CHIEF FINANCIAL OFFICERS REPORT

1) INTRODUCTION

The mission of the Uthukela District Municipality is to improve the general quality of lives of the communities in the Uthukela region by satisfying their basic needs through infrastructural provision and also meet the developmental needs via various programmes whilst ensuring effective local governance.

In pursuit of the above, Council has met extreme financial challenges which in many instances is aggravated by external factors e.g. the changes in powers and functions. However a multi-faceted strategy is being developed/implemented to face up to challenge e.g. Municipal Assistance Programme (MAP) from Provincial Government etc.

The physical take over of the water and sanitation functions have been included in the 30 June 2005 financial statement from the audited information obtained from the local municipalities and Uthukela Water (Pty) Ltd. This take on has imposed added financial pressures to the finances of this Municipality e.g. debtors take over of R30M, thus requiring that we provide for bad debt a provision of R32.9M, which inflates drastic the accumulated deficit resulting in a negative balance sheet among other things.

It is of paramount importance to mention that the disengagement process from Uthukela Water (Pty) Ltd is in progress and is expected to be finalised in the 05/06 financial year.

Resource Support Services realised an actual surplus of R6 412 615 whilst District Water and Sanitation services resulted in a deficit of (R50 158 428) the contributing factors thereto are explained below.

The operating deficit of (R43 745 813) and appropriations of R3 239 468 have resulted in a net deficit of (R40 506 345) which increased the accumulated deficit of (R37 333 616) at 30 June 2004 to R(77 839 961) at 30 June 2005.

2) OPERATING RESULTS

Details of the results per department, classification and object of expenditure are included in appendices D and E. The applicable statistics are shown in appendix F. The overall operating results for the year ended 30 June 2005 are as follows:

	102,351,678	192,282,583		195,130,287

The operating deficit for the year (R43 745 813) is mainly attributed to the following factors:

- 1) Unforseen expenditures with regards to;

 - b) Provision for bad debts for water debtors taken over from Local Municipalities R 31 779 944

The balance shown against the heading "Loans Redeemed and Other Capital Receipts" in the notes to the Balance Sheet is tantamount to a provision for Depreciation. Apart from advances from the various council funds, assets may also be acquired through:

- appropriations from income, where the full cost of the asset forms an immediate and direct charge against the operating income and therefore it is unnecessary to make any further provision for depreciation
- grants and donations, where the amount representing the value of such grant or donation is immediately credited to the "Loans Redeemed and Other Capital Receipts" account.
- 3.3 All net proceeds from the sale of fixed assets and insurance claims are credited to the Capital Development Fund.
