COUNCIL: 30 January 2014

25. GROUP FINANCIAL SERVICES DEPARTMENT
(BUDGET OFFICE)
PROPOSED 2013/14 ADJUSTMENTS BUDGET
SPECIAL ADJUSTMENTS BUDGET TO AUTHORISE UNAUTHORISED
EXPENDITURE FOR THE 12/13 FINANCIAL YEAR
(From the Special Mayoral Committee: 15 January 2014)

1. PURPOSE

The purpose of the report is to obtain approval for adjustments to the approved 2013/14 Medium-term Revenue and Expenditure Framework (MTREF) in terms of Section 28 of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003).

2. STRATEGIC OBJECTIVE ADDRESSED

"To ensure financial sustainability."

3. BACKGROUND

The 2013/14 MTREF was approved by Council on 30 May 2013 in accordance with Section 24(1) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) (MFMA) and applicable National Treasury finance management reform requirements.

Mid-term financial assessment

In terms of Section 28 of the MFMA a municipality may revise an approved annual budget through an adjustments budget. It is prudent to note that the adjustments budget is not a re-budgeting process, thus fiscal discipline must be adhered to at all times. Only the Mayor may table an adjustments budget in the municipal council and it may only be tabled within prescribed limitations as to timing or frequency. In terms of the Municipal Budget and Reporting Regulations, only one adjustments budget may be tabled in Council during the financial year, after tabling of the mid-year budget and performance assessment, but not later than 28 February.

Section 72 of the MFMA stipulates that the Accounting Officer must by 25 January assess the performance of the municipality during the first half of the financial year and as part of the review, make recommendations as to whether an adjustments budget is necessary and recommend revised projections for revenue and expenditure, to the extent that it may be necessary.

MFMA Circular 42 provides further guidance on funding a budget and seeks to clarify and reinforce the intent of budget related provisions in the MFMA.

The Mid-year budget review report indicates actual operating revenue realised (excluding Capital Transfers) amounts to R11 045m or 96% (YTD Actual against YTD Budget) and operating expenditure realised R10 527 million or 90% (YTD Actual against YTD Budget). A surplus of R518 million is shown. Compared to the projected budget a favourable variance of R748 million is reflected.

The report furthermore indicates the necessity for tabling an Adjustments Budget for the 2013/14 financial year for inter alia, the following:

- To adjust the revenue estimates downward owing to a declining trend in certain operating revenue sources, such as "Service charges: Electricity and Property Rates".
- To authorise the utilisation of projected savings in one vote towards spending under another vote.
- To facilitate the inclusion of rolled over/transfer grant funding.

The following adjustments budget principle therefore needs to be noted:

"No additional expenditure appropriation if there is no anticipated additional revenue"

Funding will only be considered subject to:

- Additional revenue.
- Savings identified in programmes and projects.

Furthermore it is of essence that the target collection rate of 95% (based on the budgeted cash-flow) of the current debt be achieved in the 2013/14 financial year.

4. SPECIAL ADJUSTMENTS BUDGET TO AUTHORISE UNAUTHORISED EXPENDITURE FROM THE 12/13 FINANCIAL YEAR

The MFMA Circular No 68 outlines the process that must be followed when dealing with unauthorised, irregular, fruitless and wasteful expenditure.

In terms of the MFMA Circular No 68, when council considers the authorisation of unauthorised expenditure, the following factors must be taken into account:

- (i) Has the matter been referred to Council for a determination and decision?
- (ii) Has the nature, extent, grounds and value of the unauthorised expenditure been submitted to Council?
- (iii) Has the incident been referred to a council committee for investigation and recommendations?

The above process was accordingly followed. A report on the authorisation of the unauthorised expenditure in respect of the 2012/13 financial year served at the Section 79 Standing Committee on 16 August 2013 and was approved by Council on the 29 August 2013.

Furthermore section 32(2)(a)(i) of the MFMA provides that council may only authorise unauthorised expenditure in an adjustments budget.

In terms of regulation 23(6)(b) of the Municipal Budget and Reporting Regulations (MBRR), council may authorise unauthorised expenditure in a special adjustments budget tabled in council when the mayor tables the annual report in terms of section 127(2) of the MFMA. This special adjustments budget "may only deal with unauthorised expenditure from the previous financial year which the council is being requested to authorise in terms of section 32(2)(a)(i) of the Act." This special adjustments budget therefore deals with:

- unauthorised expenditure that occurred in the first half of the previous financial year that was not included in the main adjustments budget or that was included but referred back for further investigation or further information; and
- unauthorised expenditure that occurred in the second half of the previous financial year, and
- any unauthorised expenditure identified by the Auditor-General during the annual audit process.

The timing of this special adjustments budget requires the municipality to report all the unauthorised expenditure in its annual financial statements (thus ensuring transparency regarding its performance with implementing the budget); and

The Auditor-General to audit the municipality's disclosure of its unauthorised expenditure and to add any further unauthorised expenditure identified in the audit process.

A report considered by the Section 79 Standing Committee on 16 August 2013 and approved by Council on 29 August 2013 is attached as Annexure C.

Appendix C, D and E of the audited financial statements for the year ended 30 June 2013 is attached as Annexure D.

5. 2013/14 ADJUSTMENTS BUDGET PROCESS AND RELATED ISSUES

5.1 Budget process and guidelines

The purpose of Budget Office Circular 3 of 2013/14 dated 6 November 2013, was to provide guidance to the departments regarding the compilation of the 2013/14 Adjustments Budget. It should be noted that Council approved a balanced MTREF and it is therefore important that the City maintain a balanced budget or create a possible surplus to fund capital investment and create cash backed reserves.

The following principles gave guidance to the compilation of the 2013/14 Adjustments Budget:

- The Budget must be funded in terms of the funding compliance procedure set out in MFMA Circular 42, and the Funding Compliance Guideline.
- Affordability within the context of sustainability must be considered and maintained.
- No additional funding capacity is available on the budget therefore no additional funding requests will be accommodated during the Adjustments

Budget process (will be considered during the compilation of the 2014/15 MTREF).

- Funding will only be considered subject to:

- Additional revenue.
A projected under collection in revenue that will result in a request to decrease the relevant revenue, must be accompanied by a corresponding decrease in expenditure.
- Savings identified in other programmes and projects.
- Grants to be received from an external source.
Submissions which relate to external funding sources must be accompanied by proof of confirmation from the relevant transferring authority.
- Appropriation of funding from National / Provincial departments should be accompanied by acceptable documentation as per MBRR.

- Filling of vacancies should be processed within current allocation.
- Overtime to be managed within the available resources and departments are encouraged to adopt a shift system to manage overtime expenditure.
- Repairs and Maintenance should not be compromised.
- Consideration needed to be given to the business plans, including targets and objectives.
- A new Personnel Cost Plan (PCP) will only be uploaded with the compilation of the 2014/15 MTREF. Departments were therefore allowed to transfer identified savings to the Employee Related Cost Group to rectify overspending projections in this group.
- Departments need to concentrate on core functions, proactively review and reprioritize their budget and identify savings that can be affected during the Adjustments Budget process to assist with the City of Tshwane's financial position.
- The 2013/14 Adjustments Budget must only address adjustments relating to capital projects within the approved 2013/14 MTREF.
- Should the departments be aware of any internal funding on the Capital Budget that will not be spent in the 2013/14 financial year the department must indicate the amount as a saving. No savings on grant funding will be accommodated, as all grant allocations must be spent according to the terms and conditions of the grant.
- All proposed capital adjustments must be accompanied by revised cash flow and milestone projections to ensure timely submission to the Performance Monitoring and Evaluation (PME) Unit for the compilation of the revised 2013/14 SDBIP.
- Submissions which relate to external funding sources must be accompanied by proof of confirmation from the relevant transferring department or institution

Submissions had to be captured on the BPC system and hard copies thereof had to be signed by the Strategic Executive Director/Departmental Head and Member of the Mayoral Committee and submitted to the Budget Office on 25 November 2013.

5.2 Grant funding

Unspent conditional grant funds rolled-over from the 2012/13 financial year and additional allocations for the 2013/14 financial year are set out below:

In terms of the Division of Revenue Act, 2013 (Act 2 of 2013) promulgated on 10 June 2013 certain inter-governmental grant allocations were allocated to the City of Tshwane as part of the equitable distribution of National revenue. Furthermore, by way of the Provincial Gazette Extraordinary No 57 promulgated on 1 March 2013, certain grants and subsidies were also allocated to the City of Tshwane from the Gauteng Provincial Government and other Provincial Departments.

Other inter-governmental transfers were made as part of a Memorandum of Agreement (MOA) between the City of Tshwane and the relevant Provincial Authority, for services rendered by the City on an Agency basis on behalf of the Provincial Authority, such as the Primary Health Care Services and Government Housing Services.

To bring legal certainty to the process of managing unspent conditional grant funds, the Division of Revenue Bill contains the following provisions:

"Unspent conditional allocations

21. (1) Despite anything to the contrary in the Public Finance Management Act or the Municipal Finance Management Act, any conditional allocation, or a portion thereof, that is not spent at the end of the financial year reverts to the National Revenue Fund, unless the roll-over of the allocation is approved in terms of subsection (2).
- (2) The National Treasury may, at the request of a transferring national officer, receiving officer or provincial treasury, approve a roll-over of a conditional allocation to the next financial year if the unspent funds are committed to identifiable projects."

The City of Tshwane requested roll-overs for the unspent conditional grants for the 2012/13 financial year. On 24 November 2013 National Treasury granted final approval in terms of Section 21(2) of the Division of Revenue Act 5 of 2012 that the City of Tshwane can retain the following unspent amounts allocated in the 2012/13 financial year:

- Public Transport Infrastructure and Systems Grant (PTIS) R15 534 170.
- Electricity Demand Side Management Grant (EDSM) R406 964.
- Neighbourhood Development Partnership Grant (NDPG) R2 360 019.
- Water Service Operating Subsidy (WSOS) R4 833.
- Finance Management Grant (FMG) R470 166.
- Expanded Public Works Programme (EPWP) R4 424 606.
- Local Economic Development Grant (LED) R8,75 million.

In terms of the Division of Revenue Act (Act 2 of 2013) an amount of R8 096 000 was allocated in terms of the new Integrated City Development Grant in line with the City Support Programme (CSP) initiated by National Treasury. The amount was omitted in the original MTREF and is now appropriated in the 2013/14 Adjustments Budget.

In terms of a Memorandum of Agreement (MoA) between the City of Tshwane and the Gauteng Provincial Department of Transport an allocation of R15 million is provided in the Provincial Adjustments Budget for a joint project. The Transport Department indicated that only R3,2 million shall be appropriated in the 2013/14 Adjustments Budget of the City of Tshwane and the balance of R11,8 million should be appropriated in the 2014/15 MTREF.

An allocation of R1 million received from Cooperative Governance and Traditional Affairs (CoGTA) towards Operation Clean Audit (OPCA) is appropriated in the 2013/14 Adjustments Budget.

In terms of a Memorandum of Agreement between the City of Tshwane and the SA national Biodiversity Institute (SANBI) funded through the DBSA Jobs Fund, an annual amount of R396 000 is awarded. The Environmental Management Department indicated that R297 000 be allocated in the 2013/14 Adjustments Budget for Operating requirements and R99 000 for Capital requirements.

The IDC will be providing the Economic Development Department with an amount of R400 000 for Agri-cluster development. This amount is appropriated in the 2013/14 Adjustments Budget.

An additional amount of R99 136 000 has been allocated to the Neighbourhood Development Partnership Grant (NDPG) for the 2013/14 financial year, which is appropriated in the 2013/14 Adjustments Budget.

The Housing Department requested that an amount of R2 293 422 carried over from the 2011/12 financial year in respect of the Delft agreement be appropriated in the 2013/14 Capital Adjustments Budget.

Furthermore the Gauteng Provincial Treasury granted approval for the City to retain a total amount of R1 104 019 for the Recapitalisation of Community Libraries grant allocated from the Gauteng Department of Sports, Arts, Culture and Recreation. The Libraries section further requested a transfer of R398 422 from the Operating allocation of R3,1 million (Cost Centre 5810 GL 412402) to the Capital allocation of R1,1 million on WBS 9.712773.1.013 which was appropriated in the 2013/14 Adjustments Budget.

The roll-over of the Local Economic Development grant of R8,75 million, was approved by the Gauteng Province on 23 December 2013, for the redirection of the amount to the Tshepo 10 000 programme, aimed at addressing youth unemployment and creating jobs and business opportunities for the youth.

The approved roll-overs were based on the submission of the pre-audited 2012/13 Annual Financial Statements (AFS), accurate disclosure of grant performance in the Statements and supporting documents.

It should also be noted that various departments are still engaging with the Provincial Treasury and respective Provincial departments for approval of unspent provincial grant funds that were originally turned down and they should not be included.

5.3 REGIONALISATION

Further refinements as requested by the Office of the Service Delivery Co-ordinator and Transformation Manager were made to transfer Profit Centres from the relevant departments to the Office of the Service Delivery Co-ordinator and Transformation Manager. Profit Centres previously incorrectly transferred to this department were transferred back to the relevant department. Funds between various Profit Centres were also prioritised to give further effect to regionalisation. It should be noted that various cost centres will be managed centrally (Strategic Executive Director) owing to the nature thereof (eg financial charges, depreciation, remuneration) as indicated by the Office of the Service Delivery Co-ordinator and Transformation Manager.

6. DISCUSSION OF THE PROPOSED 2013/14 ADJUSTMENTS BUDGET

The proposed 2013/14 Adjustments Budget is broken into two components, namely the Operating and Capital Budget which is discussed below.

The Adjustments Budget and supporting documentation is attached as Annexure A, consisting of Part 1 (Adjustments Budget) and Part 2 (Supporting documentation).

6.1 SUMMARY OF THE PROPOSED 2013/14 OPERATING ADJUSTMENTS BUDGET

Owing to the City's commitment towards financial sustainability and budgetary discipline only R216,0 million of the R968,1 million additional requests from departments is recommended to be funded as priority issues. Departments will have to ensure delivery of services and address priority issues within the lower baseline allocations to avoid unauthorised expenditure. Spending must further give effect to the developmental objectives and priorities expressed in Tshwane 2055.

The following table summarises the outcome of the 2013/14 Adjustments Budget:

Summary of the 2013/14 Adjustments Budget (Parent)

The 2013/14 Budgeted Financial Performance per department is available in Annexure A.

The main operating adjustments (allocations) are discussed below per department (excluding departmental reprioritisation):

General remarks concerning multiple departments

- The electricity revenue was reduced with R204,0 million owing to the trend in the first half of the financial year and the outcome of the 2012/13 financial year. On the contra, Eskom bulk purchases was reduced by R120,0 million owing to the decline in sales and Coal was reduced by R78,0 million and the Environmental levy on power generation, by R6,0 million owing to no generation of power at the city's power stations.
- Waste removal revenue was increased with R12,0 million owing to the roll out of 240 t containers.
- The available budget (Budget – Actual – Commitments) for training was centralised at the Corporate and Shared Services Department for the 2013/14 financial year except the Office of the Executive Mayor, Chief Whip and Speaker.
- The available budget (Budget – Actual – Commitments) for leased buildings was centralised at the Corporate and Shared Services Department for the 2013/14 financial year.
- Employee related cost was reprioritised in order to align the budget to the performance trends. However, misalignment can be contributed to inter alia the migration and placement process/PCP not being finalised.
- A revised schedule with regard to the expected interest to be paid on external loans/bonds was received from Treasury Management and finance charges were adjusted accordingly.

The budget was reprioritised to accommodate the following commitments and priority areas:

Group Audit and Risk

- An amount of R5,0 million was provided for mandatory payments to consultants for forensic investigations (SIU).

City Planning and Development

- An amount of R5 278 547 was provided for contracted payments on aerial surveys.

Communications, Marketing and Events

- An amount of R7 360 000 was provided for the department's contribution to corporate signage, communication, marketing and events.

Corporate and Shared Services

- An amount of R1,2 million was provided for approved bursaries.
- An amount of R7,1 million was provided for 500 FET Learners as a Mayoral priority (SOCA).
- An amount of R3,7 million was transferred from the Operational Budget to the Capital budget to fund the construction of a wash bay, fleet access gate and security for corporate fleet.
- An amount of R7,0 million was transferred from the Operational Budget to the Capital budget to buy back vehicles that were part of the expired lease (at book value) for Service Infrastructure: Electricity.

Economic Development

- An amount of R41,5 million was provided for the Tshupo 10 000 Youth empowerment programme including the LED grant of R8,75 million for the redirection to the Tshupo 10 000 programme.
- An amount of R34,5 million was provided for EPWP (Vat Alles Project).

Emergency Services

- An amount of R5,0 million was provided for Disaster Management owing to the declared storm disaster costs. Other related costs will be claimed from the insurance.

6.2 2013/14 CAPITAL BUDGET ADJUSTMENTS

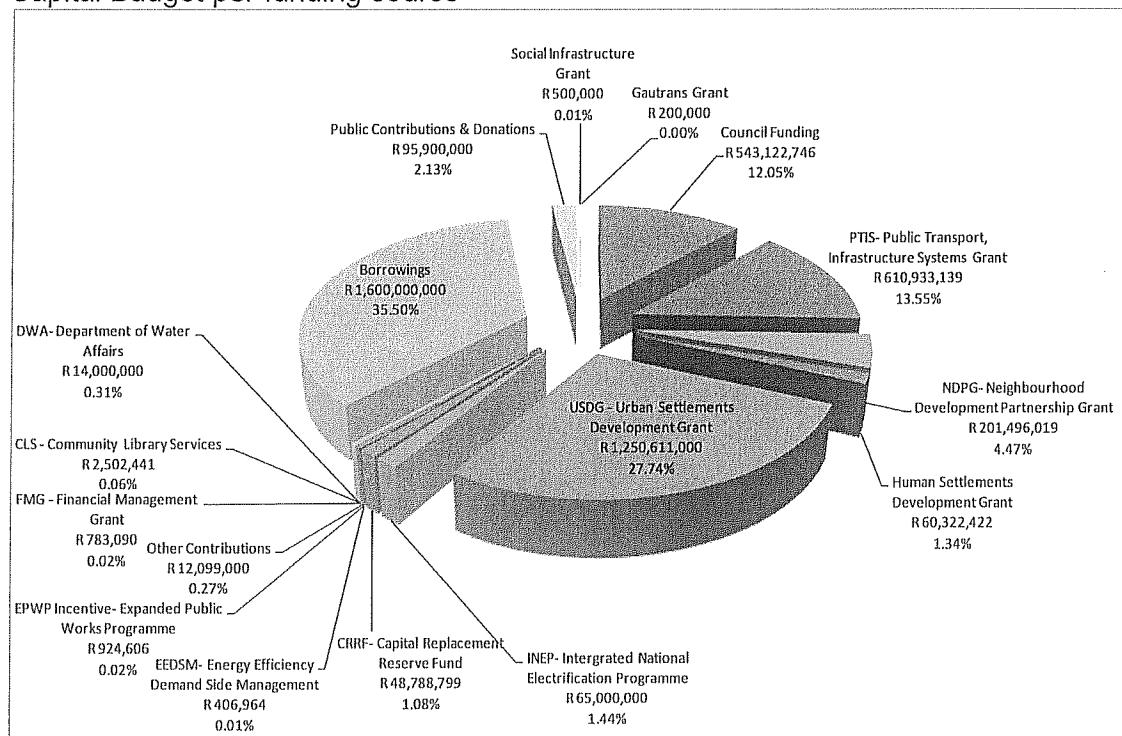

A Capital Budget to the amount of R4,34 billion was approved by Council for the 2013/14 financial year. The 2013/14 Capital Adjustments Budget amounts to R4,5 billion, that is an increase of R162,3 million which is mainly attributed to external funding roll-overs, additional allocations and transfers from the Operating Budget. Owing to financial constraints not all additional requests could be accommodated, although some transfers between projects were allowed owing to specific circumstances.

2013/14 adjusted capital budget per department

The following table indicates the 2013/14 adjustments budget per Implementing Department. The Implementing Departments relate to departments responsible for the construction/execution of projects on behalf of the Service Delivery and Transformation Management Department. These departments as the implementing agents will therefore (during the construction phases) report monthly on the progress of implementation to the relevant Regional Executive Director, the City Manager and the Capex Committee. The Service Delivery and Transformation Management Department will only receive ownership of the projects once they have been completed and will then be responsible for all finance costs and depreciation associated with the projects.

- An amount of R2,9 million was transferred to the Operating Budget to procure capital items with a lifespan of less than a year.

Additional funding requests

A submission of R955,0 million was received from Departments for additional funds during the adjustments budget.

The adjustment budget circular 3 issued on the 6 November 2013 stated that no additional requests will be accommodated unless savings are identified through the adjustments budget process. Such savings would then be prioritised to a Department that has the capacity to spend. However, no savings were identified nor offered by Departments and therefore the submitted requests could not be funded.

7. CASH-FLOW POSITION

Cash received from operating activities is utilised to provide working capital and to temporarily fund capital expenditure in advance of the receipt of capital grants and external loan draw-downs. Operating cash-flow deficits or surpluses are forecasted and managed on a daily basis through the investment of surplus cash or the use of short term credit facilities, should the need arise.

A report on the short term bridging finance facility agreement has been approved by Council on 27 June 2013. In this regard approval has been granted for the GCFO to incur short term debt as and when required according to the cash flow position of the CoT for an amount not exceeding R1,6 billion at any time during the 2013/14 financial year for all the commercial banks collectively.

Assumptions made during the budgeting process regarding inflation, spending patterns, the impact of the recovering economy, the payment of grants, etc can impact on the cash flow position. Continuing with the determination to be successful in overcoming the cash flow challenges, it is imperative that departments spend external funds (grant funding) received on projects, before internal funds, provided by the City of Tshwane, in order to prevent any unspent external funds from resorting back to the National Revenue Fund.

Strategy towards reserves cash backing and cash-flow position

The motivation for a strategy towards cash backing is the need to ensure liquidity by means of separate external investments (including interest earned on these investments) earmarked for specific future indefinite liabilities including capital provisions, repayment of grants received but not spent at year end and the provision of a sinking fund for the repayment of long term Bonds and other bullet loans in future.

During the 2013/14 MTREF a strategy towards the cash backing of the City of Tshwane capital reserves, capital provisions and unspent conditional grants, as well as the taking up of long-term loans/bonds were modelled into the LTFM to ensure the sustainability of the City over the medium- to long-term. The strategy was informed amongst others by relevant GRAP accounting standards: sections 18 and 19 of the MFMA and National Treasury Circular 48. As from July 2013 the amount to be invested for cash backing has been increased from R21,0 million to R25,0 million per month. This cash backing strategy will be continued and revised where necessary according to the liquidity requirements of the City of Tshwane.

8. COMMENTS OF THE STAKEHOLDER DEPARTMENTS

8.1 COMMENTS OF THE GROUP LEGAL COUNSEL

(Unaltered)

The purpose of the report is to obtain approval for *adjustments to the approved 2013/14 Medium-term Revenue and Expenditure Framework (MTREF)* in terms of Section 28 of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003).

Strategic objective 6 is relevant, ie: to *ensure financial sustainability*.

From a perusal of the contents of the report and the recommendations pertaining thereto it is apparent that the tabling of the proposed 2013/14 Adjustments Budget is done in terms of the relevant stipulations of *the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003)*, and more specific section 28 of the said Act, 2003, the details of which are more fully set out in the report.

The recommendations are thus supported from a legal perspective. It is common cause that such adjustment can only be done **once a year** and it is an **adjustment budget**, in other words it **amends** the current budget within the parameters of what is allowed in terms of the *Budget Policy* approved on 30 May 2013 but is **not** a new or increased budget. In other words; the total budget revenue and expenditure stream remains intact leaving the grand total bottom-line of the Budget intact.

9. IMPLICATIONS

9.1 HUMAN RESOURCES

None.

9.2 FINANCES

The implementation of this Adjustments Budget is to ensure effective and efficient financial management and business planning, aligned to deliverable key imperatives as contained in the Five-year Strategic Integrated Development Plan.

9.3 CONSTITUTIONAL AND LEGAL FACTORS

To ensure compliance in terms of various sections of the Municipal Systems Act and the Municipal Finance Management Act.

9.4 COMMUNICATION

After approval this document is provided to all stakeholders and placed on the Tshwane Public website, for information and implementation.

9.5 PREVIOUS COUNCIL AND MAYORAL COMMITTEE RESOLUTIONS

The 2013/14 MTREF was approved by Council on 30 May 2013 and the integrated report on the IDP Process Plan and the Budget Time Schedule for 2014/2015 as approved by Council on 29 August 2013 are applicable.

10. CONCLUSION

The year 2013 ended with the compilation of the 2013/14 Adjustments Budget. As the Executive Mayor said, "It was a year characterised by a potpourri of hope and despair". Both of which can be seen in the said budget. The loss of the farther of our nation enlightened once again his vision of a better life for all, with which this budget was compiled, but also with the despair of a disaster declared in the city and an everlasting economic cloud that is starting to let light through at a very slow pace.

In terms of Section 72 of the MFMA, the Mid-year budget review indicated the necessity for tabling an Adjustments Budget for the 2013/14 financial year. The Adjustments Budget was prepared in terms of the guidelines contained in Section 28(2) of the MFMA, but with the economic reality, very little additional needs could be accommodated to still maintain a balanced budget.

For the City to continue to deliver on its core mandate, identify priorities and principles, achieve its developmental goals and prioritise all available resources towards essential services and contractual financial commitments, the principles for the 2014/15 MTREF will have to include even stricter cash flow interventions, budgeted allocations not to be exceeded and savings to be effected as far as possible. Management will have to engage into stretching each rand, as annual increases in tariffs of the past few years, becomes unaffordable.

Taking the budget guidelines, principles, process and recommendations into consideration and to ensure best practice, legislative compliance and ultimate sustainability within the context of affordability it is recommended that the 2013/14 Adjustments Budget be approved.

The Special Mayoral Committee on 15 January 2014 resolved to recommend to Council as set out below:

During consideration of this item by Council on 30 January 2014, and after Cllr CM van den Heever and the Executive Mayor addressed Council on this matter, it was resolved as set out below:

ANNEXURES:

- A. Adjustments Budget and supporting documentation (Budget document).
- B. Capital Budget per department: City of Tshwane version (National Treasury version contained in Budget document).
- C. A report considered by the Section 79 Standing Committee on 16 August 2013 and approved by Council on 29 August 2013.
- D. Appendix C, D and E of the audited financial statements for the year ended 30 June 2013.

RESOLVED:

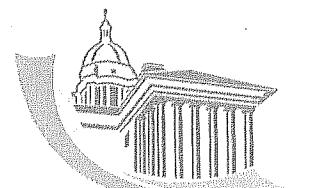

1. That in terms of Section 28(2) of the Municipal Finance Management Act, 2003 (Act 56 of 2003) the proposed 2013/14 Adjustments Budget be approved as set out in the following tables as contained in Annexure A:
 - 1.1 Adjusted Budget Summary.
 - 1.2 Adjusted Budget Financial Performance (revenue and expenditure by municipal vote).
 - 1.3 Adjusted Budget Financial Performance (revenue and expenditure by standard classification).
 - 1.4 Adjusted Budget Financial Performance (revenue by source and expenditure by type).
 - 1.5 Adjusted Capital Expenditure Budget by municipal vote and funding.
2. That the financial position, cash-flow, cash-backed reserve/accumulated surplus and asset management are adopted as set out in the following tables as contained in Annexure A:
 - 2.1 Adjusted Budget Financial Position.
 - 2.2 Adjusted Budget Cash-flows.
 - 2.3 Cash backed reserves/accumulated surplus reconciliation.
 - 2.4 Asset management.
3. That the consolidated Adjustments Budget that includes the financial impact of all municipal entities as set out in Annexure A be noted.
4. That in terms of external funded projects no contracts will be allowed to commence with before funding or commitments have been received from the funding parties and contracts between these parties and the City of Tshwane have been signed.
5. That the special adjustment budget dealing with unauthorised expenditure in the previous year be approved.

(Remark:

At the Council meeting of 30 January 2014, Cllr M Aucamp on behalf of the DA requested that their dissenting vote on the approval of this report be registered.)

II Overview

On 3 December 2013, the City of Tshwane declared a state of disaster following a severe thunderstorm on the evening of 28 November 2013 and subsequent severe weather conditions from 29 November to 1 December 2013, causing widespread damage to property and infrastructure. About 179 200 families and 44 800 houses (excluding insured properties) have been affected by the storm. The municipality provided relief in the form of plastic-sheeting for roofs, blankets, mattresses and food parcels to some of the victims in a bid to restore their dignity. The city furthermore submitted an application to the National Disaster Management Committee (NDMC) in terms of the conditions of the Municipal Disaster Grant administered by COGTA.

The 2013/14 MTREF was approved by Council on 30 May 2013 in accordance with Section 24(1) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) (MFMA) and applicable National Treasury finance management reform requirements.

Section 72 of the MFMA stipulates that the Accounting Officer must by 25 January assess the performance of the municipality during the first half of the financial year. Section 72 (3), read with section 54 (1) (f) & section 54 (2) stipulates that as part of the performance assessment of the municipality during the first half of the financial year, the Accounting Officer must make recommendations as to whether an adjustments budget is necessary and recommend revised projections for revenue and expenditure, to the extent that it may be necessary.

The Mid-year budget review report to be considered by Council indicated the necessity for tabling an Adjustments Budget for the 2013/14 financial year for inter alia, the following:

- To adjust the revenue estimates downward owing to a declining trend in certain operating revenue sources.
- To authorise the utilisation of projected savings in one vote towards spending under another vote.
- To facilitate the inclusion of rolled over/transfer grant funding.

In terms of Section 28 of the MFMA a municipality may revise an approved annual budget through an adjustments budget. It is important to note that the adjustments budget is not a re-budgeting process, thus fiscal discipline must be adhered to at all times. Only the Mayor may table an adjustments budget in the municipal council and it may only be tabled within prescribed limitations as to timing or frequency. In terms of the Municipal Budget and Reporting Regulations, only one adjustment budget may be tabled in Council during the financial year, after tabling of the mid-year budget and performance assessment, but not later than 28 February.

It has been five years since the start of the global financial crisis. The rate of economical growth has steadily declined, from 3,5% of GDP in 2011 to a projected 2,1% in 2013. This trend reflects a confluence of unfavourable global and domestic circumstances, but GDP growth is expected to recover over the next three years, reaching 3,5% in 2016.

It is once again of importance to note that the economy must first recover, before growth anticipation can be established. Therefore, the responsibilities of management to not allow unauthorised expenditure, is of crucial importance. Departments are mandated to exert every effort in ensuring budgetary discipline through reprioritisation, elimination of waste-full expenditure and explore possible savings. Departments will have to re-prioritise and address core functions within the 2013/14 Adjustments Budget allocations. The City will continue to deliver on its core mandate and identified priorities and principles, achieve its developmental goals and prioritise all available resources towards essential services and contractual financial commitments.

The following table summarises the outcome of the 2013/14 Adjustments Budget:

Table 1: Consolidated overview of the 2013/14 Adjustments Budget

Description	Original Budget 2013/14	Adjusted Budget 2013/14	Budget 2014/15	Budget 2015/16

Total Operating Revenue	(24 269 034)	(24 212 908)	26 556 209	28 887 858
Total Operating Expenditure	22 171 995	21 993 129	23 880 822	25 800 752
(Surplus)/Deficit for the year	(2 097 039)	(2 219 779)	2 675 387	(3 087 106)
Total Capital Expenditure	4 345 256	4 507 590	4 593 968	4 533 669

The Council approved the 2013/14 Original Revenue Budget to the amount of R24,3 billion which has been decreased with R56,1 million to R24,2 billion (-0,2%). Furthermore the total expenditure of R22,2 billion was decreased with an amount of R178,9 million to R23,9 billion (-0,8%).

The surplus for the year has increased to R2,2 billion.

The following main changes were affected with regard to the Operating Budget when compared to the Original Budget:

Electricity revenue decrease – R201,2 million;
 Refuse revenue increase – R11,5 million;
 Other revenue decrease – R16,2 million;
 Transfers recognised (operational) increase – R38,6 million;
 Employee related costs decrease – R14,8 million;
 Depreciation and asset impairment increase – R111,7 million;
 Finance charges decrease – R43,2 million;
 Bulk purchases decrease – R150,8 million;
 Other materials decrease – R275,8 million; and
 Contracted services increase – R167,4 million.

The City of Tshwane requested for roll-over of the unspent conditional grants and approval was granted. The following operational and capital roll-over requests were therefore included in the 2013/14 Adjustments Budget:

Water Service Operating Subsidy (WSOS) – R4 833.
 Community Libraries Grant – R1 104 019.
 Expanded Public works Programme (EPWP) – R4 424 606.
 Public Transport Infrastructure and Systems Grant (PTIS) - R15 534 170.
 Electricity Demand Side Management Grant (EDSM) - R406 964.
 Neighbourhood Development Partnership Grant (NDPG) – R2 360 019.
 Local Economic Development Grant (redirection to the Tshepo 10 000 programme – R8,75 million.

The national and provincial spheres of government allocated additional grant funding for the following:

Neighbourhood Development Partnership Grant (NDPG) – R99 136 000.
 Operation Clean Audit (OPCA) - R1,0 million.
 Community Libraries Grant – R3,1 million.

A Capital Budget to the amount of R4,3 billion was approved by Council for the 2013/14 financial year. The 2013/14 Capital Adjustments Budget amounts to R4,5 billion, that is an increase of R162,3 million which is mainly attributed to external funding (grants and subsidies) as listed above.

The total bond/loan amount approved by Council for the 2013/14 financial year amounts to R1,6 billion and remains unchanged.

Worth mentioning is the allocation of R101,5 million NDPG funding for the implementation of the Tsosoloso Programme and an amount of R20,0 million was offered as a saving from various funding sources and allocated for the funding of the Cullinan Library Park.

A separate report with regards to the Adjusted SDBIP for 2013/14, as well as the Adjusted City Scorecard targets and indicators, will be tabled to Council at the end of January 2014.

2. Resolutions

1. That in terms of Section 28(2) of the Municipal Finance Management Act, 2003 (Act 56 of 2003) the proposed 2013/14 Adjustments Budget be approved as set out in the following tables as contained in Annexure A:
 - 1.1 Adjusted Budget Summary.
 - 1.2 Adjusted Budget Financial Performance (revenue and expenditure by municipal vote).
 - 1.3 Adjusted Budget Financial Performance (revenue and expenditure by standard classification).
 - 1.4 Adjusted Budget Financial Performance (revenue by source and expenditure by type).
 - 1.5 Adjusted Capital Expenditure Budget by municipal vote and funding.
2. That the financial position, cash-flow, cash-backed reserve/accumulated surplus and asset management are adopted as set out in the following tables as contained in Annexure A:
 - 2.1 Adjusted Budget Financial Position.
 - 2.2 Adjusted Budget Cash-flows.
 - 2.3 Cash backed reserves/accumulated surplus reconciliation.
 - 2.4 Asset management.
3. That the consolidated Adjustments Budget that includes the financial impact of all municipal entities as set out in Annexure A be noted.
4. That in terms of external funded projects no contracts will be allowed to commence with before funding or commitments have been received from the funding parties and contracts between these parties and the City of Tshwane have been signed.
5. That the special adjustment budget dealing with unauthorised expenditure in the previous year be approved.

3. Executive Summary

The Adjustments Budget was prepared in terms of the guidelines contained in Section 28(2) of the MFMA and furthermore ensures that the City continues to deliver on its core mandate and identified priorities and principles, achieve its developmental goals and entails prioritising all available resources towards essential services and contractual financial commitments.

In general, the aim with the compilation of the 2013/14 Adjustments Budget, is to align the expenditure to the revenue and ensure that the budget is funded. Strategic Executive Directors/Departmental Heads need to apply belt tightening measures by reprioritising and down scaling of, ie non-core functions to uphold service delivery towards core functions on a sustainable level. Furthermore measures in place are the funds management tool, which assists in budgeted allocations not being exceeded and savings to be affected as far as possible.

The under mentioned principles gave guidance to the compilation of the 2013/14 Adjustments Budget:

- The Budget must be funded in terms of the funding compliance procedure set out in MFMA Circular 42, and the Funding Compliance Guideline.
- Affordability within the context of sustainability must be considered and maintained.
- No additional funding capacity is available on the budget therefore no additional funding requests will be accommodated during the Adjustments Budget process (will be considered during the compilation of the 2014/15 MTREF).
- Funding will only be considered subject to:
 - Additional revenue.
 - A projected under collection in revenue that will result in a request to decrease the relevant revenue, must be accompanied by a corresponding decrease in expenditure.
 - Savings identified in other programmes and projects.
 - Grants to be received from an external source.
 - Submissions which relate to external funding sources must be accompanied by proof of confirmation from the relevant transferring authority.
 - Appropriation of funding from National / Provincial departments should be accompanied by acceptable documentation as per Municipal Budget and Reporting Regulations (MBRR).
- Filling of vacancies should be processed within current allocation.
- Overtime to be managed within the available resources and departments are encouraged to adopt a shift system to manage overtime expenditure.
- Repairs and Maintenance should not be compromised.
- Consideration needed to be given to the business plans, including targets and objectives.
- A new Personnel Cost Plan (PCP) will only be uploaded with the compilation of the 2014/15 MTREF. Departments were therefore allowed to transfer identified savings to the Employee Related Cost Group to rectify overspending projections in this group.
- Departments need to concentrate on core functions, proactively review and reprioritize their budget and identify savings that can be affected during the Adjustments Budget process to assist with the City of Tshwane's financial position.
- The 2013/14 Adjustments Budget must only address adjustments relating to capital projects within the approved 2013/14 MTREF.
- Should the departments be aware of any internal funding on the Capital Budget that will not be spent in the 2013/14 financial year the department must indicate the amount as a saving. No savings on

grant funding will be accommodated, as all grant allocations must be spent according to the terms and conditions of the grant.

- All proposed capital adjustments must be accompanied by revised cash flow and milestone projections to ensure timely submission to the Performance Monitoring and Evaluation (PME) Unit for the compilation of the revised 2013/14 SDBIP.
- Submissions which relate to external funding sources must be accompanied by proof of confirmation from the relevant transferring department or institution

Although departments had to reprioritise their budget allocations to address priority issues within lowered baseline allocations, requests for additional funding of R968,1 million were received of which only R216,0 million is recommended owing to the current budgetary constraints and cash-flow position.

The total Adjusted Operating Expenditure amounts to R21 993,1 million, which amounts to a decrease of R178,9 million (-0,8%), compared to the original approved amount of R22 172,0 million. The surplus after capital transfers and contributions amounts to R2 220,0 million according to the 2012/13 Adjustments Budget.

The decline in Employee Related Cost is mainly owing to a projected under expenditure which can be attributed to the migration and placement process and Personnel Cost Plan not being finalised.

Depreciation and asset impairment has increased with R111,7 million.

The revised schedule with regard to the expected interest to be paid on external loans resulted in Finance Charges being decreased by R43,2 million.

Bulk purchased was decreased with R150,8 million owing to the decline in sales.

The decrease in Other Materials of R275,8 million can mainly be attributed to coal being reduced owing to no generation of power at the city's power stations (current refurbishment).

The increase in Contracted Services of R167,4 million can mainly be attributed to repairs and maintenance at the power stations.

Capital Budget

A Capital Budget to the amount of R4,34 billion was approved by Council for the 2013/14 financial year. The 2013/14 Capital Adjustments Budget amounts to R4,5 billion, that is an increase of R162,3 million which is mainly attributed to external funding roll-overs, additional allocations and transfers from the Operating Budget. Owing to financial constraints not all additional requests could be accommodated, although some transfers between projects were allowed owing to specific circumstances.

The following is a summary of the 2013/14 Adjustments Capital Budget per department:

The following table indicates the 2013/14 Medium-term Capital Budget per Implementing Department. The Implementing Departments relate to departments responsible for the construction/execution of projects on behalf of the Service Delivery and Transformation Department (according to the new CoT structure and the starting of the phased approach towards regionalisation of the budget, where identified profit centres have been transferred to the Service Delivery and Transformation Department). These departments as the implementing agents will therefore (during the construction phases) report monthly on the progress of implementation to the relevant Regional Executive Director, the City Manager and the Capex Committee. The Service Delivery and Transformation Department will only receive ownership of the projects once they have been completed and will then be responsible for all finance costs and depreciation associated with the projects.

 EXPENDITURE ON THE OPERATING AND CAPITAL BUDGETS FOR THE PERIOD
 ENDED 30 JUNE 2013 (FIRST SUPPLEMENTARY FINANCIAL RESULTS)
 (From the Section 79 Standing Committee: 16 August 2013)**

1. PURPOSE

The purpose of this report is to:

- Provide an overview of the financial results regarding the operating and capital budget, as well as the financial position of the municipality, for the period ended 30 June 2013 as per the 1st Supplementary Financial Results (Period 13);
- To seek Council approval for unforeseen and unavoidable variances from the approved operating and capital budget (excess/under expenditures and over/under recovery of income) for the 2012/13 financial year ended 30 June 2013 (1st Supplementary); and
- To seek Council approval / condonation of the unauthorised expenditure for the period ended 30 June 2013 (1st Supplementary).

2. STRATEGIC OBJECTIVE

(Unaltered)

"To ensure financial sustainability."

4. BACKGROUND

The MFMA Section 71 In-year financial report to the EM for the year ended 30 June 2013 (Preliminary Results) was submitted to Council on 31 July 2013, where it was resolved as follows:

(Unaltered)

- "5. That in line with MFMA Section 32 and MDMA Circular 68, the overspending on all votes be referred to a Council Committee, Municipal Public Accounts Committee (MPAC) for investigation to determine the nature, extent, ground and the value of unauthorised expenditure and that a report be submitted to Council in August for approval."

In terms of Section 28, 29 and 70(1) of the MFMA it is necessary to seek Council approval for unforeseen and unavoidable deviations (excess/under expenditures and over/under recovery of income) and indicate where corresponding savings are available to cover such deviations on the approved Budget.

In terms of National Treasury Circular 68 the following needs to be noted:

"Overspending of the Budget

Unauthorised expenditure

Unauthorised expenditure is defined in section 1 of the MFMA as follows:

(Unaltered)

"unauthorised expenditure", in relation to a municipality, means any expenditure incurred by a municipality otherwise than in accordance with section 15 or 11(3), and includes—

- (a) overspending of the total amount appropriated in the municipality's approved budget;*
- (b) overspending of the total amount appropriated for a vote in the approved budget;*
- (c) expenditure from a vote unrelated to the department or functional area covered by the vote;*
- (d) expenditure of money appropriated for a specific purpose, otherwise than for that specific purpose;*
- (e) spending of an allocation referred to in paragraph (b), (c) or (d) of the definition of "allocation" otherwise than in accordance with any conditions of the allocation; or*
- (f) a grant by the municipality otherwise than in accordance with this Act."*

Overspending must also be determined in relation to each of the votes on both the operational budget and the capital budget. Where Council has approved a virement policy that allows the accounting officer to make limited shifts of funds between votes, must also be taken into account.

It follows that only the council may authorise instances of unauthorised expenditure and council must do so through an adjustment budget. This principle is further reiterated in section 32(2)(a)(i) of the MFMA read with regulation 25 of the MBRR which states that unauthorised expenditure must be authorised by the municipality in an adjustments budget that is approved by the municipal council. This is the rationale for the provisions in regulation 23(6) of the MBRR which provides the legal framework for the authorisation of unauthorised expenditure.

Expenditures that are NOT classified as unauthorised expenditure

Given the definition of unauthorised expenditure, the following are examples of expenditures that are NOT unauthorised expenditure:

(Unaltered)

"(i) Any over-collection on the revenue side of the budget as this is not an expenditure; and
(ii) Any expenditure incurred in respect of:

- any of the transactions mentioned in section 11(1)(a) to (j) of the MFMA;
- re-allocation of funds and the use of such funds in accordance with a council approved virement policy;
- overspending of an amount allocated by standard classification on the main budget (Budgeted Financial Performance: revenue and expenditure by standard classification), as long as it does not result in overspending of a 'vote' on the main budget (Budgeted Financial Performance: revenue and expenditure by municipal vote) and (Budgeted Financial Performance: revenue and expenditure (read in conjunction with supporting Table SA1) of the MBRR; and
- overspending of an amount allocated by standard classification on the main budget (Budgeted Capital Expenditure by vote.)"

Unauthorised expenditure

In considering authorisation of unauthorised expenditure, council must consider the following factors:

(Unaltered)

- "(i) Has the matter been referred to Council for a determination and decision?
- (ii) Has the nature, extent, grounds and value of the unauthorised expenditure been submitted to Council?
- (iii) Has the incident been referred to a council committee for investigation and recommendations?
- (iv) Has it been established whether the accounting officer or official or public office bearer that made, permitted or authorised the unauthorised expenditure acted deliberately or in a negligent or grossly negligent manner?

(Unaltered)

(v) Has the accounting officer informed Council, the mayor or the executive committee that a particular decision would result in an unauthorised expenditure as per section 32(3) of the MFMA?

(vi) Are there good grounds shown as to why an unauthorised expenditure should be authorised? For example:

- the mayor, accounting officer or official was acting in the best interests of the municipality and the local community by making and permitting unauthorised expenditure;
- the mayor, accounting officer or official was acting in good faith when making and permitting unauthorised expenditure; and
- the municipality has not suffered any material loss as a result of the action."

In these instances, the council may authorise the unauthorised expenditure. If unauthorised expenditure is approved by council, there would be no further consequences for the political office-bearers or officials involved in the decision to incur the expenditure."

This report serves to comply with the Municipal Council resolution of 31 July 2013, by providing the Standing Committee: Public Accounts with an overview of the financial results for the financial year ended 30 June 2013 in line with the First Supplementary Annual Financial Statements, as well as sufficient information regarding the overspending / unauthorised expenditure as at the end of the financial year.

5. OPERATING REVENUE AND EXPENDITURE

5.1 Operating Revenue and Expenditure

During the financial year under review, the approved budget was revised by means of an Adjustments Budget approved by Council on 28 February 2013, as well as corrections on the Budget through fund transfers in terms of the approved Fund Transfer Policy.

The Statement of Financial Performance shown in Annexure A.1 is prepared in accordance with the Standards of Generally Recognised Accounting Practices (GRAP) as presented in the Annual Financial Statements (AFS), detailing revenue by source type (excluding capital transfers and contributions) and expenditure by input type.

Annexure A.1 reflects an unfavourable revenue variance (actual versus budget) of R791 million (excluding capital transfers and contributions) or 3,9% measured against the current budget of the City of Tshwane.

The total operating expenditure reflects a favourable variance (under-expenditure), which amounts to R872 million or 4,3% measured against the current budget of the City of Tshwane.

5.1.1 Expenditure by Type

Table 5.1.1 below indicates the expenditure by type and the reasons for variances against each expenditure type. The three main contributors to this favourable variance are:

- General Expenses (Net) (R634 million);
- Bulk Purchases (R339 million); and
- Employee related costs (R133 million).

Table 5.1.1: Expenditure by Type

Remuneration of Councillors	88,940,726	92,573,293.91	3,632,568	104.1%	Allowances for members of council exceeded the budget owing to the late promulgation and retrospective implementation.
Bad debts: contribution & written off	840,260,543	934,428,290.11	124,167,755	114.8%	The provision for bad debt calculation exceeded the planned provision, which was partially offset by the non write-off of bad debt planned. Ambulance debtors written off exceeded the budget provision. This is a non-cash item.
Collection costs	95,968,400	95,798,871.25	(169,529)	99.8%	Within allowable limit
Depreciation	955,562,153	1,017,330,451.38	61,768,298	103.5%	Owing to asset clean up and capitalization of assets under construction, depreciation calculation exceeded the budget provision. This is a non-cash item.
Repairs & maintenance: Primary	1,413,991,607	1,377,573,678.76	(36,417,928)	97.4%	Within allowable limit
Interest paid	697,446,216	738,360,289.21	40,914,073	105.9%	Interest paid exceeded the budget provision primarily due to the restructuring of the loan book.
Bulk purchases	7,126,084,424	6,786,603,507.61	(339,480,916)	95.2%	Bulk electricity purchases realised lower than planned owing to the lower demand during the peak demand period and the PPA with Eskom not fully implemented.

Grants and subsidies paid	21,201,500	17,290,290.35	(3,911,210)	81.6%	Grants-in-aid: Assessment Rates realised lower than planned owing to less applications.
General expenses (Gross)	4,072,609,599	3,446,124,643.18	(626,484,956)	84.6%	Savings on coal and heating fuel purchases at power plants. Under spending on Project Linked Housing, LED Initiatives, EPWP Job Creation, HIV & Aids Grant, PTRS and Inner City projects. Savings on various items such as Lease of Office Equipment, Insurance Premiums and Excesses, Compensation Commissioner (IOD), Electricity disconnections, Post Employee Benefits transactions not yet processed, etc.
Less: Interdepartmental rates & service charges	(300,033,000)	(307,171,862.56)	(7,138,833)	102.4%	
General expenses (Net)	3,772,576,599	3,138,952,780.62	(633,623,819)	83.2%	
Loss on disposal of PPE	10,400	43,997,593.65	43,987,194	423053.8%	Loss on disposal of properties not planned.

TOTAL EXPENDITURE	20,371,061,776	19,498,612,132.30	(872,449,644)	95.7%	
SURPLUS/(DEFICIT) FOR THE PERIOD	2,136,188,493	2,084,439,900.75	(51,748,592)	97.6%	

However, the favourable variances on various expenditure items are partially reduced by the excess expenditure on the following items, which contributed to overspending / unauthorized expenditure by Departments (Votes):

- Bad debts contribution and written off (R124 million);
- Depreciation (R62 million);
- Loss on disposal of PPE (R44 million); and
- Interest paid (R41 million).

5.2 Performance: Operating Expenditure by Department (Vote) / Division

5.2.1 Operating Expenditure by Department (Vote) / Division

Table 5.2.1 hereafter indicates the Operating Expenditure by Department (Vote) / Division for the period ended 30 June 2013. Comparisons reflected are the Actual Expenditure compared to the Budgeted Expenditure for the period under review, from 1 July 2012 to 30 June 2013. The deviation of actual against budget, the deviation as percentage and the reason for the variance is also cited in the table below.

5.2.2 Unauthorised Expenditure

In line with the MFMA and Municipal Budget regulations, unauthorised expenditure is defined as overspending of the total amount appropriated for a Department (Vote) in the approved budget;

Table 5.2.2 Over-spending on the operating budget

Department/Division	Current Budget 2012/13	Cum Actual 2012/13	Budget Not/Overspent	% Budget Spent	Explanation of variance greater than 10% versus the budget
City Strategies & Performance Management	18,942,375	19,400,797	-458,422	102%	Total expenditure (before secondary costs) are at 99,93%, but after secondary costs are deducted from total budget the total expenditure is 2% over budget.
Communications, Marketing and Events	129,790,730	130,606,009	-815,279	101%	CM approved lifting of funds on 29 April 2013 for R15 289 310 owing to approved events for the city to be paid. This resulted in the total budget allocation being exceeded by R815 279 at year-end. Report submitted for approval of excess expenditure to MayCo and Council.
Emergency Services	420,777,236	454,034,520	-33,257,284	108%	Excess expenditure realised on Remuneration Group (R19,7 m), Write-off of Ambulance Debtors (R11,1 m), R&M Vehicles (R2,6 m), Finance Costs (R1,3 m), Telecommunication (R2 m), Petrol & Diesel Fuel (R3,6 m), etc. The Department submitted a report to MayCo and Council for approval.
Financial Services	1,289,864,371	1,355,012,738	-65,140,367	105%	Provision for Bad Debt (R443 m) is a non-cash transaction and is the main reason for the overspending of the total budget allocation of the Department. This is partially offset against other year-end transactions such as Lease Expenditure: Reclassification (R117 m), Interest Swap Fair Value (R81,6 m), and savings on Insurance Premiums (R9 m) and Compensation Commissioner (ICO) (R38 m), etc. Employee Benefits Actuarial Assessment transactions at year-end still have to be processed in Period 14.
Information & Comm Technology Management	332,300,931	390,443,429	-58,142,498	117%	Depreciation cost exceeded the budget allocation by R66 m and Finance cost exceeded the budget allocation by R11 m, which is the main reason why the total Departmental (Vote) bottom line allocation is exceeded by R58 m. Depreciation is a non-cash item.
Regional Service Delivery	2,022,477,777	2,229,780,511	-207,302,734	110%	Excess expenditure realised on Remuneration Group (R31 m), Depreciation (R77 m), Repairs & Maintenance (R241 m), Municipal Rates & Services (R25 m) and Raw & Consumption Materials (R3,7 m) respectively. The Department therefore exceeded its total bottom line budget allocation.

The factors that contributed to the overspending as cited in the table above are, inter alia:

- The change in reporting whereby the secondary costs are deducted from the budget and actuals resulting in the net expenditure exceeding the budget in the case of City Strategies & Performance Management.
- The approval by the City Manager as the Accounting Officer of reports by various departments for the lifting of "Funds Management" in line with the approved Budget Policy, in order to ensure the continuation of service delivery for the payment for services rendered to the City, which may result in "overspending" and "unauthorised" expenditure, as defined in the approved Budget Policy and the MFMA.
- In some instances departments managed to secure sufficient savings (under-expenditure) by year-end for the Department (Vote) to accommodate the overspending approved by the City Manager as Accounting Officer in the best interest of the municipality. However, the Communications Marketing and Events Department did not have sufficient budget allocation to absorb the additional expenditure required for approved city events and therefore the total budget allocation for the department (vote) was exceeded. Events approved are inter alia:
 - Deputy President Youth Summit

- The overspending on EMS Department was as a result over expenditure in the Employee Related Costs Group, repairs and maintenance and fuel cost.

The Fire Brigade Division shifts were supervised by Acting Company Commanders. These acting arrangements were terminated and 37 Leading Fire Fighters progressed to Company Commanders according to the Interim Grading scheme concluded in the Local Labour Forum on 1 July 2010. The Fire Brigade Services Division revised their grading scheme and a collective agreement on the implementation of the interim uniform salary grading scheme for Fire and Fire Safety employees was signed on 9 June 2010 by the Tshwane Division of the South African Local Government Bargaining Council (SALGBC) and the Local Labour Forum. The revision of the grading scheme makes it possible for personnel who obtain, for instance, the second year level (T2) of the National Diploma in Fire Technology or the Graduate Diploma from the Southern Africa Emergency Services Institute (SAESI), to progress to the level of Company Commander. The progression of Fire Fighters who obtained the required qualifications to Company Commanders would enhance the delivery of services with higher qualified staff and will mitigate against the continuous acting arrangements.

The write-off of arrear ambulance debtors to the extent of R11,1 million by the Group Financial Services Department as part of the year-end process also impacted on the overspending of the EMS department as the budget provision for the year was only R1 million.

The community of Tshwane is dependent on emergency services and in order for this Department to be in a position to render an efficient and effective service, the utilization of vehicles is imperative. The suspension of refuelling of vehicles due budget

constraints is not a viable option for the Emergency Services Department as this will have an obvious negative effect on service delivery to the community of Tshwane.

Furthermore, the Fire Fighting vehicles and ambulances are the primary response vehicles to most reported incidents in the City. These vehicles are also referred to as "frontline" appliances. The maintenance cost of these vehicles is very high because they are specialized vehicles which require extraordinary spare parts and the maintenance must be carried out by a person qualified to work on such vehicles. A further contributing factor to the high maintenance cost is that the average age of the current fleet is 10 year and breakages occur on a daily basis. This Department is currently busy with a replacement strategy to replace the entire fleet over a period of five years. This will lower the cost of repair and maintenance of vehicles in future.

- The **Group Financial Services** over expenditure is mainly owing to Bad Debts Contribution and Written Off item for the CoT (R443 million) – the final determination for the contribution is made during the year end finalising process. These transactions are non-cash transactions and are recorded accordingly. Therefore these transactions should be excluded from the determination of "unauthorised" expenditure. Fortunately the department also had other line items which produced savings that could offset the excess expenditure on bad debt provision. This is the only reason why the Group Financial Services Department exceeded the total budget for the Department (Vote).
- The **ICT Department** incurred Depreciation costs in excess of their budget provision of R66 million – the final determination is made during the year end process of capitalising of assets, the clean up of assets under construction and the preparation of the PPE registers. These transactions are non-cash transactions and are recorded accordingly. Therefore these transactions should be excluded from the determination of "unauthorised" expenditure. This is the only reason why the ICT Department operating expenditure exceeded the total budget for the Department (Vote).
- **Regional Service Delivery Department** - The demand for repairs and maintenance on the line-item "Lights", as well as the line item "Reticulation Electricity", are the largest contributors to the variance. With the regionalisation of operations the Regional Service Delivery Department had to contend with these additional demands. The Budget Policy does not allow the virement of funds between departments / votes, but only in an adjustments budget approved by the municipal council. This is in line with the MFMA and NT Budget Regulations with regards to spending on Votes. It needs to be noted that the overspending occurred in line with the municipalities objectives of accelerated service delivery and management acted in the best interest of the municipality in the provision of these services to the community it serves. Had it not been for the overspending on this item, the Regional Service Delivery department (Vote) would not have exceeded their total budget allocation and would not have incurred "unauthorised" expenditure.

6. CAPITAL EXPENDITURE

6.1 Capital Expenditure per Department (Vote) / Division

The table below indicates the current capital budget, the cumulative actual, the budget not spent (variance) and the percentage budget spent for the 2012/13 financial year ended 30 June 2013 (First Supplementary Period 13). The cumulative capital spending amounts to R4 427 996 879.86 or 96% compared to the approved Adjusted Budget of R4 613 868 295 for the period under review.

Table 6.1: Capital Expenditure per Department (Vote) / Division

Strategic Unit	Current Budget 2012/13	Cumulative Actual 2012/13	Variance (Actual vs Current Budget)	% Budget Spent (Cumulative Actual)	Reasons for Deviations from Current Budget (R500 000 and/or 5%)
Audit & Risk	1,000,000	879,856	120,144	88%	The Tender was cancelled the last week of June 2013 due the suppliers not meeting the requirements as per the Bid specification
City Planning & Development	5,200,000	3,998,040	1,201,960	77%	Provision was made for ICT contract price adjustments (CPA) which did not realise at financial year end. BAC cancelled final bid committee for tender appointments at end June 2013 and postponed to new financial year. Tender came in cheaper than anticipated as well as firms did NOT tender on all items as per specifications, thus not all items could be ordered.
City Strategies & Performance Management	1,000,000	643,785	356,215	64%	A saving realised.
Communications, Marketing and Events	1,500,000	1,164,369	335,631	78%	Equipment needed were procured and a saving realised.
Corporate & Shared Services	21,300,000	17,599,941	3,700,059	83%	The under expenditure is due to the delay at SCM where purchase orders were only made available in June 2013. The suppliers thus had insufficient time to order some of the items, eg welding machines. Purchase orders were not issued at SCM for the last fase of the project 712901 (Silverlakes Offices - Completion of Shere Building).
Economic Development	12,500,000	12,430,913	69,087	99%	Within allowable limit
Emergency Services	32,300,000	32,085,249	214,751	99%	Within allowable limit.
Environmental Management	80,260,000	71,034,228	9,225,772	89%	Tenders were cheaper than expected, which realised in a saving.
Financial Services	30,522,862	21,833,901	8,688,961	72%	The security system at an estimated cost of R900 000 could not be installed due to a delay in the approval of a tender at Metro Police. A saving has been realised. Fewer replacement of stolen and/or written-off fleet vehicles by Corporate and Shared Services Department Lesser replacements than projected. Expenditure below budget will actually result in a saving for the CoT.
Health & Social Development	2,000,000	1,892,120	107,880	95%	Within allowable limit.
Housing & Human Settlement	518,477,704	529,651,425	-11,173,721	102%	Project Linked Housing year-end accrual payment transactions resulted in budget exceeded.

There was however no budget available in 2012/13 to pay for the full amount. An amount of R8,07m was paid from 2012/13 budget and the rest was paid in July 2013. However, due to the invoice date, an accrual was done to the previous financial year by Finance Department. The Department was acting in the best interest of the Municipality by honoring the signed contract and effecting payment. An amount of R45 million was included in the 2013/14 capital budget for this project.
Legal Services	1,000,000	840,329	159,671	84%	Equipment needed were procured and a saving realised.

6.2 Unauthorized Capital Expenditure

In line with the MFMA and Municipal Budget regulations unauthorised expenditure is defined in overspending of the total amount appropriated for a Department (Vote) in the approved budget;

Table 6.2 Over-spending on the capital budget

Strategic Unit	Current Budget 2012/13	Cumulative Actual 2012/13	Variance (Actual vs Current Budget)	% Budget Spent (Cumulative Actual)	Reasons for Deviations from Current Budget (R500 000 and/or 5%)
Housing & Human Settlement	518,477,704	529,651,425	-11,173,721	102%	Project Linked Housing year-end accrual payment transactions resulted in budget exceeded.
Information & Communication Technology	140,849,177	165,853,211	-25,004,034	118%	Project 9.712951.1.015 - SAP HANA License by R31 607 372 A contract was signed by the City Manager in 2012 with SAP for SAP HANA licenses to the value of R45m. There was however no budget available in 2012/13 to pay for the full amount. An amount of R8,87m was paid from 2012/13 budget and the rest was paid in July 2013. However, due to the invoice date, an accrual was done in the previous financial year by Finance Department. The Department was acting in the best interest of the Municipality by honoring the signed contract and effecting payment. An amount of R45 million was included in the 2013/14 capital budget for this project.
Regional Service Delivery	491,494,130	505,145,906	-13,651,776	103%	Over expenditure as per CM approved lifting of funds management report.

- The year-end accrual payments with regards to Project Linked Housing resulted in the Housing and Human Settlements Department total Capital Programme (Vote) being overspent. The provision of housing is a high priority in the municipalities, the Gauteng Provincial Government's and the National Government's objective of accelerated service delivery and the attainment of the objectives of Outcome 8.
- The ICT Department had to honour the contractual commitment for the payment of the SAP HANA Licences, as per the approved contract. However, the budget for the licenses were only provided in the 2013/14 MTREF capital budget to the extent of R45 million. The payment was accrued to the 2012/13 financial year, as the municipality operates on the accrual basis of accounting. The budget is available in the 2013/14 financial year. The ICT Department could not avoid this overspending of their total Capital Programme (Vote) as they could not absorb the cost with savings on other projects.
- Overspending on the capital projects that resort under Regional Service Delivery Department are actually being implemented by the respective line departments and not by the Regional Service Delivery Department. The respective line departments requested the approval for the budget movements, which was approved by the Mayoral Committee for implementation.

7. COMMENTS OF THE STAKEHOLDER DEPARTMENTS

- 7.1 Comments of the Strategic Executive Director: Corporate and Shared Services (Legal Services)

The MFMA Section 71 In-year financial report is submitted to the Mayoral Committee/Council in compliance with legislative requirements.

9. CONCLUSION

Annexure A.1 reflects an unfavourable revenue variance (actual versus budget) of R791 million (excluding capital transfers and contributions) or 3,9% measured against the current budget of the City of Tshwane. The total operating expenditure reflects a favourable variance (under-expenditure), which amounts to R872 million or 4,3% measured against the current budget of the City of Tshwane.

The total capital expenditure reflects a favourable variance (under-expenditure), which amounts to R185,9 million or 4,0% measured against the current budget of the City of Tshwane.

Cognisance needs to be taken that the Operating and Capital Expenditure for the City of Tshwane in total for the 2012/13 financial year does not exceed the total approved budget.

This report serves to comply with the Municipal Council resolution of 31 July 2013, by providing the Standing Committee: Public Accounts with an overview of the financial results for the financial year ended 30 June 2013 in line with the First Supplementary Annual Financial Statements, as well as sufficient information regarding the overspending / unauthorised expenditure as at the end of the financial year.

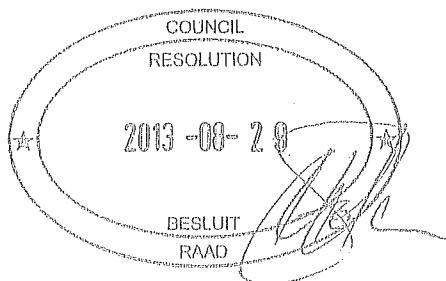

Furthermore, it is essential to note that the information provided in paragraphs 5 and 6 of the report is intended to provide sufficient evidence to the members of the Standing Committee: Public Accounts to make an informed decision, in order that they may be able to recommend to the Municipal Council that the overspending that occurred were approved in good faith in the best interest of good governance, accelerated service delivery to the community and in line with the provisions of the approved policies, legislative requirements and / or strategic objectives of the City.

ANNEXURE:

- A.1 Statement of Financial Performance for the period ended 30 June 2013 as per the First Supplementary AFS in the NT Standard Classification format.

RESOLVED:

1. That the information regarding the compliance with the municipal council resolution, the MFMA and the National Treasury Regulations contained in Paragraph 4 of the report be noted.
2. That the financial results as indicated in paragraph 5 and Annexure A1 of this report regarding the operating revenue and expenditure for the period ended 30 June 2013 (First Supplementary) be noted.
3. That the financial results regarding the capital expenditure for the period ended 30 June 2013 (First Supplementary) be noted.
4. That the over expenditure on a Department (vote) set out in paragraphs 5 and 6 of the report be authorised.
