EXECUTIVE SUMMARY

BUDGET PROCESS OVERVIEW AND FUNDING

Budgeting for 2016/17 financial year and the outer two financial years were guided by the Budget Process Plan which was adopted by Council on 27 August 2015. This resulted in the re-establishment of the Budget Technical Team (BTT), which consists of the Municipal Manager and the Heads of Departments together with the Assistant Managers. The BTT reports to the Budget Steering committee (BSC). These committees debates budget issues before they proceed to the Executive Committee.

The main objective of a municipal budget is to allocate realistically expected resources to the service delivery goals or performance objectives identified as priorities in the Integrated Development Plan. National Treasury's MFMA Circular No. 78; 79, 80 and No. 82 was used to guide the compilation of the 2016/17 MTREF. The state of the economy has an adverse effect on the consumers. As a result municipality's revenues and cash flows are expected to remain under pressure.

The funding of the annual budget has been calculated taking into account the following:-

- Rates and Service Charges
- Interest on outstanding debtors
- Interest expected to be received from investments
- Grants

The grants from national and other spheres of government as gazetted in Dora have declined significantly due to demarcation, among other things. This significant decrease has affected operating expenditure which had to be in line with anticipated revenue.

MEASURABLE PERFORMANCE OBJECTIVES AND INDICATORS

Measurable performance objectives and indicators are detailed in the IDP per cluster.

Equitable Share	113 780 000	98 507 000	102 403 000
MIG	28 639 650	27 300 150	28 697 600
MIG 5% Operating	1 507 350	1 436 850	1 510 400

There is no indication on EPWP allocation for the outer years 2017/18 and 2018/19 in the division of revenue act. The equitable share and MIG allocations have declined due to demarcation and as such the anticipated revenue has declined. MSIG is now an indirect grant and will no longer be transferred to the municipality.

LIBRARIES

This is a Provincial function; however the municipality is co-funding the function with the Department of Sports, Arts and Culture. The department began partly funding the function in the 2010/2011 financial year. A grant of R1 200 000 for 2016/17 financial year will be funded by the Department and a written confirmation in this regard has been received.

WASTE MANAGEMENT GRANT

The balance of the waste management grant that was received during 2015/16 financial year will be rolled over to the 2016/17 financial year.

PROJECT MANAGEMENT UNIT

The Council may use 5% of its Municipal Infrastructure Grant allocation to fund the establishment and operation of a Project Management Unit. This unit has accordingly been established and with effect from 2007/08 forms part of the operating budget. Counter funding is provided by the Council.

INTERNAL AUDIT UNIT

The Internal Audit unit consists of an Internal Audit Manager, Internal Auditor and two Internal Audit Assistants on contract. The function is co-sourced on certain projects.

FREE BASIC SERVICES

Amahlathi Municipality has, over the last number of years embarked on a process of rolling out the provision of Free Basic Services based on the affordability by the municipality. The cost implications are as follows:

- 2017/18 R10 720 000
- 2018/19 R11 459 680

SALARY COSTS

It has been assumed that salaries will be increased in line with bargaining council resolution. Councillor allowances will increase in line with gazette on upper limits.

BULK ELECTRICITY COSTS

Bulk electricity costs have been budgeted to increase taking into consideration NERSA approval.

RATES AND TARIFFS

Tariffs for property rates and all other service charges will increase by 7% in line with National Treasury guidelines. Electricity has been increased in line with the National Energy Regulator of South Africa (NERSA). NERSA has approved an increase of 9.4% for the 2016/17 financial year. The municipality is however awaiting NERSA approval for electricity tariffs.

mSCOA PROJECT IMPLEMENTATION

Section 216 of the Constitution of the Republic of South Africa, 1996, provides that national legislation must prescribe measures to ensure transparency and expenditure control in each sphere of government by introducing generally recognised accounting practice, uniform expenditure classifications and uniform treasury norms and standards. Municipal SCOA Circular 1 issued by National Treasury highlighted the need for every non-pilot municipality to compile a high level project plan to implement mSCOA in the municipality. It is important that this plan focus on the responsibilities of the municipality and, as a minimum, include the list of activities already provided for in Municipal SCOA in Circular 1. The plan is the working document and the municipality has made the following progress to mention a few:-

- Regulation on mSCOA tabled to council
- Commission mSCOA Project Steering committee and Project Implementation Team
- Terms of reference for required committees
- Appointment letters for committee members
- mSCOA Awareness through workshop and meetings

The attached plan details the progress made by the municipality with regards to implementation of mSCOA.

CIRCULAR 82 ON COST CONTAINMENT MEASURES

National Treasury issued a circular on cost containment measures for implementation by municipalities. The elected councils and accounting officers are required to institute appropriate measures to ensure that the limited resources and public funds are appropriately utilized to ensure value for money is achieved. The purpose of the circular is to guide municipalities on cost containment measures that must be implemented in an effort to address the impact of the country's economic challenges and to promote growth, address unemployment and equality, amongst others.

In the 2016 state of the nation address, cost containment measures were re-emphasised. It was highlighted that excessive, fruitless and wasteful expenditure has to be reduced, and that increased action be taken to manage unnecessary expenditure. It was noted that the circular must be brought to the attention of council and that it must be adopted with 2016/17 Annual Budget. The circular highlighted cost containment measures that accounting officers and chief finance officers must consider in order to contain operational costs and eliminate non-essential expenditure. Attached is the circular with detailed cost containment measures.

1. Note that this section of Table SA 30 is deliberately not linked to Table A4 because timing differences between the invoicing of clients and receiving the cash means that the cashflow will differ from budgeted revenue, and similarly for budgeted expenditure. However for the MTRFF it is now directly linked to A7.
