

SUNDAYS RIVER VALLEY MUNICIPALITY

ANNUAL FINANCIAL STATEMENTS

for the year ended

30 June 2006

I am responsible for the preparation of these annual financial statements, which are set out on pages 1 to 31, in terms of Section 12(1) of the Municipal Finance Management Act and which I have signed on behalf of the Municipality.

I certify that the salaries, allowances and benefits of Councillors as disclosed in note 21 of these annual financial statements are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Office Bearers Act and the Minister of Provincial and Local Government's determination in accordance with this Act.

NK SINGANTO
Municipal Manager

21/08/2006
Date

ACCOUNTING POLICIES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED 30 JUNE 2006

3 FUNDS AND RESERVES

The Municipality creates and maintains Funds and Reserves in terms of specific requirements.

3.1 Capital Replacement Reserve (CRR)

In order to finance the purchase of items of property, plant and equipment amounts are transferred out of the net surplus for a period (when needed) into the Capital Replacement Reserve (CRR). These transfers from the net surplus may only be made if they are backed by cash. The following provisions are set for the creation and utilization of the CRR:

- The cash backing up the CRR is invested, in accordance with the investment policy of the Council, until it is utilized.
- Interest earned on the CRR investment is recorded as interest earned in the Statement of Financial Performance and may be appropriated to the CRR in accordance with council policy.
- The CRR may only be utilized for the purpose of purchasing items or construction of property, plant and equipment for the Council and may not be used for the maintenance of these items. If Council wants to utilize the CRR for expensing something other than PPE an amount equal to the expense must be transferred to net surplus.
- Whenever an asset is purchased out of the CRR an amount equal to the cost price of the asset purchased is transferred from the CRR into a future depreciation reserve (CR) called the Capitalization Reserve. This reserve is equal to the remaining depreciable value (book value) of assets purchased out of the CRR. The CR is used to offset depreciation charged on assets purchased out of the CRR and is released to the statement of financial performance over the useful life of the asset to avoid double taxation of the consumers.
- If a profit is made on the sale of PPE other than land the profit on these assets sold is reflected in the statement of financial performance and is then transferred via the statement of changes in net assets to the CRR provided that it is backed by cash. Profit on the sale of land is not transferred to the CRR as it is regarded as revenue.

3.2 CAPITALIZATION RESERVE

This reserve is used to off-set the depreciation of assets that were acquired by the municipalities own revenue (Internal loans and Advances). It is built up from unappropriated surplus to prevent double taxation to the customers. It is from this reserve that accumulated depreciation will be created. This reserve is only for assets acquired before the implementation of GAMAP.

3.3 GOVERNMENT GRANT RESERVE

Grant income used to acquire PPE is included in revenue. A transfer is made from accumulated surplus to the GGR in that year that the revenue is recognized. The GGR is used to off-set future depreciation attributable to PPE. This is to use that the public receives the benefit of the asset over its useful life.

3.4 DONATION & PUBLIC CONTRIBUTION RESERVE

All donations and public contributions used to acquire items of PPE are included in revenue. A transfer is made from accumulated surplus to the DPCR in that year that the is recognized. The DPCR is used to off-set any future depreciation attributable to that PPE. The purpose is to promote community equity.

4 PROVISIONS

A provision is recognized when the Council has a present obligation (legal or constructive) as a result of a past event and it is probable (i.e. more likely than not) that an outflow of resources will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each statement of financial position date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditures expected to be required to settle the obligation.

4.1 Employee Benefits**4.1.1 Retirement Funds**

The Council and its employees contribute to various Pension Funds and its councillors may contribute to the various Pension Funds. These funds provide retirement benefits to such employees and councillors.

The retirement benefits are calculated in accordance with the rules of the funds. Full actuarial valuations are performed on a regular basis on defined benefits contribution plans, unless exemption to do so has been obtained from the Registrar of Pension Funds.

Current contributions are charged against the operating account of the Council at a percentage of the basic salary paid to employees, or allowances in the case of councillors.

4.1.2 Medical Aid: Continued Members

The Council provides certain post retirement medical benefits by funding the medical aid contributions of certain retired members of the municipality. According to the rules of the medical aid funds, with which the municipality is associated, a member (who is on the current conditions of service), on retirement, is entitled to remain a continued member of such medical aid fund, in which case the member is liable for 30% of the medical aid membership fee, and the Council for the remaining 70%.

These contributions are charged to the operating account when paid.

4.1.3 Accrued Leave Pay

Liabilities for annual leave are recognized as they accrue to employees. Provision is based on the total accrued leave owing to employees and on their total salary packages. It is estimated at the total leave due at the end of the financial year less a compulsory allocation of 16 days person to be taken.

ACCOUNTING POLICIES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED 30 JUNE 2006

4.1.4 Provision for bonuses

The Council will make provision for bonuses payable where at year end minimum bonus amounts owing to officials are contractually payable in the next financial year. This will be done for the year ended 30 June 2007 bonuses were paid out of operating expenses.

4.2 Other Provisions

4.2.1 Provision for constructive obligations

Provision is made for any constructive obligations of the Municipality. A constructive obligation arises through an established pattern of past practice, published policies or a sufficiently specific current standard, whereby the Municipality has indicated to other parties that it will accept certain responsibilities and as a result, the Municipality has created a valid expectation on the part of those other parties that it will discharge those responsibilities. Currently none of these obligations exist.

4.2.2 Provision for onerous contracts

When the municipality has a contract that is onerous, the present obligation (net of recoveries) under the contract is recognized and measured as a provision. An onerous contract is a contract for the exchange of assets or services in which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits or service potential expected to be received under it. Currently none of these obligations exist.

5 LEASES

LESSEE ACCOUNTING

- 5.1 Leases are classified as finance leases where substantially all the risks and rewards associated with ownership of an asset are transferred to the Council.
- 5.2 Operating leases are those leases which do not fall within the scope of the above definition. Operating lease rentals are recognized on a straight-line basis over the lease term or any other basis which is representative of the time pattern of the lessee's benefit.
- 5.3 Assets subject to finance lease agreements are capitalized at their cash cost equivalent and the corresponding liabilities are raised. The cost of the assets is depreciated at appropriate rates on the straight line basis over the estimated useful lives of the assets. Lease payments are allocated between the lease finance cost and the capital repayment using the effective interest rate method. Lease finance costs are expensed when incurred.

6 INVESTMENTS

The Council may have the following types of investments.

- Held to maturity (HTM) investments are financial assets with fixed or determinable payments and fixed maturity where the Council has the positive intent and ability to hold the investment to maturity. Otherwise, investment represents the holding of funds in an account that bears the maximum interest for the preservation of future value. Interest earned is capitalized where required.
- Loans and receivables originated by the enterprise are financial assets that are created by providing money, goods or services directly to a loan debtor.

INITIAL MEASUREMENT of financial instruments is at cost, which is the fair value of the consideration given. The fair value is usually the transaction price or market price. Transaction costs are included in the initial measurement of financial assets. Transaction costs include fees and commissions paid to agents, advisors, brokers and dealers, levies by regulatory agencies and securities exchanges; and transfer taxes and duties. Transaction costs do not include debt premium or discount, financing costs or allocations of internal administrative or holding costs.

SUBSEQUENT MEASUREMENT of financial assets.

HTM investments and loans and receivables originated by the Council and not held for trading is subsequently recognized at amortized cost using the effective interest rate method. Amortized cost is defined as the amount at which the financial asset was measured at initial recognition minus principal repayments, plus or minus the cumulative amortization of any difference between that initial amount and the maturity amount, and minus any write-down for impairment or uncollectability.

7 FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currencies are initially accounted for at the rate of exchange ruling on the date of the transaction. Trade creditors denominated in foreign currency are reported at statement of financial position date by using the exchange rate at that date. Exchange differences arising on the settlement of creditors or on reporting of creditors at rates different from those at which they were initially recorded during the period are recognized as revenue or as expenses in the period in which they arise. Where the transaction is covered by a forward exchange contract, the rate specified in the contract is used. Currently no such transactions exist.

8 REVENUE RECOGNITION

- 8.1 Revenue is derived from a variety of sources which include Rates and Taxes, Service fees, grants from other tiers of government and revenue from other services provided. Revenue is recognized when it is probable that future economic benefits or service potential will flow to the Council and these benefits can be measured reliably.
- 8.2 Revenue is recognized when the legal entitlement to this revenue arises. Collection charges are recognized when such amounts are legally enforceable. Interest on unpaid services is recognized on a time proportionate basis.

ACCOUNTING POLICIES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED 30 JUNE 2006

- 8.3 Income for agency services is recognized on receipt the associated subsidy or grant. The income recognized is in terms of the agency agreement.
- 8.4 Interest earned on investments is recognized in the statement of financial performance on a time proportionate basis that takes into account the effective yield on the investment. Interest may be transferred from the unappropriated surplus to the CRR. Interest earned on unutilized conditional grants is allocated directly to the creditor; unutilized conditional grants if the grant conditions indicate that interest is payable to the funder.
- 8.5 Revenue from the sale of goods is recognized when all the following conditions have been satisfied:
- The municipality has transferred to the buyer the significant risks and rewards of ownership of the goods.
 - The municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
 - The amount of revenue can be measured reliably.
 - It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality.
 - The costs incurred or to be incurred in respect of the transaction can be measured reliably.
- 8.6 Interest on outstanding debtors is recognized on a time proportionate basis and is charged on all outstanding debtors older than 30 days. The basis being prime +1.
- 8.7 When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction should be recognized by reference to the stage of completion of the transaction at the statement of financial position date. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:
- The amount of revenue can be measured reliably.
 - It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality.
 - The stage of completion of the transaction at the statement of financial position date can be measured reliably.
 - The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.
- 8.8 Government Grants are recognized as revenue when all conditions associated with the grant have been met. Where grants have been received but the Council has not met the condition, a liability is raised. This excludes funds received as Equitable Share.
- 8.9 Revenue from "agency service" is for services rendered to by the municipality.
- 8.10 Service charges have two classes, namely consumption and availability where the former represents the reading of meters on a monthly basis and is recognized as revenue when invoiced. Provisional estimates are made when actual readings are not available. Adjustment between actual and estimated readings are recognized as revenue when invoiced.
- 8.11 The income and expenditure associated with the grants received for the construction of low cost housing was recognised to the extent to which construction has taken place.
- 9 VALUE ADDED TAX**
- The Council accounts for Value Added Tax on the Cash basis.
- The VAT component of outstanding debtors are indicated as trade creditors, however this amount is not factual owed to the Commissioner of Inland Revenue.
- 10 SEGMENTAL INFORMATION**
- The principal segments have been identified on a primary basis by service operation and on a secondary basis by the classification of revenue and expenditure. The primary basis is representative of the internal structure for both budgeting and management purposes. The secondary basis classifies all operations based on the classification of revenue and expenditure.
- 11 GRANTS-IN-AID**
- The Council transfers money to individuals, organizations and other sectors of government from time to time. When making these transfers, the Council does not:
- Receive any goods or services directly in return, as would be expected in a purchase or sale transaction;
 - Expect to be repaid in future; or
 - Expect a financial return, as would be expected from an investment.
- These transfers are recognized in the financial statements as expenses in the period that the events giving rise to the transfer occurred. If these transfers are onerous and extend over more than one financial year after year end they are treated in accordance with the accounting policy on onerous contracts outlined under 4.1.6 above. Current no such transactions exist.
- 12 UNUTILIZED CONDITIONAL GRANTS**
- Unutilized conditional grants are reflected on the Statement of financial position as a creditor – unutilized conditional grants. They represent unspent government grants, subsidies and contributions from the public. These creditors always have to be cash backed. The following provisions are set for the creation and utilization of these creditors:
- The cash which backs up the creditor is invested until it is utilized.
 - Interest earned on the investment is treated in accordance with grant conditions. If it is payable to the funder it is recorded as part of the creditor. If it is the Council's interest it is recognized as interest earned in the statement of financial performance.

SUNDAYS RIVER VALLEY MUNICIPALITY

ACCOUNTING POLICIES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED 30 JUNE 2006

Whenever an asset is purchased and funded from the unutilized conditional grant an amount equal to the cost price of the asset purchased is transferred from the Unutilized Capital Receipts into the statement of financial performance as revenue. Thereafter an equal amount is transferred on the statement of changes in net assets to a reserve called a Government Grant Reserve (GGR). This reserve is equal to the remaining depreciable value (book value) of assets purchased out of the Unutilized Capital Receipts. The GGR is used to offset depreciation charged on assets purchased out of the Unutilized Capital Receipts to avoid double taxation of the consumers.

13 INTANGIBLE ASSETS

Intangible assets are treated in accordance with the provisions of IAS 38. In accordance with these provisions intangible assets are initially recorded at their cost price and are subsequently amortized over their expected useful lives. An intangible asset is defined as an identifiable non – monetary asset without physical substance held for use in the production or supply of goods or services, for rental to others, or for administrative purposes. The intangible assets under the control of the Council are amortized according to the straight line method as follows:

14 ACCOUNTS RECEIVABLE

Accounts receivable are carried at anticipated realizable value. An estimate is made for doubtful receivables based on a review of all outstanding amounts at year end. Bad debts are written off during the year in which they are identified.

15 PROVISION FOR BAD DEBT

This amount is to be equal to all debt outstanding in excess of 180 days. Currently the provision that exist is the amount that could be created from unappropriated surplus. Provision for the current year will be expended from that year's budget.

16 CASH AND CASH EQUIVALENTS

Cash includes cash on hand and cash with banks. Cash equivalents are short – term, liquid investments that are held with registered banking institutions with maturities of three months or less and are subject to an insignificant risk of change in value.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held on call with banks and investments in financial instruments, net of bank overdrafts.

17 CONSUMER DEPOSITS

These are held on behalf of water and electricity patrons until the services is no longer consumed by that patron. This deposit is refunded as a credit to the account or paid back directly.

18 INVENTORIES

Consumable stores, raw materials, work-in-progress and finished goods are value at the lower of cost and net realizable value.

19 TRADE CREDITORS

Trade creditors are stated at their nominal value.

Municipal	<u>23,633,940</u>	
Total Property Valuations	<u>184,226,385</u>	<u>83,187,061</u>

Valuations on land and buildings are performed every four years. The last valuation came into effect on 1 July 2004. Interim valuations are processed on a quarterly basis to take into account changes in individual property values due to alterations. A general rate of R0.016 (2005: R0.016) is applied to property valuations to determine assessment rates. Rebates of 20% are granted to state property owners. Rates are levied on an annual basis with the final date of payment being 30 September 2005.

27 CASH GENERATED BY OPERATIONS

Net surplus for the year	9,953,281	-1,334,791
Adjustment for:-		
Depreciation	11,380	0
Gain on disposal of property, plant and equipment	0	0
Contribution to provisions - non-current	-172,896	
Contribution to provisions - current	0	0
Interest paid	17,676	17,655
Investment income	206,188	537,213
Adjustments in respect of Appropriation & Other	-6,998,399	-5,062,989

Operating surplus before working capital changes:	3,017,230	-5,842,912
(Increase)/Decrease in inventories	9,265	-1,066
(Increase)/decrease in debtors	3,718,898	802,437
(Increase)/decrease in other debtors	-172,087	0
(Decrease)/increase in conditional grants and receipts	-3,113,960	0
(Decrease)/Increase in creditors	1,090,019	2,382,191
(Decrease) / Increase in VAT	-3,906	0
Cash generated by/(utilised in) operations	<u>4,545,459</u>	<u>-2,659,350</u>

28 CASH AND CASH EQUIVALENTS

Cash and cash equivalents included in the cash flow statement comprise the following statement of amounts indicating financial position :

Bank balances and cash	71,350	205,915
Bank overdrafts	-1,507,093	-2,575,642
Call investment deposits	0	0
Total cash and cash equivalents	<u>-1,435,743</u>	<u>-2,369,727</u>

29 UTILISATION OF LONG-TERM LIABILITIES RECONCILIATION

Long-term liabilities (see Note 1)	33,687	47,787
Used to finance property, plant and equipment - at cost	33,687	47,787
Sub-total	0	0
Cash set aside for the repayment of long-term liabilities	0	0
Cash invested for repayment of long-term liabilities	0	0

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 June 2006

	2006 R	2005 R
30 UNAUTHORISED, IRREGULAR, FRUITLESS AND WASTEFUL EXPENDITURE DISALLOWED		
Unauthorised expenditure		
Reconciliation of unauthorised expenditure		
Opening balance		
Unauthorised expenditure current year		
Approved by Council or condoned		
Transfer to receivables for recovery (note 22)		
Unauthorised expenditure awaiting authorisation		
Incident		
Unbudgeted expenditure		
Fruitless and wasteful expenditure		
Reconciliation of fruitless and wasteful expenditure		
Opening balance		
Fruitless and wasteful expenditure current year		
Condoned or written off by Council		
To be recovered - contingent asset (see note 40)		
Fruitless and wasteful expenditure awaiting condonement		

31 ADDITIONAL DISCLOSURES IN TERMS OF MUNICIPAL FINANCE MANAGEMENT ACT

31.1 Contributions to organized local government

Opening balance
 Council subscriptions
 Amount paid - current year
 Amount paid - previous years
 Balance unpaid (included in creditors)

31.2 Audit fees

Opening balance	0	
Current year audit fee		
Amount paid - current year	386,011	243,239
Amount paid - previous years		
Balance unpaid (included in creditors)	<u>386,011</u>	<u>243,239</u>

32.3 VAT

VAT inputs receivables and VAT outputs receivables are shown in note 8. All VAT returns have been submitted by the due date throughout the year.

32.4 PAYE and UIF

Opening balance	0
Current year payroll deductions	0
Amount paid - current year	0
Amount paid - previous years	
Balance unpaid (included in creditors)	

The balance represents PAYE and UIF deducted from the June 2005

payroll. These amounts were paid during July 2005.

32.5 Pension and Medical Aid Deductions

Opening balance	0
Current year payroll deductions and Council Contributions	0
Amount paid - current year	0
Amount paid - previous years	
Balance unpaid (included in creditors)	
The balance represents pension and medical aid contributions deducted	

from employees in the June 2005 payroll as well as Council's contributions to pension and medical aid funds. These amounts were paid during July 2005.

32.6 Councillor's arrear consumer accounts

The following Councillors had arrear accounts outstanding for more than 90 days as at: -

30th June 2006	Total	Outstanding less than 90 days	Outstanding more than 90 days
Jonas D.C.	1099	191	908
Tambo M.V.	3611	273	3,338
Dancey A.	978	452	526
Gumbe Z.D.	1417	197	1,220
Frost P.J.	725	463	262
Adams F.	1675	73	1,602
Lose Z.A.	1974	256	1,718
Total Councillor Arrear Consumer Accounts	11479	1905	9574

30th June 2005	Total	Outstanding less than 90 days	Outstanding more than 90 days

	0		
	0		
	0		
	0		
	0		
Total Councillor Arrear Consumer Accounts	0	0	0

During the year the following Councillors' had arrear accounts outstanding for more than 90 days

30th June 2006	Highest Amount Outstanding	Ageing
Tambo M.V.	3,338	90 Days +
Lose Z.A.	1,718	90 Days +
Adams F.	1,602	90 Days +

30th June 2005

32.7 Non-Compliance with Chapter 11 of the Municipal Finance Management Act

The Municipality has not developed a supply chain management policy due to (reason)

33 CAPITAL COMMITMENTS

Commitments in respect of capital expenditure:

- Approved and contracted for
- Infrastructure
- Community
- Heritage
- Other
- Housing Development Fund
- Investment Properties

- Approved but not yet contracted for
Infrastructure
Community
Heritage
Other
Housing Development Fund
Investment Properties

Total

This expenditure will be financed from:

- External Loans
- Capital Replacement Reserve
- Government Grants
- Own resources
- District Council Grants

34 RETIREMENT BENEFIT INFORMATION

All Councillors and employees belong to 5 defined benefit retirement funds.

35 CONTINGENT LIABILITY

None
