PART 1 – ADJUSTMENT BUDGET

Section 1 - Mayors Report

An Adjustments Budget is the means whereby a municipality may revise its annual budget during the course of a financial year. It follows on the mid-year budget and performance review process which culminated in the report tabled at Council on 24 January 2013

The Adjustments Budget does not shift the priorities and overall direction of the current budget; it merely allows us scope to accelerate or decelerate certain programmes and is a very important precursor to the new budget being prepared for the 2014/2015 financial year.

The Adjustments Budget is therefore a technical budget as prescribed under the MFMA Municipal Budget and Reporting Regulations.

1.1 Reasons for the adjustments budget

1.1.1 Allocations and grant adjustments

Allocation and grant adjustments are included as a result of the approved National and Provincial Government Adjustments Budgets, however there is an indication that funds will be transferred to our municipality.

Various other grants (MIG R18.1 million & MSIG R4 850) have been reappropriated where they were unspent at the end of 2012/2013 and will be utilised in the current financial year

1.1.2 Appropriate additional revenues that have become available

The mid-year budget and performance assessment determined that additional revenue will be available for appropriation during 2013/2014 from property rates, interest earned and building plan fees. These will be appropriated to revise or accelerate spending programs already budgeted for.

.1.1.3 Correction of errors in the annual budget

The expenditure of R17, 2 million and its budget of R30 million including R60 million loan are to be transferred to operational budget as the grant are not in capital in nature

Section 2 - Resolutions

ADJUSTMENTS MTREF 2013/2014

RECOMMENDATION:

- [a]. That the annual adjustments budget of Umzimvubu Municipality for the financial year 2013/2014, as set-out in the schedules contained in Section 4, be approved:
 - [i] Table B2: Adjustments Budget Financial Performance (expenditure by standard classification)
 - [ii] Table B3: Adjustments Budget Financial Performance (expenditure by municipal vote)
 - [iii] Table B4: Adjustments Budget Financial Performance (revenue by source)
 - [iv] Table B5: Adjustments Budget Capital Expenditure for both multiyear and single year by vote, standard classification and funding
- [b]. That the following adjustments permitted in terms of section 28(2) of the Municipal Finance Management Act and reflected in the tables referred to in resolution [a] above be approved:
 - [i] That those additional revenues that have become available over and above those anticipated in the annual budget be appropriated to revise or accelerate spending programmes already budgeted for;
 - [ii] That the utilisation of projected savings in one vote toward spending under another vote be authorised; and
 - [iii] That any errors in the annual budget be corrected.

Section 3 – Executive Summary

1 Introduction

There are no material implications on service delivery for the remainder of this financial year as a result of this adjustments budget. There will be an implication on the 2013/2014 base data going forward, most significantly the increase in the revenue base for property rates and traffic fines.

An Adjustments Budget, as indicated in the Mayor's Report, is mainly technical in nature. It is also an important precursor for the new Annual Budget. This is especially the case in a period of economic downturn. Even though the municipality has an annual tourism event which is aim to showcase our tourist attraction areas that are within Umzimvubu there was as slight improvement but there was no huge impact.

As we have taken a conservative approach in this adjustment that department are to adjust within the approved budget as additional revenues will be directed to service delivery. There will be less money to spend on any nice-to-haves and there will be a requirement that departments review the services that they do deliver and do so in the most cost-effective and efficient means possible.

3.2 Provision of basic services

There is no negative effect of the adjustments budget on the provision of basic services, but the challenge we have is the credibility of the data. This has been prioritized by the whole district as the Alfred Nzo has procured services to do the work for the whole district.

3.3 Effect of the adjustments budget

As stated above the base revenue changes will impact upon the MTREF going forward. This is of course premised on current IDP and expenditure priorities. Revisions to the IDP for 2014/15 will have to take into consideration the financial realities facing Council within this current financial year.

3.3.1 Service delivery and budget implementation plan

The Executive and management have made a decision to utilise the adjustment budget process and take a proactive approach to fundamentally enhancing the SDBIP. These enhancements are to better reflect the primary focus areas for service delivery. These enhancements will have the additional benefit of addressing issues raised by the Auditor General during the 2012/13 audit process.

3.4 Adjustment highlights

Operating Budget

The major highlights as detailed in this adjustment process are the increased own revenues from property rates and interest earned. The additional provincial government grant allocations impact on both revenue and expenditure. The other largest single change to expenditure is for grants and subsidies paid.

Capital Budget

With regard to the capital budget there is a decrease of R141, 9 to R90, 7 million in this Adjustments Budget. This is as result of INEP R20 million and 60 million loan which both were for electricity distribution. These were included as capital in the annual budget as they are not in capital in nature so they had to be included under operating budget.

3.5 Conclusion

The Adjustments Budget has appropriated R43, 6 million additional revenues that have become available. The operating expenditure budget has increased by R91, 9 million and the capital budget has decreased by 51.1 million

PART 2 - SUPPORTING DOCUMENTATION

Section 5 – Adjustments to budget assumptions

The main adjustment in budget assumptions relates to the increased revenue projections.

5.1 Revenue

5.1.1 Property Rates

The year-to-date realised revenue is higher than the annual budget. Upward adjustments take into consideration potential outcomes at the end financial year.

5.1.2 Collection levels

On average collection levels in the current year are maintaining budgeted levels and thus no reduction in revenues is required due to falling collection levels. Furthermore, the write off of bad debt approved by Council on 6 December 2012 will impact positively on collection levels.

5.1.3 Build Plan Fees

Fine revenue collected by 31 December equaled the annual budget approved. The adjustment budget effectively doubles the revenue projection for this source of income. The original estimates were low since the project was only implemented in November 2011 and management chose to adopt a conservative budget approach when preparing the annual budget.

5.2 Expenditure

5.2.1 Employee related costs

Decreases in employee related costs are primarily as a result of the employee benefits not used by employees.

5.2.2 Other expenditure

The increase in other expenditure is directly related to implementation of projects funded from increased provincial allocations

Section 6 – Adjustments to budget funding

6.1 Summary of the impact of the adjustments budget 6.1.1

Funding of operating and capital expenditure

Funding of operating expenditure is still in line with the original budget

Capital expenditure remains fully funded from secured borrowings, government allocations and internally generated funds.

6.1.2 Reserves

In recent years Council has implemented has been trying maximising its cashbacked reserves whenever possible. This is a problem, most especially in regard to service delivery. The issue cannot be solved in the short term unless rates and tariff charges are increased to a level that is unsustainable.

6.2 Expenditure funded in accordance with MFMA section 18

The municipality funds its budget in terms of the above mentioned section of

the MFMA

Section 7- Adjustments to expenditure on allocations and grant programmes

Disclosure on expenditure on allocations and grant programmes is done by way of the following tables in Annexure 2:

- Supporting Table SB7 Adjustments Budget transfers and grant receipts
- Supporting Table SB8 Adjustments Budget expenditure on transfers and grant programme
- Supporting Table SB9 Adjustments Budget reconciliation of transfers, grant receipts, and unspent funds

The adjustments to expenditure on allocations and grants programmes are made up as follows:

- Provincial adjustments budget:
 - Operation Clean Audit (LGTA) R3million will be utilised on the existing operational program
 - DEDEA: R2 400 000 will be utilised on the existing program Donga Rehabilitation
 - Community Based Planning (Alfred Nzo District): R150 000 will be utilised as part of operational program for improvements to the public participation and planning

□ Unspent grants from 2011/12:

• MIG: R18 125 148 – will be utilised in terms of the grant conditions for the grant.

It must be noted that the allocations mentioned above are inclusive of VAT and that the recognition of grants as revenue in the statement of financial performance is done.

Section 8 - Adjustments to allocations or grants made by the municipality

The bursary fund has increased by R21 000 more than budgeted. This revenue realised has been appropriated in allocations made by the municipality.

Section 9 – Adjustments to councillors and board members allowances and employee benefits

Supporting Table SB11 Adjustments Budget - councillor and staff benefits' for further details.

The original salary increase was budgeted at 6.85%. The increase negotiated by SALGA and implemented was 6, 5% from 1 July 2013.

Section 10 - Adjustments to service delivery

and budget implementation plan

10.1 Quarterly service delivery targets and performance indicators in the SDBIP

Various factors have had an impact on the current years SDBIP necessitating a significant review. These can be grouped into internal and external factors.

10.1.1 Internal factors

Adjustment Budget

The impact of the adjustment budget on the SDBIP mainly relates to changes in the capital budget and is reflected in the amended SDBIP financial tables.

□ <u>Mid-year performance reviews</u>

Performance reviews undertaken with directors and acting directors have highlighted the issues raised during the quarterly SDBIP reviews.

10.1.2 External Factors

□ 2012/13 external audit process and AG report

Of the total number of 119 targets planned for the year, 36 were not achieved during the year under review. This means that 30% of the total planned targets were not achieved during the year under review. This was due to the underspending of the conditional grant relevant to the infrastructure and planning programme.

Section 11-Adjustments to capital

expenditure

The disclosures on adjustments to the capital programme are provided in Annexure 2 in the following supporting tables:

- Supporting Table SB16 Adjustments Budget monthly capital expenditure (municipal vote)
- Supporting Table SB17 Adjustments Budget monthly capital expenditure (standard classification)
- Supporting Table SB18a Adjustments Budget capital expenditure on new assets by asset class
- Supporting Table SB18b Adjustments Budget capital expenditure on renewal of existing assets by asset class
- Supporting Table SB18c Adjustments Budget expenditure on repairs and maintenance by asset class

Section 12 – Other supporting documents

Various supporting documents are attached to enable the reader a fuller understanding of the MTREF adjustments budget. These are:

Annexure 1 – Main Adjustment Budget Tables

Tables B1 to B10

Annexure 2 – Supporting Adjustment Budget Tables

Supporting Tables SB1 to SB18

Section 13- Municipal manager's quality certification

An adjustments budget and supporting documentation must be covered by a quality certificate in the format as per page 75 of the Government Gazette 32141 - 17 April 2009.

QUALITY CERTIFICATE

I, GPT NOTA, Municipal Manager of Umzimvubu Municipality, hereby certify that the adjustments budget and supporting documentation have been prepared in accordance with the Municipal Finance Management Act and the regulations made under the Act, and that the adjustments budget and supporting documents are consistent with the Integrated Development Plan of the municipality.
