## Executive Summary

The application of sound financial management principles for the compilation of the municipality's budget is essential and critical to ensure that the municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities.

Mbhashe municipality's business and service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate, funds were transferred from low- to high-priority programmes so as to maintain sound financial stewardship. A critical review was also undertaken of expenditures on noncore and 'nice to have' items as outline in circular 70.

The municipality has embarked on the implementation of data cleansing report which include management of municipal leases, writing off of long outstanding and untraceable balances and implement credit control and debt collection policy. The municipality has reviewed its revenue enhancement strategy with the aim of give rise to additional sources of revenue and to grow its own revenue base.

National Treasury's MFMA Circular No. 54, 55, 58, 59, 64, 66, 67, 70, 72, 85, 86, 89, 91, 93 and 94 were used to guide the compilation of the 2018/19 to 2019/20 MTREF.

The main challenges experienced during the compilation of the 2019/20 MTREF can be summarised as follows:

- The ongoing difficulties in the economy;
- Reduction in equitable share and other conditional grants;
- $\quad$ Reduction in proceeds generated from the plant machinery;
- $\quad$ Aging and poorly maintained infrastructure;
- The need to reprioritize projects and expenditure within the existing resource envelope given the cash flow realities and declining cash position of the municipality;
- Increase in debtors book as a result of non-payment by rate payers;
- Discrepancies between the General Valuation roll and billing system;
- Lack of resources to fund infrastructure backlog
- mSCOA implementation and challenges within the budgeting module;
- Cutting down own revenue sources due to poor performance in the current year 2018/19
- Ensuring that the municipality does not approve an unfunded budget for 2019/20 financial year
- Unfunded mandates

The following budget principles and guidelines directly informed the compilation of the 2019/20 MTREF:

- As per MFMA circular 85, when determining an annual tariff need to consider thee input costs of trading services, the financial sustainability considering that $90 \%$ of the budget is from grants, local economic conditions and affordability including the municipal indigent policy.
- Considered the level of services versus the associated cost (affordability).
- Revised spending plans and reprioritizes funds to ensure key objectives are achieved and well-performing programs are supported.
- Ensured that efficiency gains, eradication of non-priority spending (cost containment measures) and the reprioritization of expenditure relating to core infrastructure continue to inform the planning framework of all municipalities as indicated in circular 72.

| TOTAL REVENUE | 366,937,000.00 | 380,680,000.00 | 400,482,250.00 |

The total revenue is made up of grants and subsidies which is $90 \%$ and $10 \%$ own revenue which is made up of income derived from our tariffs. Tariff-setting is a pivotal and strategic part of the compilation of any budget. When rates, tariffs and other charges were revised, local economic conditions, input costs and the affordability of services were taken into account to ensure the financial sustainability of Mbhashe Municipality.

The expenditure on the tables below is fully funded from the above mentioned sources of revenue.

The cost associated with the remuneration of councillors is determined by the Minister of Cooperative Governance and Traditional Affairs in accordance with the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998).
