4. IDENTIFICATION OF IRRECOVERABLE DEBTS

When the municipality identifies customers whose debts appear to be irrecoverable even after the whole credit control and debt collection process has been followed in terms of trying to obtain payment, then such accounts should be regarded as irrecoverable.

Once the debt is regarded as irrecoverable during the course of the year it must be grouped with others so that at the latest by April every year the report should serve before the Council in order to write off the irrecoverable debts.

5. WRITING OFF OF IRRECOVERABLE DEBTS

Where debts are identified as being irrecoverable, the process of writing off will be treated as follows:

Significant financial difficulties of the debtor and default or delinquency in payments or all debt outstanding for more than 150 days are considered indicators to determine that debtors are impaired.

NYANDENI BAD DEBTS AND WRITE OFF POLICY

Impairment of debtors (provision for doubtful debt) is recognised as an expense in the statement of financial performance. When an under recovery occurs during the financial year an additional contribution for impairment is made at year end.

In the assessment for impairment the following methodology:
