# **1.MAYOR' REPORT**

## **1. MAYOR's REPORT**

**23 January 2015**

Our honourable Madam Speaker, our Chief Whip, Members of the Mayoral committee and Chairpersons of the section 79 and 80 committees, Magoshi a rena, and all stakeholders present here, our Municipal Manager, and Executive managers;

**Thobela, Good morning**

The council has approved the 2014/15 budget in line with available legislation i.e. the Municipal Finance Management Act (MFMA) and Municipal Budget and Reporting Regulations (MBRR). The budget has been monitored throughout and the half yearly budget review was performed. The review has highlighted areas which require an adjustment. The analysis was based on the midyear financial results. The budget adjustment document also includes the 2013/14 roll overs from conditional grants and from our portion of the 2013/14 equitable shares.

After the Mid-year assessment was done, there was a consideration for adjustment budget. The process of the adjustment budget was basically done in conjunction with the review of the SDBIP. Through the analysis of the departmental budgets for the first six (6) months of the financial year, the budget steering committee meeting and one on one sessions between Finance and the managers saw it befitting to make adjustment wherever necessary. Accordingly, the projected expenditure was revised in an adjustment budget. The adjustment budget was done in accordance with the MFMA and MBRR.

As the Capricorn District municipality, we are a water service authority. More savings were now allocated to the water services projects among others. The forward planning strategy continues. We have a forward planning strategy that is currently being used in relation to water projects.

A number of consulting engineers were appointed on a multi-year process to do designs for projects that are in the IDP for the coming year 15/16 and 16/17 retrospectively. This forward planning will assist in having a budget being spent and the municipality i.e being able to meet our conditions of the grants which we receive from Treasury. At the same time, providing service to our people.

More money was also allocated to the operations and maintenance on water in this 2014/15 financial year. As we continue to build the water infrastructure, attention is put on maintaining this infrastructure. Most of our communities are in the rural villages, there are other ways of providing water through boreholes and water tankers. The institution has also appointed the term contractors for all operations and maintenance on water.

Madam speaker, in summary – as required by section 69(2) of the Municipal Finance Management Act, and guiding, the accounting officer must where necessary prepare an adjustment budget and submit it to the Mayor for consideration and tabling in the municipal council. Therefore we are tabling the adjustment budget of **R1 Billion** in this financial year 2014/15. This comprises of the capital expenditure of **R442 million** and operational expenditure of **R647 million**. We hope and believe that this adjustment budget will enhance service delivery within our district as we table this to council for approval.

I thank you all!

## **2.COUNCIL RESOLUTIONS**

# CAPRICORN DISTRICT MUNICIPALITY

---

## EXTRACT FROM THE MINUTES OF COUNCIL MEETING HELD ON 23 JANUARY 2015

---

### ITEM

**OC 08/15/7.1.3      ADJUSTMENTS BUDGET 2014/2015**

### RESOLUTION

***Resolved,*** That

- (a) The 2013/14 Roll over budget be noted; and
- (b) The Adjustments Budget 2014/2015 totaling R1, 089,302,549 be approved.

**CERTIFIED AS A TRUE EXTRACT  
FROM THE MINUTES.**

OC 08/15/7.1.5      **REVISED SERVICE DELIVERY AND BUDGET  
IMPLEMENTATION PLAN -2014/ 2015**

**RESOLUTION**

**Resolved,** That the reviewed Service Delivery and Budget Implementation Plan  
2014/15 be approved

**CERTIFIED AS A TRUE EXTRACT  
FROM THE MINUTES.**

  
NM LEKGANYANE  
COUNCIL SPEAKER

23/01/2015  
DATE

### **3.EXECUTIVE SUMMARY**

### **3.EXECUTIVE SUMMARY**

#### **3.1 INTRODUCTION**

The municipality has experienced a reduction of 21% compared to the original budget for 2014/15 financial year with roll overs included. More than 90% of the budget funding is based on grants and subsidies provided for by the national government. The grants are utilised to fund both operating and capital expenditure.

A total of **R 1 089 302 549** for 2014/15 medium term is proposed comprising of **R 647.1m** for operating budget and **R 442.1m** for capital budget. This figures are without depreciation of **R80.7m**.

#### **3.2 ADJUSTMENT BUDGET SUMMARY 2014/15**

##### **3.2.1. Operating Budget**

The operating budget realised an increase by 7%. The budgetary constraints realised in the 2014/15 medium term budget is due to high dependency on grant funding.

The municipality is currently the water services authority with four local municipalities operating the water business as water services provider. We have budgeted in the current year for revenue raising strategies, development and enforcement of bylaws and improving our billing systems. The projects are aimed at increasing the revenue of the district. The water business is currently not sustainable as it is funded from grants only.

Operating expenditure has increased by the roll-over of **R47.8m** but decreased by **R5m** from **R 652 118 877** to **R 647 105 056** during the adjustment budget.

The adjustments were done on the following:

- Salaries were decreased by R21 475 000 from savings of positions that were budgeted for in the original budget but not yet appointed or appointed later during the year.
- Councillors allowances have increased by R320 000
- General expenses were increased by R7 761 700
- Operating projects had a few decrease and some increases on various projects that led to the overall increase of R7 154 479
- The repairs and maintenance increased by R1 225 000

### **3.2.2. Capital Budget**

The 2014/15 capital budget realised an increase of R10m. from the previous financial year 2013/14 financial years realised a huge amount of cash injected in the capital budget. The municipality utilised its surplus cash for the projects. The 2014/15 financial year capital budget was mainly funded by grants.

### **3.2.3. Budget Analysis**

The municipality has adopted a zero based budgeting which also known as a priority based budgeting. Activities are prioritised before funds are allocated, i.e. budget is informed by activities. The zero based budgeting ensures money is not taken for granted and it creates a questioning attitude, i.e. do I need the funding, can I phase in over the next financial years, will I spend everything in the financial year?

A saving was realised on personnel cost due to a number of factors. That is the resignations and positions budgeted for but not yet appointed in July 2014. There was an increase in operating projects that is mainly caused by the increase in the forward planning process on water projects and operations and maintenance.

### **3.2.4. Capital Budget outlook and Challenges**

Our capital budget realised an increase and the operational budget reduced on the salary budget. The municipality will spend R346 million on water infrastructure, and R40 million on the refurbishment of water equipments in terms of Operations and maintenance projects on the capex side and R139 million on the opex side.

The sanitation amount of R6 200 000 was increased to operational budget, due to its nature. A huge reduction on roads infrastructure was realised due to the fact that the municipality is concentrating on its core function that is Water, Fire and Rescue and Disaster management. The municipality will spend R 3.9 million on emergency and disaster infrastructure.

## **7.ADJUSTMENTS TO BUDGET ASSUMPTIONS**

## **7.ADJUSTMENT TO BUDGET ASSUMPTIONS**

The following budget assumptions need to be considered when preparing the budget:

### **a) General Inflation Outlook**

The municipality should be able to analyse the impact of economic forces when preparing the budget. The impact on economic meltdown as experienced and the general inflation outlook in order to determine our spending patterns.

### **b) Salary costs**

Personnel costs was analysed and the average increase needs to be looked at taking into account savings due to resignations and positions not yet appointed but budgeted for.

### **c) Price Movements**

The bulk water purchases remains the same as the original budget since well the outstanding debts are paid up and up to date, hence no adjustments.

### **d) Interest rates**

An assumption on the amount to be invested, the period of investment and interest rates is being determined in order to realistically budget for interest income from investments. The assumption should further take into account the economic factors for realistic projection. The interest on investment amount has been increased.

### **e) Ability of the municipality to spend and multi-year budgeting.**

The municipality should further assess the spending percentage that is targeted and cash flow prediction for payments in order to allow proper budgeting. We should further

take into account, programmes that are designed to be implemented over a number of financial years in order to curb roll-over and encourage good planning especially on MIG registered projects.

Currently the municipality has appointed consulting engineers to do designs and plan for construction of water infrastructure for 15/16 and 16/17 during the year 14/15. This will enable the municipality to kick-start the construction as early as possible in the financial year 15/16 and 16/17. It will also avoid more roll overs.

## **8.ADJUSTMENTS TO BUDGET FUNDING**

## **8.ADJUSTMENT TO BUDGET FUNDING**

The budgetary constraints realised in the 2014/15 medium term budget is due to high dependency on grant funding. The water business is currently not sustainable as it is funded from grants only. We have budgeted in the current year for revenue raising strategies, development and enforcement of bylaws and improving our billing systems. The projects are aimed at increasing the revenue of the district. For cost recovery, we are starting to put prepaid meters to ensure correct accounting and recovery of revenue.

## **9.QUALITY CERTIFICATE**

## 9.QUALITY CERTIFICATE

I, **Ngoako Daniel Molokomme** municipal manager of **Capricorn District Municipality**, hereby certify that the adjustment budget and supporting documentation have been prepared in accordance with the Municipal Finance Management Act and the regulations made under the Act, and that the adjustment budget and supporting documents are consistent with the Integrated Development Plan of the Municipality.
