National legislation *must* prescribe a framework within which the policy referred to in subsection (2) *must* be implemented.

Preferential Procurement Policy Framework Act, 2000 (Act No.5 of 2000) (PPPFA).

Effect was given to section 217(3) of the Constitution in the form of the Preferential Procurement Policy Framework Act, 2000 (Act No.5 of 2000) (PPPFA). The PPPFA provides a framework within which procurement policies referred to in section 217 (3) must be implemented.

The PPPFA requires organs of State to determine their preferential procurement policies and implement it within a framework prescribed in the Act. The Framework provided by the Act requires that a preference point system must be followed:

- For contracts with a Rand value above a prescribed amount, a maximum of 10 points may be allocated for attaining a BBBEE status level of contributor provided that the lowest acceptable tender scores 90 points for price.
- For contracts with a Rand value equal to or below a prescribed amount, a maximum of 20 points may be allocated for attaining a BBBEE status level of contributor provided that the lowest acceptable tender scores 80 points for price.
- Any other acceptable tenders which are higher in price must score fewer points on a pro rata basis, calculated on their tender prices in relation to the lowest acceptable tender in accordance with a prescribed formula; and
- The contract must be awarded to the tenderer who scores the highest points unless objective criteria in addition to that pertaining to specific goals justify the award to another tenderer.

The PPPFA awards tender points for attaining a BBBEE status level of contributor will be in accordance with the table below:

BBBEE Status Level of Contributor	Number of Points - 80/20	Number of Points - 90/10
1	20	10
2	18	9
3	14	6
4	12	5
5	8	4
6	6	3
7	4	2
8	2	1
Non-compliant contributor	0	0

No referencing outside of the points system is permitted. This in practice means that tenderers who obtain the highest number of points can only have their tenders rejected should they:

- Have insufficient capacity or capability to deliver; or
- Are under suspension from participating in public procurement for prior actions, e.g. withdrawing a tender after the closing date for tenders, failing to provide sureties, failing to execute the contract when instructed to do so, performing unsatisfactorily, offering bribes, or acting improperly.

Paragraphs pertaining to the PPPFA, the Preferential Procurement Paragraphs 2017 were published in Government Gazette No. 40553 dated 20 January 2017.

Municipal Finance Management Act (Act 56 of 2003)

A Policy Strategy to Guide Uniformity in Procurement Reform Processes in Government was approved by Cabinet in September 2004 as a strategy to point out the direction that Government is moving towards in the implementation of Supply Chain Management within Government. This strategy is intended to guide the uniform implementation of Government's procurement reform initiatives as well as the issuing of Paragraphs in terms of the Municipal Finance Management Act (Act 56 of 2003) in respect of the Framework for Supply Chain Management.

The MFMA requires the Municipality to have and implement a Supply Chain Management Policy. The Supply Chain Management Policy must be in accordance with Section 217 of Act 108 of 1996. The Act further requires that the Municipal Manager as Accounting Officer to ensure that the Municipality has and maintains a Supply Chain Management Policy.

Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003)

The WDM is committed to black economic empowerment and the advancement of historically disadvantaged individuals. It will, therefore, at all times apply the provisions of the Preferential Procurement Policy Framework Act and the Paragraphs issued in terms of that Act when goods and services are procured.

In determining the preferential procurement policy, the Waterberg District Municipality supports the provisions of the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003) and the related codes of good practice to be issued by the Minister of Trade and Industry. The Waterberg District Municipality therefore acknowledges that Preferential Procurement Policy will be reviewed accordingly as soon as the Broad-Based Black Economic Empowerment codes are developed.

These procurement policies have been drafted around the philosophy and content of the Municipal Finance Management Act i.e. to allow “managers to manage and be held accountable”, while councillors are provided with information necessary to set overall policy and priorities for the Municipality.

 - (b) the municipality has no reason to believe that such contract was not validly procured;

 - (b) a municipality procures goods or services through a contract secured by a municipal entity of which it is the parent municipality.

(3) Salient requirements applicable to Paragraph 32

Over and above the requirements stated in Paragraph 32, there are also other salient requirements which must be considered by the participating municipality as well as the organ of state that is approving the procurement under its contract. These include the following:

a) The contract must be valid

The municipality or municipal entity will not enter into a new contract with the service provider/s but will become a participant to an existing contract. The contract must therefore not have expired, or its validity modified to accommodate the 'piggyback' contract arrangement, and must be legally sound as proven in the motivated business case mentioned above. The participating municipality or municipal entity will conclude a separate service level agreement with the service provider/s that stipulates the duration of the 'piggyback' contract agreement, which may not exceed the end date of the original contract.

b) The duration of contract

The municipality or municipal entity must confirm the duration of the contract between the service provider/s and the other organ of state and determine the remaining term of the contract. Once this has been confirmed, the municipality or municipal entity must assess whether the remaining period will be sufficient for the service provider/s to deliver on its requirements. In other words, the participating municipality or municipal entity will only be permitted to utilise the contract of the other organ of state for the balance of the remaining period of the contract.

The contract cannot be extended or varied by the participating municipality it can only be extended by the original contracting parties in line with the contractual terms agreed to in the original contract. Should the contract between the original contracting parties be terminated for any reason before the contract end date, then that termination applies to the municipality participating on the contract as well.

c) The goods or services must be the same and the quantity may not be increased

The municipality or municipal entity must assess whether the goods and services being provided to the other organ of state are similar to the goods or services required by the municipality or municipal entity. The goods or services required by the participating municipality or municipal entity must be exactly the same as advertised and adjudicated by the other organ of state and may not be increased from the originally contracted quantity. Therefore, the participating municipality or municipal entity will procure the

required goods or services under the same scope or specification, terms and conditions as provided for in the original contract.

d) Contractual arrangements

The shared contract must have the same dispute resolution mechanism to settle contractual disputes, a combined periodic contract management performance review to appraise the shared contract, and to regularly report to the council of the participating municipality or the board of directors of the municipal entity, as may be appropriate, on the management of the 'piggyback' contract, service level agreement and the performance of the shared contractor/s.

The exercising of contractual rights, obligations or remedies in terms of the contract must be exclusively dealt with in terms of the dispute resolution mechanism as stipulated in the original contract. Each contractual party must to uphold their legal obligations to the contract.

e) Implications for the organ of state who is the contract owner

Application of Paragraph 32 in a procurement process effectively means that the accounting officer of the original contracting organ of state is willing to forfeit a portion of its contract that has not already been consumed, to be consumed by the accounting officer who is requesting to procure under that contract. It may also mean that the accounting officer may no longer be able to procure goods and services from that contract anymore as the balance of the contract would have been allocated to the municipality or municipal entity that is requesting to procure under that contract. The accounting officer of the original contracting organ of state must notify the accounting officer of the municipality that is procuring under the original contract of all changes to the contract.

f) Panel of consultants/list of approved service providers

Municipalities and municipal entities can never participate on a panel secured by another organ of state as a panel of consultants or a list panel of approved service providers is not a contract.

REPORTING

The accounting officer of the participating municipality or municipal entity must within 10 working days of the approval by the accounting officer of the participation of that municipality or municipal entity submit the business case detailing the procurement process followed; and all relevant documentation that was used by the accounting officer to arrive at a decision to procure good or services through paragraph 32, to the council of the municipality and municipal entity and to the relevant treasury.

80/20 preference point system for acquisition of goods or services for Rand value equal to or above R30 000 and up to R50 million

4.(1) The following formula must be used to calculate the points out of 80 for price in respect of a tender with a Rand value equal to or above R30 000 and up to a Rand value of R50 million, inclusive of all applicable taxes:

$$Ps = 80 \left(1 - \frac{Pt - P \text{ min}}{P \text{ min}} \right)$$

Where-

Ps = Points scored for price of tender under consideration;

Pt = Price of tender under consideration; and

Pmin = Price of lowest acceptable tender.

(2)The following table must be used to calculate the score out of 20 for B-BBEE:

B-BBEE Status Level Contributor	Number of Points
1	20
2	18
3	14
4	12
5	8
6	6
7	4
8	2
Non-compliant contributor	0

(3) A tenderer must submit proof of its B-BBEE status level of contributor.

(4) A tenderer failing to submit proof of B-BBEE status level of contributor or is a non-compliant contributor to B-BBEE may not be disqualified, but-

- (a) may only score points out of 80 for price; and
- (b) scores 0 points out of 20 for B-BBEE.

(5) A tenderer may not be awarded points for B-BBEE status level of contributor if the tender documents indicate that the tenderer intends subcontracting more than 25% of the value of the contract to any other person not qualifying for at least the points that the tenderer qualifies for, unless the intended subcontractor is an EME that has the capability to execute the subcontract.

(6) The points scored by a tenderer for B-BBEE in terms of subparagraph (2)

must be added to the points scored for price under subparagraph (1).

(7) The points scored must be rounded off to the nearest two decimal places.

(8) Subject to subparagraph (9) and paragraph 11, the contract must be awarded to the tenderer scoring the highest points.

(9)(a) If the price offered by a tenderer scoring the highest points is not market-related, the organ of state may not award the contract to that tenderer.

(b) The organs of state may-

- (ii) if the tenderer does not agree to a market-related price, negotiate a market-related price with the tenderer scoring the second highest points or cancel the tender;
- (iii) if the tenderer scoring the second highest points does not agree to a market-related price, negotiate a market-related price with the tenderer scoring the third highest points or cancel the tender.

(c) If a market-related price is not agreed as envisaged in paragraph (b)(iii), the organ of state must cancel the tender.

90/10 preference point system for acquisition of goods or services with Rand value above R50 million

5.(1) The following formula must be used to calculate the points out of 90 for price in respect of a tender with a Rand value above R50 million, inclusive of all applicable taxes:

Where-

$$P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

P_s = Points scored for price of tender under consideration;

P_t = Price of tender under consideration; and

P_{\min} = Price of lowest acceptable tender.

- (2) The following table must be used to calculate the points out of 10 for B-BBEE:

B-BBEE Status Level of Contributor	Number of Points
1	10
2	9
3	6
4	5
5	4
6	3
7	2
8	1
Non-compliant Contributor	0

- (3) A tenderer must submit proof of its B-BBEE status level of contributor.
- (4) A tenderer failing to submit proof of B-BBEE status level of contribution or is a non-compliant contributor to B-BBEE may not be disqualified, but-
- (a) may only score points out of 90 for price; and
 - (b) scores 0 points out of 10 for B-BBEE.
- (5) A tenderer may not be awarded points for B-BBEE status level of contributor if the tender documents indicate that the tenderer intends subcontracting more than 25% of the value of the contract to any other person not qualifying for at least the points that the tenderer qualifies for, unless the intended subcontractor is an EME that has the capability to execute the subcontract.
- (6) The points scored by a tenderer for B-BBEE contribution in terms of subparagraph (2) must be added to the points scored for price under subparagraph (1).
- (7) The points scored must be rounded off to the nearest two decimal places.
- (8) Subject to subparagraph (9) and paragraph 11, the contract must be awarded to the tenderer scoring the highest points.
- (9) (a) If the price offered by a tenderer scoring the highest points is not market-related, the organ of state may not award the contract to that tenderer.
- (b) The organs of state may-
- (i) negotiate a market-related price with the tenderer scoring the highest points or cancel the tender;

- (ii) if the tenderer does not agree to a market-related price, negotiate a market-related price with the tenderer scoring the second highest points or cancel the tender;
 - (iii) if the tenderer scoring the second highest points does not agree to a market-related price, negotiate a market-related price with the tenderer scoring the third highest points or cancel the tender.
- (c) If a market-related price is not agreed as envisaged in paragraph (b)(iii), the organ of state must cancel the tender.

Local production and content

6.(1) The Department of Trade and Industry may, in consultation with the National Treasury-

(3) The organ of state must make available the list of all suppliers registered on a database approved by the National Treasury to provide the required goods or services in respect of the applicable designated groups mentioned in subparagraph (2) from which the tenderer must select a supplier.

Criteria for breaking deadlock in scoring

8.(1) If two or more tenderers score an equal total number of points, the contract must be awarded to the tenderer that scored the highest points for B-BBEE.

(2) If functionality is part of the evaluation process and two or more tenderers score equal total points and equal preference points for B-BBEE, the contract must be awarded to the tenderer that scored the highest points for functionality.

(3) If two or more tenderers score equal total points in all respects, the award must be decided by the drawing of lots.
