##### **BUDGET SPEECH BY MAYOR S. NDWAYANA FOR 2016/2017 FINAL BUDGET**

Honourable Speaker

Members of the Executive Committee

Chief Whip of the Council

Fellow Councillors

Municipal Manager

Senior Managers and Officials

Ward Committees and CDW's

Distinguished guests, friends and comrades

Ladies and gentlemen

I extend my heartfelt welcome to all of you and thank you for honouring this important day.

Honourable Speaker,

It is again my duty and privilege on behalf of the Executive Committee, to present to Council of Ngqushwa Local Municipality the Final budget for 2016/2017 financial year.

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

Ngqushwa Local Municipality like other Municipalities is faced with the daunting task of providing democratic and accountable Government to Local Communities, ensuring the provision of services to Communities in a sustainable manner, promoting social and economic development, promoting a safe and healthy environment and encouraging involvement of communities in Local Government matters to ensure that we give full effect to our constitutional obligations and their constitutional rights.

This is a huge responsibility for Ngqushwa Local Municipality, we are confident that we will meet our constitutional obligation.

Honourable Speaker,

The Systems Act puts Planning, Community Participation, Performance monitoring and Service Delivery at the centre of its objective. These issues are also regarded by Ngqushwa Municipality as critical factors to ensure that we work as a unit and that we meet the expectations of our communities with the resources at our disposal.

The aim of this final budget is to create condition which will promote a better quality of life for all people in our area of jurisdiction. This will be done while keeping in mind the difficult process of balancing the limited financial resources against the needs and demands of our communities.

Planning of services should therefore not occur in a vacuum, it should be done in close relation with the people we serve. By improving Transparency, Communication, and keeping objectives alive many challenges relating to Service Delivery can be resolved.

Honourable Speaker,

We are gathered here to consider a Final Budget for 2016/2017 which has been crafted with full consideration of our Integrated Development Plan. The Integrated Development Plan, which is otherwise known as the IDP is the Beacon, which guides us in the channelling of the scarce resources towards fulfillment of our developmental mandate.

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

This Final Budget, Speaker, acknowledges the challenges we face with our constitutional obligation to meet the immediate needs of our people while laying a firm foundation for the next three years.

Honourable Speaker,

The Municipal Finance Management Act (MFMA) and Budget Reforms introduced by National Treasury, places responsibilities into Council on the manner in which we prepare our budgets, and the budget process to be followed during the preparation there-of.

It is therefore important, Speaker, to highlight a few of these issues as it has a definite impact on the way in which we prepare our Final Budget.

MFMA Circular No 14 emphasized the following important factors to be taken into account when compiling Annual Budgets:-

1. Municipalities are obliged to ensure that their budgets are balanced and all expenditure is fully funded.
2. Municipalities must ensure that the Integrated Development Plan (IDP) is revised and linked to resource allocations in the budget.
3. On the operating side, it is important to continue to strive to achieve efficiency and productivity gains, while being mindful of the implication that growth in salaries & allowances will mean for service delivery.
4. To achieve national objectives, municipalities should also strive to alter the composition of their budgets by spending more on capital and basic services and without compromising allocations to personnel and administration within affordable limits, thus improving the quality of service delivery. Municipalities are expected to maintain a clear focus on expanding infrastructure investments to encourage Economic growth potential, adding momentum to the national priorities for improved spending in this area.
5. When preparing the annual budget, the Mayor must take into account the National Budget, the relevant Provincial Budget, the National Governments fiscal and Macro Economic Policy, the annual Division of Revenue Act and any agreements reached in the Budget Forum.

This is in addition to consultation with the community and other stakeholders.

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

MFMA Circular No 28 mainly deals with the budget content and format to be complied with. However, an EXTRACT from the circular also emphasizes the following important aspects to ensure the compilation of a CREDIBLE budget:-

"Amongst other things, a CREDIBLE budget is a budget that:

1. Funds only activities consistent with the revised IDP and vice versa ensuring the IDP is realistically achievable given the financial constraints of the municipality;
2. Is achievable in terms of agreed Service Delivery and Performance targets;
3. Contains revenue and expenditure projections that are consistent with current and past performance and supported by documented evidence of future assumptions;
4. Does not jeopardize the financial viability of the municipality, and
5. Provides Managers with appropriate levels of delegation sufficient to meet their financial management responsibilities.

It further emphasizes the fact that a budget sets out certain Service Delivery levels and associated financial implications. Therefore the community should realistically expect to receive these promised Service Delivery levels and understand the associated financial implications.

Major under spending due to under collection of revenue or poor planning is a clear example of a budget that is not credible and unrealistic.

Honourable Speaker,

I am highlighting the above not only because it derives from legislation but also to confirm that in the compilation of our Final Budget we have strived to ensure that we meet these guidelines as far as possible.

### **IDP AND BUDGET PROCESS**

An Integrated Development Plan, is a strategic planning framework which helps Municipalities to meet the challenges of developing sustainable infrastructure, and to improve the quality of our people's lives by aligning financial and organizational resources with agreed policy objectives.

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

It enables Municipalities to prioritize and strategically focus their activities and resources. The strength of integrated planning is that it links development, service delivery and performances of Municipalities.

Here at Ngqushwa Local Municipality, we have reviewed our Final IDP and are confident that it links, integrates and co-ordinates our plans.

I must also indicate that this tabling of Budget and IDP today was preceded by a lengthy period of a consultation of communities throughout the 13 Wards of Ngqushwa Local Municipality.

This consultation process culminated in the situation where communities in each ward had to confirm the projects for implementation in the forthcoming financial year. We are proud today to say the budget we are tabling fully enjoys the support and buy in of the communities that we are privileged to serve.

I must indicate that, as obviously expected, the community needs often far exceed the resources with which to respond. It is for this reason that we had to embark on such an extensive programme of reaching out to the communities so that working together with our community we can do a breakdown and needs analysis against the limited resources at our disposal.

### **FINAL SDBIP VS FINAL BUDGET**

Honourable Speaker,

Our final budget will be transformed into practise through SDBIP for 2016/2017 financial year.

### **KEY ISSUES TO BE NOTED**

Honourable Speaker,

- There is a need to establish the number of indigent people more accurately in our area. To this end, an indigent register is in place but it needs to be updated and maintained. Our Municipality needs to have an awareness

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

campaign of registering indigents and also verifying the ones that are already on the system.

- Non-payment rates and services by our Debtors (including our community) through Debtors Age Analysis is one of the key challenges as a results our municipality does not collect enough revenue as it supposed to.
- Extending, upgrading and maintaining of infrastructure are key issues to ensure payment for services and thus ensuring sustainable service delivery.
- Maintenance in many areas are purely reactive and there is a great need for preventative maintenance.

## **PERFORMANCE MANAGEMENT**

Honourable Speaker

The Performance Management System provides the framework that ensures that the IDP is measured and implemented. The system is used by Ngqushwa Local Municipality as an instrument whereby the Strategies, IDP projects, Budgeting and employee accountability is aligned and integrated.

- The **Employee costs** total expenditure is R 57 867 621.00, this includes current year existing posts and few posts for 2016/2017 as per the new Organograms. We have increased salaries by **8%** which is as per Circular 79 of National Treasury and + **2,5%** annual notch increment.

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

- The **general expenditure** shows a huge increase of **34.0%** compared to 2015/2016 budget this is due to new projects that will be done in the 2016/2017 financial year. The Plant repayment of **R 10 800 000.00** and **R 500 000.00** fuel for plant also form part of total general expenditure.
- The **capital expenditure** has decreased for 2016/2017 due to decrease in **MIG** allocation, but due to the fact that we have got an approval of funding for an amount of **R 4 000 000** our capital revenue has increased by **2.8%**.

With all that been said the above clearly show limited resources as compared to endless community needs, however the municipality to back up its revenue is in a process of preparing financial recovery plan, appointing the services of a Debt Collector and Debt and credit management within the Municipality.

In conclusion I want to take this opportunity to thank all my colleagues in Council, Management and Officials for the Stirling work done leading to this point where we are tabling this IDP and Budget.

### **1.5 EXECUTIVE SUMMARY**

In terms of section 227 of the Constitution, local government is entitled to an Equitable Share of Nationally raised revenue to enable it to provide basic services and perform its allocated functions. The Local Government Equitable share is an unconditional transfer that supplements the revenue raised by municipalities (including property rates and service charges). The Equitable Share provides funding for municipalities to deliver free basic services to poor households and subsidises the cost of administration and other core services for those municipalities that have the least potential to cover these.

The Constitution gives Local Government substantial own-revenue-raising powers (particularly through property rates and surcharges on services). Municipalities are expected to fund most of their own administrative costs and cross-subsidise basic services for indigent households. The budget must indicate all allocations from made to the municipality through Division of Revenue Act (DoRA).

In view of the aforementioned, the following tables reflects the overall overview of the proposed Final 2016/2019 Medium-term Revenue and Expenditure Framework for Ngqushwa Local Municipality:

#### **1.5.1 Internal generated operating revenue:**

<b>GRAND TOTAL</b>	<b>45 949 840.00</b>	<b>55 427 100.00</b>	<b>9 977 361.00</b>

The overall internal generated revenue has increased by **22.00%** as depicted in the table above. The contributing items to this increase are the following:

- **Property rates:** The increase in property rates is as a result of increase in tariffs as per National Treasury guidelines and legislation.
- **Outstanding Debtors:** The Municipality is anticipating to collect more revenue as compared to the prior year this is due to the implementation of improved strategies in revenue collection such as: the development of financial recovery plan and the appointment of Debt Collector who will be assisting the municipality in collecting the current and long outstanding debts.
- **Interest on Investments:** The Municipality has implemented improved cash flow management towards end of third quarter. This will enable the Municipality to invest unused funds for a long term resulting in realizing more interest.
- **Asset disposal:** The Municipality will implement asset maintenance plan effectively which will result in using assets after their useful life has expired.
- **Other revenue:** The other revenue entails of revenue generated from other departments.

For Ngqushwa Local Municipality to continue improving the quality of services provided to the community it needs to generate the required revenue. In these tough economic times strong revenue management is fundamental to the financial sustainability of every municipality. The reality

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

is that Ngqushwa Local Municipality is faced with old ageing Debts from Debtors. The municipality has to improve the revenue cycle in order to have funds available to sustain a positive cash flow position.

The municipality has embarked on Indigent registration and Data cleansing which will improve on accurate billing and collection rate of the municipality. The focus areas of this strategy are to improve and enhance the following:

- The indigent registration;
- Data cleansing on the financial information systems;
- Updating of all consumer files;
- Accurate billing
- Revenue collection that's sustains the cash flow position of the municipality;
- Skills transfer and capacitation of municipal officials on the revenue enhancement strategy.
- Debt recovery of all outstanding amounts; and
- An effective implementation of the Credit Control Policy

### **1.5.2 Operating Transfers and Grant receipts:**

<b>NGQUSHWA LOCAL MUNICIPALITY REVENUE FROM GRANTS ALLOCATIONS FOR 2016/2017 FINAL BUDGET</b>

<b>TOTAL GRANTS</b>	<b>110 143 000.00</b>	<b>111 992 000.00</b>	<b>1 849 000.00</b>

**NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

- Even though there's decrease on some grants i.e. **Municipal Infrastructure Grant (MIG)**, and **Equitable Share** the overall grant revenue has increased by **2 %**. This increase is a net effect between the decrease in existing grants and new grants received. The grants received were from Minerals and Energy amounting to **R 4 million** and CETA amounting to **R6.3 million**.
- **Equitable Share** has decreased by **7.2%** and **MIG decreased by 6.94 %** from National Treasury. The main reason for the decrease is because of the Global Financial Economic outlook which has been weaker than anticipated.
- The most contributing factor is that one ward from Ngqushwa Local Municipality is taken to Buffalo City Metro due to Demarcation processes.
- Another contributing factors to the decrease in grants in the coming financial year is that National Treasury has taken the **MSIG** from the municipalities.

### **1.5.3 Operating expenditure:**

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

- **General expenditure:** This is due to new projects that will be done in the 2016/2017 financial year that will be funded in Equitable Share.

- The capital revenue of **R 20.7 million** from MIG for 2016/17 is **6.94%** less when compared to the 2015/16 adjustment budget. The decrease is due to the lesser allocations by National Treasury. The overall capital revenue has increased by **2.83%**, this is caused by the fact that the Municipality have got an approval of funding of **R 4 million** for electrification of villages from Department of Minerals and Energy. The main source of capital funding for the municipality are State conditional grants.

financial perspectives (operating, capital, financial position, cash flow, and MFMA funding compliance).

This requires the simultaneous assessment of the Financial Performance, Financial Position and Cash Flow Budgets, along with the Capital Budget. The Budget Summary provides the key information in this regard:
  - The operating deficit (after Total Expenditure) is negative over the MTREF.
  - Capital expenditure is balanced by capital funding sources, of which:
    - Transfers recognised is reflected on the Financial Performance Budget;
    - Internally generated funds are financed from accumulated cash-backed surpluses from previous years. The amount is incorporated in the Net cash from investing activities on the Cash Flow Budget. .
  - The municipality has to ensure that it improves the billing and collection of the revenue from property rates and refuse services so as to have cash available to fund service delivery.

- The total revenue is **R 167.4 million** in 2016/17. Revenue to be generated from property rates is **R 17.2 million** in the 2016/17 financial year, revenue for refuse is **R 674 thousand** for 2016/2017 financial year and the revenue predicted to be collected from outstanding debtors is **R 12.6 million**. The overall internal generated revenue has increased by **22.0%**, this therefore indicates that the Municipality is heavily grant dependent.

## **NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

- Transfers recognised – operating, includes the local government Equitable Share and other operating grants from National and Provincial Government. These grants form **78.0 %** of the total revenue base of the municipality therefore an indication that the municipality has to focus on the billing and collection of own revenue to have a better cash flow position.

- Table A5 is a breakdown of the capital programmes in relation to capital expenditure by municipal vote (multi-year and single-year appropriations); capital expenditure by standard classification; and the funding sources necessary to fund the capital budget, including information on capital transfers from national and provincial departments.

- The MFMA provides that a municipality may approve multi-year or single-year capital budget appropriations. In relation to multi-year appropriations, for 2016/17

R31.5 million has been allocated for total capital budget expenditure. This shows the municipality has to enhance its own revenue in order to generate more funding for capital expenditure and be able to maintain existing infrastructure.

- Table A6 is consistent with international standards of good financial management practice, and improves understand ability for councillors and management of the impact of the budget on the statement of financial position (balance sheet).
- This format of presenting the statement of financial position is aligned to GRAP1, which is generally aligned to the international version which presents Assets less Liabilities as “accounting” Community Wealth. The order of items within each group illustrates items in order of liquidity; i.e. assets readily converted to cash, or liabilities immediately required to be met from cash, appear first.

**NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

- Table 14 is supported by an extensive table of notes in supporting table SA3 providing a detailed analysis of the major components of a number of items, including:
- Call investments deposits;
- Consumer debtors;
- Property, plant and equipment;
- Trade and other payables;
- Non-current provisions ;
- Changes in net assets; and
- Reserves.
- The municipal equivalent of equity is Community Wealth/Equity. The justification is that ownership and the net assets of the municipality belong to the community.
- Any movement on the Budgeted Financial Performance or the Capital Budget will inevitably impact on the Budgeted Financial Position. For example, the collection rate assumption will impact on the cash position of the municipality and subsequently inform the level of cash and cash equivalents at year end.

- The budgeted cash flow statement is the first measurement in determining if the budget is funded.
- It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.

It can be seen that the cash levels of the municipality does not show a good picture over the years 2016/17 to 2018/19 due to the decline in conditional grant allocations received by the municipality and increased operating expenditure. In the 2016/17 budget year there is a decline in the cash levels responding to the increased operating expenditure budget and a decline in conditional grant allocations of the municipality. Further the municipality needs to take into consideration a realistic collection rate as this has implications on the funding of the budget.

- The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.
- In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
- The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality's budget must be "funded".
- Non-compliance with section 18 of the MFMA is assumed because a shortfall would indirectly indicate that the annual budget is not appropriately funded.
- From the table it can be seen that the municipality budget shows a **deficit** for the financial year 2016/17.
- Considering the requirements of section 18 of the MFMA, it can be concluded that the adopted 2016/17 MTREF was funded as much as the budget is showing a deficit as a result of budgeting for non-cash items which are depreciation and debt impairment.

**NGQUSHWA LOCAL MUNICIPALITY FINAL MTREF FOR 2016-2019**

- As part of the budgeting and planning guidelines that informed the compilation of the 2016/17 MTREF the end objective of the medium-term framework was to ensure the budget is funded aligned to section 18 of the MFMA.
- As can be seen the budget indicates that for the municipality to be financially viable and sustainable the municipality has to focus on the implementation of the revenue enhancement strategy and data cleansing to improve the revenue base of the municipality.
