DEFINITIONS OF CONCEPTS

| CONCEPT | DEFINITION |
|---------------------------------|---|
| Ablution facilities | Ablution facilities are the proposed public toilets provided in informal settlements as an interim form of sanitation before the residents are moved to Metro houses. |
| Baseline indicators | It provides quantitative and/or qualitative levels of performance as at the beginning of the monitoring period that the institution aims to improve on. |
| Business Incubator Programme | A program designed to support the successful development of entrepreneurial companies through an array of business support resources and services, developed and orchestrated by incubator management and offered both in the incubator and through its network of contacts. Successful completion of a business incubation program increases the likelihood that a startup company will stay in business for the long term. |
| Co-operative | An autonomous association of persons united voluntarily to meet their common economic, social and cultural needs and aspirations through a jointly owned and democratically controlled enterprise. |
| Critical Skills | Refer to specific or generic skills within an occupation that are essential for performance in that occupation, e.g. literacy and numeracy skills, or "top-up" skills to fill a skills gap within an occupation, e.g. computer skills, technical work-related skills, etc. |
| Evaluation | An assessment of a planned, ongoing or completed Intervention to determine its relevance, efficiency, effectiveness, impact and sustainability. It includes the assessment of progress to determine the extent to which objectives have been met, what outputs, outcomes and inputs have been produced, and at what cost. |
| Full-Time Equivalent Job | Is an equivalent of a paid work opportunity created for one person on an EPWP project for one year; one person year is equivalent to 230 person days of work. |
| Gap housing | Sector of housing not covered by subsidy, but also for which people cannot easily obtain credit from lending institutions/banks. |
| Impact indicators | Indicators that measure the marked effect or influence of achieving specific outcomes. |
| Informal settlements | The term used to describe housing that has been built illegally, without the consent of the proper planning authorities. |
| Integrated Development Planning | It is the Municipality's principal people-driven strategic developmental planning document. Importantly, it ensures close co-ordination and integration between projects, programmes and activities, both internally (between clusters and directorates) and externally (with other spheres of government). |

(i)

| CONCEPT | DEFINITION |
|--|--|
| Performance Management System (PMS) | A Municipality's Performance Management System entails a framework that describes and represents how the Municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organized and managed, including determining the roles of the different role-players. The method used by the Nelson Mandela Bay Municipality is the balanced scorecard method that takes into account financial, internal business, customer and learning and growth perspectives. |
| Performance Plan | Plan of agreed key performance areas, objectives, key performance indicators and targets covering a specific financial year. |
| Performance targets | Quantifiable levels of the indicators that the organization wants to achieve at a given point in time. |
| Review | A comprehensive assessment of the economy, efficiency, effectiveness and impact in so far as the key performance indicators and performance targets set by the Municipality are concerned. |
| Risk Management Assessment Maturity Level 3 | <p>Level 3 Maturity is achieved by adhering to the following criteria -</p> <ul style="list-style-type: none"> • The responsibility for co-coordinating and managing the ERM has been assigned to a specific individual within the municipality. • The Risk Management support delivered to the municipality is appropriate to give effect to Risk Management Implementation Strategy/Plan. • The Chief Risk Officer (CRO) or equivalent person has unfettered access to management, management platforms (such as meetings, planning sessions and committees), and documents. • A process has been undertaken to assess the residual risks in each of the strategic objectives (strategic risk). • Ownership for each strategic risk has been allocated to the respective manager to address the risk. • A process has been undertaken to assess the residual risks in each of the business functions (operational risks). • Ownership for each operational risk has been allocated to the respective manager to address the risk. • The Risk Management Committee is functioning in full compliance with their terms of reference approved by the municipal manager. |
| SANS 241 | The standard can be accessed at - https://www.sabs.co.za/webstore/SetaPDF/Demos/Encryptor/genpreview.php?stdsid=1400024664&pid=11440 |
| Scarce Skills | In terms of the Nelson Mandela Bay Municipal Scarce Skills Strategy, it refers to those occupations in which there is a scarcity of qualified and experienced people, currently or anticipated in the future, e.g. engineers, doctors, etc. |

(iii)

1. INTRODUCTION AND OVERVIEW

The Service Delivery and Budget Implementation Plan (SDBIP) is a mechanism that ensures proper alignment between the Municipality's Integrated Development Plan (IDP) and the Budget. It is central to the monitoring and evaluation of the performance of the Municipality in implementing its IDP and Budget.

The IDP is the Municipality's five-year principal strategic planning document. Importantly, it ensures close co-ordination and integration between programmes and activities, both internally and externally, with other spheres of government. The IDP therefore ultimately enhances integrated service delivery and development. The IDP priorities informs all planning and budgeting processes. The SDBIP consists of a one-year detailed performance plan, a three-year capital works plan, as well as financial projections of income and expenditure. It outlines Key Performance Indicators and Targets that are linked to Key Performance Areas derived from the IDP. Quarterly targets are identified in the SDBIP, and these are monitored and reported upon accordingly.

The SDBIP comprises two layers. The upper layer is the one that must be presented to the Executive Mayor for approval to Council. The lower layer applies to Directorates and forms the basis of their performance plans and agreements. This layer consists of additional indicators that support the indicators in the upper layer. The lower layer is the responsibility of Executive Directors and Directors, who develop it in consultation with their staff. The upper layer template and quarterly targets are reflected in the NMBMM Scorecard.

2. LEGISLATIVE FRAMEWORK

The Local Government: Municipal Finance Management Act 56 of 2003 (MFMA) require municipalities to develop SDBIPs annually. According to Section 53(1)(c)(ii), the SDBIP is defined as a detailed plan approved by the Mayor of a municipality for implementing the municipality's delivery of municipal services and its annual budget and which must indicate the following:

- (a) projections for each month of:
 - (i) revenue to be collected by source; and
 - (ii) operational and capital expenditure by vote
- (b) service delivery targets and performance indicators for each quarter; and
- (c) other matters prescribed.

The Executive Mayor is required to approve the SDBIP within 28 days after the approval of the IDP and Budget. It must be publicised within 14 days after the approval by the Executive Mayor.

| Frequency and nature of report | Mandate | Recipients |
|---|--|--|
| Mid-year performance assessment (assessment and report due by 25 January each year) | Section 72 of the MFMA. Section 13 (2) (a) of Municipal Planning and Performance Management Regulations 2001. | 1. Municipal Manager 2. Executive Mayor 3. Mayoral Committee 4. Council 5. Audit Committee 6. National Treasury 7. Provincial Government |
| Annual report (to be tabled before Council by 31 January (draft and approved / published by 31 March each year) | Sections 121 and 127 of the MFMA, as read with Section 46 of the Systems Act and Section 6 of the Systems Amendment Act. | 1. Executive Mayor 2. Mayoral Committee 3. Council 4. Audit Committee 5. Auditor-General 6. National Treasury 7. Provincial Government 8. Local Community |

5. NMBMM SCORECARD

The NMBMM Scorecard reflects the performance targets and indicators in line with the following key performance areas:

- Basic Service Delivery and Infrastructure Development
- Municipal Transformation and Organisational Development
- Local Economic Development
- Municipal Financial Viability and Management
- Good Governance and Public Participation
- Special cross-cutting issues

(see table 2)

DEFINING SCARCE AND CRITICAL SKILLS: In terms of the Nelson Mandela Bay Municipal Scarce Skills Strategy, SCARCE SKILLS refer to those occupations in which there is a scarcity of qualified and experienced people, currently or anticipated in the future, e.g. engineers and doctors. CRITICAL SKILLS, on the other end, refer to specific or generic skills within an occupation that are essential for performance in that occupation, e.g. literacy and numeracy skills, or "top-up" skills to fill a skills gap within an occupation, e.g. computer skills, technical work related skills, etc.

6. REVENUE AND EXPENDITURE PROJECTIONS

Revenue and expenditure projections make provision for monthly income and expenditure projections. The actual revenue targets and spending against the budget will be reported upon monthly in terms of Section 71 of the MFMA, as well as in terms of the quarterly targets, as reflected in the SDBIP scorecard. This also provides an opportunity for the regular monitoring of revenue and expenditure patterns to ensure the early detection of any deviations, so that interventions or corrective measures may be introduced.

EC000 Nelson Mandela Bay - Supporting Table SA26 Budgeted monthly revenue and expenditure (municipal vote)
