## Abbreviations and Acronyms

ALCO	Assets and Liabilities Committee
Budget Lekgotla	A planning forum aimed at identifying key spending priorities for the City for a specific planning cycle.
BSC	Budget Steering Committee
BRT	Bus Rapid Transit, a project initiated to improve public transport within the City.
CAPEX	Capital expenditure, spending on municipal assets such as land, buildings, roads, etc.
CFO	Chief Financial Officer
CIF	Capital Investment Framework
CIMS	Capital Investment Management System, a system used to prioritise capital projects in the City
CM	City Manager
CoJ	City of Johannesburg
CPI	Consumer Price Index.
DED	Department of Economic Development, one of the City's core departments
DMTN	Domestic Medium-Term Note.
DoRA	Division of Revenue Act
EM	Executive Mayor
ESP	Expanded Social Package
FBE	Free basic electricity
FBS	Free basic services
FBW	Free basic water
GAAP	Generally Accepted Accounting Practice
GAMAP	Generally Accepted Municipal Accounting Practice
GRAP	Generally Recognised Accounting Practice
GDS	Growth and Development Strategy, the City's long- term strategy for development.
GDP	Gross domestic product
GMS	Growth Management Strategy, the City's strategy for the management of growth within the City.
HSDG	Human Settlement Development Grant
IBT	Inclining Block Tariff
IDP	Integrated Development Plan, a strategic document detailing the City's medium- term plan for development.
IGR	Intergovernmental relations
Kl	kiloliter
Km	kilometer
KPA	Key Performance Area
KPI	Key Performance Indicator
LED	Local economic development
MEs	Municipal entities, companies in which the City is the sole shareholder, established to provide services to residents on behalf of the City.

MBRR	Municipal Budgeting and Reporting Regulations
MFMA	Municipal Finance Management Act, Act 56 of 2003, legislation providing a framework for financial management in local government
MIG	Municipal Infrastructure Grant
MMC	Member of the Mayoral Committee
MPRA	Municipal Properties Rates Act
MSA	Municipal Systems Act, Act 32 of 2000
MTB	Medium Term Budget, a three-year financial plan of a municipality
MTEF	Medium- term Expenditure Framework
NERSA	National Electricity Regulator South Africa
NGO	Non- governmental organisations
NT	National Treasury of South Africa
OPEX	Operating expenditure, spending on the day to day operational activities such as salaries and wages, repairs and maintenance, general expenses
PBO	Public benefit organisations
PMS	Performance Management System
PPP	Public- Private Partnerships
RSC	Regional Services Council
SA	South Africa
SALGA	South African Local Government Association
SARB	South African Reserve Bank
SDBIP	Service Delivery and Budget Implementation Plan, a detailed plan containing quarterly performance targets and monthly budget estimates
SMME	Small, Micro and Medium Enterprises
VOTE	Segments (Departments/Municipal Entities/Programmes) into which a budget is divided for the appropriation of funds

**Purpose**

The purpose of this document is to submit the 2020/21 Medium Term Budget for information and consultation.

The Budget has been compiled within the framework of the Municipal Financial Management Act (MFMA), Municipal Budget and Reporting Regulations (MBRR), MFMA Circulars No 51, 54, 55, 59, 66, 67, 70, 74, 75, 78, 79, 82, 85, 86, 89, 91, 94, 97 and 98.

## **PART 1 – ANNUAL BUDGET**

### **1.1 EXECUTIVE SUMMARY**

The establishment of the Government of Local Unity through multi-party arrangements in 2019/20 financial year revives the implementation of the Gauteng Development Strategy 2040 (GDS 2040) as the City's strategic guide in responding to the needs of its residents. Key to this process is the revival of outcome-based planning approach and the revival of clusters as central pillars in the governance of the City. All programs are expected to respond to the thirteen priority programs as per the mandate of the GLU, and organizational reporting should be managed through clusters. Among spending priorities, the revival of the City's annual capital budget spending of R10 billion annually and the intelligence that informs the City's financial development plan is revived. Operational spending should be contained to release resources for the development of service delivery and economic development infrastructure. This means managing the consequences of decisions previously made and re-orientating programs towards the GDS 2040. The City's 'world class vision', and the enhancement of the City's operating model are re-instated as central pillars guiding 'Joburg in the South African local government space. In achieving this, the GDS outcomes were defined to the most elementary level- the input and activities required to walk the path defined.

The two strategic Makgotlas held with the City's executive management team on 13-15 December 2019, and 18-19 February 2019, respectively were used to refresh memories on the contents of the GDS 2040 and unpack the mandate of the GLU and its programs. These sessions further complemented in-year technical streams of work developed and managed by the administration. The Budget Steering Committee was held in January 2020 and formalized budget proposals in line with the resources at the disposal of the organization. The budget allocations and programmes become output to that process, and the pledge the City provides to the residents of Johannesburg.

The City remains committed to aggressive service delivery, enhancing and reviving economic nodes and precincts, aiming at improving its service standard levels, responsive to the challenges facing youth, gender, and economic development, de-risking the unemployed and creating opportunities, and improving the stature of the organization locally and internationally. Through the above mentioned processes, the political and administrative sections of leadership defined the envisaged destination. The programmes proposed seek to improve the quality of life of Johannesburg residents, put relevance of the digital and information age to residents, respond to the neglected areas of the society, and develop the necessary organizational capability.

Any developing nation cannot ignore the concept of 'smart cities', orientation, the relevance of the fourth industrial revolution, vulnerability to the effects of climate change, and the continued resurgence of social ills such as substance and drug abuse, migration and informality, and destitute. Within resources at the disposal of the City, the proposed budget allocations re-emphasize accelerated service delivery, strengthening law enforcement, reducing illegality, financial sustainability, human settlement, decent jobs and opportunities, and respond to fighting corruption, gender based violence, youth empowerment and land invasion. In allocating capital spending, the city is guided by its spatial planning that recognises the weaknesses of the current

arrangement and define the envisaged future City. Every project for which an allocation is made should find relevance in the city's spatial plan. There is a desire to improve the marginalized areas and enhance economic activity. The inner-city node is revived albeit through an expanded definition. Attempts are made to contribute to the new City "Lanseria" announced in the President's State of Nation Address of 2020. However, there are areas identified as requiring immediate attention: re-enforcement of the organizational information technological capacity, delivery of housing units, biasness towards certain category or ratepayers, structuring service delivery models to community empowerment, intergovernmental coordination and responding to economic and social challenges. Details of such programmes are contained in the IDP chapters.

Not much has changed in the environment the City is operating in characterised by low economic growth, high levels of unemployment particularly the youth), constrained public finances, rising household and public debt levels, energy challenges, and skills mismatch. The upsurge of volatile climate, the increase of non-communicable diseases, poverty, lawlessness, and poor infrastructure levels decrease the City's response to the kind of development desired. In spite of this, programmes had been put in place to strengthen the city's fiscal capacity, re-orientate the economy, and respond decisively on dilapidated infrastructure and service delivery issues. There has been a reprioritisation process to elevate financial sustainability as one of the drivers of the City's success, and the City's financial teams remain focused in resource mobilisation, the development of the necessary organisational capability to execute its programmes and managing stakeholder expectations in a functional municipality. Measures will be introduced to contain costs and edge the organisation towards more cost efficiency measures.

Electricity and energy challenges remain a major risk to the economy and municipal finances in general that need to be singled out as there are general secondary effects such as reduced output, employment and economic activity. City Power is grappling with non-technical losses and therefore magnifies the impact on the cross-subsidization model. Mobility around the City and SMME's are identified as key kind of activities impacted that will continue to be impacted the most. The City is exploring options to mitigate this risk including exploring the measure proposed by the national government. It is hoped with the planned infrastructure investment, stability in supply to the residents will be improved, while gauging the optimal solution in the long run.

The City remains an economic hub and houses head quarter offices of well established companies. It is critical that it should participate in the global information technological age and empower its citizen accordingly. Internally, there will be an enhanced emphasis on improved business process with the SAP S4Hana implementation, improved availability of management information, progressive and biased Wi-Fi rollout and revival of economic development along economic nodes. Programmes have been expanded to maximise Rand-value impact, improve livelihood citywide and increase the visibility of the services citywide. Improving the customer experience, remedying process failures such as billing queries, improved data management, reducing the backlog, reducing especially the high estimations on electricity and water meters; and improving the coverage of physical meter reading remain relevant in the current setting.

In conclusion, leadership understands the road ahead and is committed to enhancing the improvement of its business processes, improvement of its service standard implementation, alignments within the

intergovernmental system, and re-orientation of the economy to job supporting initiatives. There will be sessions with various stakeholders, including communities to empower each other and create a shared vision. It is in this context that a renewed commitment from the current labour force and its structures guided by professional conduct among all employees is required for the achievement of such goals. Details of programmes and allocated expenditure follows.

**1.2 OPERATING BUDGET FRAMEWORK**

The proposed operating revenue budget is approximately R61.8 billion and the operating expenditure budget is totalling R59.9 billion for the 2020/21 financial year. Revenue is increasing by 8.5% and expenditure by 5.7% over the 2019/20 financial year. The table below sets out the Medium-Term Revenue and Expenditure Budget for the 2020/21- 2022/23 financial years.

	Adjusted Budget 2019/20 R 000	Budget 2020/21 R 000	%	Estimate 2021/22 R 000	Estimate 2022/23 R 000
Revenue	56 964 811	61 795 225	8.5%	64 856 871	68 670 765
Internal revenue	7 870 096	7 935 066	0.8%	8 406 896	8 862 703
Expenditure	64 834 907	69 730 291	7.6%	73 263 767	77 533 468
Internal expenditure	56 708 898	59 922 551	5.7%	62 119 562	65 283 545
	7 870 096	7 935 066	0.8%	8 406 896	8 862 703
Surplus (Deficit)	64 578 994	67 857 617	5.1%	70 526 458	74 146 248
Taxation	255 913	1 872 674		2 737 309	3 387 220
Surplus (Deficit) for the year	44 089	47 700	8.2%	48 599	45 858
Capital grants and contributions	211 824	1 824 974		2 688 710	3 341 362
Surplus (Deficit) for the year including capital grants and contributions	3 165 458	2 619 226		2 655 323	3 137 882
	3 377 282	4 444 200		5 344 033	6 479 244

The City is budgeting for a surplus (before taxation and capital grants) of R1.9 billion for 2020/21. The surplus will be applied towards the City’s working capital and funding of capital investment.

**Revenue Analysis**

In 2019/20, the direct revenues were budgeted at R57 billion with revenue estimated to be R61.8 billion in 2020/21.

Revenue	Adjusted Budget 2019/20 R million	Budget 2020/21 R million	%	Estimate 2021/22 R million	Estimate 2022/23 R million
Property rates	12 293	13 358	8.7%	14 051	14 726
Electricity	16 172	17 069	5.5%	16 730	17 688
Water	7 889	8 498	7.7%	9 256	10 076
Sanitation	4 692	5 286	12.6%	5 726	6 205
Refuse	1 830	1 905	4.1%	1 994	2 094
Rental	393	424	7.9%	446	461
Interest earned	694	733	5.5%	769	811
Fines, penalties and forfeits	1 005	1 059	5.4%	1 114	1 170
Agency services	779	811	4.0%	842	877
Operating Grants	9 144	10 176	11.3%	11 187	11 687
Other revenue	2 074	2 477	19.4%	2 742	2 877
Total revenue	56 965	61 795	8.5%	64 857	68 671

The increase of 8.5% in total revenue is made up of the 8.7% increase in property rates, 5.5% in electricity revenue, 7.7% increase in water revenue, 12.6% increase in sanitation revenue, 4.1% increase in refuse, 7.9% increase in rental of facilities, 5.5% increase in interest earned, 5.4% increase in fines, 4% increase agency services, 11.3% increase in operating grants and 19.6% increase in other revenue.

The graph below reflects the percentages per revenue category of the total revenue of the City.

The 2020/21 revenue budget for property rates, electricity, water, sewerage and refuse amounts to R46.1 billion and it represents approximately 74.6% of the total revenue budget of R61.8 billion.

The table below sets out the average tariff increases for 2020/21 - 2022/23 financial years.

Service	Base Year 2019/20	Budget Year 2020/21	Budget Year +1 2021/22	Budget Year +2 2022/23
Property rates	5.50%	4.90%	4.80%	4.80%
Electricity	13.07%	8.10%	5.22%	10.00%
Water	9.90%	8.60%	8.60%	8.60%
Sanitation	9.90%	8.60%	8.60%	8.60%
Refuse	7.00%	5.20%	4.70%	5.00%

The proposed tariff increases in the table above are averages, i.e. some customers may pay more and others less than the average.

Property rates: Projected property rates revenue is estimated at R13.4 billion, approximately 8.7% increase from the 2019/20 financial year. The increase is based on an average property rates tariff increase of 4.9%. The increase includes improvements made to properties, subdivisions, consolidations and new properties.

Service charges - electricity: The projected electricity revenue of R17.1 billion is approximately 5.5% increase from the 2019/20 financial year. The increase is based on a proposed average tariff increase for electricity of 8.1% and the strategic drive to reduce total electricity losses to a level of 25.5% in the 2020/21 financial year. The average bulk purchase price increase from City Power's main suppliers (Eskom, Kelvin and Ekurhuleni municipality) is assumed at 7.3%.

Service charges - water and sewerage: Projected water and sewerage charges are estimated at R13.8 billion, approximately 9.6% increase from the 2019/20 financial year. The increase is based on an average tariff increase of 8.6%, based on a proposed Rand Water tariff increase of 6.6% plus a retail margin of 2% and an estimated population growth increase of 1.2%. Furthermore, business customers are to pay a 2% surcharge on water, sewerage and sanitary services. The City is also reintroducing the first 6kl water free to all customers as from 1 July 2020.

Service charges - refuse: The projected refuse revenue of R1.9 billion is approximately 4.1% increase from the 2019/20 financial year, the increase is based on a proposed average tariff increase of 5.2% and a proposed stepped tariff to ensure affordability for lower priced properties.

Rental of facilities are increasing by approximately by 7.9% and is mainly due to the increase in rental housing units (increase of 800 rental units) and the increase in revenues on commercial and social leases.

Interest earned increased by R38.3 million in line with payment and liquidity levels of the City.

Income from fines, penalties and forfeits increased with an amount of R54.2 million or 5.4% from the 2019/20 financial year. The increase is mainly due to fine income resulting from Road Traffic Offences (AARTO) infringement notices.

Operating grants are increasing by R1 billion or 11.3% from the 2019/20 financial year. The increase mainly relates to increased allocations for the Equitable Share R493 million, Fuel Levy R410 million, and Public Transport Network (PTNG) grant funding R272.6 million.

Other revenue reflects an increase of R406.2 million or 19.6% and it mainly relates to -

- Transportation (R267.4 million) mainly due to the Public Transport Network Operating Grant (PTNOG) allocation from the National Treasury, the revenue from the Johannesburg International Transport Interchange (JITI) and the Rea Vaya Phase 1C operationalization;
- Public Safety (R58.9 million) mainly due to projected revenues for the new vehicle pound in Midrand; and
- City Power (R33.9 million) due to an increase in new connections.

The tariffs for minor services will mainly increase in line with estimated inflation of 5.2%.

**Expenditure Analysis**

The City adopted the 2019/20 Adjusted Operating Budget of R56.7 billion. 2020/21 presents a budget of R59.9 billion, an increase of 5.7% from the 2019/20 adjusted budget.

Expenditure	Adjusted Budget 2019/20 R million	Budget 2020/21 R million	%	Estimate 2021/22 R million	Estimate 2022/23 R million
Employee related cost	15 303	16 135	5.4%	17 152	18 232
Remuneration of councillors	181	193	6.4%	205	218
Debt impairment	4 121	4 397	6.7%	4 591	4 893
Depreciation and asset impairment	4 267	4 493	5.3%	4 760	5 209
Finance charges	2 808	2 902	3.3%	3 034	3 182
Bulk purchases	18 063	19 030	5.4%	18 923	19 983
Contracted services	3 890	3 964	1.9%	4 172	3 898
Grants and subsidies	377	626	66.0%	658	691
Other expenditure	7 698	8 183	6.3%	8 625	8 977
<b>Total expenditure</b>	<b>56 709</b>	<b>59 923</b>	<b>5.7%</b>	<b>62 120</b>	<b>65 284</b>

The increase of 5.7% in expenditure is a result of the increase in employee related cost 5.4%, remuneration of councillors 6.4%, debt impairment 6.7% depreciation 5.3%, finance charges 3.3%, bulk purchases 5.4% (Eskom/Kelvin Power Station and Rand Water), contracted services 1.9%, grants and subsidies paid 66% (mainly for taxi compensation R270.3 million - Rea Vaya Phase 1C operationalization) and other expenditure 6.3%. Increases on expenditure are explained later in the report under each cluster per department or entity.

The graph below reflects the percentages per expenditure category of the total expenditure of the City.

**Repairs and Maintenance**

The City is placing a greater emphasis on preserving and maintaining its current infrastructure. Repairs and maintenance as a percentage of PPE has grown from 4.7% in 2016/17 to 5.8% in 2020/21. In terms of the Municipal Budget and Reporting Regulations, operational repairs and maintenance is not considered a direct expenditure driver but an outcome of certain other expenditures, such as remuneration, purchases of materials and contracted services. The following table is a consolidation of all the expenditures associated with repairs and maintenance:

Description R thousand	2016/17	2017/18	2018/19	Current Year 2019/20		2020/21 Medium Term Revenue & Expenditure Framework		
	Audited Outcome	Audited Outcome	Audited Outcome	Original Budget	Adjusted Budget	Budget Year 2020/21	Budget Year +1 2021/22	Budget Year +2 2022/23
<u>Repairs and maintenance expenditure by Asset Class</u>								
Roads Infrastructure	693 213	655 308	346 342	910 715	909 115	924 362	903 418	1 078 281
Storm water Infrastructure				251 200	251 200	256 700	275 674	295 000
Electrical Infrastructure	708 391	669 657	435 330	643 101	603 101	629 043	632 987	625 068
Water Supply Infrastructure	446 070	421 679	386 741	702 338	683 467	743 240	869 331	821 411
Sanitation Infrastructure	395 974	374 322	257 828	806 629	794 048	813 655	780 941	818 284
Solid Waste Infrastructure				9 128	9 128	13 449	14 114	7 207
Information and Communication Infrastructure	68 324	64 588		16 086	16 086	15 688	15 765	16 749
Community Facilities	13 890	13 131		328 761	328 761	334 568	308 208	324 053
Heritage Assets						2 158		
Other Assets	728 566	688 728	1 992 691	946 418	957 311	958 039	1 110 908	1 197 772
<b>Total</b>	<b>3 054 428</b>	<b>2 887 412</b>	<b>3 418 932</b>	<b>4 614 376</b>	<b>4 552 217</b>	<b>4 690 902</b>	<b>4 911 346</b>	<b>5 183 825</b>

**Financial Position**

The table below reflects the summary of the proposed financial position.

Financial position	Adjusted Budget 2019/20 R million	Budget 2020/21 R million	Estimate 2021/22 R million	Estimate 2022/23 R million
Total current assets	17 317	17 529	21 355	23 639
Total non current assets	83 710	88 671	91 518	95 497
Total current liabilities	15 718	14 793	17 066	16 018
Total non current liabilities	29 031	30 685	29 742	30 573
Community wealth/equity	56 277	60 722	66 066	72 545

The projected current ratio over the medium term is projected to be above 1:18. Cash reserves are used to fund capital investment, hence no material improvement in the current ratio.

**Cash Flow**

The table below reflects the summary of the proposed cash flow.

Cash flow	Adjusted Budget 2019/20 R million	Budget 2020/21 R million	Estimate 2021/22 R million	Estimate 2022/23 R million
Net cash from (used) operating	7 571	8 584	10 094	11 402
Net cash from (used) investing	(9 141)	(8 571)	(9 841)	(8 341)
Net cash from (used) financing	2 041	782	1 166	(212)
Cash/cash equivalents at the year begin:	5 339	5 810	6 605	8 024
Cash/cash equivalents at the year end	5 810	6 605	8 024	10 872

The cash of the City is projected to be approximately R6.6 billion at the end of the 2020/21 financial year. It will be approximately R10.9 billion in the outer year. Cash reserves are applied towards capital infrastructure spending.

To achieve financial stabilisation and long-term sustainability the City has a set of parameters within which financial planning should be aligned. These key financial indicators are included in the table below.

Key Financial Indicators						
Ratios	Actual 2018/19	Adjusted Budget 2019/20	Bench- marks	Budget 2020/21	Estimate 2021/22	Estimate 2022/23
Current ratio	1.1:1	1.1:1	1.5 - 2:1	1.2:1	1.3:1	1.5:1
Solvency ratio	2.2:1	2.3:1	Above 2:1	2.3:1	2.4:1	2.6:1
Debt to Revenue ratio	42%	43%	Below 45%	41%	41%	38%
Remuneration as % of Total Operating Expenditure ratio	26.5%	27.3%	25% - 40%	27.2%	27.9%	28.2%
Repairs and Maintenance as a % of PPE ratio	4.7%	5.9%	8%	5.8%	5.8%	5.8%
Capital cost (interest and redemption) as a % of total operating expenditure	10%	7%	6% - 8%	8%	7%	10%
Net Operating Surplus Margin	7%	0%	Above 0%	3%	4%	5%
Cash / Cost coverage (days)	47.8	35.9	30 - 90 days	39.3	48.3	65.8

**1.3 CAPITAL EXPENDITURE**

The level of capital expenditure and borrowing are based on affordability, prudential indicators and sustainability (debt ratio, current ratio, operating surplus and the impact or return of the capital investment on the operating account).

The table below reflects the medium term capital budget over the next three years.

Funding source	Org Bud 2019/20 R 000	Budget 2020/21 R 000	Budget 2021/22 R 000	Budget 2022/23 R 000
Loan funding	2 988 369	2 620 591	2 200 000	3 000 000
CRR and surplus cash	1 578 123	3 179 205	3 800 000	3 085 336
Grants and contributions	3 187 968	2 619 226	2 655 323	3 137 882
<b>Total</b>	<b>7 754 460</b>	<b>8 419 022</b>	<b>8 655 323</b>	<b>9 223 218</b>

The capital budget of the City projects a spending plan of approximately R26.3 billion over the next three-year period. The capital budget for the 2020/21 financial year amounts to approximately R8.4 billion. Approximately R5.8 billion of the capital budget will be funded by the City and R2.6 billion from grants and public contributions.

**Funding Sources for 2020/21**

- R2.6 billion of capital will be funded from loans.
- R3.2 billion of capital will be funded through cash surpluses.
- R381.3 million will be funded from grants received from National (PTIS - R244.2 million, NDPG - R62.4 million and Integrated City Development Grant - R74.8 million).
- R1.9 billion will be funded through the Urban Settlement Development Grant (USDG).
- R389.6 million will be funded from other sources (public and bulk service contributions).

## ANNUAL BUDGET TABLES

The following pages present the main budget tables as required in terms of section 8 of the Municipal Budget and Reporting Regulations. These tables set out the municipality's 2020/21 budget and the MTB.

Table A1: Consolidated Budget Summary

**Explanatory notes to table A1: Budget Summary**

1. Table A1 is a budget summary and provides an overview of the City's budget that includes all major financial components (i.e. operating, capital expenditure, financial position, cash flow, and MFMA funding compliance).
2. Financial management reforms emphasise the importance of the municipal budget being funded. This requires the simultaneous assessment of the Financial Performance, Financial Position and Cash Flow Budgets, along with the Capital Budget. The Budget Summary provides the key information in this regard:
  - a. The operating surplus is positive over the medium term;
  - b. The capital budget is approximately R8.4 billion in 2020/21 and R9.2 billion in 2022/23;
  - c. Borrowing is incorporated in the net cash from financing on the Cash Flow Budget;
  - d. Internally generated funds are financed from a combination of the current operating surplus and accumulated cash-backed surpluses from previous years; and
  - e. The cash of the City is projected to be approximately R6.3 billion at the end of the 2020/21 financial year. It will be approximately R10.1 billion in the outer year.
3. The City's cash backing / surplus reconciliation over the medium-term budget shows a positive outcome, which is an indication that the City will be able to afford its commitments over the next three years.

Explanatory notes to table A2: Budgeted Financial Performance (revenue and expenditure by standard classification)

1. Table A2 is a view of the budgeted financial performance in relation to revenue and expenditure per standard classification. The standard classification divides the municipal services into functional areas. Municipal revenue, operating expenditure and capital expenditure are then classified in terms of each of these functional areas which enable the National Treasury to compile "whole of government" report.
2. The total revenue on this table includes capital transfers and expenditure includes taxation.

The table below reflects the surplus/(deficit) of trading services accounts.

Description  R thousand	2016/17	2017/18	2018/19	Current Year 2019/20		2020/21 Medium Term Revenue & Expenditure Framework

% Surplus/(Deficit)	-26.8%	-21.7%	-19.6%	-21.4%	-22.8%	-21.1%	-20.8%	-21.6%

1. The electricity trading surplus is R1.1 billion, R1.3 billion and R1.4 billion over the medium.
2. The surplus on the water and wastewater management account are increasing over the medium term translating into a surplus of R2.6 billion, R2.8 billion and R3.3 billion for each of the respective financial years.
3. The deficit on waste management are relatively stable over the medium term from R448 million in 2020/21 to R509 million in 2022/23. The deficit of waste management is cross-subsidised by the property rates account.
4. The surpluses on the trading accounts are utilised as an internal funding source for the capital investment (asset renewal, refurbishment and the development of new asset infrastructure).

5. Table A3: Consolidated Budgeted Financial Performance (revenue and expenditure by municipal vote)

Explanatory notes to Table A3: Budgeted Financial Performance (revenue and expenditure by municipal vote)

1. Table A3 is a view of the budgeted financial performance in relation to the revenue and expenditure per municipal vote. This table facilitates the view of the budgeted operating performance in relation to the organisational structure of the City.
2. Note the total revenue on this table includes capital transfers and expenditure includes taxation and excludes internal transfers.
3. The five biggest votes/budgets are City Power (R16.8 billion), Johannesburg Water (R11.7 billion), Public Safety (R5.8 billion), Group Finance (R5.6 billion) and Pikitup (R2.6 billion).

Explanatory notes to Table A4: Budgeted Financial Performance (revenue and expenditure)

- Table A4 is a view of the budgeted financial performance in relation to the revenue and expenditure per revenue and expenditure category. Total revenue is R61.8 billion, and it represents a revenue

growth of 8.5%, 5.0% and 5.9% respectively over the 3 years. Major contributing items are the projected growth and tariff increases on property rates tax and service charges.

2. Projected property rates revenue is estimated at R13.4 billion, approximately 8.7% increase from the 2019/20 financial year. The increase is based on an average property rates tariff increase of 4.9%. The increase includes improvements made to properties, subdivisions, consolidations and new properties.
3. Service charges relating to electricity, water, sanitation, refuse removal and service charges other constitute the biggest component of the revenue basket of the City, totaling R32.8 billion for the 2020/21 financial year and increasing to R36.1 billion in 2022/23.

#### Service charges – electricity

The projected electricity revenue of R17.1 billion is approximately 5.5% increase from the 2019/20 financial year. The increase is based on a proposed average tariff increase for electricity of 8.1% and the strategic drive to reduce total electricity losses to a level of 25.5% in the 2020/21 financial year. The average bulk purchase price increase from City Power's main suppliers (Eskom, Kelvin and Ekurhuleni municipality) is assumed at 7.3%.

#### Service charges - water and sewerage

Projected water and sewerage charges are estimated at R13.8 billion, approximately 9.6% increase from the 2019/20 financial year. The increase is based on an average tariff increase of 8.6%, based on a proposed Rand Water tariff increase of 6.6% plus a retail margin of 2% and an estimated population growth increase of 1.2%. Furthermore, business customers are to pay a 2% surcharge on water, sewerage and sanitary services. The City is also reintroducing the first 6kl water free to all customers as from 1 July 2020.

#### Service charges – refuse

The projected refuse revenue of R1.9 billion is approximately 4.1% increase from the 2019/20 financial year, the increase is based on a proposed average tariff increase of 5.2% and a proposed stepped tariff to ensure affordability for lower priced properties.

4. Transfers recognised – Operating grants are increasing by R1 billion or 11.3% from the 2019/20 financial year. The increase mainly relates to increased allocations for the Equitable Share R493 million, Fuel Levy R410 million, and Public Transport Network (PTNG) grant funding R272.6 million.
5. Bulk purchases have increased over the 2016/17 to 2022/23 period, escalating from R15 billion in 2016/17 to R19 billion in 2020/21. These increases can be attributed to substantial increases in the cost of bulk electricity from Eskom and water from Rand Water.
6. Employee-related cost, one of the main cost drivers within the City's operating expenditure, increases from R10.3 billion in 2016/17 to R16.1 billion in 2020/21. The budgeted 2020/21 salary increase is based on a projected increase of 6.25%. Salaries are capped at an increase of 5.4% to provide for a

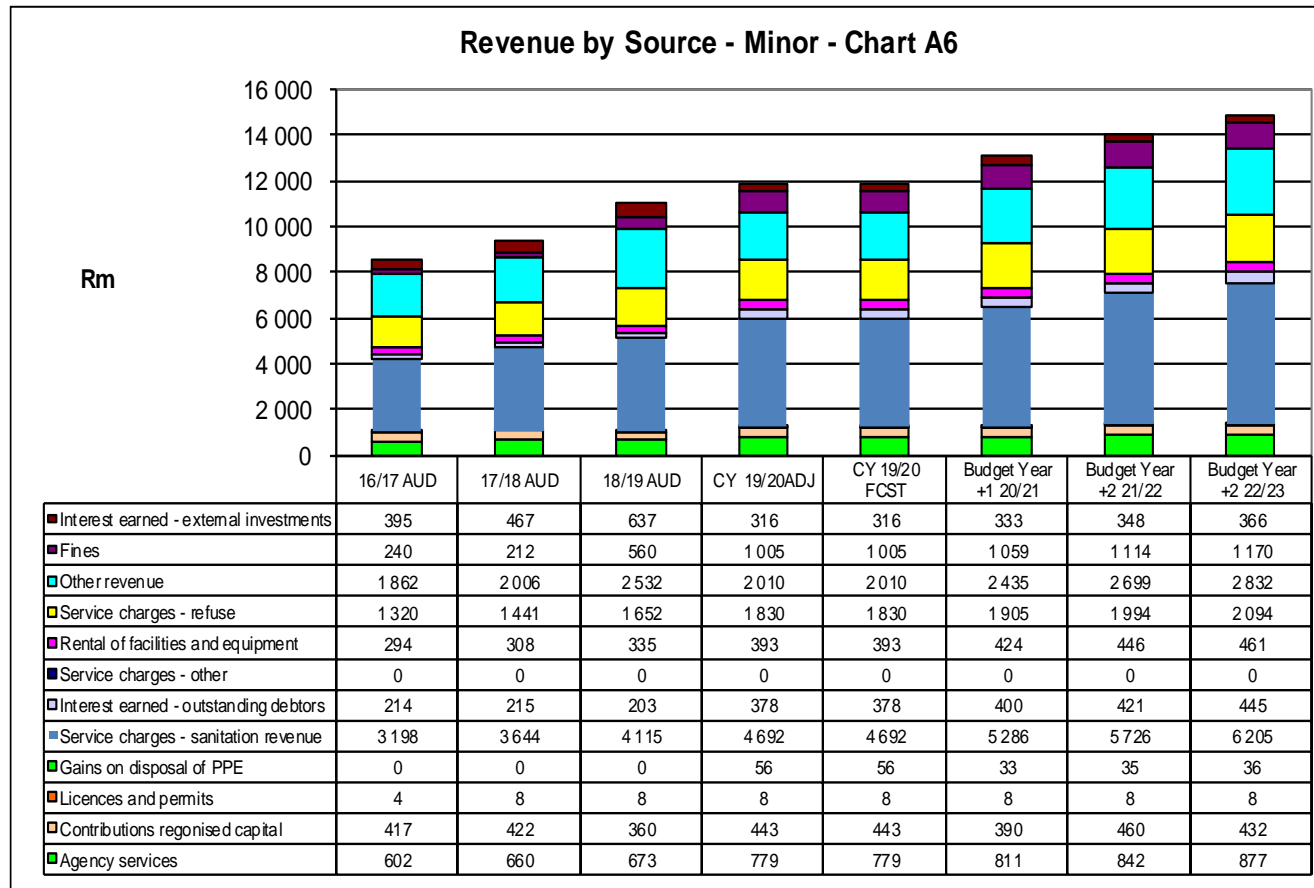

natural attrition rate of 0.85%. Employee related cost includes security and cleaning services and 1500 MPO graduates from the previous year.

7. Depreciation and asset impairment increase from R3.1 billion in 2016/17 to R5.2 billion in 2022/23. This increase is mainly due to the impact of the increased capital investment in infrastructure in the past and over the medium-term budget.
8. Contracted service amounts to R4 billion in 2020/21 and is R73.9 million more than 2019/20.
9. Other expenditure increases with 7.4% from the 2019/20 financial year.
10. The City is budgeting for a surplus (before taxation and capital transfers) of approximately R1.9 billion for 2020/21.

Explanatory notes to Table A5: Budgeted Capital Expenditure by vote, standard classification and funding source

1. Table A5 is a breakdown of the capital expenditure by municipal vote (multi-year and single-year appropriations); capital expenditure by standard classification; and the funding sources necessary to fund the capital budget, including information on capital transfers from national and provincial departments.
2. The City has approved multi-year capital budget appropriations in terms of section 16(3) of the MFMA. R8.4 billion is appropriated for 2020/21, R8.7 billion for 2021/22 and R9.2 billion for 2022/23.
3. Funding sources for 2020/21:
  - a. R2.6 billion of capital will be funded from loans.
  - b. R3.2 billion of capital will be funded through cash surpluses.
  - c. R381.3 million will be funded from grants received from National (PTIS – R244.2 million, NDPG - R62.4 million and Integrated City Development Grant - R74.8 million).
  - d. R1.9 billion will be funded through the Urban Settlement Development Grant (USDG).
  - e. R389.6 million will be funded from other sources (public and bulk service contributions).

Explanatory notes to Table A6: Budgeted Financial Position

1. Table A6 is consistent with international standards of good financial management practice and improves understandability for councilors and management of the impact of the budget on the statement of financial position (balance sheet).
2. This format of presenting the statement of financial position is aligned to GRAP1, which is generally aligned to the international version which presents Assets less Liabilities as “accounting” Community Wealth. The order of items within each group illustrates items in order of liquidity, i.e. assets readily converted to cash, or liabilities immediately required to be met from cash, appear first.
3. Movements on the Budgeted Statement of Financial Performance will impact on the Budgeted Statement of Financial Position. Assumptions made on the collection rate for instance, will affect the budgeted cash position of the City and the budgeted impairment of debtors. As such the assumptions form a critical link in

determining the applicability and relevance of the budget, the determination of financial indicators, the assessment of funding compliance and the general viability of the municipality.

Explanatory notes to Table A7 - Budgeted Cash Flow Statement

1. The budgeted cash flow statement is the first measurement in determining if the budget is funded.
2. It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.
3. Cash and cash equivalents totals R6.6 billion as at the end of the 2020/21 financial year and escalates to R10.9 billion by 2022/23.

Explanatory notes to Table A8: Cash Backed Reserves/Accumulated Surplus Reconciliation

1. The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.
2. The table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
3. The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality’s budget must be “funded”.
4. From the table the City reflects a shortfall in 2016/17 and 2017/18. From 2018/29 to 2022/23 the City reflects a surplus.

Explanatory notes to Table A9: Asset Management

1. Table A9 provides an overview of municipal capital allocations to building new assets and the renewal of existing assets, as well as spending on repairs and maintenance by asset class.
2. National Treasury has recommended that municipalities should allocate at least 40 per cent of their capital budget to the renewal of existing assets, and allocations to repairs and maintenance should be 8 per cent of PPE. The City does meet the 40 per cent but does not meet the 8 per cent of PPE over the 2020/21 to 2022/23 medium term.
3. The following graph provides an analysis between depreciation and operational repairs and maintenance over the MTREF. It highlights the City’s strategy to address the maintenance backlog.

Graph: Depreciation in relation to repairs and maintenance over the medium term

Explanatory notes to Table A10: Basic Service Delivery Measurement

1. Table A10 provides an overview of free basic services and service delivery levels, including backlogs (below minimum service level), for each of the main services.
2. The cost of Free Basic Services amounts to R3.2 billion in 2020/21 and R3.4 billion in 2022/23.

#### **1.4 TARIFF SETTING**

The City's funding model continue to rely on revenue generated from trading services as a primary source of revenue, followed by grants and loans. What tends to differ is the share of each of the sources of funding. With the tight economic climate that South Africa is facing, the growth in national grants allocations is becoming flatter thereby forcing municipalities to find their own sources of funding. Furthermore, with innovations and technological developments, the traditional notion of utilities as ultimate monopolies that can generate excessive revenue is eroding. The current operational and capital budget funding model is based on the continued and sustained generation of surplus through trading services, primarily water and electricity services. This is complemented by revenue raised through property taxation and grant funding.

Tariff-setting therefore plays a pivotal and strategic part of the compilation of the City's budget and an integral part of the City's funding mix as it determines the affordability level, debt impairment and the capacity of the City to borrow to fund the City's capital programs. Elements of a good tariff policy are proposed in section 74 of the Local Government: Systems Act, 2000. Tariff reviews take place within the framework of the City's Tariff Policy that sets overarching principles. The City's Tariff Policy remains premised on affordability of services, competitiveness of the City and returns on investments made on infrastructure used in the provision of services. Tariffs for these services are informed by increases in bulk purchases rather than inflation. The City further seeks to facilitate development initiatives within its boundaries and remains mindful of the basis of its tariff adjustments, its obligations to its citizen, requirements of the regulatory framework and the prevailing economic climate.

For the 2020/21 financial year, in addition to the ordinary practice of adjustment for inflation, cost reflectivity gained attention against the discussion of scarcity of resources. Tariffs should at least be expected to recover and match the cost of providing services. Administered prices and inflationary pressures limit the scope of tariff increases. Departments and entities are further also involved in finding out innovative forms of generating extra revenue to compensate for the changing economic environment. These proposals will be included in the tariffs basket for consultation or be part of measures designed to strengthen fiscal efforts. Such measures include exploring areas such as outdoor advertising, traffic law enforcement, parks maintenance partnerships, extracting value on the existing debtors book, tariff audits per category of customers and a review of various ways in which the current tariffs on the system can be made more cost reflective.

Effective 01 July 2018, the City implemented a third General Valuation in terms of the Local Government Municipal Property Rates Act, 2004, resulting in an increase in rateable value. The date of valuation of this roll is 1 July 2017 as required by the Municipal Property Rates Act, 2004. Given that property rating share the same base with refuse removal the latter will further receive spill overs as a result of improvements in valuations. Through this process also, there was a potential to also deal with completeness of the property rates base as it relates to rating. Coupled with investigations on the mismatching of files, audit reconciliations, validation of reversals and improved billing, there is a potential to preserve the current property rates revenue levels. The 2018 General Valuation further includes a new category of property- the public service infrastructure that has not been rated in the past general valuations and will be rated as per the regulations from the national government.

With continued pressure on affordability level and economic performance, a scrutiny of performance drivers and uniqueness of each revenue source was undertaken as part of the budget process and matched to the required collection levels using past performance levels and future projections. For the 2020/21 financial year, the Budget Steering Committee discussions reviewed revenue targets recognizing the prevailing local economic conditions, input costs of each service, the affordability of services as expressed by historic consumption levels, and also to strike a balance between the interests of poor households, other customers and ensuring the financial sustainability of the municipality

The major challenge that tends to face the City is managing the gap between cost drivers and tariffs levied, as any shortfall should be closed through operational efficiency gains or service level reductions. An assessment of historic revenue performance indicated changes in patterns of consumption. In fact there are indications, that the revenue generating entities may be generating very marginal profit hence no longer subsidizing other departments and entities as expected. The tariffs were reviewed to ascertain whether they are still capable of producing the required revenue envelopes, taking note of the prevailing trends and changes on the trading account. To manage this dilemma, it is necessary that budgeting be undertaken as a going concern at the entity level. There is a recognition that operations need to generate sufficient revenue to sustain their respective business units and cross-subsidise expenditure across other departments and entities.

With scarcity of resources such as water, tariffs are increasingly used to encourage the economic use of scarce resources and price appropriately for returns to capital employed in the provision of services. The City monitors revenue trends, tariff structures, changes in regulatory framework and economic impact on various consumer categories as part of formulating revenue forecasts.

National Treasury (NT) continues to encourage municipalities to keep increases in rates and tariffs at affordable levels in order for the budget to be realistic as required by the MFMA. Municipalities are required to justify in their budget documentation all increases in excess of the 6 (six) per cent which is the upper boundary of the South African Reserve Bank's inflation target. Excessive increases are likely to be counterproductive, resulting in higher levels of non-payment, and therefore a collapse of the existing revenue base. Municipalities are further encouraged to set cost- reflective tariffs especially for trading services such as water and sanitation, electricity and refuse removal. In MFMA Circular No 98, the NT notes that municipalities are increasingly under-recovering the cost associated with trading services.

The percentage increases of both Eskom and Rand Water bulk tariffs are far beyond the inflation target. Given that these tariff increases are determined by external agencies, the impact they have on the municipality's electricity and water tariffs is largely outside the control of the City. Cross-subsidization should still entrench principles of equitability and economic use of resources. In cases where the City uses subsidy to fund operations, there is a need to extract efficiency through balancing the subsidy and revenue ratios.

Within this framework the City has undertaken the tariff setting process relating to its major service charges as follows:

**Property Rates**

Rates revenue is one of the major funding sources for the City of Johannesburg. The services funded from the rates revenue include, inter alia, health, safety and security, roads and public parks as well as many other community related services. The factors influencing the cost structure of providing such services, is the inflationary pressure and cost of supplies required to maintain these services and assets.

In order to realise the income required to finance the envisaged operational activities of the Council for the ensuing financial year, the proposed differentials for categories and application of the ratios and tariffs, are as indicated in the table below.

<b>No</b>	<b>Category</b>	<b>Ratio 2019/2020</b>	<b>Rates for 2019/2020</b>	<b>Ratio 2020/2021</b>	<b>Rates tariffs for 2020/2021</b>	<b>% Increase</b>

People who are on a government grants because of disability whose gross monthly household income which is lower than R10 260. Property value not more than R2.5 million	100%
People who are on pension because of disability whose gross monthly income is higher than R10 230 but lower that R17585 in a property value not more than R2.5 million	50%

**Water, Sewerage and Sanitation Services**

South Africa faces similar challenges with regards to water supply as it did with electricity, since demand growth outstrips supply. Consequently, NT is encouraging all municipalities to carefully review the level and structure of their water tariffs to ensure:

- Water tariffs are fully cost-reflective – including the cost of bulk purchases, cost of maintenance and renewal of purification plants, water networks and the cost associated with reticulation expansion;
- Water tariffs are structured to protect basic levels of service and ensure the provision of free water to the poorest of the poor (indigent); and
- Water tariffs are designed to encourage efficient and sustainable consumption.

In addition, NT has urged all municipalities to ensure that their water tariff structures are cost reflective. In instances where tariffs are not yet fully cost-reflective, NT advises that a pricing strategy be developed to phase-in the necessary tariff increases in a manner that spreads the impact on consumers over a period of time (National Treasury, MFMA Circular No 74).

It is expected that Rand Water will increase its bulk tariffs by 6.8 per cent from 1 July 2020.

Taking these factors into account, the City is proposing an average tariff increase of 8.6 per cent from 1 July 2020 for water and sewerage and sanitation services. 6 kℓ water per 30-day period will again be granted free of charge to all residents. Registered indigents will continue to receive free water and sanitation as per the City’s ESP Policy.

The proposed tariff increases for the 2020/21 financial year applicable to the various tariff bands is as follows:

- First 6 kl to be provided for free for residential customers.
- Residential post-paid and prepaid water and sanitation tariffs to be increased on average by 8.6%
- Residential post-paid and prepaid sanitation tariffs to be increased on average by 8.6%
- Institutional tariffs to be increased by 10,7% for Consumption up to 200kl and Consumption exceeding 200kl by 13.7%

- Industrial/Commercial tariffs to be increased by 8.6%
- Demand Levy to be increased by 8.6%
- All other tariffs to be increased by an average of 8.6%

Proposed sanitation tariffs for indigents as part of the Expanded Social Package

Indigent Category	Score on Prevailing COJ Poverty Index	Reduction in sewerage tariff charge for applicable indigent band
Band 1	1-34	70%
Band 2	35-70	100%
Band 3	70-100	100%

Note:

- a. Band 1 refers to individuals / households within the vulnerability range defined by the approved CoJ Poverty index of the expanded social package policy.
- b. Band 2 refers to individuals/ households with some formal income that nonetheless falls below the survival range threshold set by the approved CoJ Poverty index of the expanded social package policy.
- c. Band 3 refers to individuals/ households with no formal income from either grants or employment, or incomes below the approved individual survival level per month.

**Waste Management Services**

National Treasury acknowledges that waste removal usually operates at a deficit (MFMA Circular 66). The CoJ is no exception to this trend. Municipalities are encouraged by NT to have cost- reflective tariffs for waste removal, and to explore alternative methodologies to manage solid waste, including recycling and incineration in plants that use heat energy to generate electricity. Pikitup has redefined its tariff determination principles effective 01 July 2016. These revised tariff determination principles require businesses and households to all contribute towards waste management services. This practice moves away from charging for waste management services (refuse charge) based on the number of bins to charging a levy as a contribution towards the cost associated with all waste management services. The amount of the levy to be charged will still be determined based on the market value of property.

The proposed tariffs for refuse removal services for 2020/21 are as follows

**Refuse Charge**

The table below depicts the property categories in terms of their values and related refuse charges aligned to each category.

<b>Property Categories</b>		<b>Proposed Tariff (increased by 5.2%)</b>
<b>From</b>	<b>To</b>	
0	R350 000	Exempt
R350 001	R500 000	R141
R500 001	R750 000	R186
R750 001	R1 000 000	R235
R1 000 001	R1 500 000	R247
R1 500 001	R2 500 000	R345
R2 500 001	R5 000 000	R360
R5 000 000>		R368

**City Cleaning Levy (CCL)**

The property categories listed below relates to CCL which is levied on properties zoned as non-residential including vacant land and all agricultural properties as reflected by City’s land information systems (LIS).

<b>Property Categories</b>		<b>Proposed Tariff (increased by 5.2%)</b>
<b>From</b>	<b>To</b>	
0	R350 000	Exempt
R350 001	R500 000	R193
R500 001	R1 500 000	R195
R1 500 001	R2 500 000	R279
R2 500 001	R5 000 000	R287
R5 000 001	R7 500 000	R445
R7 500 001	R10 000 000	R464
R10 000 001	R30 000 000	R623
R30 000 000>>>		R791

**Non Sectional Title Properties**

The tariffs below apply to properties other than sectional title properties used for habitation and charged as follows:

- a) Non sectional title properties with multiple living units will be R92 per unit
- b) Non sectional title properties containing living rooms will be R38 per room with shared facilities per month

**Disposal fees/tariffs**

The categories below reflect charges for the waste disposed of at various landfills sites within the City. This method of waste disposal involves treatment of waste materials by burial and is categorised and charged per type and weight being disposed of as follows:

	<b>Tariff (excl. vat)</b>
(a) Refuse Disposal for each 500kg - Except Special Industrial Waste	<b>R 122</b>
(b) Refuse Disposal for each 250kg - Special Industrial Waste	<b>R 122</b>
(c) Refuse Disposal - Except Special Industrial Waste done after 12:00pm on Saturday, the whole day on Sunday and Public Holidays	<b>R 146</b>
(d) Refuse Disposal - organic (garden) waste (Free at Garden Sites)	<b>R128</b>
(e) Refuse Disposal - Soil and Other Material Suitable for Covering Landfills	<b>R 0</b>
(f) Refuse Disposal Outside of COJ- Soil and Other Material Suitable for	<b>R 181</b>

Covering Landfills

**Landfill safe disposal (per ton)**

The tariffs in this category relates to safe disposal of putrescible (food) waste at City landfill sites for which destructible certificates are issued. This service is charged per ton of waste disposed as follows:

**Tariff (excl. vat)**

- (a) Price per ton **R 3 055**
- (b) Price per 500kg and under **R 1 528**

**Electricity Services**

The tables below show the proposed electricity tariffs for the 2020/2120 MTB.

Segment	Overall Tariff Escalation Rates			
	FY1920*	FY2021	FY2122	FY2223
Large Power User (MV-TOU)	15.77%	9.95%	5.22%	10.00%

**Free Basic Services: Basic Social Services Package**

The ESP assists households that are poor or face other circumstances that limit their ability to pay for services. To receive these free services households are required to register in terms of the City's Expanded Social Package Policy. The Policy will be reviewed to ensure that it is aligned to national government policies supporting indigent customers, and better profile the programs of the City as they relate to poverty reduction, and social support. About 29 947 individuals are currently registered and the number is expected to increase to around 70 000 over the medium term.

Details relating to free services, cost of free basis services, revenue lost owing to free basic services as well as basic service delivery measurement are contained in Table A10 (Basic Service Delivery Measurement).

The cost of the social package of the registered indigent households is largely financed by national government through the local government equitable share received in terms of the annual Division of Revenue Act.

**COUNCIL RESOLUTIONS**

Council Resolutions

**OPERATING BUDGET**

**IT IS RECOMMENDED**

1. That the draft consolidated operating revenue of R61.8 billion, operating expenditure of R59.9 billion, taxation of R47.7 million and capital grants and contributions of R2.6 billion for the City of Johannesburg for the financial year 2020/21, and the indicatives for the projected medium-term period 2021/22 to 2022/23 be noted as set out in the following attachments:
  - 1.1 The consolidated operating budget for the City, Core Administration and Municipal Entities as reflected in Annexure A, B and C.
  - 1.2 The operating revenue and expenditure budget by vote for the City as reflected in Annexure D.
2. That the subsidies payable by Core Administration to the following Municipal Entities be noted: –

Municipal Entity	Adjusted Budget 2019/20	Budget 2020/21	Estimate 2021/22	Estimate 2022/23
	R 000	R 000	R 000	R 000
Pikitup	587 027	579 327	604 986	654 101
Johannesburg Roads Agency	1 176 531	1 271 090	1 342 270	1 419 504
Metrobus	641 453	673 120	713 320	754 044
Johannesburg City Parks and Zoo	875 745	935 075	987 888	1 045 967
Johannesburg Development Agency	37 181	37 868	40 822	42 841
Johannesburg Property Company	499 116	506 677	532 723	565 926
Metropolitan Trading Company	240 661	268 074	279 742	293 729
Johannesburg Social and Housing Company	29 677	3 055	4 710	6 403
Joburg City Theatres	120 628	136 513	147 497	157 103
<b>Total subsidies to ME's</b>	<b>4 208 019</b>	<b>4 410 799</b>	<b>4 653 958</b>	<b>4 939 618</b>

3. That the supporting information contained in the 2020/21 – 2022/23 Draft Medium-Term Revenue and Expenditure Budget document as required in terms of Section 17(3) of the Municipal Finance Management Act (Act 56 of 2003) be noted in conjunction with this report.
4. That the Accounting Officer:
  - 2.1 In accordance with chapter 4 of the Systems Act:

- (a) Make public the annual consolidated operating budget and other documents referred to in section 17(3) of the MFMA; and
- (b) Invite the local community to submit representations in connection with the annual consolidated operating budget.

2.2 Submit the annual consolidated operating budget:

- (a) In both printed and electronic formats to the National and Provincial Treasury; and
- (b) In either format to any prescribed national or provincial organs of state and to such other municipalities as may be affected by the budget.

CAPITAL BUDGET

IT IS RECOMMENDED

1. That the draft capital budget of R8 419 022 000 for the year 2020/21, R8 655 323 000 for the year 2021/22 and R9 223 218 000 for the year 2022/23 of the City of Johannesburg be noted in terms of Section 16 (3) of the MFMA as set out in the following schedules:

- 1.1 Capital budget by vote for each of the Municipal Entities and Core Administration as reflected in Annexure A.
- 1.2 Capital budget by project for each of the Municipal Entities and Core Administration as reflected in Annexure B.

5. That the Accounting Officer:

2.1 In accordance with chapter 4 of the Systems Act:

- (a) Make public the annual consolidated operating budget and other documents referred to in section 17(3) of the MFMA; and
- (b) Invite the local community to submit representations in connection with the annual consolidated operating budget.

2.2 Submit the annual consolidated operating budget:

- (a) In both printed and electronic formats to the National and Provincial Treasury; and
- (c) In either format to any prescribed national or provincial organs of state and to such other municipalities as may be affected by the budget.

TARIFFS

IT IS RECOMMENDED

1.1.1 That the tariff of charges for the 2020/21 budget, as tabled, be noted.

**PART 2 – SUPPORTING DOCUMENTATION**

**2.1 OVERVIEW OF THE ANNUAL BUDGET PROCESS**

**2.1.1 Budget Process Overview**

In terms of section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year (i.e. in August) a time schedule that sets out the process to revise the IDP and prepare the Budget.

Key dates applicable to the process were:

<b>Budget and tariff process 2020/21</b>	<b>Timeframe</b>	<b>Status</b>
Mayoral Lekgotla	13-15 December 2019	✓
Presentations of budget proposals to Technical Budget Steering Committee	20- 22 November 2019	✓
Budget Steering Committee meetings	14-20 January 2020	✓
NT Engagements (Mid- year Review)	7 February 2020	✓
Mayoral Committee considers tabled draft IDP, Budget, Tariffs, SDBIPs and Business Plans	20 March 2020	✓
Tabling of the draft IDP, Budget, Tariffs, SDBIPs and Business Plans at Council	31 March 2020	✓
IDP, Budget and Tariffs outreach process	April 2020	
Approval of IDP, Budget, Tariffs, SDBIPs and Business Plans by Mayoral Committee	11 May 2020	
Council approval of final IDP, Budget, Tariffs, SDBIPs and Business Plans	22 May 2020	

A change in the political landscape within the City saw a new Mayor being elected on 4 December 2019. Following this election, a Mayoral Lekgotla was convened on 13- 15 December 2019 to forge a new strategic direction and pronounce on new priority programmes for the City.

Subsequent to the Mayoral Lekgotla, budget guidelines were issued to departments and municipal entities (MEs). Departments and MEs were requested to prepare their budget proposals in line with the recommendations of the Mayoral Lekgotla. These budget proposals were then presented to the Budget Steering Committee hearings held on 14 to 20 January 2020. The BSC is established in terms of the local government regulatory framework, and for the City of Johannesburg incorporates additional members co-opted to assist in the formulation of strategic priorities. The Budget Steering Committee reviews and evaluates key priority programmes for the clusters, departments and entities in the short and medium-term and outcomes thereof in relation to GDS imperatives and the strategic direction as set at Mayoral Lekgotla. It

further deliberates on performance targets and indicators and reviews the proposed operating and capital expenditures. In between are sessions at executive management level that seek to develop programme content and shared understanding of priorities, interventions and focus areas.

### **2.1.2. IDP and Service Delivery and Budget Implementation Plan**

The City's IDP is its principal strategic planning instrument, which directly guides and informs its planning, budget, and management and development actions. This framework is rolled out into objectives, key performance indicators and targets for implementation which directly inform the Service Delivery and Budget Implementation Plan. There will be areas revised in line with the new strategic priorities, and to create focus in resource allocation.

The process plan applicable to this revision cycle included the following key IDP processes and deliverables:

- Registration of community needs;
- Compilation of departmental business plans including key performance indicators and targets;
- Financial planning and budgeting process;
- Compilation of the SDBIP; and
- The review of the performance management and monitoring processes

For the 2020/21 MTB, each department/function had to review its business planning process, including the setting of priorities and targets after reviewing the mid-year and third quarter performance against the 2019/20 Departmental Service Delivery and Budget Implementation Plan. Business planning links back to priority needs and master planning, and essentially informed the detail operating budget appropriations and three-year capital programme.

### **2.1.3. Review of the Financial Development Plan**

The financial development plan has been reviewed in line with historic performance trends and the local government regulatory framework, and used to confirm both the adjustment budget and the 2020/21 budget indicatives. The outcomes of the process were used to inform the resource allocation process. The funding model still relies heavily on revenue generated from trading services through tariffs, supported by grants and loans. Built into the models are modules that recognise constraints as a result of existing commitments and the projected financial position. Optimisation as a modelling technique was used to arrive at budget limits that put the organisation at a sound financial position. The modelling process also shared light on the performance of major revenue sources in relation to capital investments made, providing a rich background of evaluating budget proposals.

### **2.1.4 Community Consultation**

As per legislative requirements, once the draft budget is tabled in Council, it must be made available for the public to comment on. The public participation process will be undertaken in line with the prescripts of the

MFMA, Municipal Systems Act, and other applicable legislation. The program is managed in conjunction with the Office of the Speaker. The tabling of the draft budget in March 2020 will mark the commencement of community participation, encourage discussion with all stakeholders and provide an opportunity for feedback. The public participation process will take place throughout the month of April 2020 with the support of the City's regional structures. The outcome of the public participation process will be considered to determine the final budget and tariffs.

## **2.2 OVERVIEW OF ALIGNMENT OF ANNUAL BUDGET WITH IDP**

Budgeting takes place within the overall City planning framework. The City's Growth and Development Strategy (GDS) and IDP are the primary point of reference for the MTB. Subsequent to the election of a new Mayor in December 2019, a new strategic direction and priority programmes were forged, forming the basis for the IDP review.

The new strategic priorities are:

- Financial Sustainability;
- Good Governance;
- Sustainable Service Delivery;
- Economic development;
- Job Opportunity and Creation;
- Integrated Human Settlements;
- Safer City;
- Active and Engaged Citizenry;
- Sustainable environmental development; and
- Smart City.

Accordingly, the 2020/21 MTB addresses the following key programmes in the IDP:

- Accelerated and visible service delivery and reintroduce co-production in the delivery of basic services;
- Improve and strengthen the financial position;
- Impact the housing market including the integration, development and maintenance hostels and flats;
- A safer City by reintroducing ward-based policing (Joburg 10+) and effective by-law enforcement;
- Job opportunities and creation;
- Development and support of SMME;
- Community Based Planning and enhanced community engagement, including Mayoral imbizo;
- Manage displaced communities and homelessness;
- Combat drug and substance abuse;
- Combat gender-based violence;
- Combat corruption, fraud and maladministration;
- Combat illegal land invasion and promote regulated land use; and
- Formalisation of informal settlements and accelerated rapid land release.

The 2020/21 MTB has therefore been directly informed by the IDP revision process and the following tables provide a reconciliation between the IDP strategic objectives and operating revenue, operating expenditure and capital expenditure.

Table SA4: Reconciliation of IDP strategic objectives and budget (revenue)

KEY PRIORITY	PROGRAMME	2019/20	2020/21 Medium Term Revenue & Expenditure Framework		
		Adjusted Budget R 000	Budget Year 2020/21 R 000	Budget Yr +1 2021/22 R 000	Budget Yr +2 2022/23 R 000

### **2.3 MEASURABLE PERFORMANCE OBJECTIVES AND INDICATORS**

The City is committed to developing a comprehensive system that allows for the management of the performance of the City. This system forms the basis for managing the performance of Core Departments as well as Municipal Entities.

Citywide performance management is therefore the process of strategic planning through which performance objectives for the City of Johannesburg are identified, based on the Growth and Development Strategy and the Integrated Development Plan, and then monitored and measured via the City Scorecard (the SDBIP). Performance management takes place within the context of a broader cooperative governance framework and is informed by national planning (at the level of national Government) and by regional planning (at the level of the Provincial Government).

The corporate governance framework for the city integrates both political as well as administrative accountability for the performance of the city.

The following table provides the main measurable performance objectives the municipality undertakes to achieve this financial year.

Table SA8: Performance indicators and benchmarks

Description of financial indicator	Basis of calculation	2016/17	2017/18	2018/19	Current Year 2019/20		2020/21 Medium Term Revenue & Expenditure Framework		
		Audited Outcome	Audited Outcome	Audited Outcome	Original Budget	Adjusted Budget	Budget Year 2020/21	Budget Year +1 2021/22	Budget Year +2 2022/23
<b><u>Borrowing Management</u></b>									
Credit Rating		Aa1.za	Aa1.za	Aa1.za					
Capital Charges to Operating Expenditure	Interest & Principal Paid /Operating Expenditure	7.2%	19.8%	9.9%	6.4%	6.6%	7.9%	6.5%	9.8%
Capital Charges to Own Revenue	Finance charges & Repayment of borrowing /Own Revenue	9.0%	23.8%	10.8%	7.5%	7.9%	9.2%	7.6%	11.2%
Borrowed funding of 'own' capital expenditure	Borrowing/Capital expenditure ex cl. transfers and grants and contributions	56.8%	150.3%	104.5%	59.7%	59.7%	48.4%	36.7%	49.3%
<b><u>Liquidity</u></b>

iii. Cost coverage	(Available cash + Investments)/monthly fixed operational expenditure	1.0	0.9	1.6	1.5	1.5	1.6	1.9	2.5

### **2.3.1 Performance indicators and benchmarks**

#### *2.3.1.1 Borrowing Management*

Capital expenditure in local government can be funded by capital grants, own-source revenue and long-term borrowing. The ability of a municipality to raise long term borrowing is largely dependent on its creditworthiness and financial position. The CoJ's borrowing strategy is premised on the limits and success of interventions identified in the financial development plan. It is estimated that the debt to revenue will be between 38% - 41% over the medium-term.

*Capital charges to operating expenditure* are a measure of the cost of borrowing in relation to the operating expenditure. This is expected to increase in line with the City's funding increase that can be attributed to bonds repayments. It is estimated that the cost of borrowing and principal paid as a percentage of the operating expenditure will be 9.2% for 2020/21, 7.6% in 2021/22 and thereafter reaching 11.2%. Borrowing is considered a prudent financial instrument in financing capital infrastructure development, and this indicator will have to be carefully monitored going forward.

#### *2.3.1.2. Liquidity*

*Current ratio* is a measure of the current assets divided by the current liabilities and as a benchmark the City has set a limit of 1.5-2:1.

#### *2.3.1.3. Revenue Management*

As part of the financial sustainability strategy, the City continues to integrate revenue enhancement initiatives with the budget planning process. Monthly performance reports are used to track performance against revenue targets, and remedial actions are implemented through appropriate governance structures. The intention is to understand the drivers of revenue performance and how they are impacted by changing economic conditions.

#### *2.3.1.4. Creditors Management*

The City continues to put processes in place to ensure that creditors are settled within the legislated 30 days of invoice. While the liquidity ratio is of concern, by applying daily cash flow management the municipality targets a 100 percent compliance rate. This has had a favorable impact on suppliers' perceptions of the risk of doing business with the City, which is expected to benefit the City in the form of more competitive pricing of tenders, as suppliers compete for the City's business.

### **2.3.2 Indigence and the Extended Social Package**

For the 2020/21 financial year the City will continue on a process to revitalise its indigent register and make it a central instrument in contributing to revenue enhancement, poverty reduction and food security. This includes aligning the register to various sector policies, and preserving fairness in application implementation and

monitoring. At this stage it is understood that the Department of Social Development is reviewing the ESP in a manner that focusses it in achieving the priorities.

### **2.3.3 Providing clean water and managing waste water**

The Department of Water Affairs conducts an annual performance rating of water treatment works, presenting a Blue Drop or Green Drop award respectively to potable water treatment works and waste water treatment works that meet certain criteria of excellence.

Recent assessments show that the City's potable water and waste water treatment works meet standards of exceptional quality. In 2015 the City was awarded a Blue Drop status for its potable water distribution system. In 2014 the Green Drop certification was awarded to four of the six wastewater treatment works.

JW has a Water Safety Plan in place and the plan was independently assessed by the International Water Association (IWA) against an international assessment model. There were no high-risk problems identified. There are no problems experienced in the management of drinking water and the water continuously complies with the *Drinking Water Standard: SANS 241*.

2.3.4. Service Standards

Service Standards for Entities

City Power	
Core Service	Service Level Standard
Average hours to restore loss of logged electricity supply to traffic signal	Less than 18 hours
Average time taken to repair logged streetlight queries (Motorways)	Less than 5 days
Average time taken to repair logged streetlight queries (Secondary Roads, Main Arterials and Area lighting)	Less than 8 days
Percentage resolution on logged calls of damaged electricity meters	95%
Average restoration time of power supply for planned interruption	Less than 8 hours
Percentage Restoration of power supply after logged forced interruption	Restoration of power supply after logged forced interruption 30% within 1.5 hours, 60% within 3.5%hours; 90% within 7.5 hours, 98% within 24 hours, 100% within 7 days
Percentage investigation of logged illegal connections per month – Single properties	95%
Percentage investigation of logged illegal connections per month – multiple properties	95%
Percentage resolution of logged Walk-In-Queries per month	95%
Percentage Read all meters as per CoJ download file2 and accurately read meters for billing by CoJ	98% accurate automated meter reading for LPUs
	95% accurate manual meter reading for domestic
	98% accurate automated meter reading for LPUs
75% Sentiment Index	75%
Average time taken to Communicate Planned Outages	7 days
Average time taken to communicate logged unplanned MV and HV outages (including load shedding and operational emergencies)	Within 5 hours
Johannesburg Water	
Core Service	Service Level Standard
Percentage of water supply interruptions concluded within 12 hours of notification.	95%
Percentage of fire hydrants repaired within 48 hours of notification.	95%

Percentage of stolen meters replaced within 24 hours of notification.	95%
Percentage of defective meters repaired within 3 days of notification.	95%
Percentage of defective meters repaired within 3 days of notification.	95%
Percentage of leaking valves repaired within 48 hours of notification.	95%
Percentage of missing manhole covers replaced within 24 hours of notification.	95%
Percentage within 48 hours of notification.	95%
sewer blockages cleared within 24 hours of notification.	95%
Percentage of new water connections completed within 15 days of receiving request from customer.	95%
Percentage of accounts billed on actual readings monthly.	95%
Percentage of planned service interruption communiqués send within 7 days.	95%
Percentage unplanned interruption communiqués send immediately.	95%
<b>PIKITUP</b>	
<b>Core Service</b>	<b>Service Level Standard</b>
Collection of domestic waste	Daily, 7 days a week
Collection of general business waste	Daily, 6 days a week
Collection of putrescible waste (wet waste, dailies)	Daily, 6 days a week
Collection of refuse bags on the curb side	Within 48 hours
Cleaning of illegal dumping	Within 10 days of report
Delivery of new skip bins ordered by customer	Within 7 days of request
Delivery of new or replacement 240l bins ordered by customer	Within 7 days of request

Refuse removal and cleaning of informal settlements	Weekly
Removal of animal carcasses	Within 48 hours of request
Other complaints resolution	Within 7 hours of complaint
<b>JOSCHO</b>	
<b>Core Service</b>	<b>Service Level Standard</b>
Billing of customers	98% accurate bills of all active customers.

Tender placed after Council approval and CoJ Executive Adjudication Committee	Within 4 months of CoJ Executive Adjudication Committee approval (to sign off property agreement with 3 <sup>rd</sup> party)
Internal allocation of land and buildings to City Departments and Entities (PTOB: permission to occupy and build and lease office space from third parties)	Within 60 days of application and budget confirmation
Performance of surveys on the condition of all plant and equipment in order to allow the assessment of the required repairs and maintenance of facilities managed by JPC.	Quarterly (from date of instruction received)
Response to general enquiries at client services counter	Within 24 hours of logged call
Response to enquiries regarding transactions in pipeline	Within 24 hours of logged call
Response to applicants/interest to lease or acquire (formal applications) land and/or buildings	Within 30 days of application

## BUDGET RELATED-POLICIES

Budgeting is central to the process of prioritizing for service delivery and the management of the functions of Council. The City's budgeting process is guided by relevant legislation and budget related polices.

The following are the key policies that affect or are affected by the annual budget:

### **2.4.1. Budget Management Policy**

The City has developed a Budget Management Policy that provides a framework within which Directors, Managing Directors, Chief Executive Officers, Chief Financial Officers, Finance Directors and Managers can compile, control and review budgets of their respective Departments and Municipal Entities to ensure effective financial management. The policy guides the budget process and ensures sound expenditure management.

This policy incorporates, amongst others, provisions for the shifting of funds within and between votes, adjustment budgets, unforeseen and unavoidable expenditure, budget management and oversight.

The Policy is available on the City's website.

### **2.4.2. Tariff Policy**

The Municipal Systems Act, Act 32 of 2000, requires a municipality to have a tariff determination policy.

The City's Tariff Policy provides a broad framework within which Council can determine fair, transparent and affordable service charges that also promote sustainability of service provision. This Policy is based on principles that address the social, economic and financial imperatives that the process of tariff- setting should take account of. Departments and entities translate these principles into specific contents that relates to their businesses.

The City revised its Tariff Policy in 2008 and the Policy is on the City's website.

### **2.4.3. Treasury Control Policy**

The City has a Treasury Control Policy in place, which details a strategy and process of debt, cash management and financial risk management that complies with all the relevant legislation, regulations and guidelines.

The policy seeks to ensure the continued financial strength of the organisation by avoiding the occurrence of unnecessary/ uncontrolled events which could weaken the overall profitability and balance sheet structure.

#### **2.4.4. Cash Management and Investment Policy**

Section 13 (2) of the MFMA requires that a municipality have a policy dealing with cash management and investment.

The City's Cash Management and Investment policy is developed within the framework of the MFMA, and is contained within its Treasury Policy.

#### **2.4.5. Policy on Borrowing**

Chapter six (6) of the MFMA provides a framework for a policy on borrowing. The City's Policy on Borrowing is contained within its Treasury Policy, and it ascribes to the principles outlined in the Act.

#### **2.4.6. Funding and Reserves Policy**

The City's Treasury Policy contains a policy on funding and reserves. The Funding Policy is aimed at ensuring that the City procures sufficient and cost-effective funding in order to achieve its capital expenditure objectives in an optimum manner. The Policy shall be adhered to in the procurement of funding for the City having due regard to the assets and liability maturity profile of the City.

#### **2.4.7 Credit Control and Debt Collection Policy**

The City's Credit Control and Debt Collection Policy provides the procedures and mechanisms for credit control and for the collection of debts. The primary objective of this policy is to ensure that all monies due and payable to the City in respect of rates, fees for services, surcharges on such fees, charges, tariffs, interest which has accrued on any amounts due and payable in respect of the foregoing and any collection charges are collected efficiently and promptly.

The Policy is available on the City's website.

#### **2.4.8 Supply Chain Management Policy**

Municipalities are required in terms of section 111 of the MFMA to have a Supply Chain Management Policy.

The City approved its Supply Chain Management Policy in 2006. This Policy is currently under review to further strengthen, among other, to improve transparency, in terms of the Municipal Supply Chain Management Regulations, as well as National Treasury guidelines circulated from time to time.

#### **2.4.9 The Rates Policy**

The City revises its Rates Policy annually as per legislative requirements. A consultation process plan and outcomes of such process will be used as an input into the 2019/20 budget process.

Rates Policy and General Valuation Roll in terms of the Municipal Property Rates Act (MPRA) was implemented by the City on the 1<sup>st</sup> July 2008, 1 July 2013, and the City implemented its third new general valuation in July 2018.

#### **2.4.10 The Expanded Social Package Policy**

The City developed an expanded Social Package Policy in 2009 that indicate how municipal service subsidies are administered in the City. The targeting mechanism has been amended from a household- based means testing to an individually tied poverty index. The poverty index takes into account an individual's factors as well as the characteristics of the area he/ she reside in. This is in line with the logic that poverty is not a function of income only.

The Extended Social Package Policy will be reviewed to align it with the priorities of the current administration and the revitalization of the indigent register while increasing its focus to improve effectiveness.

#### **2.4.11 Policies on Infrastructure Investment and Capital Projects**

The Capital Investment Framework (CIF) is the framework through which the City identifies and prioritizes capital projects for implementation in the forthcoming financial year and the relevant medium-term budget. Over the past years, aspects of the framework have been used to develop various modules of the City's infrastructure planning tool, (JSIP).

Capital investment is dealt with within the budgeting process and is driven by the following:

- The Growth and Development Strategy;
- The Mayoral Priorities;
- Key IDP Interventions;
- The Spatial Development Framework;
- The Growth Management Strategy; and
- Capital Investment Framework

## **2.5 OVERVIEW OF BUDGET ASSUMPTIONS**

Key factors that have been taken into consideration in the compilation of the 2020/21 MTB include:

- National Government macro-economic targets;
- The general inflationary outlook and the impact on City's residents and businesses;
- The impact of municipal cost drivers;
- The increase in prices for bulk electricity and water; and
- The increase in the cost of remuneration.

### **2.5.1. External factors**

The global economic growth has been on a downward trajectory amid trade tensions notably between the United States and China. This resulted in a slowdown in global trade, which recorded growing a mere 1 per cent growth in 2019. The world economy is expected to grow by an average of 3.4% over the medium term, lower than the 3.8% average growth between 2010 and 2018. It is envisaged that improved growth in developing countries will support recovery over the long term. However, the aggregate growth forecast for South Africa's main trading partners has been revised downwards over the medium term (NT, 2020: Budget Review).

The economic growth outlook for South Africa is also subdued. The National Treasury highlights the financial status of state- owned entities; unreliable power supply; policy inertia and slow implementation of reforms as risk factors in the unfavourable economic growth outlook. Real GDP slowed from 0.8 per cent in 2018 to a projected 0.3 per cent in 2019. Accordingly, real GDP growth forecast has been revised downwards to 1.3 per cent over the medium term. (NT, 2020: Budget Review).

For municipalities, growth in economic activity positively impacts on the revenue base, the ability of municipalities to generate and collect revenue to fund the much needed development programmes intended to improve the lives of residents.

### **2.5.2. General inflation outlook and its impact on the municipal activities**

Inflation, as measured by the CPI, has remained within the target range of the South African Reserve Bank since the beginning of 2018. Inflation averaged 4.7 and 4.1 per cent in 2018 and 2019 respectively. (Statistics South Africa, CPI Publications).

In its Monetary Policy Statement of January 2020, the South African Reserve Bank (SARB) lowered its medium term inflation outlook. The Bank's forecasts of inflation average 4.1% in 2019 (down from 4.2%), 4.7% for 2020 (down from 5.1%) and 4.6% for 2021 (down from 4.7%).

Inflation increases the cost of living of households and thereby increases the vulnerability of low and middle income groups and negatively affects their ability to pay for municipal services. This negatively impacts the

revenue generation and revenue collection rates of municipalities and consequently their ability to fund the planned programmes.

The City is projecting CPI at 5.2% for 2020/21, 4.7% for 2021/22 and 5.0% for 2022/23 financial years.

### **2.5.3. Interest rates for borrowing and investment of funds**

The MFMA specifies that borrowing can only be utilised to fund capital or refinancing of borrowing in certain conditions. The City engages in a number of financing arrangements to minimise its interest rate costs and risk. There are a set of risk management and liability matching activities undertaken by the City' treasury, and political guidance is required if there is a need for review. The FDP further incorporates the ratios prescribed by the National Treasury through Circular 71 and requirements specific to covenant, and therefore, serves as a regulatory instrument in managing the City's overall capital structure at group level.

Borrowing will be R2.6 billion in the 2020/21 budget year and will increase to R3 billion in the outer year. For the 2020/21 MTB interest on loans is projected to be 9.8%, 9.9% and 10.0% for the respective years.

### **2.5.4. Collection rate for revenue services**

The rate of revenue collection is currently expressed as a percentage of annual billings. For the medium-term, collection rates for the various services are assumed as follows:

The overall budgeted collection rate is 91.6% for 2020/21, 91.7% for 2021/22 and 91.8% for the outer years.

### **2.5.5. Salary increases**

The SALGBC's multi-year collective agreement of 15 August 2018 stipulates that for the 2020/21 financial year the increase in salaries shall be based on the projected average CPI percentage for 2019 plus one comma five percent (1.5%). The forecasts of the South African Reserve Bank, in terms of the January 2020 Monetary Committee Statement shall be used to determine the projected CPI. The same procedure is followed to determine the salary increases for 2021/22 and 2022/23 financial years, with an additional 1.25% to the projected CPI.

Accordingly, the City is budgeting for a salary increase of 6.25% for 2020/21 and 6.3% for both 2021/22 and 2022/23 financial years.

### **2.5.6. Bulk purchases**

Electricity bulk purchases from Eskom and Kelvin Power station are assumed to increase by 7.3 per cent and the cost of bulk purchases from Rand Water is expected to increase by 6.6 per cent for the 2020/21 financial year.

Finance charges are increasing by 3.3 per cent and other expenditure categories have been limited below CPI with the aim of implementing operational efficiencies.

### **Credit rating**

The credit rating review by Moody's Investor Service of 11 November 2019 downgraded the City's long-term issuer rating to Baa3 negative. This negative outlook on the City's credit profile is attributed to the negative outlook of the country- which is its supporter- given the operational and financial links between the two.

Moody's review further alludes to the City's high infrastructure backlog and rapid population growth, which strain its capital infrastructure plans, as contributing factors to the negative credit outlook.

A negative credit rating is detrimental to the City's efforts to attract investments to fund its high capital spending plan. However, the City's improving operating performance, improving liquidity, sophisticated financial management and the large and diversified economic base are highlighted as credit strengths.

### **2.5.7. Ability of the municipality to spend and deliver on the programmes**

It is estimated that a spending rate of at least 100 per cent is achieved on operating expenditure and 100 percent on the capital programme for the 2020/21 MTB of which performance has been factored into the cash flow budget.

**2.6 OVERVIEW OF BUDGET FUNDING**

**2.6.1. Medium-term outlook: Operating revenue**

The following is a breakdown of the operating revenue over the medium-term.

Revenue	Adjusted Budget 2019/20 R million	Budget 2020/21 R million	%	Estimate 2021/22 R million	Estimate 2022/23 R million
Property rates	12 293	13 358	8.7%	14 051	14 726
Electricity	16 172	17 069	5.5%	16 730	17 688
Water	7 889	8 498	7.7%	9 256	10 076

The following graph is a breakdown of the operational revenue per main category for the 2020/21 financial year.

The revenue strategy is a function of key components such as:

- Growth in the city and economic development;
- Revenue management and enhancement;
- Achievement of a 91.6 percent annual collection rate for consumer revenue;
- Electricity tariff increases within the National Electricity Regulator of South Africa (NERSA) approval;
- Moving towards cost- reflective tariffs, i.e. determining tariff escalation rate by establishing/calculating revenue requirements;
- The Property Rates Policy in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA); and
- The ability to extend new services and obtain cost recovery levels.

The above principles guide the annual increase in the tariffs charged to the consumers and the ratepayers aligned to the economic forecasts.

Tariff setting plays a major role in ensuring desired levels of revenue. Getting tariffs right assists in the compilation of a credible and funded budget. The City derives most of its operational revenue from the provision of goods and services such as water, electricity, sanitation and solid waste removal, property rates, operating and capital grants from organs of state and other minor charges (such as building plan fees, licenses and permits etc).

The proposed tariff increases for the 2020/21 MTB on the different revenue categories are:

Proposed tariff increases over the medium-term

Revenue category	2020/21 tariff increase %	2020/21 Total Budgeted revenue Rm
Property rates	4.90%	13 358
Refuse	5.20%	1 905
Water and sanitation	8.60%	13 784
Electricity	8.10%	17 069
<b>Total</b>		<b>46 116</b>

**2.6.2. Medium-term outlook: Capital expenditure**

The following is a breakdown of the funding composition of the 2019/20 medium-term capital programme.

Funding source	Org Bud 2019/20 R 000	Budget 2020/21 R 000	Budget 2021/22 R 000	Budget 2022/23 R 000
Loan funding	2 988 369	2 620 591	2 200 000	3 000 000
CRR and surplus cash	1 578 123	3 179 205	3 800 000	3 085 336
Grants and contributions	3 187 968	2 619 226	2 655 323	3 137 882
<b>Total</b>	<b>7 754 460</b>	<b>8 419 022</b>	<b>8 655 323</b>	<b>9 223 218</b>

The capital budget of the City projects a spending plan of approximately R26.3 billion over the next three-year period. The capital budget for the 2020/21 financial year amounts to approximately R8.4 billion. Approximately R5.8 billion of the capital budget will be funded by the City and R2.6 billion from grants and public contributions.

**Funding Sources for 2020/21**

- R2.6 billion of capital will be funded from loans.
- R3.2 billion of capital will be funded through cash surpluses.
- R381.3 million will be funded from grants received from National (PTIS – R244.2 million, NDPG – R62.4 million and Integrated City Development Grant – R74.8 million).
- R1.9 billion will be funded through the Urban Settlement Development Grant (USDG).
- R389.6 million will be funded from other sources (public and bulk service contributions).

### Cash Flow Management

Cash flow management and forecasting is a critical step in determining if the budget is funded over the medium-term. The table below is consistent with international standards of good financial management practice and improves understandability for councilors and management. Some specific features include:

- Clear separation of receipts and payments within each cash flow category;
- Clear separation of capital and operating receipts from government, which also enables cash from ‘Ratepayers and other’ to be provide for as cash inflow based on actual performance. In other words, the *actual collection rate* of billed revenue; and
- Separation of borrowing and loan repayments (no set-off), to assist with MFMA compliance assessment regarding the use of long-term borrowing (debt).

**2.6.3. Funding compliance measurement**

National Treasury requires that a municipality assesses its financial sustainability against fourteen different measures that look at various aspects of the financial health of the municipality. These measures are contained in the following table. The information comes directly from the annual budgeted statements of financial performance, financial position and cash flows. The funding compliance measurement table essentially measures the degree to which the proposed budget complies with the funding requirements of the MFMA. Each of the measures is discussed below.

Table SA10: Funding compliance measurement

Description	MFMA section	2016/17	2017/18	2018/19	Current Year 2019/20		2020/21 Medium Term Revenue & Expenditure Framework		
		Audited Outcome	Audited Outcome	Audited Outcome	Original Budget	Adjusted Budget	Budget Year 2020/21	Budget Year +1 2021/22	Budget Year +2 2022/23
<b>Funding measures</b>									
Cash/cash equivalents at the year end - R'000	18(1)b	3 095 910	2 239 860	5 339 214	5 924 346	5 809 934	6 605 163	8 023 685	10 872 319
Cash + investments at the yr end less applications - R'000	18(1)b	(3 455 057)	(3 883 493)	581 051	397 171	1 806 145	2 732 677	4 210 490	7 340 278
Cash year end/monthly employee/supplier payments	18(1)b	1.0	0.9	1.6	1.5	1.5	1.6	1.9	2.5

Asset renewal % of capital budget	20(1)(vi)	45.7%		(0.0%)	49.5%	49.5%	47.4%	41.9%	43.4%

**2.6.3.1. Cash/cash equivalent position**

The City’s forecasted cash position was discussed as part of the budgeted cash flow statement. A ‘positive’ cash position, for each year of the MTB would generally be a minimum requirement, subject to the planned application of these funds such as cash-backing of reserves and working capital requirements.

If the municipality’s forecasted cash position is negative, for any year of the medium term budget, the budget is very unlikely to meet MFMA requirements or be sustainable and could indicate a risk of non-compliance with section 45 of the MFMA which deals with the repayment of short term debt at the end of the financial year. Cash and cash equivalents are forecasted at R6.6 billion at the end of 2020/21, and increasing to R10.9 billion in 2022/23.

**2.6.3.2. Cash plus investments less application of funds**

The purpose of this measure is to understand how the municipality has applied the available cash and investments as identified in the budgeted cash flow statement. The detail reconciliation of the cash backed reserves/surpluses is contained in Table A8. The reconciliation is intended to be a relatively simple methodology for understanding the budgeted amount of cash and investments available with any planned or required applications to be made. This has been extensively discussed above.

**2.6.3.3. Surplus/deficit excluding depreciation offsets**

The main purpose of this measure is to understand if the revenue levels are enough to conclude that the community is making a sufficient contribution for the municipal resources consumed each year. An ‘adjusted’

surplus/deficit is achieved by offsetting the amount of depreciation related to externally funded assets. Municipalities need to assess the result of this calculation taking into consideration its own circumstances and levels of backlogs. If the outcome is a deficit, it may indicate that rates and service charges are insufficient to ensure that the community is making an enough contribution toward the economic benefits they are consuming over the medium term. For the 2020/21 MTB the indicative outcome is a surplus of R1.9 billion, R2.7 billion and R3.4 billion before capital transfers and taxation.

*2.6.3.4. Cash receipts as a percentage of ratepayer and other revenue*

This factor is a macro measure of the rate at which funds are 'collected'. This measure is intended to analyse the underlying assumed collection rate for the MTB to determine the relevance and credibility of the budget assumptions contained in the budget. The outcome is at 91.6, 91.7 and 91.8 percent for each of the respective financial years. This measure and performance objective will have to be meticulously managed.

*2.6.3.5. Borrowing as a percentage of capital expenditure (excluding transfers, grants and contributions)*

The purpose of this measurement is to determine the proportion of a municipality's 'own-funded' capital expenditure budget that is being funded from borrowed funds to confirm MFMA compliance. Externally funded expenditure (by transfers/grants and contributions) has been excluded. The liquidity of the City has improved and therefore the City has increased the spending from own funds.

*2.6.3.6. Transfers/grants revenue as a percentage of Government transfers/grants available*

The purpose of this measurement is mainly to ensure that all available transfers from national and provincial government have been budgeted for. A percentage less than 100 percent could indicate that not all grants as contained in the Division of Revenue Act (DORA) have been budgeted for. The City has budgeted for all transfers.

*2.6.3.7. Consumer debtors change (Current and Non-current)*

The purpose of these measures is to ascertain whether budgeted reductions in outstanding debtors are realistic. There are two measures shown for this factor: the change in current debtors and the change in long term receivables, both from the Budgeted Financial Position.

*2.6.3.8. Repairs and maintenance expenditure level*

This measure must be considered important within the context of the funding measures criteria because a trend that indicates insufficient funds are being committed to asset repair could also indicate that the revenue budget is not being protected.

*2.6.3.9. Asset renewal/rehabilitation expenditure level*

This measure has a similar objective to aforementioned objective relating to repairs and maintenance. A requirement of the detailed capital budget (since MFMA Circular 28 which was issued in December 2005) is to categorize each capital project as a new asset or a renewal/rehabilitation project. The objective is to summarise and understand the proportion of budgets being provided for new assets and asset sustainability. Further details in this regard are contained in Table SA34b.

## Legislation compliance status

The promulgation of the Municipal Finance Management Act (The Act) in 2003 has brought in proficiency and control measures to local government in terms of budgeting, monitoring and accounting on public funds. The Act has had a profound effect on local government operations that required transformation in financial discipline and planning processes. The budget preparation for the 2020/21- 2021/22 medium term complies with most of these key requirements.

The Act has created clear reporting standards for local government that conforms to international standards. In addition to providing for improved reporting by local government, the Act stipulates that new accounting and financial standards must be complied with.

Compliance with MFMA implementation requirements has been substantially adhered to through the following activities:

a) In- year reporting

The City's electronic reporting to National Treasury has been complied with and has also improved over time. The monthly and quarterly returns to NT have been submitted on time.

b) MFMA training

The City of Johannesburg, in its strides to comply with the Act, has in its plan of compliance instructed departments to train all finance and non-finance officials on MFMA from 2005. This has resulted in mass training programme for officials in all sectors including the municipal entities. This massive training schedule was also boosted by the online training provided by National Treasury. Compliance on all critical elements of the MFMA is enhanced due the fact that most officials are aware of the Act.

c) Accounting standards

The reform agenda set out through the Municipal Finance Management Act includes new accounting standards, which includes national standards such as Generally Recognised Accounting Practice (GRAP) and Generally Accepted Municipal Accounting Practice (GAMAP). The above-mentioned accounting practices have been adhered to during the development of the budget.

The City's consolidated financial statements were prepared to comply with GAMAP since the 2004/05 financial year. The municipal entities financial statements were also prepared in line with GAAP.

d) Municipal Budget and Reporting Regulations

Budgeting in the CoJ is done in accordance with the MFMA: Municipal Budget and Reporting Regulations promulgated in 2009. Other directives from the National Treasury, for example in the form of budget circulars, are also taken into cognizance.

e) Budget and Treasury Office

The Budget and Treasury Office has been established in accordance with the MFMA.

- f) Audit Committee  
An Audit Committee has been established and is fully functional.
- g) Annual Report  
Annual report is compiled in terms of the MFMA and NT requirements.
- h) SDBIP  
The detail SDBIP is directly aligned and informed by the budget and is approved together with the budget.
- i) Budget Steering Committee  
A Budget Steering Committee has been established in accordance with MBRR and is fully functional.
- j) Alignment of Budget with development priorities  
There is clear linkage between the budget and the IDP. In turn, the IDP is developed from the GDS and Mayoral priorities. The City is implementing programme budgeting to ensure that the development programmes identified in the IDP are appropriately funded.
- k) Public participation  
In accordance with the Act, the City's draft budget is made public immediately after tabling in Council to allow for the public to comment on it. The budget has a strong political oversight.

## 2.7 EXPENDITURE ON GRANTS

Table SA19: Expenditure on transfers and grant programme

## 2.9 LEGISLATION COMPLIANCE STATUS

The promulgation of the Municipal Finance Management Act (The Act) in 2003 has brought in proficiency and control measures to local government in terms of budgeting, monitoring and accounting on public funds. The Act has had a profound effect on local government operations that required transformation in financial discipline and planning processes. The budget preparation for 2019/20- 2020/21 complies with most of these key requirements.

The Act has created clear reporting standards for local government that conforms to international standards. In addition to providing for improved reporting by local government, the Act stipulates that new accounting and financial standards must be complied with.

Compliance with MFMA implementation requirements has been substantially adhered to through the following activities:

h) In- year reporting

The City's electronic reporting to National Treasury has been complied with and has also improved over time. The monthly and quarterly returns to NT have been submitted on time.

i) MFMA training

The City of Johannesburg, in its strides to comply with the Act, has in its plan of compliance instructed departments to train all finance and non-finance officials on MFMA from 2005. This has resulted in mass training programme for officials in all sectors including the municipal entities. This massive training schedule was also boosted by the on line training provided by National Treasury. Compliance on all critical elements of the MFMA is enhanced due the fact that most officials are aware of the Act.

j) Accounting standards

The reform agenda set out through the Municipal Finance Management Act includes new accounting standards, which includes national standards such as Generally Recognised Accounting Practice (GRAP) and Generally Accepted Municipal Accounting Practice (GAMAP). The above mentioned accounting practices have been adhered to during the development of the budget.

The City's consolidated financial statements were prepared to comply with GAMAP since the 2004/05 financial year. The municipal entities financial statements were also prepared in line with GAAP.

k) Municipal Budget and Reporting Regulations

Budgeting in the CoJ is done in accordance with the MFMA: Municipal Budget and Reporting Regulations promulgated in 2009. Other directives from the National Treasury, for example in the form of budget circulars, are also taken into cognizance.

l) Budget and Treasury Office

The Budget and Treasury Office has been established in accordance with the MFMA.

m) Audit Committee

An Audit Committee has been established and is fully functional.

n) Annual Report

Annual report is compiled in terms of the MFMA and NT requirements.

l) SDBIP

The detail SDBIP is directly aligned and informed by the budget and is approved together with the budget.

m) Budget Steering Committee

A Budget Steering Committee has been established in accordance with MBRR and is fully functional.

n) Alignment of Budget with development priorities

There is clear linkage between the budget and the IDP. In turn, the IDP is developed from the GDS and Mayoral priorities. The City is implementing programme budgeting to ensure that the development programmes identified in the IDP are appropriately funded.

o) Public participation

In accordance with the Act, the City's draft budget is made public immediately after tabling in Council to allow for the public to comment on it. The budget has a strong political oversight.

**2.11 MEDIUM TERM BUDGET PER CLUSTER, DEPARTMENT AND MUNICIPAL ENTITY**

**2.11.1 Medium Term Operating Budget**

**Medium Term Expenditure and Revenue per Cluster**

For purposes of this section the expenditure growth percentage of the various departments within the Core Administration is based on direct expenditure (excluding internal transfers) and for the MEs it is based on total expenditure (including taxation) or subsidies received.

**SUSTAINABLE CLUSTER**

Sustainable Cluster	Adjusted Budget	Budget	Estimate	Estimate
Revenue	2019/20	2020/21	2021/22	2022/23

Johannesburg Social Housing Company	201 637	198 237	209 939	221 798
<b>Total Expenditure</b>	<b>33 039 559</b>	<b>34 288 393</b>	<b>35 078 325</b>	<b>37 118 300</b>

The Sustainable Cluster’s expenditure budget increases by 3.8% from the 2019/20 financial year. Below follow details of the expenditure budget per department and municipal entity within the sustainable cluster:

## **Environment and Infrastructure**

Environment and Infrastructure's revenue budget increases by 0.1% to R86.5 million as a result of the Energy Efficiency and Demand Side Management grant allocation. The expenditure budget increases by 3.2% to R158.7 million. Below is a highlight of programmes that are within the budget:

- Active and engaged citizenry - Environmental Education and Awareness;
- Sustainability environmental development - Water Resources Management: Healthy Rivers;
- Sustainability environmental development - Water Resources Management: Climate Change Resilience;
- Sustainability environmental development - Open Space Management;
- Sustainability environmental development - Climate Change;
- Sustainability environmental development - Waste Management;
- Environmental sustainability - Environmental Protection;
- Environmental sustainability - Biodiversity Protection;
- Climate change - Air Quality Management; and
- Environmental sustainability - Water and Biodiversity.

## **Housing**

The 2020/21 revenue budget for the Housing department is decreasing by 7.5% to R343.9 million mainly due to the reduction in Housing Top Structure grant funding. The expenditure budget increases by 5.9% to R1.2 billion mainly due to the increase in the provision for depreciation and asset impairment. Below is a highlight of programmes that are within the budget:

- Prioritising the formalisation of informal settlements;
- 1200 serviced sites constructed;
- 17200 Mixed housing opportunities created for households including Housing data base, special cases and military veterans;
- Refurbishment of Hostels; and
- Refurbishment of Senior Homes.

## **City Power**

City Power's expected deficit after taxation (excluding capital grants and contributions) amounts to R210.1 million. Service charges - electricity: The projected electricity revenue of R17.4 billion is a 5.7% increase from the 2019/20 financial year. The increase is based on a proposed average tariff increase for electricity of 8.10% and the strategic drive to reduce total electricity losses to a level of 25.50% in the 2020/21 financial year. The expenditure budget increases by 1.3% to R17.6 billion. The average tariff increase for bulk purchases from City Power's main suppliers (Eskom, Kelvin and Ekurhuleni municipality) is estimated at 7.3%. Below is a highlight of programmes that are within the budget:

- Financial sustainability - Revenue Enhancement, Non-Technical Losses Reduction and Customer Engagement Initiatives;
- Sustainable service delivery - Repairs and Maintenance of the infrastructure, Provision of public lighting, Spot & repair streetlight and Traffic light maintenance programme;
- Sustainable service delivery - Expanded Social Package Programme: Provision of Free Basic Electricity;
- Job opportunity and creation - SMME's Support and Youth Development Programme;
- Safer city - Reducing petty crimes and enforcing by-laws;
- Focused improvement of ICT equipment and software;
- Interventions to mitigate electricity constraints;
- Revenue Management Programme;
- Performance Management Programme; and
- Community based planning and enhanced community engagement, including Izimbizo.

### **Johannesburg Water**

Joburg Water's expected surplus (excluding capital grants and contributions) amounts to R1.9 billion. Service charges - water and sewerage: The projected water and sewerage revenue is estimated at R14 billion, approximately 9% increase from the 2019/20 financial year. The increase is based on an average tariff increase of 8.6%, based on a proposed Rand Water tariff increase of 6.6% plus a retail margin of 2% and an estimated population growth increase of 1.2%. Furthermore, business customers are to pay a 2% surcharge on water, sewerage and sanitary services. The City is also reintroducing the first 6kl water free to all customers as from 1 July 2020. The expenditure budget increases by 7.5% to R12.4 billion mainly to cater for an increase of 6.6% on bulk purchases and an assumed consumption increase of 2.12% in line with population growth. Below is a highlight of programmes that are within the budget:

- Sustainable service delivery - Inner City Upgrade & Renewal Programme;
- Sustainable service delivery - Infrastructure Upgrade & Renewal Programme;
- Integrated human settlements - Provision of Basic Services; and
- Sustainable service delivery - Water Conservation and Water Demand Management.

### **Pikitup**

Pikitup's revenue budget increases by 3% to R2.7 billion. Service charges - refuse: The projected refuse revenue of R1.9 billion is a 4.1% increase from the 2019/20 financial year; the increase is based on a proposed average tariff increase of 5.2% and a proposed stepped tariff to ensure affordability for lower priced properties. The expenditure budget increases by 3% to R2.7 billion mainly due to critical vacancies to be filled, to cater for depreciation and asset impairment costs as well as staff leave provision. The subsidy allocation to Pikitup decreases by 1.3% to R579.3 million. Below is a highlight of programmes that are within the budget:

- Sustainable service delivery - Cleaning of proclaimed informal settlements;
- Sustainable service delivery - Street sweeping (including Kleena Joburg campaign, inner city and regional CBDs);

- Financial sustainability - Commercial services; and
- Sustainable service delivery - Waste minimization.

**Johannesburg Social Housing Company (JOSHCO)**

JOSHCO’s total revenue budget decreases by 1.7% to R198 million due to the reduction in operating grants and subsidies from City. Expenditure decreases by 1.7% to R198 million mainly as a result of the reduction in debt impairment. Below is a highlight of programmes that are within the budget:

- Social housing in the Inner City including student accommodation;
- Social housing in economic hubs in the Southern and Northern suburbs;
- Developing pro-active maintenance and service teams to preserve the City’s buildings;
- Inner city regeneration, including key economic nodes - allocation of affordable housing units to low-income earning households;
- Fast-tracking service delivery, especially to poorer communities - Provide essential services to tenants (electricity, gas, refuse and water);
- Instilling best service standards - Online Leasing Application System;
- Project Security Upgrades (CCTV and Biometrics);
- Smart buildings (Energy efficient, Eco-Friendly); and
- Improvement of Revenue Collection.

**HUMAN AND SOCIAL DEVELOPMENT CLUSTER**

Human and Social Development Cluster Revenue	Adjusted Budget 2019/20 R 000	Budget 2020/21 R 000	Estimate 2021/22 R 000	Estimate 2022/23 R 000

<b>Total Expenditure</b>	<b>9 507 514</b>	<b>10 089 962</b>	<b>10 605 668</b>	<b>11 151 441</b>

The expenditure budget of the Human and Social Development Cluster increase by 6.1% from the 2019/20 financial year. Below follows the budget per department and municipal entity within the human and social development cluster.

**Community Development**

Community Development’s revenue budget increases by 1.9% to R54.7 million. The expenditure budget increases by 4.7% to R1.3 billion as a result of funding required for the operationalizing of new facilities. Below is a highlight of programmes that are within the budget:

- Financial Sustainability - A high performing metropolitan government that proactively contributes to and builds a sustainable, socially inclusive, locally integrated and globally competitive Gauteng City Region;
- Active and Engaged citizenry - Extended library hours on Fridays/Saturdays;
- Safer City - Selected libraries to deliver regular educational workshops and special holiday programmes on substance abuse;
- Smart city - Enhanced access to ICT infrastructure, including free Wi-Fi;
- Good Governance and Active and engaged citizenry - Stakeholder engagement; and
- Job opportunity and creation - EPWP programme and SMME Support.

**Health**

Health Department’s revenue budget increases by 5.8% to R171.9 million. The expenditure budget increases by 17.4% to R1.3 billion due to an increase in employee related costs as a result of extended service hours to 14 additional clinics as well as to cater for staffing requirements for 6 additional Substance Abuse Centres, 10 mobile clinics and 3 new additional clinics (Florida, Bophelong and Claremont clinics). Furthermore, a provision of R140 million has been allocated in response to the Covid-19 Pandemic. Below is a highlight of programmes that are within the budget:

- Sustainable service delivery - Primary Health Care;
- Safer city - Substance Abuse; and
- Sustainable service delivery - Environmental Health.

## **Social Development**

Social Development's revenue budget increases by 5.2% to R689 thousand. The expenditure budget increases by 4.6% to R266.4 million due to an increase on employee related costs to cater for critical vacancies to be filled. Below is a highlight of programmes that are within the budget:

- Job opportunity and creation - EPWP Programme and SMME's Support Programme;
- Economic development - Co-operatives Development, Urban Farming & Agro-processing Programme, Skills Development Programme and Strategic Youth Development Agenda;
- Smart city - Digital Computerized Clubhouses and Hydroponic Farming;
- Active and engaged citizenry - Mayoral Izimbizo and Local Drug Action Committees;
- Sustainable service delivery - Johannesburg Migration Advisory Committee and Johannesburg Migration Advisory Plan (JMAP);
- Safer city - Combat Gender Based Violence, Substance Abuse Programme and Initiatives for displaced persons;
- Sustainable service delivery - Food Bank Resilience Programme;
- Sustainable environmental development - Food Gardens Resilience Programme and Sustainable Organic and Mushroom Farming;
- Integrated human settlements - Initiatives & Programmes targeting Migrants;
- People With Disability Programme;
- Policy Development and Research;
- Monitoring and evaluation of the Expanded Service Package Programme; and
- Early Childhood Development Programme.

## **Public Safety**

The revenue budget of Public Safety increases by 0.2% to R1.5 billion due to anticipated revenue from poundage and storage fees. The expenditure budget increases by 4.7% to R5.8 billion mainly due to the increases in employee related costs, depreciation and assets impairment and internal charges ME's. The programmes within the budget are highlighted below:

### **Public Safety Head Office**

- Improvement in Intelligent Policing through Integrated Operations Centre (IOC) link-up to CCTV Camera Network and Software Applications;
- Modernisation of Licensing Centres; and
- Disaster preparedness.

#### Emergency Management Services (EMS)

- Increasing the levels of public safety and sense of security experienced by residents of our City;
- Improve emergency response times;
- Emergency Management Services by-law enforcement; and
- Emergency Prevention – Community training.

#### Johannesburg Metropolitan Police Department (JMPD)

- Joburg 10+ programme - Ward based deployment;
- Visible policing and by-law enforcement activities in the Inner-City; and
- Traffic and By-Law Enforcement.

#### Johannesburg City Parks and Zoo

City Parks and Zoo revenue budget increases by 4% to R1.1 billion. The expenditure budget increases by 4% to R1.1 billion in line with revenue. The subsidy allocation to City Parks and Zoo increases by 6.8% to R935.1 million to cater for the implementation of horticultural programme (including grass cutting). Below is a highlight of programmes that are within the budget:

- Sustainable environmental development - Tree Planting, Biodiversity and Ecosystem Programmes;
- Sustainable service delivery - Horticultural Programme;
- Active and engaged citizenry - Research & Development, Environmental Education and Stakeholder Engagement Programme;
- Smart city - Wi-Fi enabled open space facilities and Cemetery Records Automation;
- Safer city - Park Ranger Patrols Programme; and
- Economic development - Co-operatives Support Programme; and
- Infrastructure Maintenance Plan Programme

#### Joburg City Theatres

The revenue of Joburg City Theatres increases by 3.7% to R210.5 million. The expenditure budget increases by 3.7% to R215.5 million in line with revenue. The Joburg City Theatre's subsidy increases by 13.2% to R136.5 million. Below is a highlight of programmes that are within the budget:

- Financial Sustainability - Insourcing of catering services to the City;
- Active and engaged citizenry – Theatre Productions; and
- Job Opportunity and creation - Insourcing of cleaning and security services to the City.

<b>Total Expenditure</b>	<b>5 979 824</b>	<b>6 567 348</b>	<b>6 952 483</b>	<b>6 874 486</b>

The expenditure budget of the Economic Growth Cluster increases by 9.8% from the 2019/20 financial year. Below follows the budget per department and municipal entity within the economic development cluster.

**Economic Development**

The revenue decreased by 17.3% to R19.8 million due to the reduction of the Expanded Public Works Program (EPWP) incentive grant. The expenditure budget increases by 10.1% to R178.6 million mainly due to an allocation of R11.5 million for the transfers and subsidies paid. Below is a highlight of programmes that are within the budget:

- Expanding the reach and rollout of the basket of services offered to SMMEs via the City's Opportunity Centres;
- The rollout of a Youth Skills Programmes, Learnership and Artisan;
- The rollout of the City's Work seekers' Database;
- Implementation of investment facilitation programme;
- Tourism Development and Marketing; and

- Integrated Regional Economic Development.

### **Transport Department**

The department's revenue budget increases by 78.2% to R1.2 billion in the 2020/21 financial year mainly due to the Public Transport Network Operating Grant (PTNOG) allocation from the National Treasury, the revenue from the Johannesburg International Transport Interchange (JITI) and the Rea Vaya Phase 1C operationalization. The expenditure budget increases by 21.4% to R2.3 billion mainly due to the increase in transfers and subsidies paid for taxi compensation. Below is a highlight of the programs that are within the budget:

- Quality Rea Vaya Services through Phase 1A and 1B;
- Rea Vaya Phase 1C infrastructure rollout (stations, depots and interchanges) including Intelligent Transport Systems (ITS);
- Operationalisation of the Johannesburg International Transport Interchange;
- SMME Development: Phase 1C(a) Bus Operating Company (BOC) Formation; and
- Redevelopment of Inner-City taxi ranks.

### **Development Planning**

Development Planning's revenue budget increases by 11.9% to R101.4 million. The expenditure budget increases by 5% to R420.3 million.

Below is a highlight of programmes that are within the budget:

- Jobs and growth – the achievement of inclusive economic growth that drives job creation;
- Financial sustainability – maintenance of the corporate geo – informatics spatial information system; and
- Preservation of resources for future generations through integrated planning, policy development and standard setting.

### **Joburg Market**

The total revenue for the Joburg Market increases by 3.1% to R536.3 million due to the increases in agency services fees. The expenditure budget increases by 4.5% to R413.6 million mainly due to the increase 5.4% in salaries and a 7% increase in depreciation and asset impairment. Below is a highlight of the programmes that are within the budget:

- Increase of black commercial farmers' produce sold at the market;
- Launch of Wi-Fi facility – for commercial purposes and SMME development;
- Maximize revenue to R9 billion turnover by 2022/23;
- Unemployed Youth Mainstreaming (EPWP's): and

- Trading that encourages cashless facilities.

### **Johannesburg Property Company (JPC)**

The JPC's total revenue increases by 3.9% to R879.1 million due to the increase in internal charges for the insourcing of the cleaning service, and an increase in the CoJ subsidy. The expenditure budget increases by 3.9% to R879.1 million in line with the increase in revenue. Below is a highlight of the programmes that are within the budget:

- Jobs and Growth - Improved support to SMMEs in the City to empower more entrepreneurs;
- Increased infrastructure investment from both the public and private sectors and Inner-city regeneration, including key economic nodes;
- towards achieving 5% economic growth that reduces unemployment by 2021;
- Stimulate developments in the South through mega projects and Township Economies through property transactions and developments;
- Regeneration of the inner-cities of Joburg, Randburg and Roodepoort through the release of derelict buildings to the private sector; and
- Financial Sustainability - Meaningful progress towards addressing the infrastructure and social backlogs resulting in better quality, reliable services for the City's residents.

### **Johannesburg Development Agency**

The revenue of Johannesburg Development Agency increases by 3.9% to R121 million. Expenditure increases in line with revenue by 3.9% to R121 million. The subsidy increases by 1.8% to R37.8 million.

Below is a highlight of programmes that are within the budget:

- Integrated human settlements – meaningful progress towards addressing the infrastructure and social backlogs;
- Job opportunity and creation – improved support to SMME's in the City; and
- Good governance – create a responsive administration focussed on service delivery.

### **Johannesburg Roads Agency**

The total revenue for the Johannesburg Roads Agency increased by 4% to R1.5 billion in the 2020/21 financial year due to the increase in the CoJ subsidy. The expenditure budget increases by 4% to R1.5 billion mainly due to the increase mainly on employee related costs and internal charges ME's. Below is a highlight of the programs that are within the budget:

- Road Rehabilitation and Resurfacing;
- Tarring of Gravel Roads;
- Bridge Rehabilitation;

- Traffic Signals Upgrade – Mobility; and
- Stormwater Management.

**Metrobus**

The total revenue for Metrobus increases by 5% to R812.6 million in 2020/21 mainly due to the increase in the CoJ subsidy. The expenditure budget increases by 5% to R812.6 million mainly as a result of the increase in employee related costs and the interest on mirror conduit loans. Below is a highlight of programmes that are within the budget:

- Re-fleeting: procurement, refurbishment and/or leasing of buses;
- Financial viability – move out of technical insolvency: and
- Day-to-Day transportation of passengers.

**GOOD GOVERNANCE CLUSTER**

The expenditure budget of the Good Governance Cluster increases by 6.5%. Below follow the key focus areas for the budget per department within the good governance cluster.

**Group Forensic Investigation Services**

Group Forensic and Investigation Service’s expenditure budget increases by 4.2% to R 107.3 million. Below is a highlight of programmes that are within the budget:

- Prevent, combat and investigate all forms of crime committed against the City including fraud, corruption, theft and maladministration;
- Communicating and sensitising all relevant stakeholders regarding the City’s stance on Fraud, corruption, theft, hijacked properties and maladministration;
- Investigate hijacked buildings and facilitate the arrest and prosecution of offenders;
- Complete investigations in relation to an investigation methodology. Issuing of a final report for disciplinary action, recoveries and /or reporting the case to SAPS and NPA for investigation;
- Improved turnaround times for the completion of investigations and;
- Follow up and monitoring cases referred to Group Legal for recovery of losses and civil claims.

**Ombudsman**

Ombudsman’s expenditure budget increases by 4% to R36.2 million. Below is a highlight of programmes that are within the budget:

- Resolving grievances and disputes for the citizens of Johannesburg in an amicable manner;
- Improved accessibility, transparency and accountability in relation to service delivery by having footprint in all City regions
- Improved system of governance and customer service delivery; and
- Instilling best service standards by City employees.

## City Manager

The City Manager's revenue budget decreases by 92% to R166 thousand. The expenditure budget increases by 15.6% to R1.5 billion. Below is a highlight of programmes that are addressed within the budget:

### Group Audit, Risk and Compliance

- Improvement in Enterprise Risk Management for the City;
- Safeguarding and securing City's assets and liabilities; and
- Improved assurance for the City by complying with IIA Standard 1300.

### Office of the City Manager

- Focussing on driving up capital expenditure investment in infrastructure;
- Cutting wasteful expenditure on non-core functions by monitoring resolution of audit queries raised in the AGSA management letter;
- Driving the "service with pride" campaign; and
- Improve and strengthen the financial position by attaining 95% of revenue.

### Citizen Relations and Urban Settlement

- Monthly citizen engagement activities aimed at creating awareness and public participation.
- Quarterly monitoring of service delivery in the CoJ regions - Stakeholder engagement, Regional Walkabouts, Awareness Campaigns, Public meetings, CBP Community Engagements; and
- 135 ward profiles reviews.

### Group Strategy and Monitoring

- Improved well-being of residents, increased global competitiveness, exemplary African City of Innovation; and
- Driving the "service with pride" campaign through enhanced public participation, Community Ownership of planning and development.

### Group Legal and Contracts

- Ensure successful prosecutions on by-law related infringements;
- Ensure legally sound contracts that protect the interests of the CoJ and promote service delivery;
- Speedy resolution of disciplinary cases to avoid long and costly suspensions; and
- Reducing petty crimes and enforcing by-laws through the Municipal Court.

#### Group Marketing and Communications

- Implementation of integrated advertising and marketing initiatives that respond to the needs of citizens, customers, stakeholders and businesses on all communication platforms.

#### Office of the Executive Mayor

- A responsive City, that is capable of reacting to the needs of its resident efficiently, effectively and in a manner which shows that it cares.
- Community based planning and enhanced community engagement.

#### ME Governance MC Support

- Outline and strengthen the accountability of the Board of Directors of the ME to the City with respect to the service delivery mandate of the ME; and
- Promote transparency and good governance.

#### **Group Information and Communication Technology:**

Group Information and Communication Technology's expenditure budget increases by 6.5% to R752.5 million due to an allocation for IT related services.

Below is a highlight of programmes that are within the budget:

- Smart City - Wi-Fi roll out and smart City enablement; and
- Financial sustainability - Modernizing Legacy Applications, SAP Business Transformation, and Upgrade of Security Hardware Equipment and Licenses.

#### **Group Finance**

Group Finance's revenue budget increases by 9.5% to R23.1 billion. The expenditure increases by 4.9% to R5.6 billion. Below is a highlight of programmes that are within the budget:

- Meaningful progress towards addressing the R170 billion infrastructure backlog resulting in better quality, reliable services for the City's residents;
- Increasing revenue collection;
- Increasing capital budget capacity in the city;
- Payment of invoices within 30 days of receiving invoices;
- Establishing controls to reduce irregular expenditure;
- Implementation of Valuations system;
- Supply Chain Management turnaround strategy and deployment of Procurement Policy to support SME's and Economic Growth;

- mSCOA and SAP enhancement implementation;
- Implementation of Revenue Strategy;
- Focussing on driving up capital expenditure investment in infrastructure;
- Increasing responsiveness to billing problems;
- Cutting wasteful expenditure on non-core functions; and
- Improve governance and attainment of clean audit.

### **Group Corporate and Shared Services**

Group Corporate Shared Service's revenue budget increases by 109.7% to R13 million due to LG SETA rebate for training. The expenditure budget increases by 5.7% to R492.6 million.

Below is a highlight of programmes that are within the budget:

- Jobs and growth – skills audit programme leading to the significant improvement in the ease and experience of doing business in the City.

### **Metropolitan Trading Company**

Revenue of the entity increases by 8.6% to R507.1 million. The expenditure budget increases by 8.6% to R507.1 million in line with revenue. Below is a highlight of programmes that are within the budget:

- Improve access throughout the City to enable economic growth by rolling out free Wi-Fi services to the City's residents.
- Enhanced, quality services and sustainable environmental practices by ensuring 99% of the network, Wi-Fi and CCTVs are consistently available and running for end users.

### **Speaker: Legislative Arm of Council**

Speaker's expenditure budget increases by 5% to R 465 million. Below is a highlight of programmes that are within the budget:

- Provide support to strengthen Sec 79 Committees and Chairpersons in order to enhance oversight and scrutiny over the executive;
- Ensure efficient By-Law making review process in consultation with communities to enable development and revision of City Policies;
- Public participation through timely publication of the IDP and Budget Review Process;
- Meaningful public participation through civic education for the publicity;
- Creating a platform for communities to raise issues for redress by the City.

### **Municipal Entities Accounts**

The revenue for the municipal entities accounts increases by 7% to R303.6 million. The increase mainly relates to the revenue generated from outdoor advertising and servitude rights. The expenditure for the municipal entities accounts increases by 4.8% to R1.7 billion. The increase in expenditure relates to the increased provision for depreciation and asset impairment, other general expenditure (utility charges), and internal charges.

**2.11.2 Medium Term Capital Budget per Cluster**

The level of capital expenditure and borrowing are based on the principles of affordability, prudential indicators and sustainability (debt ratio, current ratio, operating surplus and the impact or return of the capital investment on the operating account).

The proposed capital budget projects a spending plan of approximately R26 billion over the next three-year period. Below follows a high-level summary of the Capital Budget per Cluster.

**SUSTAINABLE CLUSTER**

Sustainable Cluster Capital	Original Budget 2019/20 R 000	Budget 2020/21 R 000	Budget 2021/22 R 000	Budget 2022/23 R 000
