

FINAL 2013/2014 SERVICE DELIVERY AND  
BUDGET IMPLEMENTATION PLAN

# 2013/14 SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN

FINAL 2013/2014 SERVICE DELIVERY AND  
BUDGET IMPLEMENTATION PLAN

## **Vision and Mission**

### **Vision**

By 2020, the Kopanong Municipality should be a vibrant, sustainable and successful municipality which provides quality services.

### **Mission**

- To promote working relationship with stakeholders and Communities.
- Promoting and providing effective and efficient Administration and Political Leadership to ensure a safer and healthier environment
- Promote shared and intergrated service delivery
- To uphold the principles of good governance in a transparent and accountable manner.
- To promote sound Financial Management and increase Revenue Base.

### **Core Values**

- Responsive
- Accountability
- Integrity
- Professionalism

FINAL 2013/2014 SERVICE DELIVERY AND  
BUDGET IMPLEMENTATION PLAN

**Legislative Mandates**

In terms of Section 53 (1) (c) (ii) of the Municipal Finance Management Act, Act No 53 of 2003, the Service Delivery Budget and Implementation Plan is defined **as a detailed plan approved by the Mayor of a Municipality for implementing the Municipality's delivery of municipal services and its annual budget**, and must indicate the following:

- (a) Projections for each month of –
  - (i) revenue to be collected, by source; and
  - (ii) operational and capital expenditure, by vote.
- (b) service delivery targets and performance indicators for each quarter, and
- (c) any other matters prescribed.

According to Section 53 of the Municipal Finance Management Act, the Mayor is expected to approve the Service Delivery Budget Implementation Plan within 28 days after the approval of the budget. In addition to that, the Mayor must ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the Service Delivery Budget Implementation Plan are made public within 14 days after their approval.

As per Municipal Finance Management Act Circular No 13, National Treasury, up to this far, currently prefers not to prescribe other matters to be included in the Service Delivery Budget and Implementation Plan. This is to ensure good governance and accountability on the part of Municipalities. However, there are five (5) minimum requirements that the National Treasury requires to form part of the Service Delivery Budget and Implementation Plan (Municipal Finance Management Act Circular No. 13). These are outlined below:

1. Monthly projections of revenue to be collected by source;
2. Monthly projections of expenditure (operating and capital) and revenue for each vote;
3. Quarterly projections of service delivery targets and performance indicators for each vote;
4. Ward information for expenditure and service delivery; and
5. Detailed capital works plan broken down by ward over a 3-year period.

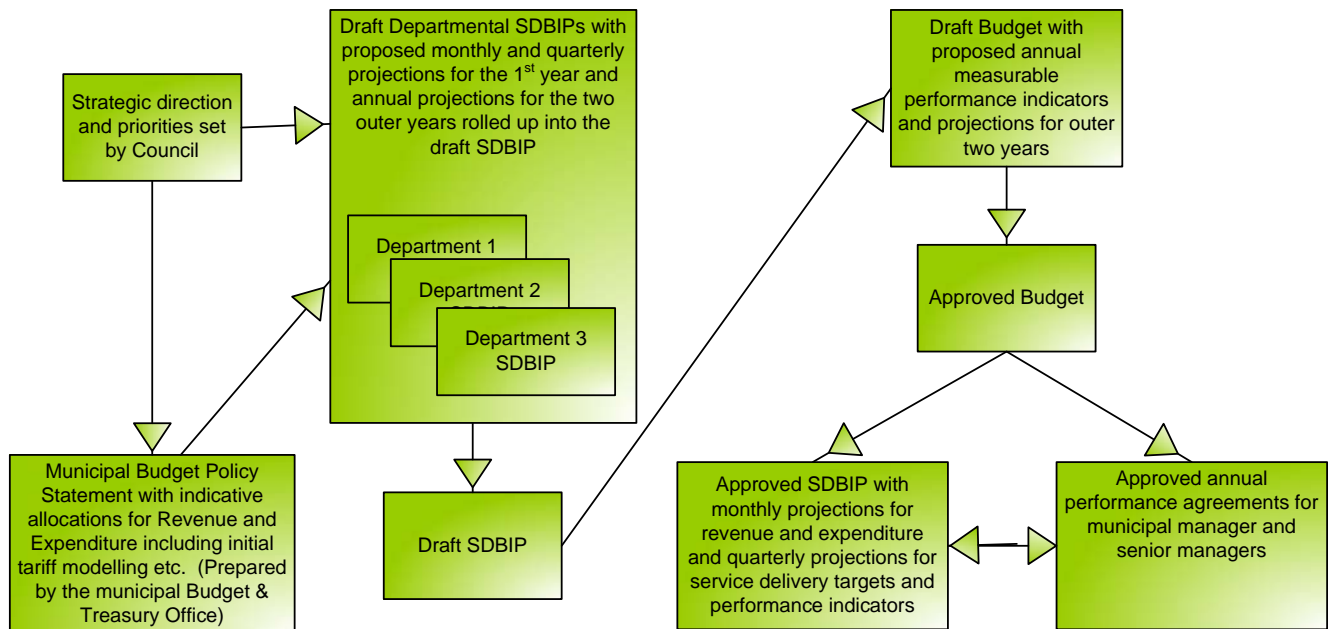

FINAL 2013/2014 SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN

In terms of the Municipal Finance Management Act, a Vote is a Department or a functional area of a Municipality and represents the various levels at which the Council approves the budget.

As clearly indicated by the National Treasury in Municipal Finance Management Act Circular No 13, the biggest challenge for Municipalities is to develop meaningful non-financial service delivery targets and indicators.

**The SDBIP Process at Kopanong Local Municipality**

**Figure 1: SDBIP Process**

The Service Delivery and Budget Implementation Plan is a consolidated document, which incorporates and takes into account information contained in the Integrated Development Plan of the Municipality, Operational Plans for each Department and the budget statements for each Department within the

FINAL 2013/2014 SERVICE DELIVERY AND  
BUDGET IMPLEMENTATION PLAN

Municipality. Consequently, the completion of the Service Delivery and Budget Implementation Plan hinges on the finalization of the above documentation.

Assigned to these strategic objectives and outputs were a set of targets, which the Municipality viewed as vital in an endeavor to achieve service delivery requirements of the Kopanong community.

Subsequently, the drafting and review of the Integrated Development Plan of the Municipality was completed. Information in each Departmental Operational Plan was consolidated with other relevant information to complete the Integrated Development Plan. Departmental budgets were developed after thorough consultative processes with the relevant key role-players.

With all the relevant information needed for the Service Delivery and Budget Implementation Plan, work began to fulfill the requirements of Section 53 of the Municipal Finance Management Act. Formal consultations were undertaken to facilitate the alignment of the strategic objectives and outputs to the budget statements, allowing for expenditure to be projected across the 2012/2013 fiscal year in terms of the service delivery targets set for the strategic objectives and outputs.

A Three year detailed Capital Works Plan was also compiled, which is a fair projection of capital expenditure to be incurred by the Municipality. Once complete, the above information was consolidated into the Service Delivery and Budget Implementation Plan.

**FINAL 2013/2014 SERVICE DELIVERY AND  
BUDGET IMPLEMENTATION PLAN**

FINAL 2013/2014 SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN

**7. CONCLUSION**

A series of reporting requirements are outlined in the MFMA. Both the Mayor and the Accounting Officer have clear roles to play in preparing and presenting these reports. The SDBIP provides an excellent basis for generating the reports, for which the MFMA gives very clear guidelines. The reports then allow the Councillors to monitor the implementation of service delivery programmes and initiatives. The following planning and reporting cycle is currently being fully implemented at Kopanong Local Municipality.

**Figure 2: Planning & Reporting Cycle**

FINAL 2013/2014 SERVICE DELIVERY AND  
BUDGET IMPLEMENTATION PLAN

### **6.1 Monthly Reporting**

Section 71 of the MFMA stipulates that reporting on actual revenue targets and spending against the budget should occur on a monthly basis. This reporting must be conducted by the accounting officer of a municipality no later than 10 days after the last working day of each month. Reporting must include the following:

- a. Actual revenue per source;
- b. Actual borrowings;
- c. Actual expenditure per vote;
- d. Actual capital expenditure per vote; and
- e. The amount of any allocations received.

If necessary, explanations of the following must be included in the monthly reports:

- a. Any material variances from the Municipality's projected revenue by source, and from the Municipality's expenditure projections per vote;
- b. Any material variances from the service delivery and budget implementation plan; and
- c. Any remedial or corrective steps taken or to be taken to ensure that the projected revenue and expenditure remain within the Municipality's approved budget.

### **6.2 Quarterly Reporting**

Section 52 (d) of the MFMA compels the Mayor to submit a report to the Council on the implementation of the budget and the financial state of affairs of the Municipality within 30 days of the end of each quarter. The quarterly performance projections captured in the SDBIP form the basis for the Mayor's quarterly report.

### **6.3 Mid-Year Reporting**

Section 72 (1) (a) of the MFMA outlines the requirements for mid-year reporting. The Accounting Officer is required by the 25<sup>th</sup> of January of each year to assess the performance of the Municipality during the first half of the year, taking into account :

FINAL 2013/2014 SERVICE DELIVERY AND  
BUDGET IMPLEMENTATION PLAN

- i. The monthly statements referred to in section 71 for the first half of the year;
- ii. The Municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the Service Delivery and Budget Implementation Plan;
- iii. The past year's annual report, and progress on resolving problems identified in the annual report; and
- iv. The performance of every Municipal Entity under the sole or shared control of the Municipality, taking into account reports in terms of section 88 of the MFMA from any such entities

Based on the outcomes of the mid-year budget and performance assessment report, an Adjustments Budget may be tabled if actual revenue or expenditure amounts are materially different from the projections contained in the budget or the SDBIP. The SDBIP is also a living document and may be modified based on the mid-year performance review. Thus the SDBIP remains a kind of contract that holds the Municipality accountable to the community.

**6.4. Approval of Service Delivery and Budget Implementation Plan .**

Being a management and implementation plan, the SDBIP is **not required to be approved by Council**. Approval of the SDBIP is a **legislative competence reserved only for the Mayor in terms of section 53 of the MFMA**.

Kopanong Local Municipality's SDBIP for 2013 /2014 is approved by Honourable Mayor Cllr: X T Matwa, as said in S54 (1C) of the Municipal Finance Management Act.
