(1) INTRODUCTION

As a developmental institution, the municipality needs to commit itself to supporting measures that assist and empower its community. It is accepted that large sections of the community cannot exist without financial assistance and it is, therefore, the duty of the municipality to support and to ensure that residents in the municipality are able to access their constitutional right to have access to a basic level of services.

The municipality must, therefore, at all times, strive to fulfil the constitutional objectives as contemplated in section 152 of the Constitution and also meet the criteria for a credible indigent policy as laid down in the Credible Indigent Policy Assessment Framework, 2008 provided by the Department of Local Government.

The successful implementation of this policy depends totally on affordability and a reference to social analysis of the area should be included in the municipality's IDP. With regard to affordability, the foundation is contained in section 74 of the Municipal Systems Act, 2000 which prescribes that poor households must have access to basic service through tariffs that cover only the operating and maintenance costs.

The municipality accordingly adopts an indigent support policy which embodies an indigent support programme not only providing procedures and guidelines for the subsidisation of service charges to indigent households in its area of jurisdiction but also to increase the quality of life of the beneficiaries by assisting them to exit from indigence.

(2) POLICY PRINCIPLES

In recognition of the abovementioned National Framework, the municipality undertakes to promote the following principles:

- (2.1)** to ensure that the Equitable Share received annually will be utilised for the benefit of the poor only and not the subsidisation of rates and services charges due by those who can afford to pay;
- (2.2)** to link this policy with the municipality's IDP, local economic development (LED) initiatives and poverty alleviation programmes;
- (2.3)** to promote an integrated approach to free basic service delivery; and
- (2.4)** to engage the community in the development and implementation of this policy

(3) POLICY OBJECTIVES

In support of the above principles, the objects of this policy are to ensure the following:

- (3.1)** the provision of basic services to the community in a sustainable manner within the financial and administrative capacity of the Council;
- (3.2)** the financial sustainability of free basic services through the determination of appropriate tariffs that contribute to such sustainability through cross subsidisation;
- (3.3)** the establishment of a framework for the identification and management of indigent households including a socio-economic analysis where necessary and an exit strategy;

- (3.4) the provision of procedures and guidelines for the subsidisation of basic charges and the provision of free basic energy to indigent households; and
- (3.5) co-operative governance with other spheres of government;
- (3.6) to enhance the institutional and financial capacity of the municipality to implement this policy

(4) THE LEGISLATIVE FRAMEWORK

This policy is designed and implemented within the framework of the following legislation:

- The Constitution of the RSA, 1996;
- The Municipal Systems Act, 2000 (Act 32 of 2000);
- The Municipal Finance Management Act, 2003 (Act 56 of 2003);
- The Promotion of Administrative Justice Act, 2000 (Act 3 of 2000);
- The Promotion of Access to Information Act, 2000 (Act 2 of 2000);
- The Property Rates Act, 2004 (Act 6 of 2004).

(5) QUALIFICATION CRITERIA

Qualification criteria for indigent support shall be determined by the municipality from time to time, provided that until the municipality determines otherwise, the following criteria shall apply

- (5.1) the applicant must be a resident of the municipality.
- (5.2) the applicant must be in possession of a valid South African identity document.
- (5.3) the combined or joint gross income of all occupants or dependants in a single household which receives services from the municipality may not exceed the thresholds determined by the municipality annually during consideration of the budget for the next financial year. The guideline relation to the household income threshold is an income of not less than two state pensions per month.
- (5.4) the applicant must be the owner or tenant who receives municipal services and is registered as an account holder on the municipal financial system; provided that the requirement of being registered as an account holder does not apply to households in informal settlements and rural areas to whom no accounts are rendered.
- (5.5) any occupant or resident of the single household referred to above should not own any property in addition to the property in respect of which indigent support is provided.
- (5.6) a tenant can apply for a benefit in terms of this policy in respect of the charges he/she is billed for provided that the landlord shall still be liable for all ownership related charges such as rates.
- (5.7) the account of a deceased estate may be subsidised if the surviving spouse or dependants of the deceased, who occupy the property, apply for the assistance provided in this policy. **The Chief Financial Officer will evaluate the arrear situation of the deceased estate's account, and consider whether such arrears can be written off. All other conditions of the policy will still apply.**

(5.8) The following child grants (as they are for the purpose of educating the child) will be excluded in determining household income, provided that proof of such grant is supplied by the applicant: -

- Child Foster Care Grant,
- Care Dependency Grant,
- Child Maintenance Support, and
- Child Support Grant.

(6) TARGETING OF INDIGENT HOUSEHOLDS

The effective targeting of indigent households and the implementation of this policy will depend largely on the social analysis included in the IDP, the LED initiatives and other poverty relief programmes of the municipality. The socio-economic information and performance indicators contained in these documents must form the basis for the targeting of indigent households.

Against the background of such socio-economic analysis, the municipality must within its financial and institutional capacity, decide which targeting approach or option should be applied. Depending on the extent of capacity, the municipality may apply any or a combination of the following targeting methods:

Targeting Approach	Application
1. Service levels	Lowest service levels normally in informal settlements and rural areas.
2. Service consumption	Metered services in urban and rural areas.
3. Property value	Applicable only to registered indigents in respect of subsidised or RDP housing to a value determined in addition to the R15 000 compulsory reductions in terms of the Municipal Property Rates Act, 2004.
4. Household income	Threshold determined in terms of socio-economic analysis.
5. Geographical targeting (zonal)	Specific areas (rural or urban) where households are regarded as poor irrespective of service level.

(7) EXTENT OF INDIGENT ASSISTANCE AND SUPPORT

The extent of the monthly indigent support granted to indigent households will be based on budgetary allocations for a particular financial year and the tariffs determined for each financial year.
