Part 1 - Annual Budget

1.1 Mayor's Report

The MFMA, implemented on 1 July 2004, has brought about a totally new paradigm shift towards the budget process at Local Government level.

A budget is generally a projection of future revenues and expenditures. At a minimum, a budget is used as a planning and management tool to control financial transactions.

The key is strengthening the link between priorities and spending plans in enhancing political oversight of the budget process. Section 56(1)(a) of the MFMA states that the Mayor of a municipality must provide political guidance over the budget process and the priorities that must guide the preparation of the budget.

The Finance Committee had a significant role to play in the financial planning process. Strengthening the link between Government's priorities and spending plans is not an end in itself, but the goal should be to enhance service delivery aimed at improving the quality of life for all the people within the municipality.

DELIVERY ANALYSIS AT LOCAL GOVERNMENT LEVEL

External Focus

1. Top Challenges

- > To provide access to basic services to all.
- > To provide sound, effective and efficient service delivery.
- To provide and improve a diversified local economy that will reduce unemployment, poverty and bring a better life to all in the Municipality.
- > To promote a safe and healthy environment.
- > To develop a community that commits itself to support development and service delivery through Batho Pele, a principal with regular payment for services.
- > To provide a responsible and accountable leadership.

Internal Focus

2. Top Challenges

- > To ensure the provision of services to communities in a sustainable manner.
- > To extend the municipality a tax and revenue base.
- > To implement the MTREF in a transparent and effective manner.
- > To develop further capacity within the administration.
- > To extend service delivery and excess to information and pay points to all wards in the municipality.
- > To encourage the involvement of communities in the matters of local government.

BUDGET PROCESS OVERVIEW

1. Political Oversight on the MTREF Budget Process

The Draft Budget preparation process commenced in July 2011, with the adoption of the Budget and IDP Process Plans by the Council in August 2011.

The Draft Budget was prepared taking into consideration the strategic objectives and development priorities of the BCRM as contained in its Draft Integrated Development Plan (IDP). The process further unfolded with various meetings and workshops attended by Councillors and officials.

Available on request at the BCRM Offices is the Annual Time Schedule of Key Activities & Deadline Dates for 2012/2013 Financial Year.

The Draft MTREF Budget and IDP was tabled and adopted by Council on 30 March 2012.

2. Integration and Review of IDP

The IDP revision process and the budget process are in the process of being fully integrated to obtain the best possible results.

Various workshops and meetings was held with Community members, Ward Committees, Councillors, Head of Departments and other interested parties in April/May 2012.

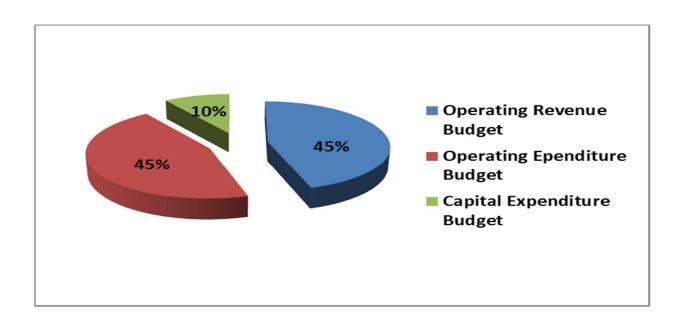

3. Prioritization of Resource Allocations

The Council is committed to allocate scarce financial resources to functional service delivery goals determined in the IDP and policy of National Government such as free basic services like water, electricity, refuse and sanitation.

SUMMARY OF BUDGET: 2012/2013

N.M. SCOTT MAYOR

1.2 Council Resolutions

The contents of the following extract from the Council resolution taken at a Council meeting held on 28 June 2012 be noted:

- %. The Council adopted the draft MTREF 2012/2013 Budget and IDP documents that were tabled on 30 March 2012.
- 2. The MTREF 2012/2013 Budget and IDP was tabled for consideration on the 30th May 2012, but could not be approved as the Property Rates Tariff per category was not finalised due to the new valuation roll only being completed on the 29th May 2012. The Property Rates Tariff per category was finalised and tabled to Council on 13 June 2012 where it was agreed that the budget and Property Rates Tariffs be subjected to public participation prior to approval.
- 3. The Council of Blue Crane Route Municipality, acting in terms of Section 16(2) of the Municipal Finance Management Act, (Act 56 of 2003) and with public consultation:
 - 3.1. The annual budget of the municipality for the financial year 2012/13 and the multi-year and single-year capital appropriations as set out in the following tables:
 - 3.1.1. Budgeted Financial Performance (revenue and expenditure by standard classification) as contained in BCRM Table A2;
 - 3.1.2. Budgeted Financial Performance (revenue and expenditure by municipal vote) as contained in BCRM Table A3;
 - 3.1.3. Budgeted Financial Performance (revenue by source and expenditure by type) as contained in BCRM Table A4: and
 - 3.1.4. Multi-year and single-year capital appropriations by municipal vote and standard classification and associated funding by source as contained in BCRM Table A5.
 - 3.2. The financial position, cash flow budget, cash-backed reserve/accumulated surplus, asset management and basic service delivery targets are approved as set out in the following tables:
 - 3.2.1. Budgeted Financial Position as contained in BCRM Table A6;
 - 3.2.2. Budgeted Cash Flows as contained in BCRM Table A7;
 - 3.2.3. Cash backed reserves and accumulated surplus reconciliation as contained in BCRM Table A8:
 - 3.2.4. Asset management as contained in BCRM Table A9; and
 - 3.2.5. Basic service delivery measurement as contained in BCRM Table A10.
 - 3.3. That Council take note of all the Supporting documentation included in this budget reflecting SA1 to SA37.
 - 3.4. That Council recommend a 6% increase on the whole tariff structure, including the electricity average tariff of 11.03% as per NERSA approval.
 - 3.5. That Council approves the five-year IDP for 2012 2017.
 - 3.6. That Council provisionally budget an increase of 6% for salaries.
 - 3.7. That Council take note of the contents of the current BCRM Indigent Policy, Section 5, Qualification Criteria, point 5.3, as well as the following proposed replacement:

Unlimited Pages and Expanded Features

POINT 5.3 OF CURRENT INDIGENT POLICY

"5.3 The combined or joint gross income of all occupants or dependants in a single household which receives services from the municipality does not exceed two times the government pension grant;"

PROPOSED REPLACEMENT OF POINT 5.3

- "5.3 The household income of applicants, from all sources, shall not exceed the equivalent of two (2) State Welfare pensions;
 - 5.3.1 the following child grants received by a household will be excluded from determining household income, provided proof of such grants is supplied by the applicant:
 - o Foster Child Grant
 - o Care Dependency Grant
 - Child Support Grant"
- 3.8. That Council approve the abovementioned proposed replacement of point 5.3 of the current Indigent Policy.
- 3.9. That Council approve the Capital Infrastructure Investment Policy, Fruitless and Wasteful Expenditure Policy, Borrowing Policy, Funding and Reserve Policy, Policy related to long-term financial planning and the revised Rates Policy and By-Law, as well as the other reviewed financial policies..
- 3.11 That Council approve to rectify retrospectively to 01 April 2012, the threshold from R1,160 to R1,220 for a 100% rebate for Basic Charges for Water and Electricity, as well as Refuse Removal and Sanitation and R1,161 to R2,440 receive a 50% rebate for Basic Charges for Water and Electricity, as well as Refuse Removal and Sanitation.
- 3.12 That Council approve the Entity BCDA's 2012/2013 Budget. It be note that BCDA received exemption from National Treasury until 30 June 2013 to submit a MTREF budget as per budget regulation."
- I, N.M. Scott, the Mayor of the Blue Crane Route Municipality hereby declare that the above is a true copy of the resolution taken at a Council Meeting held on 28 June 2012.

N.M. SCOTT DATE

1.3 Executive Summary

The application of sound financial management principles for the compilation of the municipalitys financial plan is essential and critical to ensure that the municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities.

The municipality business and service delivery priorities were reviewed as part of this year planning and budget process. Where appropriate, funds were transferred from low- to high-priority programmes so as to maintain sound financial stewardship. A critical review was also undertaken of expenditures on noncore and £nice to have qitems.

The municipality has embarked on implementing a range of revenue collection strategies to optimize the collection of debt owed by consumers. Furthermore, the municipality has undertaken various customer care initiatives to ensure the municipality truly involves all citizens in the process of ensuring a people lead government.

The budget was prepared in accordance with the Municipal Budget and Reporting Regulations (Notice 393 of 2009) as well as various MFMA Circulars from National Treasury MFMA Circulars No. 41, 48, 51, 54, 55, 58 and 59.

When the budget was prepared the following two key concepts was also taken into consideration:

- ➤ the budget must be funded according to MFMA section 18(1) & 19(1); and
- > the budget must be credible.

For the budget to be funded:

- > it must be from realistically anticipated revenues to be collected.
- > cash backed accumulated funds from previous years, surpluses not committed for other purposes.
- borrowed funds, but only for the capital budget.

For the budget to be credible:

- > it must fund only the activities consistent with the revised IDP and vice
- > the activities funded are realistically achievable given the financial constraints of the municipality.
- it must contain revenue and expenditure projections that are consistent with current and past performance.
- > the community should realistically expect to receive the promised service delivery levels and understand the associated financial implications.
- > the tabled budget should be fairly close to the final budget.

The budget was linked to the revised IDP, while performance agreements of the Accounting Officer and Senior Management will be linked as soon as these agreements have been signed.

THE MEDIUM TERM REVENUE AND EXPENDITURE FRAMEWORK (MTREF)

The budget document consists of high level VOTES and the various GFS functions and subfunctions.

Votes are generally described as the highest level of administrative functions for appropriate service delivery, policy setting and performance measurement.

It be noted that GFS Functions are for example Electricity while GFS Sub-functions relate to street lighting.

FUNDING THE BUDGET

Unlimited Pages and Expanded Features

Financial Performance

The BCRM strives to comply with all financial management requirements. In doing so they strive to establish a GRAP compliant Asset Register and establish the Budget Treasury Office. The 2011/2012 Financial Statements will be compiled according to the full GRAP Standards (Directive 4 will be falling away). The 2010/11 GRAP financial statements was unqualified by the Auditor-General, which was a great achievement.

Long Term Financial Outlook

The BCRM has taken up a R3,5million long-term loan during the 2010/2011 financial year to require critical service delivery vehicles. An amount of R1million was utilised during the mentioned financial year and the final draw-down of the balance of R2,5million long-term will be done on 31 May 2012.

DISCLOSURE ON ALLOCATIONS MADE BY THE MUNICIPALITY

An amount of R1,950,000 has been provided to the Municipality Entity, BCDA, but this will only be enough for six (6) months expenditure. The situation will be monitored and reconsidered during January 2013 with the adjustment budget. The Municipality could not find enough funds for the full 12 months.

DISCLOSURE ON THE IMPLEMENTATION OF THE MFMA AND OTHER RELEVANT LEGISLATION

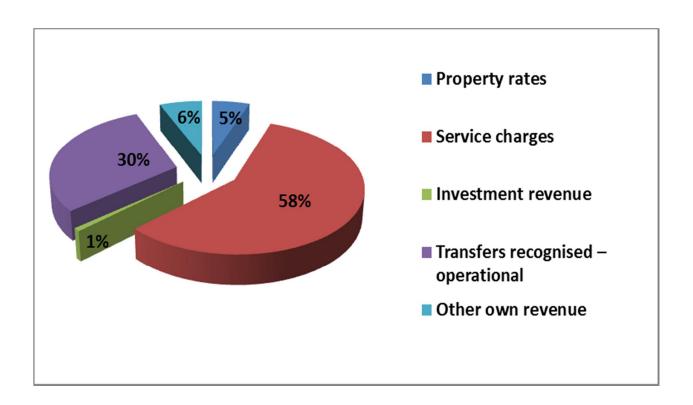

Implementation of the MFMA is on-going. The BCRM appointed two Chief Accountants to form with the finance interns, the BTO office.

EMPHASIS OF MATTER

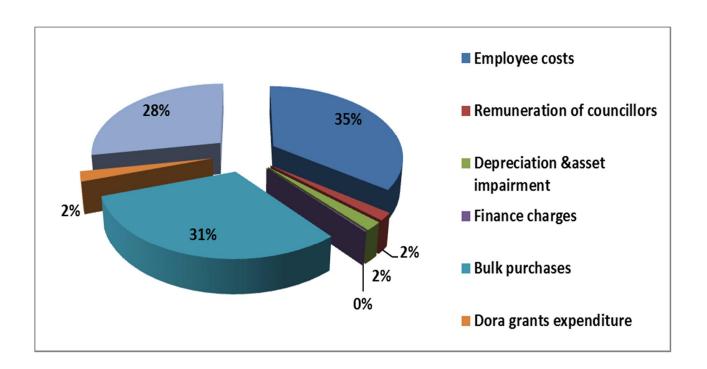

Although almost all the capital projects are funded from external sources, the Municipality was able to contribute an amount of R3,156,500 from own funds and also contributed an amount of R1,711,000 for the maintenance of the Infrastructure in the Blue Crane Route Municipal area. The capital expenditure budget is dependent upon the BCRM being able to access the funding anticipated from the various funding sources.

Part 2 – Supporting Documentation

The supporting documentation tables as required in terms of Section 8 of the Municipal Budget and Reporting Regulations of National Treasury are reflected on Tables 11 to 49.

1.7 Overview of Annual Budget Process

The municipality's budget must be seen within the context of the policies and financial priorities of the National, Provincial and District Government. In essence, the spheres of Government are partners in meeting the service delivery challenges faced in Blue Crane Route. The municipality alone however, cannot meet these challenges. It requires support from the other spheres of Government through the direct allocation of resources as well as the achievement of their policies.

1.7.1 National Context

South Africa has achieved considerable success in achieving macroeconomic stability; however, the economy is still plagued with high levels of unemployment and poverty.

The following table shows the allocations to BCRM as set out in the National Budget, Division of Revenue Bill in the MTREF period; and the Provincial allocations:

Operational Government Grants	5		R	44,531,250
FMG	R	1,500,000		
MSIG	R	800,000		
Equitable Share	R 3	39,254,000		
EPWP	R	1,000,000		
MIG-PMU	R	1,017,250		
Cacadu – Environmental Health	R	780,000		
Cacadu – Fire Fighters	R	180,000		
		_		
Capital Government Grants			R	28,477,750
DWA – Replacement of old meters	R	2,000,000		
DWA – Waste Water Treatment Works	R	5,300,000		
Cacadu – Fire Building	R	1,500,000		
DORA – MIG for Infrastructure upgrade	R 1	19,327,750		
Cacadu – Library furniture	R	350,000		
TOTAL BUDGETED	2/2013	R	73,009,000	

Each year, National Treasury issues a circular to municipalities advising them of the budget parameters within which municipalities should work when preparing their budgets.

The headline CPIX forecast for 2012/2013, 2013/2014 and 2014/2015 is 5.9%, 5.3% and 4.9% respectively. However these figures can change very fast due to external factors as recently experienced. The current estimate for 2012/2013 in the MFMA Circular is 5.9%.

These growth parameters apply to tariff increases for property rates, user and other charges raised by municipalities and municipal entities, to ensure that all spheres of government support the national macroeconomic policies, unless it can be shown that external factors impact otherwise. Unfortunately, as explained earlier on, the effect of the Eskom tariff adjustments *inter alia* forces the municipality to increase tariffs by much more than the CPIX forecast.

There are no proposed material amendments to the budget related policies.

Basic services are provided to a large degree to all towns in the municipal boundaries, and there is a continuing effort in extending services. The total cost of providing free services, as well as rebates and discounts to the community is R8, 7million.

The budget is cash funded, while at the same time, extending within financial means, service delivery and free basic services.

We need to recognise the funding role of the National and Provincial Government, with contribution from these spheres of governments through grants and subsidies being 41% of total budget.

An indication of the BCRMs commitment is that we grant rebates of 9% on service charges. In addition to these rebates and discounts, which provides for free basic services to the poor, a further 7% of billing is being budgeted for as a contribution to debt impairment. This, together with the funding as mentioned above, are also indicative of the level of unemployment and poverty in the region, and we must assist in National and Provincial programs to improve this situation within the means of our Constitutional mandates.

National, Provincial, District and local priorities for service delivery must be aligned and this is to a large degree achieved through the IDP process, whereby communities give input into service needs and which is being incorporated into the IDP. The different spheres of government then allocate resources to these requirements, but we must emphasis again that it is only to the extent that resources are available.

Our infrastructure development objectives are obviously to have services to acceptable levels to all, and for this purpose the budget for 2012/2013 provides for eight (8) projects totalling R26, 5million.

While we recognise the need for the extension of services through infrastructure development, we must also recognise the need for the maintenance of these infrastructures and to this end we provide in the capital program for replacement of some of our aging vehicles and equipment. However, to provide for the capital is probably not that problematic, but to find the funds to maintain our infrastructure and other assets properly in the operating budget, without overburdening our consumers and ratepayers, is the big concern. It is common knowledge that the first place where funds are cut when other expenditure items increase to such an extent that a reduction in expenditure is necessary, is on maintenance votes. In this budget our maintenance expenditure equates to 3% of operating expenditure, which is in line with national averages, but the pressure on this type of expenditure is increasing every year.

It must also be mentioned the effect of the Eskom bulk tariff increases and the limitations set by NERSA on the electricity increases to be applied by the municipality. The Eskom bulk increase for the current year is set at 13,50%, while the increase allowed for the municipality is 11,03%.

The BCRM has done all in their power to address service delivery requirements within our financial means and would like to thank our community for their inputs into the IDP process, the Councillors for their continued hard work and support as well as the Municipal Manager and his staff for all their efforts.

1.8 Alignment of Annual Budget with Integrated Development Plan

The budget responds to needs outlined in the IDP as a five year strategic document developed in consultation with the communities. Internally, departments outline their strategic programme of action propose their budgetary needs and priorities there in line with the available funds. Table 14 on page 86 reflects Table SA4 that depicts municipal priorities per strategic agenda.

1.9 Measurable Performance Objectives and Indicators

The following strategic objectives have been formulated to address the development priorities as outlined in Section B of the approved five year plan IDP of the municipality. These development priorities and objectives are tabled below for easy reference.

1. PRIORITY 1: ORGANISATIONAL TRANSFORMATION & INSTITUTIONAL DEVELOPMENT

DEVELOPMENT PRIORITY	OBJECTIVES
	BCRM will have increased institutional capacity and strengthened good governance by June 2012
	To adequately accommodate designated groups in terms of Employment Equity Act.
	BCRM will have effective & efficient intergovernmental relations with sector departments, district and neighbouring municipalities by December 2012.
ORGANISATIONAL TRANSFORMATION	Skills development levels in the BCRM will be increased by 2012 through targeted training programs
& INSTITUTIONAL	To have a credible IDP.
DEVELOPMENT	To mainstream the programs of SPU.
	To enable connectivity for communication and exchange of information within BCRM.
	To ensure that the risk assessment undertaken is followed and challenges are addressed.
	To develop an organisational structure that is enabling the BCRM to perform its powers and functions.

2. PRIORITY 2: BASIC SERVICE DELIVERY

DEVELOPMENT PRIORITY	OBJECTIVES
	Reliable and affordable electricity will be available to 80% of consumers by 2012.
	Households in urban areas will have access to adequate potable water and adequate sanitation by 2012.
BASIC SERVICE	Necessary resources will be in place to ensure effective waste management (i.e. in compliance with DWAF and DEAT standards by 2011.
DELIVERY	Gravel roads will be maintained and 5% of roads / streets and storm water infrastructure in BCRM will be improved per annum.
	The facilitation of an efficient and effective public transport system.
	All families in the BCRM will live in adequate housing by 2012.
	Sufficient land will be available in BCRM for development purposes by 2012.

To provide adequate cemetery sites.
To provide effective environmental health services in BCRM.
Effective protection services will be provided to residents in the BCRM by 2012.
Improved and accessible primary health care core packages will be available to residents of BCRM by 2012.
Communities in priority nodes will have access to new and improved social facilities by 2012.

1.3 PRIORITY 3: LOCAL ECONOMIC DEVELOPMENT

DEVELOPMENT PRIORITY	OBJECTIVES					
LOCAL ECONOMIC	Investor confidence in BCRM will be promoted through the provision of sound infrastructure and reliable services by 2012					
	Institutional arrangements to promote LED in BCRM completed but the implementation is still in process					
DEVELOPMENT	Growth of the agricultural sector will be encouraged through the diversification and value adding to primary products					
	Visitor numbers to the BCRM will be increased by 10% annually					

1.4 PRIORITY 4: MUNICIPAL FINANCIAL VIABILITY

DEVELOPMENT PRIORITY	OBJECTIVES							
MUNICIPAL	BCRM will be compliant with MFMA and GRAP financial management requirements by 2013							
FINANCIAL VIABILITY	All affected communities will have access to free basic services by 2012							
	Municipal revenue generation will be more effective by 2013.							

1.5 PRIORITY 5: GOOD GOVERNANCE & PUBLIC PARTICIPATION

DEVELOPMENT PRIORITY	OBJECTIVES					
	BCRM will have increased institutional capacity and strengthened good governance by June 2012					
	To have well-functioned and legally compliant ward committees and Community Development Workers.					
	To adequately accommodate designated groups in terms of Employment Equity Act.					
	BCRM will have effective & efficient intergovernmental relations with sector departments, district and neighbouring municipalities by December 2012.					
GOOD GOVERNANCE &PUBLIC	Skills development levels in the BCRM will be increased by 2012 through targeted training programs					
PARTICIPATION	To have a credible IDP.					
	Development of implementation plan for LED and Tourism plans.					
	To mainstream the programs of SPU.					
	To enable connectivity for communication and exchange of information within BCRM.					
	To ensure that the risk assessment undertaken is followed and challenges are addressed.					
	To develop an organisational structure that is enabling the BCRM to perform its					

powers and functions.

The Blue Crane Route Municipality's development strategies; meets the development challenges. The development strategies are the product of the strategic planning session.

1.10 Overview of Budget Related Policies

The financial policies of the Blue Crane Route Municipality are to provide sound, secure and fraud free management of financial services.

The detailed adopted policies are not included in this budget documentation. However they are available at the Council offices, for viewing as well as on the website. See underneath the Table reflecting a short description of each policy that was adopted by Council:

	Policy Name	Short Description of Policy
1	Asset Management Policy	The Asset Management Policy provides direction for the management, accounting and control of Property, Plant & Equipment (Fixed Assets) owned or controlled by municipality.
2	Budget Policy	The aim of the policy is to set out the budgeting principles, which the municipality will follow in preparing each annual budget, as well as the responsibilities of the Chief Financial Officer in compiling such budget.
3	Cash Management and Payment of Creditors Policy	The objective of this policy is to ensure that the Municipality has a sound cash management and payment system.
4	Cash Receipt and Banking Policy	The objectives of this policy are – to ensure that the Municipality's bank account(s) are effectively managed and accounted for; and to ensure that receipts of revenue are adequately safeguarded and accounted for.
5	Cost Estimation Policy	The Municipality needs to have an appropriate methodology of cost estimation in order to ensure that — The cost of producing and supplying goods and services to consumers is accurately determined in order to ensure that consumer charges and tariffs reflect the cost involved in their supply; The Municipality is able to quantify savings and /or losses that it may bring about; Expenditure budgets are realistic; When it executes work for third parties the cost incurred is recovered; and; The cost of inter-departmental service provision is accurately determined and charged out.

6	Credit Control and Debt Collection ex
	Revenue By-Law

The purpose is to ensure that credit control and debt collection forms an integral part of the financial system of the local authority, and to ensure that the same procedure be followed for each individual case.

7 Financial Framework Policy The financial framework policy of the Blue Crane Route Municipality is to provide a sound financial base and the resources necessary to sustain a satisfactory level of municipal services to the citizens within the Blue Crane Route Municipal area.

8 **Investment Policy** This policy deals with the investment of the Municipality's money not needed for the immediate purposes of the

9 Rates Policy By-Law Municipality.

10 Risk Management Policy To determine or provide criteria for the determination of categories of properties for the purpose of levying different rates and categories of properties, for the purpose of granting exemptions, rebates and reductions The objectives of this policy are – To provide a framework for the effective identification, measurement, avoidance/ management, and reporting, of the Municipality's risks; To define and assign risk management roles and responsibilities within the Municipality; and; To define a reporting framework which ensures regular communication of risk management information to the Council, portfolio committees, the audit committee and senior management and officials engaged in risk management activities.

11 Roles and Responsibilities and the Delegation of Powers Policy

In this policy, the specific roles and areas of responsibility of each political office-bearer, political structure and the Municipal Manager are defined to ensure: good relationships between these bodies and persons; appropriate lines of accountability and reporting for these bodies and persons; the minimisation and prevention of unnecessary overlapping of responsibilities and duplication of powers between these bodies and persons; that disputes that may arise between these bodies and persons are resolved amicably and timely; and dynamic and productive interaction between these bodies and persons, other Councillors and officials of the Municipality.

12 Tariff ex Revenue By-Law The object of this by-law is to ensure that – Tariffs are determined in order to facilitate and ensure sustainable and affordable services.

13	Rewards, Gifts and Favours Policy	To set out in clear terms the rules that apply to offers of a reward, gift or favours from persons having or proposing to have a contractual relationship with the municipality and the responsibilities of councillors and staff members in this regard. The Code of Conduct and Rewards, Gifts and Favours Policy is aimed at ensuring that councillors and staff members conduct themselves so that their good faith and integrity should not be open to question.
14	Recruitment Policy	To apply consistent, transparent, procedurally and substantively fair recruitment and selection procedures; To give effect to fair recruitment and selection processes; To ensure that the recruitment process complies with the relevant legislations; To provide an effective system to be used by line management and Corporate Services Department in filling vacant positions; To provide guidelines for the systematic process through which line managers can request the approval and filling of vacancies; To ensure that all candidates are selected objectively and on merit; To attract and retain the interests of suitable candidates and to project a positive image of the municipality to outsiders.
15	Supply Chain Management Policy	The primary goal of BCRM's supply chain management system is – To ensure that the Municipality obtains the best value for money possible when it contracts for the supply of goods and services and the execution of work. The secondary objectives of the supply chain management system are – To promote local economic development by giving preference to local service providers and contractors; To promote Black economic empowerment by facilitating access by historically disadvantaged individuals to acquisitions and disposals; To combat corruption in procurement; To promote accountability for procurement decisions and contract management.
16	Fraud Prevention Policy	The objective of this policy is to facilitate the development of controls which will aid in the detection and prevention of fraud against BCRM. It is the intent of BCRM to promote consistent organizational behavior by providing guidelines and assigning responsibility for the development of controls and conduct of investigations.
17	Replacing previous Indigent Policy	The objective of this policy will be to ensure the following: The provision of basic services to the community in a sustainable manner within the financial and

administrative capacity of the Council; The financial
sustainability of free basic services through the
determination of

appropriate tariffs that contribute to such sustainability through cross subsidization; Establishment of a framework for the identification and management of indigent households including a socio-economic analysis where necessary and an exit strategy; The provision of procedures and guidelines for the subsidization of basic charges and the provision of free basic energy to indigent households; and Co-operative governance with other spheres of government.

18 Accounting Policies

The basic objective of Accounting Standards is to remove variations in the treatment of several accounting aspects and to bring about standardization in the presentation. They intent to harmonize the diverse accounting policies followed in the preparation of financial statements by different reporting enterprises so as to facilitate intra-firm and inter-firm comparison.

19 Capital Infrastructure Investment Policy

This policy sets out the process and methodology for capital infrastructure investment regardless of the funding source.

20 Fruitless Wasteful Expenditure Policy

To prevent and detect unauthorised, irregular, fruitless and wasteful expenditure, and to see to that this policy implement effective, efficient and transparent processes of financial and risk management.

21 Borrowing Policy

The purpose of this policy is to ensure that borrowing forms part of the financial management procedures of the Municipality and to ensure that prudent borrowing procedures are consistently applied in a prudent and accountable manner.

22 Funding and Reserve Policy

This policy sets outs the assumptions and methodology for estimating the following:- (a) Projected billings, collections and all direct revenues; (b) The provision for revenue that will not be collected; (c) The funds the Municipality can expect to receive from investments; (d) The proceeds the Municipality can expect to receive from the transfer or disposal (sale) of both its fixed and movable assets; (e) The Municipality's borrowing requirements; and (f) The funds to be set aside in reserves.

23 Policy related to Long-Term Financial

The Policy on Long-Term Financial Planning is aimed at

Planning

ensuring that the Municipality has sufficient and costeffective funding in order to achieve its long term objectives through the implementation of the medium term operating and capital budgets.

1.11 Overview of Budget Assumptions

Budgets are prepared in an environment of uncertainty, to prepare meaningful budgets assumptions need to be made about internal and external factors that could influence the budget. This section provides a comprehensive summary of the assumptions used in preparing the budget.

1.11.1 External factors

There is no real growth in the municipal area, with the number of people, as well as the number of households, remaining fairly consistent.

Job opportunities are limited, and the National budget identified employment creation as a priority and suggests that municipal capital and maintenance projects should seek to assist in this manner, by implementing labour intensive projects within financial means.

1.11.2 General inflation outlook and its impact on the municipal activities

General inflation (CPIX) is estimated 5.9% for the 2012/2013 financial year. This of course lends to expectations that municipal tariffs should increase by more or less the same percentage, which is set at 6%.

Description	MTREF Budget	MTREF Budget	MTREF Budget
	2012/2013	2013/2014	2014/2015
General Inflation	5.9%	5.3%	4.9%

1.11.3 Interest rates for borrowing and investments of funds

The following assumptions are built into the MTREF:

Description	MTREF	MTREF	MTREF
	Budget	Budget	Budget
	2012/2013	2013/2014	2014/2015
Average Interest Rate – New Borrowing	9%	9%	9%
Average Interest Rate - Investments	5%	5%	5%

1.11.4 Rates, tariffs charges and timing for revenue collection

The following table shows the assumed average percentage increases built into the MTREF for rates, tariffs and charges:

Description	MTREF Budget 2012/2013	MTREF Budget 2013/2014	MTREF Budget 2014/2015
Rates	6%	5,3%	4,9%
Water	6%	5,3%	4,9%
Sewerage	6%	5,3%	4,9%
Sanitation	6%	5,3%	4,9%
Refuse	6%	5,3%	4,9%
Electricity – monthly consumption tariff	11,03%	10%	10%

In general terms, the timing rates, tariffs and charges are based on the following:

Description	Comments	
Rates and annual charges	Annual and monthly billing July. Interim billing throughout the year as	
	required. Revenue foregone recognized in July	
Consumption	Monthly billing. Ongoing prepayment meters. Seasonal fluctuations	
Charges	Generally steady state throughout the financial year with seasonal	
	fluctuations	

1.11.5 Collection rates for each revenue source and customer type

Furthermore, its policy on indigent support and social rebates means that many households who would normally struggle to pay their accounts receive free or subsidised basic services thereby keeping them free of the burden of municipal debt.

Nevertheless, there will always be an element of the total amount billed that will remain uncollected. The municipality is the same as any other business in this regard. Adequate provision has to be made in the budget for any bad debts based on assumptions on collection rates. The bad debt contribution also increases sustainability against prior budgets due to the re-incorporation of the water and sanitation functions.

The ability of the municipality to deliver quality services is dependent on its staff and the ability to provide services to the Blue Crane Route population at a viable level. Failure by the municipality to invest in its staff to ensure that the capacity and skills exist to meet the challenges being faces by Blue Crane Route will ultimately mean a failure to deliver services.

1.11.6 Trends in population and households (growth, decline, stable)

Population growth trends predict a population of over 6,880 at the end of the three (3) year budget period.

1.11.7 Changing demand characteristics (demand for services)

Blue Crane Route has to respond to changing demand for services that can occur through a number of reasons such as population migration, changing demographic profile, technologic changes, and major infrastructure development.

The introduction of wireless technology in Blue Crane Route has made the internet available to many more people making on-line interaction with the municipality possible, including the payment of municipal accounts. The selling of prepaid electricity by all outside vendors assisted consumers to purchase prepaid electricity after hours and over weekends by means of the Itron third Party Vendor System.

The growth of formal housing in prior years has impacted on the demand for services and challenges the municipality in how service are delivered.

1.11.8 Trends in demand for free or subsidized basic services

Blue Crane Routers criteria for supporting free or subsidised basic services are set out in the indigent support policy. The Government allocates revenue via the Division of Revenue Act (DORA) in the form of the Equitable Share Grant with the primary aim of assisting municipalities with the costs of providing free or subsidised basic services.

1.11.9 Impact of national, provincial and local policies

Blue Crane Route sees itself as working in partnership with national, provincial and district municipality spheres of Government in meeting the priority services needs of the people.

1.11.10 Ability of the municipality to spend and deliver on the programmes

The following table shows the trend of spending against the budget for the capital programme since 2009/2010:

Description	MTREF Budget 2009/2010	MTREF Budget 2010/2011	MTREF Budget 2011/2012
Capital Budget (adjusted)	34,040,934	26,660,940	24,238,000
Actual spending	15,900,000	20,138,000	24,238,000
Percentage	47%	75%	100%

Spending is monitored closely throughout the year and the Managers must ensure that capital schemes are supported by robust planning. The municipality is continually reviewing its capital planning processes.

1.12 Overview of Budget Funding

Section 18(1) of the MFMA states that an annual budget may only be funded from:

- Realistic anticipated revenues to be collected;
- Cash backed accumulated funds from previous yearsq surpluses not committed for other purposes; and
- Borrowed funds, but only for the capital budget referred to in section 17.

Achievement of this requirement in totality effectively means that a Council has halanced+its budget by ensuring that budgeted outflows will be offset by a combination of planned inflows.

1.12.1 A credible budget

Amongst other things, a credible budget is a budget that:

- Funds only activities consistent with the revised IDP and vice versa ensuring the IDP is realistically achievable given the financial constraints of the municipality;
- > Is achievable in terms of agreed service delivery and performance targets;
- ➤ Contains revenue and expenditure projections that are consistent with current and on past performance and supported by documented evidence of future assumptions;
- Does not jeopardise the financial viability of the municipality (ensures that the financial position is maintained with generally accepted prudential limits and that obligations can be met in the short, medium and long term; and
- > Provides managers with appropriate levels of delegation sufficient to meet their financial management responsibilities.

A budget sets out certain service delivery levels and associated financial implications. Therefore the community should realistically expect to receive these promised service delivery levels and understand the associated financial implications. Major under spending due to under collection of revenue or poor planning is a clear example of a budget that is not credible and unrealistic.

Furthermore, budgets tabled for consultation at least 90 days prior to the start of the budget year should already be credible and fairly close to the final approved budget.

1.12.2 Long term financial planning

The municipalitys financial position is sound and this budget further ensures that it stays sound. Long term borrowing is limited and the cash position is strong.

The municipality plans to continue exercising strict financial management and ensuring cash flow meets the requirements.

Due to the fact that the majority of capital expenditure from own sources be funded by way of own cash, the municipality must ensure that the principle of the user pays for the use of assets+be applied in its long term financial strategy. It is for this reason that the municipality provided for cash-backed reserves, which consist of Employee Benefits provisions, the cost of replacing the existing valuation roll and contributions to the Capital Replacement Reserve with the idea being a contribution at least equal to the depreciation charges on those assets being used.

1.12.3 Sources of funding

Interest earned from investments is applied to the income and expenditure account to help fund the operating budget. The following tables summarises the budgeted interest over the MTREF:

Description	MTREF Budget 2012/2013	MTREF Budget 2013/2014	MTREF Budget 2014/2015
Investment Interest received	1,200,000	1,267,200	1,335,630
Loan Interest paid	278,000	293,570	309,430

1.12.4 Sales of assets

The municipality is in the process of reviewing its land and asset holdings as part of its long term financial strategy. Major asset sales are therefore, excluded from the MTREF at this stage.

1.12.5 Borrowing

The MFMA prescribes the conditions within municipalities may borrow through either short or long term debt

The Act stipulates that short term debt can be used to meet immediate cash flow needs but that it must be fully repaid within the financial year in which it was incurred. Long term debt can only be incurred for capital expenditure or to re-finance existing long term debt. Proposals to incur long term debt must go through a public consultation process.

The cash flow projections will determine the likely need to borrow short ter. It is not projected that any short term borrowing will be required over the MTREF period.

The ratios as set out in the Cash and Management Investment Policy are used to establish prudential levels of borrowing in terms of affordability and the overall indebtedness of the municipality.

Based on the measures of affordability, the municipality has made no budgeted provisions for new borrowing for capital expenditure over the MTREF.

1.13 Expenditure on Allocations and Grants Programme and Allocations and Grants made by the Municipality

National and Provincial Government provide funding to assist the municipality to achieve its developmental and service delivery goals. In addition, the Constitution requires all spheres of government to assist each other to achieve goals set at National or Provincial level. Local economic development and employment opportunities are high on the agenda of the national government, and the municipality, again within financial means, as well as revenue from government grants, aims to assists as far as possible in achieving these goals.

Operational Government Grants	S		R	44,531,250
FMG	R	1,500,000		
MSIG	R	800,000		
Equitable Share	R	39,254,000		
EPWP	R	1,000,000		
MIG-PMU	R	1,017,250		
Cacadu – Environmental Health	R	780,000		
Cacadu – Fire Fighters	R	180,000		
Capital Government Grants			R	28,477,750
DWA – Replacement of old meters	R	2,000,000		
DWA – Waste Water Treatment Works	R	5,300,000		
Cacadu – Fire Building	R	1,500,000		
DORA – MIG for Infrastructure upgrade	R	19,327,750		
Cacadu – Library furniture	R	350,000		
TOTAL BUDGETED GRANTS FOR 2012/2013				73,009,000

The municipality makes annual grants to the Blue Crane Development Agency (Entity) and the Local Tourism Office.

Description	MTREF Budget 2012/2013	MTREF Budget 2013/2014	MTREF Budget 2014/2015
Blue Crane Development Agency	1,950,000	-	-
Local Tourism Office	312,000	329,480	347,280

Take note of the contents of SA19 schedule reflecting the expenditure on transfers and grant programme.

1.14 Monthly Targets for Revenue, Expenditure and Cash flow

See the contents of Schedules SA25 to SA30 reflecting the targets for revenue, expenditure and the Cash Flow.

1.15 Contracts having Future Budgetary Implications

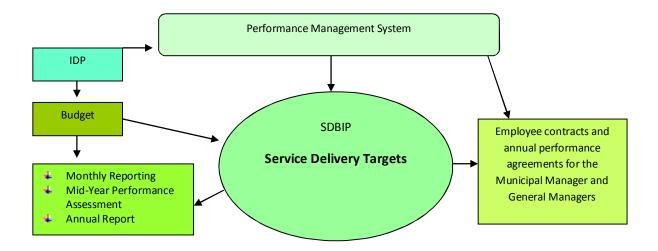

The municipality is processing updating the records of contracts having future budgetary implications and cannot reflect details at this stage.

1.16 Capital Expenditure Status

See the contents of Schedules SA34 to SA37 reflecting the Capital Expenditure Status.

1.17 Annual Budgets and Service Delivery and Budget Implementation Plans (SDBIP) – Internal Department

The SDBIP marries the Performance Management System (as required under the Municipal Systems Act) with the operating and capital budgets and the IDP. Thus the strategic direction mapped out in the IDP is matched with the financial resources and delivery of services as specified in the PMS. The requirement for a SDBIP is stated in the Municipal Finance Management Act (Act No 56 of 2003), Section 69.3(a) and is the responsibility of the Municipal Manager.

The SDBIP allows the budget to be implemented fully as it identifies:

- > The Strategic Imperative . Through links with the IDP
- > The Financial Imperative . Through links with the budget
- > The Performance Imperative . Through links with the PMS.

The National Treasury Circular 13 describes in detail the approach to SDBIPs. Basically there is a high level SDBIP for the purpose of high level monitoring by stakeholders, backed by full detail all the way to the individual employee. Starting from top (the Municipal Manager) all staff operates under KPIs within the identified KPAs. In effect the SDBIP becomes the implementation tool for the budget and the basis for non-financial monitoring.

At the highest level, every vote could be aligned to an IDP strategy and some KPIs. These then form the basis of future monthly and in-year reporting.

The SDBIP includes monthly cash flows of expenditure and is used as the basis for budget monitoring.

See attached the relevant SDBIP reflecting as per Subsection the projected 12 months budget.

1.18 Legislation Compliance Status

Each year, National Treasury issues a MFMA circular to municipalities advising them of the budget parameters within which municipalities should work when preparing their budgets, together with other MFMA circulars and the Budget and Reporting Regulations.

The BCRM are fully compliant with the legislation applicable to municipalities, and all the relevant Circulars, etc. are also in place.

1.19 BCRM 2012/2013 Tariff Book

Blue Crane Route Municipality (EC102) - Tariff Book 2012/2013	
Description	2012/2013 Amount VA
