# 2 <br> DR KENNETH KAUNDA DISTRICT MUNICIPALITY ADJUSTMENT BUDGET 2013/2014 EXECUTIVE SUMMARY 

The adjustment budget for 2013/2014 budget year is to give effect to Dr Kenneth Kaunda District Municipality`s service delivery priorities and objectives, thereby fullfilling the the needs as depicted in the Integrated Development Plan.

The 2013/2014 adjustment budget for Infrastructure Development is linked to Integrated Development Plan of Dr Kenneth Kaunda District municipality as consolidaed with those of the local municipalities with the Dr Kenneth Kaunda District municipality.

The Service Delivery and Budget Implementation Plan as the primary monitoring tool for budget implementation and monitoring by the municipal manager and senior managers give effect to those Projects of the Integrated Development Plan which have been identified by the communities of Maquassi Hills, Tlokwe, Matlosana and Ventersdorp and approved by the municipal councils of those municipalities as their needs priorities for the current annual budget of 2013/2014.

As the municipalities have scarce resources(funding) only the most urgent projects in the Integrated Development Plan have been identified and prioritised over others as it is highly unlikely that everything in the Integrated Development Plan can be accommodated in a single year annual budget.

The 2013/2014 adjustment budget allocates the funding from the budget to the following grants and subsidies infrastructure capital projects to local municipalities
for roads and stormwater R 20857406.00 , water management R 8116000.00 , waste management R 9300000.00 ,electricity R 772500.00 , community and social services R 18431549.00 , District Economic Development and Tourism R 12853 824, Waste Water Management R 10000000.00

The above capital budget allocations are in line with National, Provincial local guiding priorities of protecting the poor, creating employment, investing in infrastructure and ensuring fiscal stability.

The allocation on community and social servies is to address and create employment through community projects.

The allocation on water management is to further address full access to basic water services and the fulfillment of National government priority of all citizens to have access to basic water services by the year 2014.

The allocation on electricity is to give rural communities access to electricity services and also addressing rural development strategic goals for addressing service delivery backlogs in most rural areas.

# 3 <br> DR KENNETH KAUNDA DISTRICT MUNICIPALITY ADJUSTMENT BUDGET 2013/2014 EXECUTIVE SUMMARY 

The allocation on grants and subsidies operating as depicted in the summary totals is made up of Distrcit Economic Development, Office of the Executive Mayor, Office of the Speaker and Disaster Management Department, the allocation which totals to adjusted R 69078971.00 for the current budget year 2013/2014 executive summary.

Operating grants and susbsidies for Distrcit Economic Development and Tourism are for the SMME's and cooperatives development awareness and the need to invest in sustainable social and economic development.

It is against this background that financial and technical support to Small Medium and Micro Enterprises and Cooperatives is an integral part of the Dr Kenneth Kaunda District Municipality`s Local Economic Development strategy. The District is therefore supporting community based initiatives through conditional grants for viable business plans.
This will support a meaningful District Economic Development initiatives that foster micro and small business opportunities and job creation.

The objectives of DED the grants funding is to bring in new category of entrepreneurs presently constrained by limited accessto funding, to broaden access through new funding, flexible instrumentsand leverage with selected partners thus providing the tools with which to share in the growing South African economy, to introduce flexibility in services deleivery and accommodate the special circumstances of women owned and run enterprises both as regards funding range and type of facility offered.

The operating grants for the Office of the Speaker is for community participation mobile offices for Maquassi Hills and Venterdorp Local municipalities respectively.

Every year the Office of the Executive Mayor awards study bursaries to deserving students within the Dr Kenneth Kaunda District Mnunicipality. This assistance is for the students to study further at tertiary institutions within the Republic of South Africa.
There is a portion allocated as grants and subsidies operating for this purpose in the Office of the Executive Mayor`s Grants and Subsidies budget.
