## Part 1 – Annual Budget

### 1.1 MAYOR'S REPORT

The Mayor's Report will be included in the item to Council.

### 1.2 COUNCIL RESOLUTIONS

On 29 May 2015 the Makana Council will meet at the Council Chambers to approve the annual budget for the 2015/16 financial year. The Council will consider the following resolutions:

"1. The Council of Makana Municipality, acting in terms of section 24 of the Municipal Finance Management Act, (Act 56 of 2003) consider and approves:

1.1 The annual budget of the municipality for the financial year 2015/16 and the multi-year and single-year capital appropriations as set out in the following tables:

1.1.1 Budgeted Financial Performance (revenue and expenditure by standard classification) as contained in Page 22;

1.1.2 Budgeted Financial Performance (revenue and expenditure by municipal vote) as contained in Page 23;

1.1.3 Budgeted Financial Performance (revenue by source and expenditure by type) as contained in Page 24; and

1.1.4 Multi-year and single-year capital appropriations by municipal vote and standard classification and associated funding by source as contained in Page 25

1.2 The financial position, cash flow budget, cash backed reserve / accumulated surplus, asset management and basic service delivery targets are approved as set out in the following tables:

1.2.1 Budgeted Financial Position as contained in Page 26;

1.2.2 Budgeted Cash Flows as contained in Page 27;

1.2.3 Cash backed reserves and accumulated surplus reconciliation as contained in Page 28;

1.2.4 Asset management as contained in Page 29; and

1.2.5 Basic service delivery measurement as contained in Page 30.

2. The Council of the Makana Municipality, acting in terms of section 75A of the Local Government: Municipal Systems Act (Act 32 of 2000) approves with effect from 1 July 2015:

2.1 Schedule 1 - Tariffs for property rates.

2.2 Schedule 2 – Tariffs for electricity.

2.3 Schedule 3 - Tariffs for the supply of water.

2.4 Schedule 4 - Tariffs for the supply of sewer.

2.5 Schedule 5 – Tariffs for waste management services.

2.6 Schedule 5 – All other applicable tariffs as per Schedule 5

3 .To give proper effect to the municipality's annual budget, the Council approves:

3.1 That cash backing is implemented through the utilisation of a portion of the revenue generated from property rates and user charges for services to ensure that all capital reserves and provisions, unspent long-term loans and unspent conditional grants are cash backed as required in terms of the municipality's funding and reserves policy as prescribed by Section 8 of the Municipal Budget and Reporting Regulations

4. For the Council, acting in terms of section (policies), to consider the policies as set out in the Annexures of this document.

- Annexure Budget Policy Statement (remain unchanged)
- Annexure Property Rates Policy (reviewed)
- Annexure Tariff Policy (reviewed)
- Annexure Indigent Policy (reviewed)
- Annexure Credit Control & Debt Collection Policy (reviewed)
- Annexure Funding and Reserves Policy (remains unchanged)
- Annexure Borrowing Policy (remains unchanged)
- Annexure Cash Management Policy (remains unchanged)

5. That, in order to facilitate multi-year budgeting, departments **BE AUTHORISED** to commit projects on the 2016/17 and 2017/18 budgets, on both internal and confirmed external funding sources

  
 .....  
 MR M. PLANGA  
 ACTING MUNICIPAL MANAGER

DATE: 27/05/2015.....

### 1.3 Situational Analysis

Makana Local Municipality (Makana) has been has instituted an intervention in terms of section 139(1) (b) of the Constitution by the Eastern Cape Provincial Executive. An Administrator was appointed and assumed duty on 6 October 2014 and an Acting Chief Financial Officer was deployed by the Eastern Cape Provincial Planning and Treasury in April 2014.

The municipality is faced with numerous financial problems which impact, amongst others, on its ability to meet its financial commitments and the provision of basic services. Given this and the urgency to ensure service delivery to communities and financial viability and sustainability, a status quo analysis report of Makana was developed by National Treasury which was then followed by the development and the implementation of a Financial Recovery Plan which was approved and endorsed by the council.

The Financial Recovery Plan clearly articulates the challenges of Makana Municipality, such as the continued poor budgeting, where unachievable revenue and expenditure budgets have been set and not achieved, weak expenditure controls and poor management of assets has had an impact on the current financial status of the municipality.

The following were key strategies identified in the Financial Recovery Plan to ensure implementation of financial and service delivery sustainability:

Enhancing the operations of the municipality through organisational realignment, human resource development and restructuring, appropriate comprehensive system of delegations, improved governance and political oversight, and the filling of critical positions including the permanent appointment of a Municipal Manager and Chief Financial Officer;

Improving financial sustainability through budget restructuring, revenue enhancement and management, expenditure management/ cost containment, cash management, tariff restructuring and review of all core and non-core functions and development of a long term financial plan, amongst others;

Enhancing asset management through integrated infrastructure development and asset management planning to ensure sustainability through planned maintenance and replacement, growth readiness as well as proper fleet and facilities management; and

Improving financial administration through proper supply chain management, risk management and addressing audit related issues including those pertaining to the effective functioning of the Internal Audit Unit and the Audit Committee, amongst others.

## Implementation of the Financial Recovery Plan

Municipal Manager (MM); Chief Financial Officer (CFO); Director: LED and HR Manager were critical positions were identified as vacant at management and senior management levels. As at May 2015, the posts of Director: LED and HR Manager have been filled. The posts of Director Technical & Infrastructure and CFO was immediately advertised following the recommendations, however challenges in filling these posts have been experienced such as unsuitable candidates and non-acceptance of position from recommended candidates. Currently the position of the CFO has been re-advertised and provision has been made in the budget.

The plan additionally recommended the need for the municipality to undertake a process to verify all employees on the payroll system to ensure correctness of the information contained in the payroll system, given that there have been allegation of "ghost" employees at Makana. The recommendation was followed were a physical verification process was undertaken by Corporate Services Directorate. The report was used in assisting in budgeting for Employees costs in the 2015/16 financial year.

It was identified that the Audit Committee of Council is not functional as it had only two members and the last meeting was held in October 2013, resulting in the contravention of section 166 of the MFMA. The internal audit function is increasingly receiving attention as an important component of institutional governance and oversight role to improve local government. Risk management continues to be a challenge as it requires specialised skills and the municipality does not have resources in terms of staff availability. However the need for the section to be fully functional is recognised and remains a priority as it would enable implementing of the municipality's objectives from a strategic to an operational level. Following this, the Internal Audit Unit has been accommodated in the budget with positions to capacitate in implementing its mandate in ensuring effective governance and performance in the municipality.

The need to develop an asset plan, including a maintenance plan was regarded priority as it had a direct impact on the quality of services delivered to the communities. To date, the maintenance plan has been developed and its implementation is in phases due to financial constraints. Municipal asset reconciliations are performed, verification of movables and updating of work-in-progress (WIP) have been updated in the municipal asset register.

Repayment of long outstanding creditors continues to be a challenge to the municipality, particularly ESKOM. Following National Treasury instructions that municipalities should develop an ESKOM

Repayment Plan as well as Cash Flow Projections on how arrears will be serviced and approved by the council, failing which will result in withholding of Equitable Shares. On the 12<sup>th</sup> of December 2014, the municipality and ESKOM signed an acknowledgement of a debt amounting to R54 226 916.99, including VAT and accumulated interest compounded monthly.

The municipality appreciates that full implementation of the Financial Recovery Plan requires additional funding, thus strategies and goals identified will be phased in in stages due to limited cash flow and institutional capacity.

#### **1.4 Executive Summary**

The compilation of the Medium-term Revenue and Expenditure Framework (MTREF); municipal planning and service delivery are based on the IDP. It is therefore critical that the analysis phase of the IDP provides an accurate understanding of the prevailing environment to ensure credibility of the budget. Legislation stipulates clearly that a municipality must not only give effect to its IDP, but must also ensure that the projects and activities identified in the IDP are linked and aligned with the budget.

The compilation of the MTREF remains a huge challenge to balance the budget between the limited revenue resources available and the immense need to provide quality service delivery to our community. Tariff increases must be limited to be within the affordability levels of our community and must still promote economic growth to ensure financial sustainability of the institution. Council, on the other hand, must address the huge demand to improve the standard of service delivery and to "do more with less" funds available.

The Financial Recovery Plan clearly articulates the challenges of Makana Municipality, such as the continued poor budgeting, where unachievable revenue and expenditure budgets have been set and not achieved, weak expenditure controls and poor management of assets has had an impact on the current financial status of the municipality.

Areas that need to be addressed include setting of cost reflective tariffs, unrealistic revenue collection levels, with general expenses and contracted services that appear to be excessive so that the municipality is able to financially sustainable and viable. There is a clear indication of Council's commitment to improve the level of core municipal services to the community. This is indicated in the work streams that regularly take place as recommended in the Financial Recovery Plan.

The Minister of Finance, Mr Nhlanhla Nene, mentioned in his Medium Term Budget Policy Statement Speech on 22 October 2014 that the current economic growth rate of 2.0% is much lower than the estimated 2.4%. The

Minister is expecting that the growth rate will increase to 3.0% by 2017. The state of the economy consequently has an adverse effect on the consumers. As a result municipalities' revenues and cash flows are expected to continue remaining under pressure.

As announced by NERSA in Circular 75, the bulk purchases from Eskom will increase by 14.24%, whilst the municipality will pass on an electricity tariff increase of 12.2% to its consumers. The tariffs for the different users will vary with increases between 12.65% and 12.69%. It is proposed that the property rate tariff be increased by 9% for 2015/16, which is still in line with the tariff increase set in the current MTREF approved by Council. Sanitation tariffs will increase by 8.5%. This is based on the cost of sewer purification rendered. Refuse removal tariff increase is set at 8.5% for all users. This is largely based on the increase of the main cost drivers of the service: The budget is based on a water tariff increase of 8.5% which is the same as the bulk water purchases tariff.

Affordability of tariff increases, especially as it relates to domestic consumers while considering the level of services versus the associated cost. Accordingly, the municipality must renew their focus on core service delivery functions and reduce costs without adversely affecting basic services.

The main challenges experienced during the compilation of the 2015/16 MTREF can be summarised as follows:

- The country's declining rate of growth, impacting all spheres of government
- The national government maintaining its expenditure ceiling and no additional funds being added to the total funds announced in the previous budget.
- The need for maintenance and repairs of infrastructure
- Reprioritisation of projects and expenditure within the existing resource envelope
- Limitation of funds/cash availability
- Continuous high tariff increases against community affordability
- Wage increases for municipal staff that continue to exceed consumer inflation, as well as the need to fill critical vacancies such as CFO and MM;
- Co-ordination from all municipal departments and delayed/lack of submission of information.

The following budget principles and guidelines directly informed the compilation of the 2015/16 MTREF:

- Section 139(1) (b) of the Constitution intervention by the Eastern Cape Provincial Executive.
- Guidelines set by the Minister of Finance in his Medium-term Budget Policy Statement Speech as well as the guidelines in terms of Circular 74 and 75 issued by National Treasury.
- The inflation outlook of 4.8%.
- The financial sustainability and viability of the 2015/16 MTREF is largely dependent on the collection level of billed revenue for services delivered.

A debt collection company has been appointed and a provision is made for a collection level of 85%. To achieve this collection, the municipality have implemented more robust credit control measures through reviewing of its relevant policies and by-laws and ensuring implementation thereof.

The municipality's Financial Recovery Plan promulgated the need for maintenance plan to ensure sustainability and viability of Makana, thus more funds are allocated for maintenance and repairs and adhere to the Minister of Finance's speech of building capacity of local government through the "back to basics" approach. While we recognise the need for the extension of services through infrastructure development, we must also recognise the need for the maintenance of these infrastructures. The Budget for Maintenance of assets, including public roads, is R23.6 million

The pertaining challenges affecting cost-reflective tariff is that the municipality continues to implement a tariff structure which is not updated with recent developments and growth taking place. It is of note that a clear plan exists to review the existing structure from which cost-reflective tariffs may be implemented by the municipality.

The depreciation on all assets have been accounted for in the amount of R40 million. In terms of GRAP practices, the full depreciation requirement for all the municipal assets must be provided for in the operating budget. A budget provision of R14.1 has been accommodated in the 2015/16 MTREF. A phased increase of re-alignment in tariffs may need to be considered to compensate the deficit to a surplus by a progressive move through gradual tariff increase or re-alignment of municipal revenue.

The meter readers replacements and correct placements projects implemented by ECDC/ Amatola Waters and Department of Waters Affairs (DWA) are expected to significantly have a positive effect on the collection rate as this will mean that all consumers are accurately billed and should minimise the frequency of disputes by consumers.

In terms of Council's social commitment to assist the poorer communities in Makana, a provision has been made for the supply of free basic services. Council will continue with the supply of free basic water and sanitation to residents. All indigent residents receive 6KI water, 6KI sanitation and 50KW electricity free per month as per National Treasury guidelines and the municipality's policy.

Employee-related costs budget is based on the personnel verification process conducted as recommended in the Financial Recovery Plan. Following the Labour Relations Act S198B relating to fixed-term contract workers for a period up to 3 months should qualify as permanent employees. The municipality is currently in the process of addressing this with the assistance of the Local Labour Forum (LLF) and the financial implications thereof. A provision of R4, 0 million has been made in the budget to implement the Act.

The implementation of the Municipal Standard Chart of Accounts (mSCOA) is funded by the local government Financial Management Grant (FMG) and the Municipal Systems Improvement Grant (MSIG), as recommended by

National Treasury. Currently no system vendor can demonstrate SCOA compliance and as such municipalities are advised by National Treasury not to proceed with any configuration until further notice.

A committee has been established to evaluate a status quo of current incomplete projects and monitoring of such projects to ensure quality service delivery. Therefore, projects identified in the budget are those prioritised by the committee to ensure completion.

## 1.5 OPERATING BUDGET FRAMEWORK

### 1.5.1 Operating Revenue

In these current economic times and the municipality being under administration, revenue management is critical for economic sustainability and viability. The reality is that the budget collection rate of 85 per cent, an increasing from a budget collection rate of 75% in 2014/15, is below the acceptable level of at least 95% to warrant effective

administration and service delivery. However the municipality anticipates the collection rate to increase to 95% by 2017/18 with the current appointment of the service provider implementing the Revenue Enhancement Strategy. We are faced with development backlogs and poverty, and consumers who are increasingly frustrated with lack of quality services. The expenditure required to address these challenges will inevitably always exceed available funding; hence difficult choices have to be made in relation to tariff increases and balancing expenditures against realistically anticipated revenues.

<b>Total Revenue (excluding capital transfers and contributions)</b>		<b>279 877</b>	<b>296 915</b>	<b>287 696</b>	<b>362 010</b>	<b>373 500</b>	<b>373 500</b>	<b>373 500</b>	<b>427 637</b>	<b>448 969</b>	<b>471 131</b>

Revenue generated from rates and service charges form a significant percentage of the revenue basket for the municipality. In the 2015/16 financial year, revenue from rates and services charges have been budgeted at R313, 251 million (73.2%) of the total operating budget. This increases to R331, 744 million (73.9%) and R350, 331 million (74.4%) in the respective outer years of the MTREF. This growth can be

mainly attributed to the yearly tariff increases in service charges and the anticipated increase collection rate.

The municipality's own revenue is budgeted at R342, 717 million (80.1%) of the total R427, 637 million. Of the municipality's own revenue, Electricity is the largest source at R168, 727 million (49.2%); followed by Water and Property rates at R54, 900 million (16.0%) and R52, 695 million (15.4%) respectively.

The priority of water projects with the assistance of DWA and ECDC are expected to not only materially improve the service delivery but also increase our revenue as a result of improved meter reading and billing.

Tariff-setting is a pivotal and strategic part of the compilation of any budget. When rates, tariffs and other charges were revised, local economic conditions, input costs and the affordability of services were taken into account to ensure financial sustainability of the municipality. It must also be appreciated that the consumer price index, as measured by CPI, is not an exclusively good measure of the cost increases of goods and services relevant to municipalities as it does not-necessarily take into account cost drivers particular to municipalities, such as cost of remuneration, bulk purchases of electricity and water, petrol, diesel, chemicals, cement etc.

Current economic factors, such as the rapid population growth particularly at the poorer end of the economic scale were considered in setting tariff increases. One of the ever-present challenges facing all spheres all government is managing the gap between cost drivers and tariffs levied. With this in mind, Makana municipality has undertaken to set the tariff increase relating to service charges at 8.5% and rates at 9.0% as recommended by National Treasury.

### 1.5.2 Operating Expenditure

Makana's Operating expenditure is informed by the following:

- The municipality's collection rate of 85%
- Financial Recovery Plan
- Cost-containment measures instructed by National Treasury
- Funding of the budget over the medium-term as informed by Section 18 and 19 of the MFMA
- Strict adherence to the principle of no project plan no budget
- Labour Relations Act (LRA) Section198 (b) implementation

<b>Total Expenditure</b>		<b>348 251</b>	<b>348 057</b>	<b>351 279</b>	<b>382 010</b>	<b>367 401</b>	<b>367 401</b>	<b>326 199</b>	<b>427 637</b>	<b>444 324</b>	<b>467 291</b>

The total operating expenditure is budgeted at R427, 637 Employee-related costs are budgeted at R126, 773 million (29%) of the total operating expenditure. The amount is based on the following:

- Latest personnel verification exercise.

- Provision of R4, 0 million to implement the LRA regarding contract workers.
- Prioritisation of vacant positions.
- Salary and Wage Collective Agreement increases of 6.90%

The appointment of MM and CFO positions are critical in ensuring financial and institutional stability and sustainability at the municipality.

The cost associated with the remuneration of councilors of R9, 723 million is budgeted in line with the latest Public Officer Bearers act latest issue.

Bulk purchases of R87, 574 million are directly informed by the purchase of electricity at R85, 574 million and water R2, 000 million.

The municipality allocates R31, 052 million (7.1%) of its total operating budgeting on depreciation and asset impairment.

Repairs and maintenance have been budgeted at R23, 657 million. This is aligned to the municipality's strategic objectives and goals in the Integrated Development Plan (IDP). Consequently, repairs and maintenance are linked to the municipality's core services.

## **1.6 CAPITAL BUDGET FRAMEWORK**

### **Capital Funding and Expenditure**

Total Capital Budget amounts to R191, 857 million, comprising of conditional grants of R179, 776 million and internally generated funds of R12, 081 million. The municipality continues to lack funding to internally fund projects, thus only priority capital expenditure without funding which have direct impact on performance had to be considered.

Incomplete projects that are funded from the conditional grants were identified with the assistance of the monitoring committee as priority for completion. Annexure E gives a full list of capital projects to be undertaken.

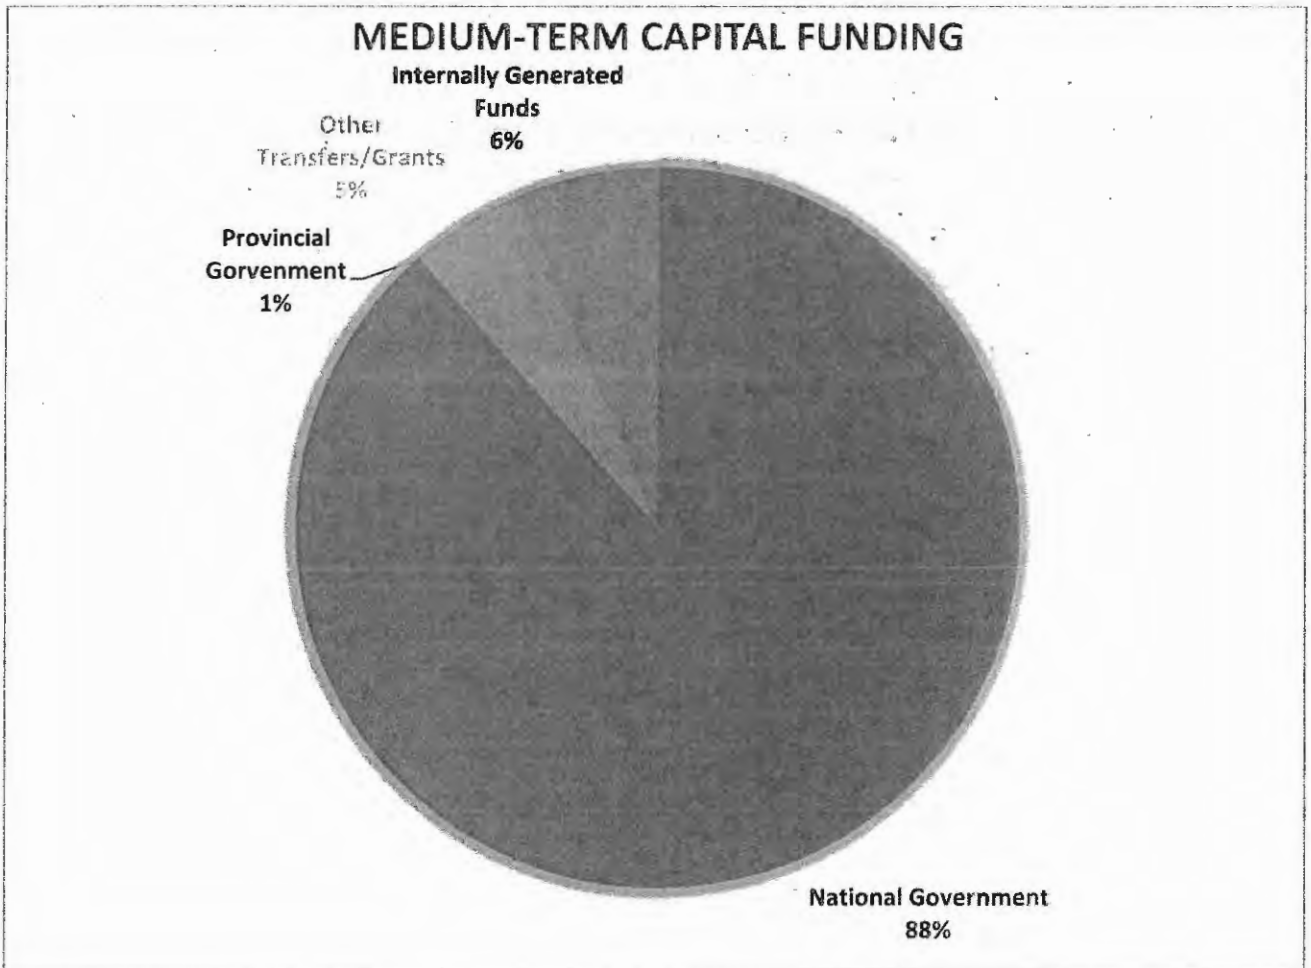

### **Table 4: 2015/16 Medium-Term Capital Funding**

The following table indicates funding of capital projects and programs over the MTREF:

Vote Description	Current Year 2014/15				2015/16 Medium Term Revenue & Expenditure Framework

### 1.8 Basic Service Measurement

The municipality is mandated to provide free-basic services to indigent households. Considering economic conditions, such households comprise a large portion in the municipal area. As the municipality cannot afford to subsidise such households from its own revenue collection, a portion of the equitable share is used to fund them. The measurement is informed by the indigent register and Statistics SA. For the municipality to appropriately the cost of providing such services it is imperative that households meeting the indigent requirements register at the municipality and those who no longer qualify to update such status.

Recognising the current challenges in updating the indigent register, the municipality has allocated R400 000 from the EPWP grant to improve the indigent register and ensure credibility of information.

**Table 7: Basic Services Measurement**

Table A2 is a view of the budgeted financial performance in relation to revenue and expenditure per standard classification. The modified GFS standard classification divides the municipal services into 15 functional areas.

Note that as a general principle the revenues for the Trading Services should exceed their expenditures. The table highlights that this is the case for all services.

Table A3 - Budgeted Financial Performance (revenue and expenditure by municipal vote)

EC104 Makana - Table A3 Budgeted Financial Performance (revenue and expenditure by municipal vote)

Table A3 is a view of the budgeted financial performance in relation to the revenue and expenditure per municipal vote. This table facilitates the view of the budgeted operating performance in relation to the organisational structure of the municipality. This means it is possible to present the operating surplus or deficit in each vote. The following table is an analysis of the surplus or deficit for the electricity and water trading services.

Table A4 - Budgeted Financial Performance (revenue and expenditure)

EC104 Makana - Table A4 Budgeted Financial Performance (revenue and expenditure)

- Table A5 is a breakdown of the capital programme in relation to capital expenditure by municipal vote; capital expenditure by standard classification; and the funding sources necessary to fund the capital budget, including information on capital transfers from national and provincial departments. The capital projects are funded from capital and provincial grants and transfers.

- Table A6 is consistent with international standards of good financial management practice, and improves understanding for councillors and management of the impact of the budget on the statement of financial position (balance sheet).
- The municipal equivalent of equity is Community Wealth/Equity. The justification is that ownership and the net assets of the municipality belong to the community.

Table A7 - Budgeted Cash Flow Statement

## EC104 Makana - Table A7 Budgeted Cash Flows

Cash/cash equivalents at the year begin:	2	83 676	52 997	9 833	9 833	9 833	9 833	9 833	9 833	61 558	159 115
Cash/cash equivalents at the year end:	2	52 997	9 833	(23 596)	86 316	(15 058)	(15 058)	(15 058)	61 558	159 115	223 552

- The budgeted cash flow statement is the first measurement in determining whether the budget is funded.
- It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget with the expected 85% collection rate.
- It can be seen that the cash levels of Makana fall significantly over the three year MTREF, which proves the lack of financial instability and how critical it is for the municipality to act quickly.

Table A8 - Cash Backed Reserves/Accumulated Surplus Reconciliation

EC104 Makana - Table A8 Cash backed reserves/accumulated surplus reconciliation

- The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA – Funding a Municipal Budget. In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
- The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality's budget must be "funded". The municipality's budget is funded, after extensive cost-containment measure which would have to be adhered to, which can be seen on supporting table SA 10 in the annexures.

- Table A10 provides an overview of service delivery levels, including backlogs (below minimum service level), for each of the main services.

- The table could not be completed at the finalization of the budget as the relevant information was not availed.

## **PART 2- SUPPORTING DOCUMENTATION**

### **2.1 Overview of the Budget Process**

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Budget Steering Committee consists of the Municipal Manager and senior officials of the municipality meeting under the chairpersonship of the MMC for Finance.

The primary aims of the Budget Steering Committee is to ensure:

- that the process followed to compile the budget complies with legislation and good budget practices;
- that there is proper alignment between the policy and service delivery priorities set out in the municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- that the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.

### **2.2 Budget Process Plan**

In terms of section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year (i.e. in August 2014) a time schedule that sets out the process to revise the IDP and prepare the budget. The plan was approved and adopted by the council on 30 August 2014. The plan formed a basis for the council meeting schedule.

There were deviations from the key dates set out in the Budget Time Schedule tabled, following which remedial actions were identified to ensure that such activities take place even if they are late. (**see Annexure F**)

## 2.3 Overview of Budget Assumptions

Budgets are prepared in an environment of uncertainty. To prepare meaningful budgets, assumptions need to be made about internal and external factors that could influence the budget. This budget is premised on an 85 per cent collection rate.

### External factors (population migration, employment, etc.)

As evidenced in the latest census over recent years Makana has experienced rapid population growth particularly at the poorer end of the economic scale and the local University. The population growth must be seen against the backdrop of very limited developable land, a sensitive environment and the lack of new jobs being created in the local economy.

This presents a huge challenge to Council to improve the efficiency of its urban systems. The unique and sensitive environment of Makana is under pressure and Council has to manage the growth demands of the economy very rigidly to ensure environmental sustainability.

There remains a small amount of up to-date economic data available for the municipal area. At best all we can surmise at present is that the population is growing faster than the previous indicators of 4% per annum with concomitant service delivery and unemployment demands.

### General inflation outlook and its impact on the municipal activities

The revised headline CPI forecasts from National Treasury for 2015/16, 2016/17 and 2017/18 are 4.8%, 5.9% and 5.6% respectively. These growth parameters does not apply to tariff increases for property rates, user and other charges raised by municipalities.

### Rates, tariffs and charges

The following table shows the assumed average domestic percentage increases built into the MTREF for rates, tariffs and charges:

Tariffs	Proposed tariff increases (2015/16)
Rates	9%
Water	8.5%
Electricity Monthly consumption	12.20%
Sewerage	8.5%
Refuse	8.5%

Sundry tariff increases will be limited, in most instances, to be within the CPI inflation rate.

### Collection rates for each revenue source and customer type

The Municipality has in place a revised fair credit control policy. Furthermore, its policy on indigent support and rebates means that indigent households receive free or subsidised basic services thereby keeping them free of the burden of municipal debt.

**The following bad debt provision and collection rate is assumed**

	<b>2015/16</b> <b>R'000</b>	<b>2016/17</b> <b>R'000</b>	<b>2017/18</b> <b>R'000</b>
Annual Contribution to provision for bad and doubtful debt	17 137	18 096	19 074
Assumed collection rate	85%	90%	95%

**Free or subsidised basic services**

Makana's criteria for supporting free or subsidised basic services are set out in the indigent support and rebate policy. The Government allocates revenue from the Division of Revenue Act (DORA) in the form of the Equitable Share Grant with the primary aim of assisting with the costs of providing free or subsidised basic services to indigent households. Any costs over and above the Equitable Share allocation are met by the Municipality.

**2.4 Legislation Compliance Status**

Budget-related policies have been reviewed and approved by the council. The municipality has struggled with fully complying with the MFMA requirements. Information/data where comfortable reliance was doubtful was not used as it affected the reliability and level of credibility of the budget

**Municipal Manager Quality Certificate**

I, MANDISI PLANGA....., Acting Municipal Manager of Makana Municipality, hereby certify that the Annual Budget and supporting documentation have been prepared in accordance with the Municipal Finance Act and the regulations made under that Act, and that the annual budget and supporting documentation are consistent with the Integrated Development Plan of the municipality.

Mandisi Planga

References

1. All numbers to be expressed as whole numbers except FTEs and Rates in the Rand
2. To give effect to rates policy
3. Full Time Equivalent (FTE) should be expressed to one decimal place and takes into account full time and part time staff
4. Required to implement new system (FTE)
5. Provide relevant information for historical comparisons. Must reconcile to the total of Table SA12
6. Current and budget year must reconcile to Table A4 Budgeted Financial Performance (revenue and expenditure)
7. Included in rate revenue budget
8. In favour of the rate-payer

References

1. Pension and medical aid
2. Total package must equal the total cost to the municipality
3. List each political office bearer by designation. Provide a total for all other councillors
4. Political office bearer is defined in MFMA s 1: speaker, executive mayor, deputy executive mayor, member of executive committee, mayor, deputy mayor, member of mayoral committee, the councillor designated to exercise powers and duties of mayor (MSA s 57)
5. Also list each senior manager reporting to MM by designation and each official with package >= senior manager by designation
6. List each entity where municipality has an interest and state percentage ownership and control
7. List each senior manager reporting to the CEO of an Entity by designation
8. Must reconcile to relevant section of Table SA24
9. Must reconcile to totals shown for the budget year of Table SA22
10. Correct as at 30 June

**RATES & SERVICE CHARGES**

## PROPERTY RATES

Notice is hereby given that, in terms of the Local Government Municipality Property Rates Act (Act No. 6 of 2004) the under-mentioned cents in rands will be levied for the financial year 2015/2016 (i.e 1 July 2015 to 30 June 2016) on the categories of rateable properties in the Makana Municipality area of jurisdiction as follows:-

PROPERTY TYPE	CENTS IN RAND (RAND A CENT)
1. Businesses	0.012727
2. Government Properties (e.g Public Schools, Government Buildings, etc)	0.016363
3. Schools (Private & Public)	0.004286
4. Residential Properties	0.004286
5. Tertiary Institutions (e.g University)	0.008442
6. Domestic Farmers (bona fide farmers)	0.001039
7. Public Service Infrastructure (PSI)	0.001039
8. Industrial Properties	0.006363
9. Tourism/Game	0.001039
10. RDP Houses	0.001039
11. Sectional Titles	0.004286
12. B&B Properties	0.004675
13. Museum Properties	Exempt
14. Sporting Bodies	Exempt
15. Places of Worship	Exempt
16. Public Benefit Organisations (P.B.O.)(Including Private Schools)	0.001072
<p>Please note that the municipality does not levy property rates on places of worship (churches) as in line with the Property Rates Act and the Council's Property Rates Policy. Also note that rebates as per Council Resolution, as well as rebates as per the Municipal Property Rates Act No. 6 of 2004 for all the qualifying rateable properties are available on application, which must be completed on or before 30 September each year.</p>

## WATER TARRIFS

CATEGORY	KILOLITRES	STEPPED TARRIF (NORMAL PERIOD) 2014 / 2015	STEPPED TARRIF (NORMAL PERIOD) 2015 / 2016	STEPPED TARRIF (CRITICAL PERIOD) 2014 / 2015	STEPPED TARRIF (CRITICAL PERIOD) 2015 / 2016
<b>RESIDENTIAL PROPERTIES</b>	0 - 10kl/pm	5.20	5.65	5.96	6.46
	11 - 20kl/pm	6.60	7.17	7.58	8.23
	21 - 30kl/pm	7.28	7.89	8.33	9.04
	31 - 40kl/pm	7.99	8.67	9.17	9.95
	41 - 50kl/pm	8.79	9.54	10.09	10.95
	>51kl/pm	9.68	10.50	11.10	12.04
<b>BUSINESS AND INDUSTRIAL PROPERTIES</b>	0 - 10kl/pm	5.20	5.65	7.08	7.69
	11 - 20kl/pm	6.95	7.54	9.46	10.26
	21 - 30kl/pm	7.64	8.29	10.41	11.29
	31 - 40kl/pm	8.39	9.11	11.45	12.42
	41 - 50kl/pm	9.24	10.03	12.59	13.66
	>51kl/pm	10.16	11.02	13.86	15.04
NB:(i) Critical periods will be based on the Dam Levels such as when Howisonspoot is less than 30% the situation will be critical and Engineers will alert Finance in order to alter tariffs.					
(ii) All other properties not listed amongst the above categories will be categorised under Residential Properties.					
(iii) The reason for having the same tariffs for both residential and business properties consuming less than 10kl/pm is to encourage businesses to save water consumption.
