Mayor's report

Date: 27 February 2012

Venue: Municipal Chamber

The Chairperson, Cllr Makaleng Mbilo

The Executive Committee

Our Traditional Leaders

The Acting Municipal Manager

Honourable Councillors

Senior Managers

Ladies and Gentlemen

Honourable Speaker

It is of utmost important to remind the house that the year 2012 is the year in which our movement ANC, is celebrating 100 years of selfless struggle to liberate and better the lives of the people of South Africa and the continent at large.

Honourable Speaker,

We are meeting here today in this august house after the president of this country Jacob Zuma has delivered the state of the nation address and few weeks after our Premier Cassel Mathale has delivered the state of the province address and subsequently five days after the Minister of Finance, Pravin Gordan when has tabled trillion budget. As the Local Municipality we are forced in terms of the legislation, Municipal Finance Management Act No 56 of 2003, section 28 subsection (1), (2)a-g(4)-(7) to table the adjustment budget to council for ratification and approval in order for us to deliver our core mandate to the citizens of Makhuduthamaga

The primary aim of the Municipal Finance Management Act No 56 of 2003 is to make Municipal Finance Sustainable so that municipalities can deliver the best services possible to its residents.

For this to be possible, section 72 of MFMA provides that the Municipality should assess its performance during the first half of the financial year taking into account the following:

- * The monthly statements referred to in section 71 for the first half of the financial year
- * The municipality service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budgets implementation plan.
- * The past year's annual report and progress on resolving problems identified in the annual report.

The Act further says, in presenting the section 72 report there must be indication as to whether an adjustment budget is necessary or not.

Let us remind this august house that during council sitting on the 25/01/2012, such indication or recommendation was tabled.

Honourable Speaker

Our budgeted revenue has been adjusted from **R219**, **9 million to R235**,**4 million** which comprises of R61, 1 millions from own revenue sources and R174,2 million from government grants.

Our allocation from DOE has been increased by R2, 5 Million and will be adjusted from original budget of R7, 5 Million to R10 Million. This increase will assist in reducing the amount of equitable shares allocated to the electricity projects for 2011/2012.

Budget Expenditure

Our budgeted expenditure for 2011/2012 has been adjusted from R219, 8 million to R235, 3 million which comprises of operational expenditure of R154,6 million and capital expenditure of R80, 664 million

(Adjustment on operational Expenditure)

Repairs and maintenance budget has been adjusted by R6, 5 million to maintain community access roads and other infrastructure assets. We have also provided for bad debts to a tune of R29.5 million due to under collection on property rates.

Free Basic Electricity services offered by the municipality to its deserving community members were not adjusted, it remained at R3 million.

Training and capacity building of councillors will be one vote and adjusted to R800 000-00 while ward committee capacity building will be adjusted to R300 000-00 to ensure that their operations are functioning.

Adjustment on capital expenditure.

Our capital expenditure has been adjusted from R100, 5 Million to R80, 6 Million due to material under collection of revenue during the first six months.

Property rates under collection.

We have invoiced R24.1 million and only R3 Million was collected from the expected R12 Million in the first seven months and this made us to project R6 Million collection at the end of the financial year.

There will be a shortfall of R31.8 million which should be adjusted as bad debts provisions and because of that, the capital projects gets affected

Our budget has been adjusted down on certain capital projects to cover for the provision of bad debts on property rates debts, in which case, the projects will then be allocated additional budget in the financial year 2012/2013 to complete them.

The following capital projects are affected by adjustment:

- * Access road to Sekwati Tribal Office
- * Access road to Manganeng Tribal Office
- * Access road to Seopela Tribal Office
- * Access road to Masemola Tribal Office
- Electrification of Setlaboswane
- Installation of Highmasts
- * Extension of Municipal Offices

We recommend to this sitting to authorize the following unforeseeable and unavoidable expenditures and be appropriated in this adjustment budget:

- * Ward committee incentives
- Contracted services
- * Stipends
- Provisions of bad debts (Property Rates)
- * Telecommunication costs
- * Refreshments
- * Travel and accommodations

Conclusion,

We further recommend to this council to adopt the revised IDP 2011/2012-2015/2016, and SDBIP of 2011/2012. Adjustment budget may correct any errors in the annual budget, we request the council to correct the organizational Structure that omitted 13 posts during the restructuring and placement of personnel.
