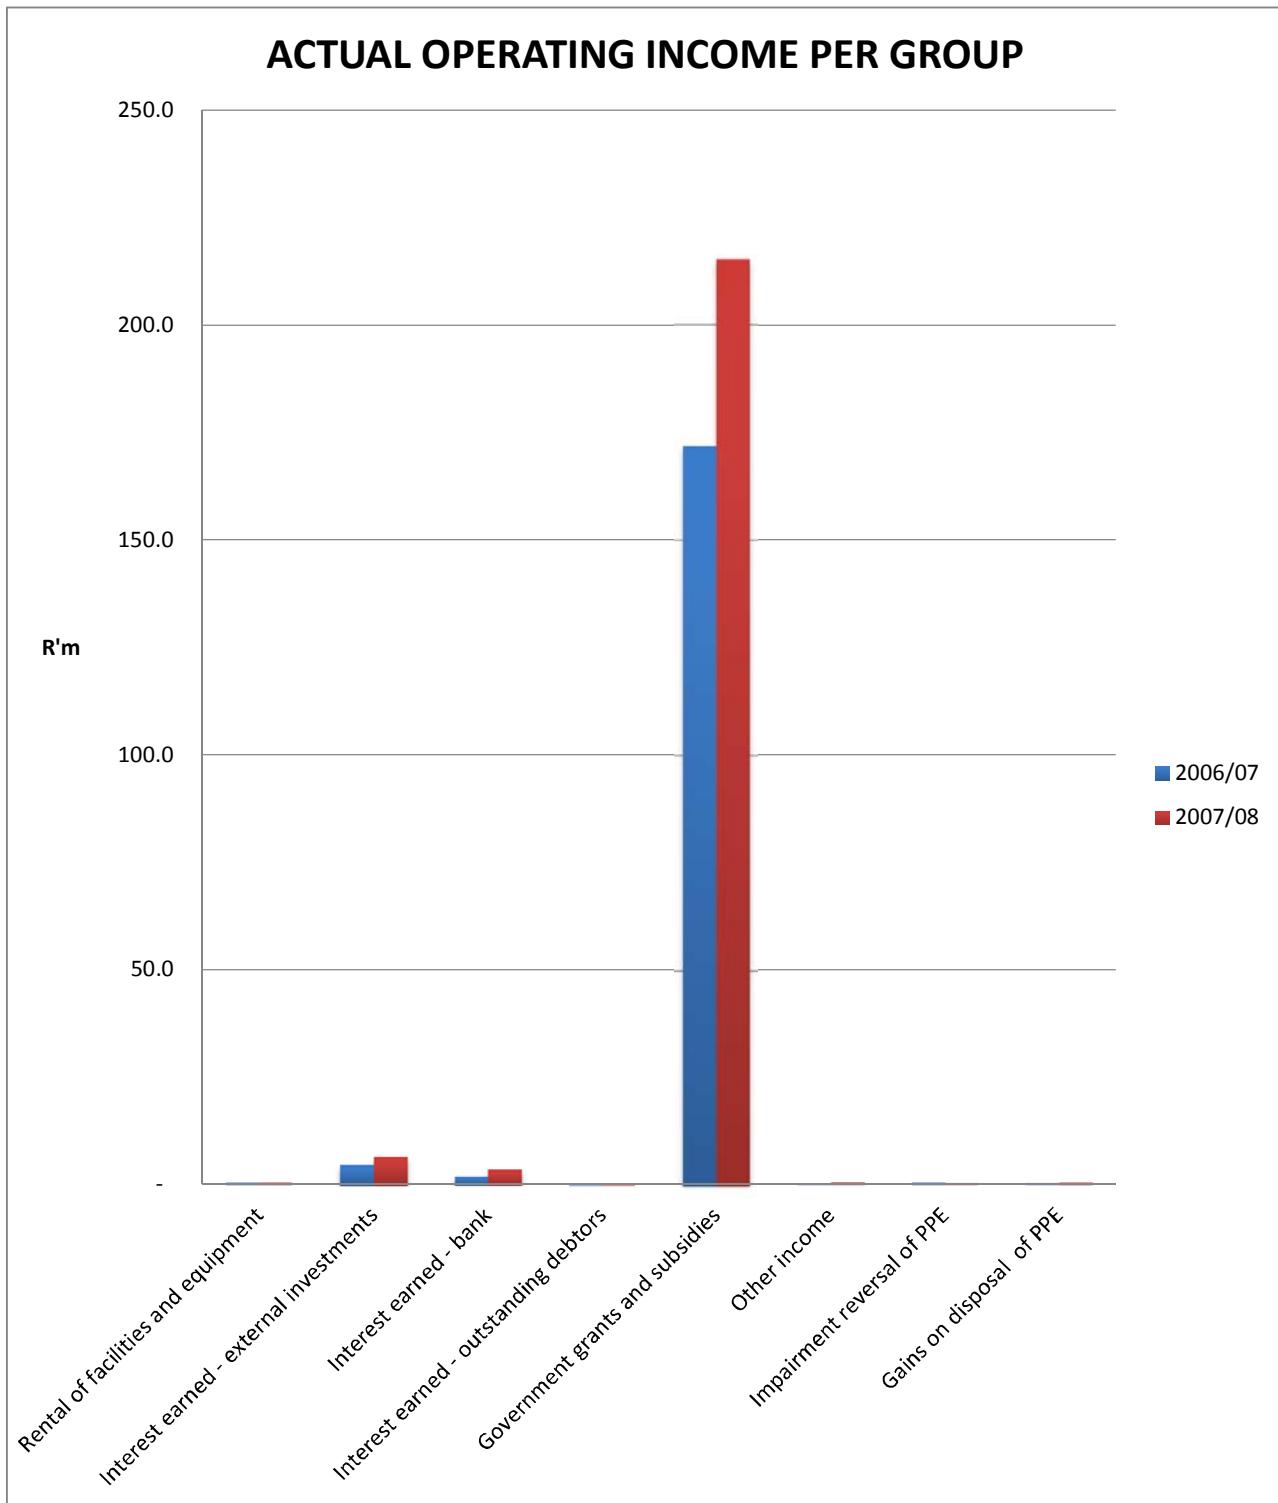

The following graph indicates the comparison of budgeted and actual operating revenue and expenditure over the review period:

Over the last two years it is evident that on average the gap between budgeted and actual figures have decreased significantly owing to improved management information relating to Dr Ruth S Mompati District Municipality's activities.

6.5.1.2 Operating Income

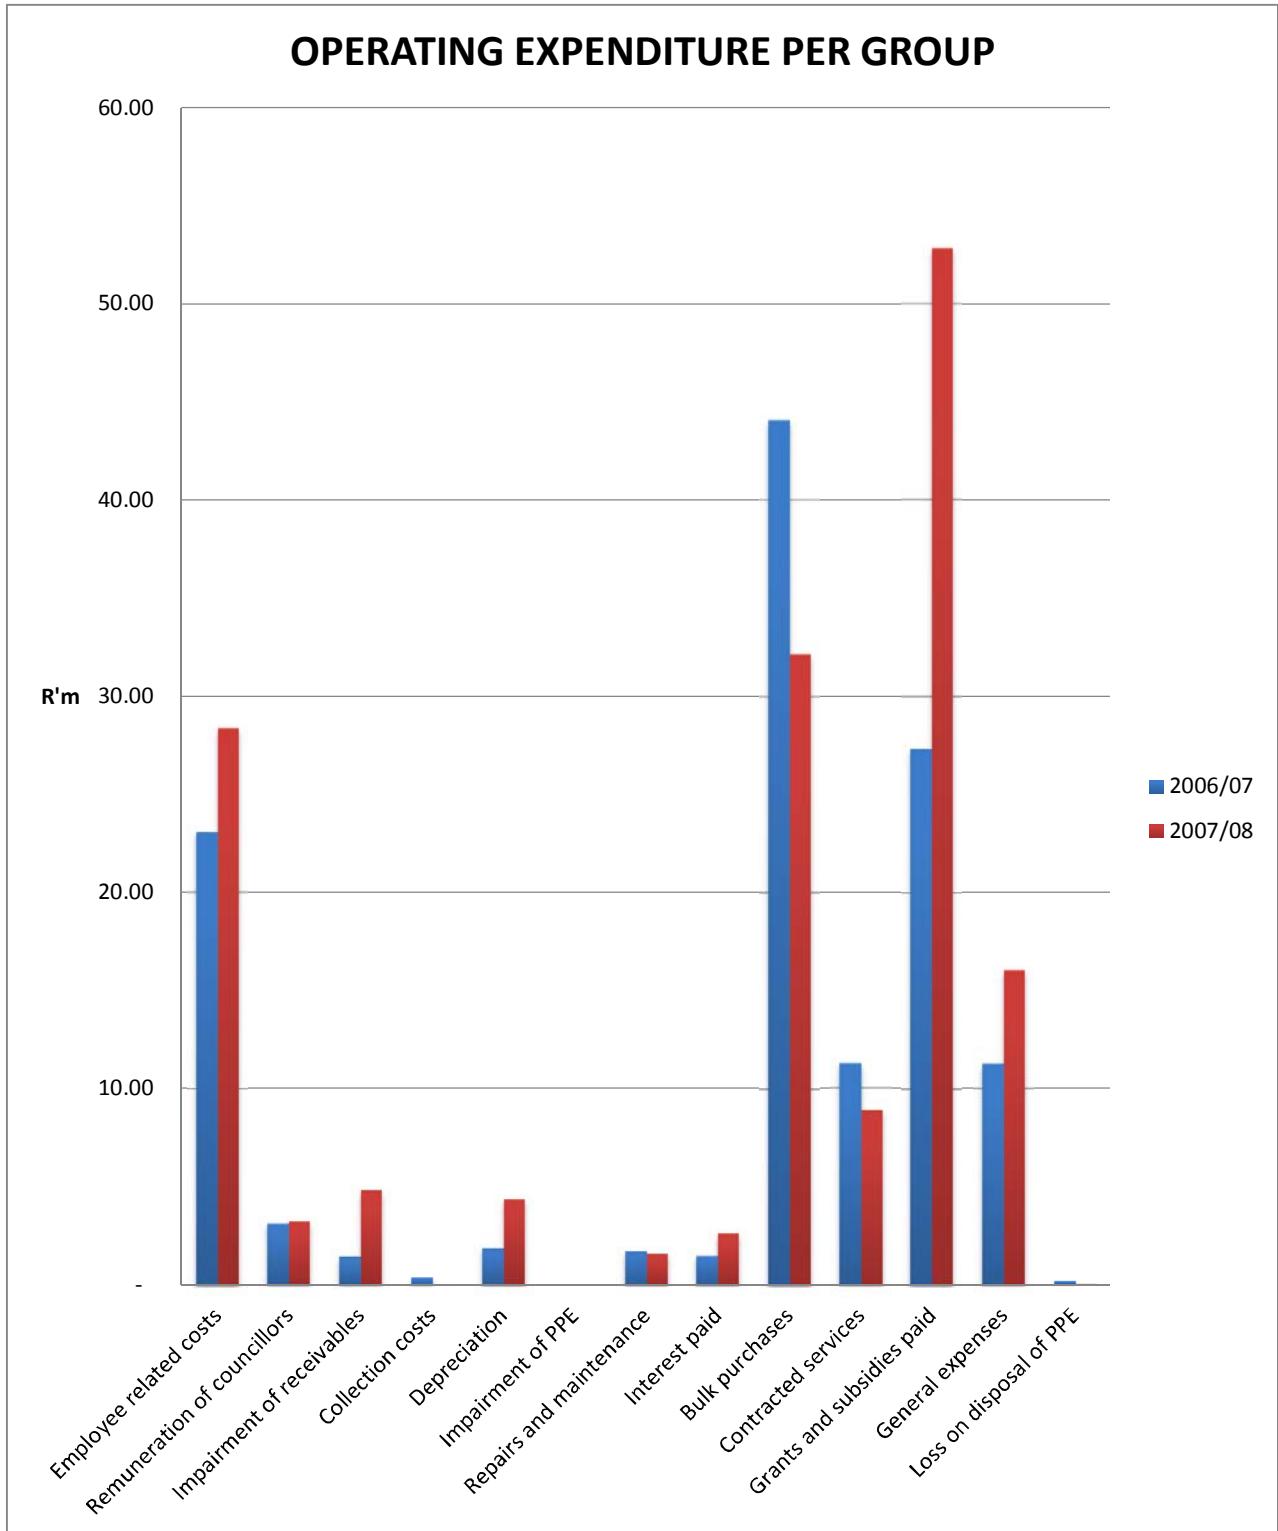

The revenue of the Dr Ruth S Mompati District Municipality is mainly raised through grants and subsidies from National and Provincial government. This high level of stable income sources of revenue is one of the key factors that support the sound financial position of the municipality. Income from own sources constitutes a very small portion of revenue at approximately 3% reflecting a strong external source revenue base.

As can be noted from the above, Grants and Subsidies constitute the bulk of the income of the Dr Ruth S Mompati District Municipality.

6.5.1.3 Operating Expenditure

The actual operating expenditure remains within the allocated budgeted amount for the period under discussion. The following is a graphical summary of the operating expenditure per expenditure group (for the financial period 2002 to 2006):

As can be noted from the above, Salaries and Wages, Water Provision and Grants and Subsidies Paid constitute the bulk of the expenditure of the Dr Ruth S Mompati District Municipality.

6.5.2 SOURCES OF FUNDING

6.5.2.1 Rates, tariffs and other charges

The municipality's sole source of own income, the RSC levies, have been scrapped as from 1 July 2006 and the shortfall provided for as an increase on the Equitable Share allocation as follows:

Year	R'000
2010/11	19 853
2011/12	21 642
2012/13	23 591

6.5.2.2 Savings and efficiencies

Strict policies and control govern the municipality's expenditure processes which together with the new SCM Policy does dramatically reduce costs.

6.5.2.3 Investments

Investments are reflected as per **Supporting Table 4 and 4(a)**.

6.5.2.4 Grant allocations

Grant allocations are reflected as per **Supporting Table 5**.

6.5.2.5 Contributions and donations

No further contributions or donations are anticipated to be received by the municipality in the budget year.

6.5.2.6 Sale of assets

No sale of assets are planned for the budget year.

6.5.2.7 Carry Over

No carry overs are currently envisaged for the budget year.

6.5.2.8 Proposed Future Revenue Sources

The municipality is virtually totally reliant on grants and subsidies from national and provincial sources. The outcome of the section 78 process on the provision of water will however further inform the municipality of any other future revenue sources.

6.5.2.9 Borrowing

Long-Term Loans are reflected as per **Supporting Table 6**.

6.9 MEASURABLE PERFORMANCE OBJECTIVES

The annual measurable performance objectives of the Municipality as contained in the IDP and high-level SDBIP document are reflected as per **Supporting Table 10**.

SUPPORTING TABLE 10
ANNUAL MEASURABLE PERFORMANCE OBJECTIVES

	Unit of measurement	Annual target 2010/11
MUNICIPAL TRANSFORMATION & INSTITUTIONAL DEVELOPMENT		
- IDP and BGDS reviewed with NSDP Project	Completed by December 2007	12
- Communicate and respond to legislated Powers and Functions	Ongoing	1
- Keeping wages below 33% of total budget (incorporating Service Providers' salaries)	Ongoing	1
- Re-design and implement workflow systems incl GIS/IMIS Phase II	Completed by June 2009	1
- Performance Contracts linked to SDBIP signed on time & monitored according to Framework	No of contracts signed on time	21
- Take responsibility for Environmental Health	Completed by May 2008	1
IMPROVE BASIC SERVICE DELIVERY & INFRASTRUCTURE INVESTMENT		
- Implement projects as indicated in IDP and Budget	Completed by July 2008	1
- Detail Planning for operational expenditure	Ongoing	1
- Prioritisation model in IDP refined	Ongoing	1
- Manage implementation of projects in terms of time and budget	Ongoing	1
LOCAL ECONOMIC DEVELOPMENT		
- Implement projects as indicated in IDP and Budget	Completed by July 2009	1
- Prioritisation model in IDP refined	Ongoing	1
- Manage implementation of projects in terms of time and budget	Ongoing	1
FINANCIAL VIABILITY AND FINANCIAL MANAGEMENT		
- Lobby additional grants	Ongoing	1
- Manage budget	Number of budget reports	12
- Five Year Financial Plan influenced by other strategic areas	Ongoing	1
- Benchmark best practice budgeting and financial procedures	Ongoing	1
- Investigate alternative options to rectify negative AG Reports at LM's	Ongoing	1
- Implement according to supply chain management policy	Ongoing	1
GOOD GOVERNANCE, COMMUNITY PARTICIPATION AND WARD COMMITTEE SYSTEMS		
- Transparent performance evaluation to public	Completed by July 2009	1
- Support mechanisms to wards to enable democratised decision making	Completed by July 2009	1
- Systems to produce better information faster Imbizo's, IDP Rep Forums and Public Comments must influence planning	Ongoing	1
- Council, Mayoral Committee and Portfolio committees to receive items on time and take decisions according to schedule of meetings	Number of meetings	42

6.10 DISCLOSURE ON IMPLEMENTATION OF MFMA AND OTHER LEGISLATION

Compliance with the Municipal Finance Management Act implementation requirements have been substantially adhered to through the following activities:

- a) Approval and implementation of the municipality's supply chain management policy as from 1 January 2006.
- b) Implementation of new supply chain management regulations as from 1 January 2006.
- c) Establishment of the municipality's Bid Committee as from 1 July 2004.
- d) Establishment of Budget and Treasury Office.
- e) Establishment of Supply Chain Management Unit.
- f) Completion and submission of MTREF budget in the prescribed format to Council on 26 March 2009.
- g) Submission of final MTREF budget on 28 May 2009 for consideration and approval.
- h) Completion and submission of Annual Financial Statements in GRAP format by August.
- i) Conversion from IMFO standards to GRAP during the 2006/07 financial year.

6.11 SUMMARY OF BUDGETS AND SDBIP's - DEPARTMENTAL / FUNCTIONAL (Internal to the municipality)

Refer to **Supporting Table 10** for high-level SDBIP performance objectives and targets. Detailed planning was done to inform the budget, but is not available in departmental format at this time. The SDBIP is however also tabled to Council and will together with departmental SDBIP's be approved within legal requirements.

The departmental SDBIP's will be attached to Section 57 managers' performance contracts before the commencement of the 2009/10 financial year.

6.12 SUMMARY OF BUDGETS AND SDBIP's - ENTITIES AND OTHER EXTERNAL MECHANISMS

The Bophirima District Municipality does not currently have any entities. Depending on the outcome of the section 78 review process into the provision of water services in the District, a water services entity could potentially be established in future.

6.13 SUMMARY OF DETAILED CAPITAL PLAN

The summary of the detailed capital plan is reflected per **Appendix C**.

Capital Expenditure by Category are reflected as per **Supporting Table 11**.

6.15 KEY FINANCIAL INDICATORS

The key financial indicators are reflected as per **Supporting Tables 13**.

SUPPORTING TABLE 12.5
KEY FINANCIAL INDICATORS

Financial indicators	Basis of calculation	Preceding Year 2008/09	Current Year 2009/10	Medium Term Revenue and Expenditure Framework		
		Audited actual	Approved budget	Budget Year 2010/11	Budget Year+1 2011/12	Budget Year+2 2012/13
		R'000	R'000	R'000	R'000	R'000
Borrowing Management:						
Borrowing to asset ratio	Total long term borrowing / Total assets	0.53%	14.69%	6.36%	3.07%	2.34%
Capital charges to operating expenditure	Interest and principal paid / Operating expenditure	0.49%	1.91%	0.45%	2.39%	2.57%
Safety of Capital:						
Debt to equity	Loans, accounts payable, overdraft & tax provision / Operating expenditure	37.33%	20.19%	13.59%	7.36%	5.49%
Gearing	Funds & reserves / Long term borrowing	1134%	93%	427%	1166%	1791%
Liquidity:						
Current ratio	[Current assets less consumer debtors outstanding greater than 1 year] / Current liabilities	1.16	0.73	10.59	22.59	43.04
Liquid ratio	Monetary assets / Current assets	0.83	0.79	0.84	0.78	0.73
Revenue management:						
Annual debtors collection rate	Last 12 months receipts / (payment level %)	100%	100%	100%	100%	100%
Outstanding debtors to revenue	Last 12 months billing to Total outstanding debtors / Annual revenue	6.39%	2.35%	2.03%	1.73%	1.58%
Long standing debtors reduction due to recovery	Debtors over 12 months old recovered / Total debtors over 12 months old	0%	0%	0%	0%	0%
Creditors management:						
Creditors system efficiency	% of creditors paid within terms (within 30 days as per MFMA s65(e))	95%	95%	95%	95%	95%
Funding of provisions						
Percentage of provisions not funded	Unfunded provisions / Total provisions as a percentage	0%	0%	0%	0%	0%
