- Expenditure on allocations and grant programmes
- Allocations and grants made by the municipality
- Councillor allowances and employee benefits
- Monthly targets for revenue, expenditure and cash flow

PART 1 – ANNUAL BUDGET

Section 1: MAYOR`S REPORT

I have pleasure in presenting the Medium Term Revenue and Expenditure Framework for the budget year 2014/2015.

Local government reforms in South Africa pose a challenge to all Municipalities and as well as smaller municipalities like ours. Indeed the Great Kei Municipality has sets its targets to comply with accounting reforms as envisaged in the MFMA and other pieces of legislation.

The economic viability of the region remains a priority for our municipality. Every effort has been made and continues to be made to stimulate investment in the Great Kei Municipality with the limited resources and high rate of unemployment that is faced by the municipality.

The council's strategic objective of service delivery includes improving delivering acceptable levels of services in roads, refuse removal and electricity.

National, Provincial, District and local priorities have been considered through Integrated Development Plan process, whereby communities give input into service needs and these are incorporated in the IDP process.

I must however admit that the IGR processes did not run smoothly as expected, however deliberations are being made with the relevant sector department like, Health, Education, Housing, Local Government and Amathole District municipality as the water service authority.

The council as an institution is faced with numerous challenges. The greatest challenge is the culture of non-payment for rates and services by customers on a regular basis. Due to this challenge the municipality has become increasingly reliant on grant funding received from National Government. In this budget grant funding contributes 59% and 41% from own revenue.

To be able to generate own revenue, council has increased electricity tariff with 7,39%, refuse and rates tariffs has increased by 6%. The electricity increases is in line with NERSA as amended on 03 November 2013 and Eskom tariff increases.

The electricity service though is supposed to generate revenue to improve electricity infrastructure and subsidize other services, it is being ran at a loss in Great Kei as a result of tampering by the community. The high unemployment rate in the region has become the major contributing factor towards the inability of customers to service their accounts.

The municipality is however working towards improving its credit control policy and implementation of revenue enhancement strategy to be able to deliver on its mandate and achieve National and Provincial priorities. The municipality is having meetings Rate Payers Association in order to deal with the matter of non-payment of their services.

Inability of the municipality to attract skilled employees, like engineers and electricians to deal with service delivery issues is another challenge as the revenue base of the municipality is limited.

As a summary, the medium term service delivery objectives include the:

- The registration of indigent consumers and the rollout of free basic electricity;
- Improve credit control and implementation of revenue enhancement strategy;
- Improving Financial Management;
- Improve IT infrastructure;
- Upgrading of roads;
- Fencing Cemeteries;
- Upgrading Community Halls;
- Reduce electricity distribution losses;
- Capacity building; and
- SMME development.

The Great Kei Municipal Budget is prioritizing service delivery and creation of job opportunities through SMME development.

The total budget of the municipality is R110m of which R12m is for capital expenditure and R98m is for operating expenditure. Due to limited resources the municipality is not in a position to contribute much to capital expenditure.

EXPENDITURE TYPE	2014/15	2015/16	2016/17
Operating	98 451 054	103 835 584	109 581 649
Capital	12 214 950	13 477 025	13 905 578
Total	110 666 004	117 312 609	123 487 227

Despite the numerous challenges facing Council, I and my fellow councilors are confident for the future of the Great Kei Municipality and are committed to building the financially sound and prosperous municipality that delivers services on time to Great Kei communities.

I would like to thank the community for their inputs into the IDP and budget process, my fellow councilors, the Acting Municipal Manager and his staff for their continued support.

N W TEKILE

MAYOR

SECTION 2: BUDGET RELATED RESOLUTIONS

The resolutions approved by Council with final adoption of the budget in May will be:

RESOLVED:

- a) That the annual budget of Great Kei Municipality for financial year 2014/2015; and
 - indicative for two projected years 2015/2016 and 2016/2017 as set out in the
 - schedules contained, be approved:

Table A1 – Budget Summary

Table A2A - Budget Financial Performance (revenue and expenditure by standard classification)

Table A3A – Budgeted Financial Performance (revenue and expenditure by municipal vote)

Table A 4 – Budgeted Financial Performance (revenue and expenditure)

Table A5 – Budgeted Capital Expenditure by vote, standard classification and funding

Table A5A – Budgeted Capital Expenditure by vote, standard classification and funding

Table A6 – Budgeted Financial Position

Table A 7 – Budgeted Cash Flows

Table A 8 – Cash backed reserves/accumulated surplus reconciliation

Table A 9 – Asset Management

Table A 10 – Basic Service Delivery measurement

SECTION 3: EXECUTIVE SUMMARY

The Municipality has utilized budget formats extracted from National Treasury website to report on 2014/2015 annual budget.

Effect of the annual budget

- The Municipality uses external mechanisms to provide service delivery, in particular, the construction of capital assets and professional engineering services associated with the service.
- Electricity distribution is done in the area of Komga only, as all other municipal areas are supplied by Eskom directly. Funding from National government for the electrification of housing has not been gazette in the year 2014/2015. Bulk electricity purchases budget for the year is R 6 500 000, however, there is gross under collection in the service as there is a large number of consumers tampering with electricity. Free basic electricity has a budget provision of R100 000 and the other source of energy is budgeted for at R100 000. National Electricity Regulator (Nersa) has approved an increase in the bulk electricity to 8.06%. The Municipality has increased electricity charges by 7.39% and charges will differ depending on consumption by different users. This difference in percentage changes will put a strain in the Municipality's finances because the cost of purchasing the electricity service is way more than the inflation rate.
- Refuse removal is done internally in all GKM areas and the municipality has limited capacity to deliver this service to communities due to financial constraints

in acquiring plant for refuse removal. The annual tariff for 2014/2015 on this service is 6%. Budget allocation for refuse removal is distributed among the expenditure votes including fuel, vehicle licensing, truck service, landfill site renovation as well as the human capital associated with the service.

- Budget provision for construction of roads via MIG amounts to R 12 815 000, including 5% allocation for miscellaneous expenses of the Project Management Unit.
- The Operational costs excluding personnel costs are budgeted for utilizing the funds allocated from the Provincial Department of Sports, Arts and Culture for Library Section. Amount allocated for Library Subsidy for the budget year 2014/2015 is R410 000.

The proposed major tariff adjustments are as follows:

Assessment Rates - 6% rebate is R15000 and R30 000 for all residential properties.

Waste Management - 6%

Electricity - 7.39%

Other Sundries tariffs - 6%

SECTION 4: BUDGET RESOLUTIONS

In terms of section 24 of the Municipal Finance Management Act 56 of 2003, the annual budget of the Great Kei Municipality for the financial year 2014/2015, and indicative allocations for the two projected outer 2015/2016 and 2016/2017, and the multi-year and single year capital appropriations are approved as set out in the following tables:

- 1.1 Budgeted Financial Performance (revenue and expenditure by Standard Classification)
- 1.2 Budgeted Financial Performance (revenue and expenditure by municipal vote)
- 1.3 Budgeted Financial Performance (revenue by source and expenditure by type including capital transfers and contributions) and
- 1.4 Multiyear and single year capital appropriations by municipal vote and standard classification and associated funding by source.
2. That the financial position, cash flow, cash backed reserve/accumulated surplus, asset management and basic service delivery targets are adopted as set out in the following tables
 - 2.1 Budgeted Financial Position
 - 2.2 Budgeted Cash Flows
 - 2.3 Cash Backed reserves and accumulated surplus reconciliation
 - 2.4 Basic service delivery measurement
3. That in term of section 24 (2) © (i) and (ii) of the Municipal Finance Management Act, 56 of 2003 and sections 74 and 75A of the Local Government Municipal Systems Act, Act 32 of 2000 as amended, the tariffs for the supply of electricity, waste services, and

property rates as set out in annexure that are used to prepare the estimates of revenue by source, are approved with effect from 1 July 2014.

PART 2 – SUPPORTING DOCUMENTATION

SECTION 5: Overview of annual budget process

Municipal Finance Management Act section 21 requires that the process for preparing the annual budget and for reviewing the municipality's integrated development plan and budget should be well co-ordinate to ensure consistency as well as credibility.

The budget and IDP process plan of the municipality was tabled in Council in August 2013. Communities gave priorities per ward in the various consultative meetings during the months of November 2013 and April 2014. The annual budget and IDP will be tabled to Council in May 2014.

The annual budget will be placed on the Municipal website and will be placed on all municipal libraries as well as in Municipal Satellite Offices.

The final budget was tabled on the 30th May 2014 for final adoption by Council. The Municipality's annual budget is prepared on a three year basis. This takes into account the National and Provincial allocations to the Municipality. The MFMA requires municipalities to prepare 3 year budgets, with comparatives of the past three years, the

current year as well as the two outer years. This is meant to ensure a more thorough financial planning and provide for seamless service delivery.

SECTION 6: ANNUAL BUDGET PROCESS

Each year National Treasury issues a circular to municipalities indicating the budget parameters within which municipalities should base their budgets on.

Circular 72 has reflected the following headline forecast for the year 2014/2015, 2015/2016 and 2016/2017 is 6.2 percent, 5.9 percent and 5.5 percent respectively.

- Assumptions that inform the 2014/15 budget are consumer price index (CPI) of 6% for Councillor Allowances,
- 6% increase for S 57 Managers,
- 9% increase for employees below S 57 Managers,
- Administration costs,
- repairs and maintenance costs of 6% increment based on circular 70 published by National Treasury,
- capital charges incremental is 6%
- capital budget estimates are based on grant allocations as Gazzetted in the DORA and internal revenue.
- capital budget has reduced from R 13 696 000 in 2013/2014 to R 12 815 000 in 2014/2015 financial years.

- The municipality prioritizes electricity distribution, construction of roads, community halls; refuse removal, among others, SMME development through the implementation of Supply Chain Policy.

SECTION 7: Overview and alignment of the Annual Budget with the Annual Integrated Development Plan

The Integrated Development Plan is the strategic document of the municipality which forms the basis of all projects undertaken. The budget is an enabling tool and consists of community priorities and indicates funded and non-funded projects.

Community consultation allow for proper prioritization of needs per ward and takes into account available resources, particularly, financial resources.

The highlights of the annual budget that are aligned to IDP for the year 2014/15 include, but not limited to the following projects to be funded by internal revenue: This is on the assumption that all revenue projected will be received during the 2014/2015 financial year.

Project name	Department allocated to	Amount budgeted
Audit Fees	Municipal Manager	R 3 000 000
Life Saving	Strategic Services	R 350 000
Renovations at Caravan Park	Community Services: Caravan Park	R 200 000
Bulk Electricity	Technical Services: Electricity	R 6 500 000

Loan Repayment - DBSA	Budget & Treasury	R 700 000
Training	Corporate Services	R 300 000
Repairs: Municipal Houses	Infrastructure Services: Town Planning	R 400 000
Fencing of Cemeteries	Community Services: Cemeteries	R 400 000
Local Economic Development projects- SMME development	Strategic Services	R 100 000
IDP and PMS	Strategic Services	R 300 000
Public Participation	Municipal Council	R 100 000
Repairs: Municipal Buildings	Technical Services: Town Planning	R 400 000
Roads Maintenance	Technical Services: Streets	R 1 000 000
Revenue Solution Project	Budget and Treasury Office	R 1 200 000

Municipal Infrastructure Grant income amount to R 12 815 000 for the year 2014/2015 and includes Project Management unit operating expenses of 5%. Identifiable projects to be utilized by the MIG grant include:

- Construction of Nomzamo Day Care Centre

- Rehabilitation of Roads to Orphanage Home
- Rehabilitation of Makhazi Internal Streets
- Rehabilitation of Zone 10 Internal Streets
- Rehabilitation of Belekumntwana Internal Streets
- Rehabilitation of Sidi Internal Streets
- Rehabilitation of Mangqukela Internal Streets
- Rehabilitation of Lusasa Internal Streets
- Construction Bhola Day Care Centre

SECTION 8: Measurable performance objectives and indicators

In developing measurable performance objectives, consideration has been given to:

- the IDP of the Municipality,
- the Service delivery and budget implementation plan
- Economic development initiatives that facilitate job creation, economic growth, poverty alleviation as well as provision for basic services.

Measurable performance objectives and indicators include the following:

- (a) Borrowing management
- (b) Debtors and creditors management
- (c) Expenditure types
- (d) Revenue sources
- (e) Unaccounted for losses in respect of services rendered i.e. electricity losses.

Measurable performance objectives for :

- Revenue for each vote
- Revenue for each source
- Operating and capital expenditure for each vote

SECTION 9: Overview of budget assumptions

Budget assumptions:

Circular 72 has been utilized as the primary source of obtaining guidance on percentages for all expenditure and revenue increases. Internal and external factors affecting the budget have been considered.

External factors:

- (a) The high rate of unemployment within the municipal area which results in the increase in the indigent register. Also, the debtors' book has huge balances that need to be considered for writing off as irrecoverable.
- (b) The recent economic downturn has also affected the ability for other consumers to pay for services as well as the attitude of non-payment for services.
- (c) The municipality has limited funds to support SMME development which would serve as an exit strategy for indigent consumers as well as to improve the overall status of consumers.

- (d) The general inflation is estimated at 6% for the 2014/2015 financial year. This affects the general tariff increases levied by the Municipality from year to year.
- (e) The recent reduction in electricity tariffs by Nersa to 7.39% impacts negatively on Municipality because the cost of acquiring this service for the 2014/2015 financial year is 8.06%.
- (f) The agreement that will be reached by Unions in terms of the wage negotiations will affect the estimated 9% increase implemented by the Municipality, negatively or positively, for this annual budget.

SECTION 10: Funding Compliance

The municipality depends mostly on grant funding to finance operations. Factors affecting the financial viability of the municipality have been highlighted in the above paragraphs. A revenue raising strategy has been developed and it has been one and a half years since its implementation from 2012/2013 financial year. The financial viability of the municipality has been identified as one of the key priorities in the New Year and other revenue raising strategies will be put in place together with the implementation of Debt and Credit Control Policy.

The increase in electricity tariff is supported by the result of the increment approved by Nersa on 19 November 2013. Other service increases are set at 6% so as to cover operational costs.

The budget is credible and it is cash backed. The municipality does not foresee entering into loan arrangements but has processes in place to repay all outstanding loans, eg. DBSA loan.

SECTION 11: OVERVIEW OF BUDGET FUNDING

The MFMA S 18 (1) states that the annual budget may only be funded from:

- Realistically anticipated revenues to be collected
- Cash backed accumulated funds from previous year's surplus funds nor committed for other purposes, and
- Borrowed funds, but only for capital budget referred to in S17

This section requires that projected revenues be based on recorded revenues of the previous period which forms a clear indication of how projections should be set.

A Credible Budget

- A Budget is Credible when it is an implementing tool for the Municipal IDP, this ensures that projects indicated in the IDP will be achieved within the financial constraints of the Municipality.
- The service delivery and budget implementation plan of the municipality and set performance targets can be achieved with the budget.
- Contains revenue and expenditure projections that are consistent with current and past performance and are supported by documented evidence of future assumptions.
- does not compromise the financial viability of the Municipality.
- Provides managers with appropriate levels of delegation sufficient to meet their financial management responsibilities.

FISCAL OVERVIEW OF GREAT KEI MUNICIPALITY

The Great Kei Municipality is largely dependent on Grant funds that are allocated by the National Revenue Fund. The amount generated from internal revenue is largely affected by external factors, including the attitude or culture of non-payment for services by consumers. Further, the municipality has an electricity distribution license to the Komga community only as all other areas of the municipality are supplied directly by Eskom. This then is a loss of revenue that could assist the municipality on financial sustainability and on the proper implementation of debt and credit control policies. Also there is a high rate of electricity tampering within Great Kei Municipal and this leads to loss of revenue.

The municipality is unable to match employee salaries with those of municipalities of a similar grade. This is particularly due to limited funds available. It therefore leaves the municipality at a disadvantage of not being able to attract highly skilled individuals.

Section 12 – Expenditure on allocations and grant Programmes

Grant allocations are detailed in the following schedule:.

Grant funding	Purpose	Allocating Authority	Amount 14/15 R 000	Amount 15/16 R 000	Amount 16/17 R 000
Equitable Share	Unconditional - Free basic services – councilor allowances	National Treasury	R 36 762	R 42 276	R 41 659
Finance Management Grant	Conditional	National Treasury	R 1 800	R 1 950	R 2 100
Municipal Systems Improvement Grant	Conditional	National Treasury	R 934	R 967	R 1 018
Extended Public Works Programme	Conditional	National Treasury	R1 000	R 1 000	R 1 000
Library Subsidy	Conditional	Provincial	R 600	R0	R0

Municipal Infrastructure Grant	Conditional	National Treasury	R 12 815	R 13 148	R 13 542
--------------------------------	-------------	-------------------	----------	----------	----------

SECTION 13: GRANT ALLOCATIONS TO OTHER MUNICIPALITIES

The Great Kei Municipality is a category B municipality which is located in a semi-rural area of the Eastern Cape. The majority of communities are unemployed as there are no industries within the Municipal area. The towns making up the municipal area include: Chintsa, Kei Mouth, Morgan Bay,Haga.

This therefore means the Municipality does not make any allocations to other institutions.

SECTION 14: COUNCILLOR ALLOWANCES AND EMPLOYEE BENEFITS

Supporting Table SA 22 and SA 23 give a summary of councilor allowances and employee benefits for all the budget years.

SECTION 15: MONTHLY TARGETS FOR REVENUE, EXPENDITURE AND CASH FLOW

Monthly cash flows by Source

Supporting tables SA 24 to SA 30 show the monthly cash flows of the municipality for the budget year.

SECTION 16: ANNUAL BUDGET AND MUNICIPAL SCORECARD

The scorecard of the Municipality is linked to the Integrated Development Plan (IDP). It is this document that details the activities to be undertaken by the Municipality to realize the IDP. Departmental service delivery and budget implementation plans are then annealed from the Municipal strategic scorecard.

SECTION 17: ANNUAL BUDGET AND SERVICE DELIVERY AGREEMENTS – MUNICIPAL ENTITIES AND OTHER EXTERNAL MECHANISMS

The Great Kei Municipality does not have a municipal entity.

The Municipality does not have any other service delivery agreements with external parties for the delivery of Municipal services.

SECTION 18: CONTRACTS HAVING FUTURE BUDGETARY IMPLICATIONS

The Municipality does not have any agreements that have future budgetary implications.

SECTION 19: CAPITAL EXPENDITURE DETAILS

Details on capital expenditure are listed in Supporting Table SA 34 to SA 37.

SECTION 20: LEGISLATION COMPLIANCE STATUS

The Municipal Finance Act together with the latest budget regulations and circular, have been utilized to compile the budget for the MTREF.

The Act covers all aspects of municipal finance including budgeting, supply chain management and financial reporting.

The Great Kei Municipality is a low capacity Municipality as designated according to National Treasury capacity levels.

The MFMA and the budget

The following explains the budgeting process in terms of the MFMA as well as with the guidance of the Municipal Budget Regulations effective to low capacity municipalities by 1 July 2010.

The budget preparation process

The MFMA S 21 requires the Mayor of the Municipality to lead the budget preparation process through a co-ordinated cycle of events. The budget cycle should commence at least 10 months before the start of the budget year to ensure that the budget is approved before the start of the financial year.

A budget and IDP Process Plan was tabled before Council in August 2013 for the budget preparation process of the 2014/2015 financial year as well as the two outer years. The Integrated Development Plan of the Municipality has been reviewed during 2013/2014 and the national fiscal and micro-economic policies have been taken into consideration with regard to funding allocations as well as prioritization of projects. The Municipality has also taken into consideration the National, Provincial and District budgets in reviewing of the IDP document such that communities and all other stakeholders are consulted on projects to be undertaken.

The Mayor has to ensure that the IDP review forms an integral part of the Budget Process and that any changes to the Strategic priorities as contained in the IDP document have realistic projections of revenue and expenditure.

Tabling of Annual Budget

The Initial draft budget was tabled before Council on the 31st March 2014.

The final budget will be adopted on the 20 May 2014

Publication of the Annual Budget

Once tabled to Council, the annual budget is submitted to National Treasury, Provincial Treasury and also placed on the Municipal website in terms of S75 of MFMA. In that Council meeting members of the community are invited to ensure they participate fully in the budget process.

MFMA requirements:

The MFMA S 17, requires that an annual budget of a municipality must be a schedule in the prescribed format setting out realistically anticipated revenues to be collected from each revenue source. National Treasury introduces updated budget A1 schedules each year that the Municipalities have to comply with. The Great Kei Municipality has made efforts to comply with Circular 72 of the MFMA.

SECTION 21: QUALITY CERTIFICATION

I, V. Mapukata, Acting Municipal Manager of Great Kei Municipality, hereby certify that the Annual Budget and supporting Documentation have been prepared in accordance with the Municipal Finance Management Act and regulations made under the act, and that the annual budget and supporting documents are consistent with the Integrated Development Plan of the Municipality.

V. Mapukata

Acting Municipal Manager of Great Kei Municipality (EC 123)

References

1. Classifications are revenue sources and expenditure type
2. Detail to be provided in Table SA1
3. Previously described as bad or doubtful debts' - amounts shown should reflect the change in the provision for debt impairment
4. Expenditure type components previously shown under repairs and maintenance should be allocated back to the originating expenditure group/item; e.g. employee costs
5. Repairs & maintenance detailed in Table A9 and Table SA34c
6. Contributions are funds provided by external organisations to assist with infrastructure development; e.g. developer contributions (detail to be provided in Table SA1)
7. Equity method

References

1. Municipalities may choose to appropriate for capital expenditure for three years or for one year (if one year appropriation projected expenditure required for yr2 and yr3).
2. Include capital component of PPP unitary payment. Note that capital transfers are only appropriated to municipalities for the budget year
3. Capital expenditure by standard classification must reconcile to the appropriations by vote
4. Must reconcile to supporting table SA20 and to Budgeted Financial Performance (revenue and expenditure)
5. Must reconcile to Budgeted Financial Performance (revenue and expenditure)
6. Include finance leases and PPP capital funding component of unitary payment - total borrowing/repayments to reconcile to changes in Table SA17
7. Total Capital Funding must balance with Total Capital Expenditure
8. Include any capitalised interest (MFMA section 46) as part of relevant capital budget

EC123 Govt Val - Table A5 Budgeted Capital Expenditure by vote, standard classification and funding

Total Application of cash and investments:		12 166	15 905	5 378	(30 914)	(35 500)	(35 500)	-	(5 700)	(6 181)	(43 698)
Surplus(shortfall)		(1 230)	4 502	11 264	59 514	64 100	64 100	-	24 700	26 346	65 037

References

1. Must reconcile with Budgeted Cash Flows
2. For example: VAT, taxation
3. Council approval for policy required - include sufficient working capital (e.g. allowing for a % of current debtors > 90 days as uncollectable)
4. For example: sinking fund requirements for borrowing
5. Council approval required for each reserve created and basis of cash backing of reserves

References

1. Positive cash balances indicative of minimum compliance - subject to 2
2. Deduct cash and investment applications (defined) from cash balances
3. Indicative of sufficient liquidity to meet average monthly operating payments
4. Indicative of funded operational requirements
5. Indicative of adherence to macro-economic targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
6. Realistic average cash collection forecasts as % of annual billable revenue
7. Realistic average increase in debt impairment (doubtful debt) provision
8. Indicative of planned capital expenditure level & cash payment timing
9. Indicative of compliance with borrowing 'only' for the capital budget - should not exceed 100% unless refinancing
10. Substitution of National Province allocations included in budget
11. Indicative of realistic current arrear debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
12. Indicative of realistic long term arrear debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
13. Indicative of a credible allowance for repairs & maintenance of assets - functioning assets revenue protection
14. Indicative of a credible allowance for asset renewal (requires analysis of asset renewal projects as % of total capital projects - detailed capital plan) - functioning assets revenue protection

References

1. All numbers to be expressed as whole numbers except FTEs and Rates in the Rand
2. To give effect to rates policy
3. Full Time Equivalent (FTE) should be expressed to one decimal place and takes into account full time and part time staff
4. Required to implement new system (FTE)
5. Provide relevant information for historical comparisons. Must reconcile to the total of Table SA12
6. Current and budget year must reconcile to Table A4 Budgeted Financial Performance (revenue and expenditure)
7. Included in rate revenue budget
8. In favour of the rate-payer
