# APPROVAL OF THE FINANCIAL STATEMENTS

The annual financial statements were approved by the Municipal Manager

on \_\_\_\_\_\_.

MUNICIPAL MANAGER Msweli, X.W.

ACTING CHIEF FINANCIAL OFFICER Venter, N.A.

# Foreword from Executive Mayor for the Financial Statement 2006/07

The past financial year has seen several sweeping changes for the Amathole District Municipality, some of which brought with them their own set of challenges.

The second local government elections were held on 1 March 2007, with the result that there were many new faces in Council meetings.

The decision to make use of the internal mechanism for water services provision was taken in August 2006 with the anticipated rollout targeted for July 2007.

The centralization of financial activities relating to water services was concluded on 1 July 2006. This effectively means that, for the first time, the ADM is able to fully assimilate the costs of water services, which will inform planning for the service and implementation of policy governing the sector within the ADM. Through this process, the ADM also took over all assets and loans relating to assets. A total of 320 staff were transferred to the ADM, and restructuring of the water services Operation and Maintenance Division is underway to improve performance, accountability and to exploit opportunities for skills improvement.

We still face an ever changing environment as we engage in the assessment of institutional reform opportunities, in our search for mechanisms that will improve our services to our communities. The ADM has designed a communication strategy to address the Water Services Provider arrangement. In the new financial year, the ADM will also be establishing Customer Care and Service Centres at each of our local municipalities.

A Water Conservation and Demand Management Plan, supported by the capacitation of a Demand Management Unit within the ADM, was developed in the past financial year. This plan is aligned to the Water Act, the MFMA, and general principles of Council, to reduce financial loss by minimizing water losses and "unaccounted for" water. This unit will be implementing a district-wide drive to install new and replace old, damaged or non-functioning water meters in its efforts to reduce unaccounted for water, and in so doing improve the efficiency of networks through the proper design and optimization of schemes.

The financial services challenges for water services in our district were many. In taking over the water services it was found that there was no level of uniformity in the costing methodology, therefore there was no uniformity of the tariffs. Water tariffs were plagued by low levels of recovery, driven by poor policy models, and low levels of economy of scale. There were no accurate records of the establishment or running costs of water schemes and there were large scale overheads, inherited from the erstwhile water services authorities, not linked to schemes. Currently there are assets amounting to almost R3 billion requiring varying degrees of refurbishment. Repairs and maintenance were not effectively schemes. Currently there are assets amounting to almost R3 billion requiring varying degrees of refurbishment. Repairs and maintenance were not effectively schemes. Currently there are assets amounting to almost R3 billion requiring varying degrees of refurbishment. Repairs and maintenance were not effectively undertaken. There were no water audits with some scheme inefficiencies up to 50%. There were high levels of "unaccounted for water" and even the debt brought forward from erstwhile water services authorities show no levels of reliability. The establishment of funds to cater for bad debts were not cash backed and in fact the entire water and sanitation budget frameworks were not cash based. The ADM has thus been forced to make provision for bad debt in the amount of R26 million. The bad debt provision has been netted off against the debtors in the statement of financial position. In addition, we have inherited excessive levels of staff. The DWAF schemes do not demonstrate sustainability norms and we have a situation of a subsidy tapering mechanism. There were also zero capital replacement reserves. The recognition of the international standards of accounting in assets and depreciation were not taken into consideration during tariff formulation.

In order to address some of these challenges the ADM will have to actively hunt for funding. We have since introduced scheme based costing for 59 water and sanitation scheme. The carrying of inefficiencies have been quantified, the costs thereof are carried by discretionary revenue and not the consumer. A full asset verification of all water services infrastructure has been undertaken and asset costs are now known and reflected. The capital recoupment charge allows for the refurbishment of assets and water services is now completely ring fenced. We now have accurate costing of free basic services and of indigent support.

The ADM received a levies replacement grant from National Treasury in the amount of R128,024,000 over the past financial year, which was based on the past history of ADM's levies income collected.

The allocation for priority projects in the past financial year amounted to R68,992,155 whilst expenditure amounted to R58,077,310. The Municipal Infrastructure Grant funds available for 2006/07 amounted to R182 million, whilst expenditure amounted to R181 million. These projects are being implemented in a phased programme.

On the upside, investment income amounted to R35,7 million. The ADM ended the year with a surplus of R271,5 million, bringing the cumulative total to R673 million.

After six years of an unblemished record, the ADM received an audit qualification for 2005/06, based on changed accounting standards not being applied. Refer to the accounting policies for qualifications and exemptions received in the current financial year.

On behalf of Council, I am proud to present the financial statements for the year 2006/07, which reflects our achievements over the past year despite many challenges. I would also like to take this opportunity to thank our officials for their sterling work.

We look forward to an even more productive year ahead wherein we renew our pledge to create a better life for all within our district.

Sincerely

ALDERMAN SAKHUMZI SOMYO EXECUTIVE MAYOR

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2007

ACCOUNTING POLICIES

#### APPLICATION OF ACCOUNTING STANDARDS AND AMENDMENT OF ACCOUNTING POLICIES

The exemptions obtained (Gazette 30013) regarding the implementation of certain accounting standards necessitated the disclosure of the following:

The accounting policy of the comparative figures (2005/06) as well as the accounting policy used for the current financial year (2006/07), where applicable;

Additional disclosures in the annual financial statements to assist users in understanding the implications on the current and comparative figures;

The audit qualifications received in the prior year (2005/06) relating to the specific accounting policies.

#### 1. BASIS OF PRESENTATION

#### 2005/06 Financial Year

The annual financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention, except for the revaluation of land, buildings and community property, which are carried at fair value:

Income is accrued when measurable and available to finance operations. Certain direct income is accrued when received.
 Expenditure is accrued in the year it is incurred.

These annual financial statements have been prepared in accordance with Generally Accepted Municipal Accounting Practice (GAMAP) and Generally Recognised Accounting Practice (GRAP), issued by the Accounting Standards Board in accordance with Section 122 (3) of the Municipal Finance Management Act, (Act No. 56 of 2003).

The Municipality has transactions, events or balances that are outside the ambit of the accounting standards referred to above but which are included in the Standards of International Public Sector Accounting Standards (IPSAS) issued by the International

The principal accounting policies adopted in the preparation of these annual financial statement are set out below.

Assets, liabilities, revenues and expenses have not been offset except as required or permitted by a Standard of GAMAP or GRAP.

#### Audit Qualification

The municipality must prepare financial statements in accordance with the basis of accounting determined by the National Treasury, as described in paragraph 3 above. The basis of preparation disclosed in the accounting policies of the annual financial statements indicates that the municipality has elected not to comply with accounting standards which are outside the ambit of Generally Accepted Municipal Accounting Practice 9 (GAMAP) and Generally Recognised Accounting Practise (GRAP). This is in contravention of GRAP 3: Accounting Policies, Changes in Accounting Estimates and Errors, which regulates that the South African Statements of Generally Accepted Practise (GAAP), including any interpretations of such Statements issued by the Accounting Practises Board, be applied for the recognition and measurement of all transactions that do not fall within the scope of GAMAP and GRAP.

(Audit report indicated deviations included under applicable headings below)

#### 2006/07 Financial Year

The annual financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention, except for the revaluation of land, buildings and community property, which are carried at fair value.

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

ACCOUNTING POLICIES

The annual financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practices (GRAP) and the Standards of Generally Accepted Municipal Accounting Practices (GAMAP) prescribed by the Minister of Finance in terms of General Notice 991 and 992 of 2005.

These standards are summarised as follows:

GRAP 1	Presentation of financial statements
GRAP 2	Cash flow statements
GRAP 3	Accounting policies, changes in accounting estimates and errors
GAMAP 4	Effects of changes in foreign exchange rates
GAMAP 6	Consolidated Financial Statements and Accounting for Controlled Entities
GAMAP 7	Accounting for investments in associates
GAMAP 8	Financial reporting of interests in joint ventures
GAMAP 9	Revenue
GAMAP 12	Inventories
GAMAP 17	Property, plant and equipment
GAMAP 19	Provisions, contingent liabilities and contingent assets

GAMAP 6, 7 and 8 have been complied with to the extent that the requirements in these standards relate to the municipality's separate financial statements.

Accounting policies for material transactions, events or conditions not covered by the above GRAP and or GAMAP Standards have been developed in accordance with paragraphs 7,11 and 12 of GRAP 3. These accounting policies and the applicable disclosures have been based on the South African Statements of Generally Accepted Accounting Practices issued by the Accounting Practices Board (SA GAAP) including any interpretations of such statements issued by the Accounting Practices Board.

The Minister of Finance has, in terms of General Notice 552 of 2007 exempted compliance with certain of the above mentioned standards and aspects or parts of these standards. Details of the exemptions applicable to the municipality have been provided in the notes to the annual statements.

The municipality has elected to early adopt the following requirement(s) in GRAP, GAMAP or SA GAAP, which were exempted in terms of General notice 552 of 2007:

Standard no.	Standard Title	GRAP, GAMAP and/or SA GAAP requirement(s), exempted in terms of General notice 552 of 2007, that have been early adopted
IAS 17 (AC 105)	Leases	Recognising operating lease payments/ receipts on a straight- line basis if the amounts are recognised on the basis of the cash flows in the lease agreements (SAICA circular 12/06 paragraphs 8 - 11 and paragraphs 33, 34, 50, 51 of IAS 17/AC 105).
IAS 20 (AC 134)	Accounting for government grants and disclosure of government assistance	Entire standard excluding paragraphs 24 and 26, replaced by paragraph 08 of GAMAP 12, paragraph 25 of GAMAP 17 and paragraphs 42 – 46 of GAMAP 9.
IAS 38 (AC 129)	Intangible Assets	The entire standard except for the recognition, measurement and disclosure of computer software and website costs (SIC 32/AC 432) and all other costs are expensed.

A summary of the significant accounting policies, which have been consistently applied except where an exemption has been granted are disclosed below.

Assets, liabilities, revenues and expenses have not been offset except as required or permitted by a Standard of GAMAP or GRAP.

### 2. PRESENTATION CURRENCY

These annual financial statements are presented in South African Rand.

#### 4. RESERVES

#### **Revaluation Reserve**

The surplus arising from the revaluation of land and buildings is credited to a non-distributable reserve. The re-valued assets are depreciated, through a transfer from the revaluation reserve to the accumulated surplus/ (deficit). On disposal, the net revaluation surplus is transferred to the accumulated surplus/ (deficit) while gains or losses on disposal, based on re-valued amounts, are credited or charged to the Statement of Financial Performance.

The surplus arising from the revaluation of land and buildings is credited directly to equity in the revaluation reserve. The increase is recognised in surplus or deficit to the extent that it reverses a revaluation decrease of the same asset previously recognised in surplus or deficit.

Any decrease in an asset's carrying amount, as a result of a revaluation, is recognised in surplus or deficit in the current period. The decrease is debited directly to equity in the revaluation reserve to the extent of any credit balance existing in the revaluation surplus in respect of that asset.

Depreciation on re-valued buildings is charged to surplus or deficit. On the subsequent sale or retirement of a re-valued property, the attributable revaluation surplus remaining in the properties revaluation reserve is transferred directly to accumulated surplus.

#### 5. PROPERTY, PLANT AND EQUIPMENT

2005/06 Financial Year

- 5.1 Property, plant and equipment is stated at cost, less accumulated depreciation and accumulated impairment losses, except for land and buildings, which have been re-valued as indicated below.
- 5.2 Land is not depreciated as it is deemed to have an indefinite life.
- 5.3 Items purchased less than R1000 in value, are considered to be non capital in nature and are therefore expensed.
- 5.4 The cost of an item of property, plant and equipment acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets was measured at its fair value. If the acquired item could not be measured at its fair value, its cost was measured at the carrying amounts of the assets given up.
- 5.5 Expenditure is capitalised when the recognition and measurement criteria of an asset is met.
- 5.6 Depreciation is calculated on cost, using the straight-line method over the estimated useful lives of the assets. The annual depreciation rates are based on the following estimated asset lives:

	Years		Years
Infrastructure		Other	
Roads and paving	30	Buildings	30
Pedestrian malls	30	Specialist vehicles	10
Electricity	20-30	Other vehicles	5
Water	15-20	Office equipment	3-7
Sewerage	15-20	Furniture and fittings	7-10
Housing	30	Watercraft	15
Community		Bins and containers	5
Improvements	30	Specialised plant and equipment	10-15
Recreational facilities	20-30	Other items of plant and equipment	2-5
Security	5		
Investment Properties	30		

## AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS

### FOR THE YEAR ENDED 30 JUNE 2007

#### ACCOUNTING POLICIES

- 5.7 The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statements of Financial Performance.
- 5.8 Where the carrying amount of an item of property, plant and equipment is greater than the estimated recoverable amount, it is written down immediately to its recoverable amount and an impairment loss is charged to the Statement of Financial Performance.
- 5.9 Assets are capitalised on date of payment.
- 5.10 Major improvements to buildings, plant and equipment are capitalised. Maintenance and repairs are expensed when incurred.
- 5.11 Heritage assets, defined as culturally significant resources, are not depreciated.
- 5.12 Land and buildings are stated at re-valued amounts, being net replacement costs at the date of revaluation less subsequent accumulated depreciation and impairment losses on the buildings.
- 5.13 The Strategic Framework for water services, being the approved Government policy framework, prescribes the processes and details KPI's, and associated timeframes for the transfer of all infrastructure and functions relating to water services. In accordance, the transfer of all relevant water related infrastructure is to be finalised by 30 June 2006. The ADM conforms to that which has been prescribed in terms of due process as contained in the Strategic framework.

#### Audit Qualification

The accounting policy for property, plant and equipment does not contain sufficient information regarding the revaluation and impairment of assets as required by GAMAP 17: Property, Plant and Equipment.

#### 2006/07 Financial Year

- 5.1 Property, plant and equipment is stated at cost, less accumulated depreciation except for land and buildings, which have been re-valued as indicated below.
- 5.2 The cost of an item of property, plant and equipment is recognised as an asset when:
   it is probable that future economic benefits associated with the item will flow to the company; and
   the cost of the item can be measured reliably.
- 5.3 Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.
- 5.4 Land and buildings are carried at the re-valued amount, being the fair value at the date of revaluation less any subsequent accumulated depreciation . Revaluations are made with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using fair value at the statement of financial position date. Land and buildings are re-valued every 3-5 years.
- 5.5 Any increase in an asset's carrying amount, as a result of a revaluation, is credited directly to equity in the revaluation reserve. The increase is recognised in surplus or deficit to the extent that it reverses a revaluation decrease of the same asset previously recognised in surplus or deficit.
- 5.6 Any decrease in an asset's carrying amount, as a result of a revaluation, is recognised in surplus or deficit in the current period. The decrease is debited directly to equity in the revaluation reserve to the extent of any credit balance existing in the revaluation surplus in respect of that asset.
- 5.7 The depreciation charge for each period is recognised in surplus or deficit unless it is included in the carrying amount of another asset.
- 5.8 Land is not depreciated as it is deemed to have an indefinite life.
- 5.9 Items purchased less than R1000 in value, are considered to be non capital in nature and are therefore expensed.

### ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

#### ACCOUNTING POLICIES

5.10 The cost of an item of property, plant and equipment acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets was measured at its fair value. If the acquired item could not be measured at its fair value, its cost was measured at the carrying amounts of the assets given up.

5.11 Depreciation is calculated on cost, using the straight-line method over the estimated useful lives of the assets. The annual depreciation rates are based on the following estimated asset lives:

	Years		Years
Infrastructure		Other	
Roads and paving	10-30	Buildings	30
Pedestrian malls	20-30	Specialist vehicles	3-20
Electricity	20-30	Other vehicles	5
Water	15-20	Office equipment	3-7
Sewerage	15-20	Furniture and fittings	7-10
Housing	30	Watercraft	15
Community		Bins and containers	5
Improvements	10-30	Specialised plant and equipment	10-15
Recreational facilities	20	Other items of plant and equipment	2-5
Security	3-5		

- 5.12 The gain or loss arising from the de-recognition of an item of property, plant and equipment is included in profit or loss when the item is derecognised. The gain or loss arising from the de-recognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.
- 5.13 Assets are capitalised on the last day of the month of purchase.
- 5.14 Heritage assets are not recognised in accordance with GAMAP 17.

#### Exemption

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemption paragraphs granted in terms of GAMAP 17 Property, Plant and Equipment:

- Review of useful life of items of Property, plant and equipment recognised in the annual financial statements [paragraphs 14, 19 and 30-.31]

- Review of depreciation method applied to Property, plant and equipment recognised in the annual financial statements [paragraphs 62-77]

- Impairment of cash and non-cash-generating assets [paragraphs 63-69 and 75(e)(v) (vi)]
- IAS 36/AC 128 Impairment of Assets [Entire standard exempted]

### 6. INVESTMENT PROPERTY

### 2005/06 Financial Year

Audit Qualification

The municipality does not have an accounting policy for investment property as required by IAS 40: Investment Property. As a result, none of the disclosure required by this standard has been complied with.

#### 2006/07 Financial Year

#### Exemption

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemptions paragraphs granted in terms of IAS 40/AC 135 Investment Property:

- The entire standard to the extent that the property is accounted for in terms of GAMAP 17
- Disclosure of the fair value of investment property where the cost model is applied and where Amathole District Municipality has recognised the investment property in terms of IAS 40/AC 135 [paragraphs 79(e)(i)-(iii)]

#### INTANGIBLE ASSETS

7.

#### 2006/07 Financial Year

- 7.1 An intangible asset is recognised when:
  - it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably.
- 7.2 Intangible assets are initially recognised at cost.
- 7.3 Expenditure on research (or on the research phase of an internal project) is recognised as an expense when it is incurred.

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

### ACCOUNTING POLICIES

7.4 Intangible assets are carried at cost less any accumulated amortisation.

- 7.5 Internally generated brands, mastheads, publishing titles, customer lists and items similar in substance are not recognised as intangible assets.
- 7.6 Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

Item	Useful life
Computer software - Application software	3 years

7.7 An intangible asset is regarded as having an indefinite useful life when, based on all relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows. Amortisation is not provided for these intangible assets. For all other intangible assets amortisation is provided on a straight line basis over their useful life.

#### Exemption

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemption granted in terms of IAS 36/AC 128 Impairment of assets due to the impact on Intangible assets:

- The entire standard on Impairment of Assets have been exempted

### 8. INVESTMENT IN SUBSIDIARY

#### 2005/06 Financial Year

8.1 Investments in municipal entities under the ownership control of the Municipality are carried at cost in the Municipality's unconsolidated annual financial statements. Separate consolidated financial statements are prepared to account for the Municipality's share of net assets and post-acquisition results of these investments.

#### Audit Qualification

The municipality does not have an accounting policy for its investment in the municipal entity as required by GAMAP 6: Consolidated Financial Statements and Accounting for Controlled Entities.

#### 2006/07 Financial Year

- 8.1 Investments in subsidiaries are carried at cost in the municipality's unconsolidated annual financial statements.
- 8.2 The cost of an investment in a subsidiary is the aggregate of:
  - the fair value, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments
  - issued by the company; plus any costs directly attributable to the purchase of the subsidiary.
- 8.3 An adjustment to the cost of a business combination contingent on future events is included in the cost of the combination if the adjustment is probable and can be measured reliably.

#### Exemption

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemption granted in terms of IAS 36/AC 128 Impairment of assets due to the impact on the Investment in subsidiary:

- The entire standard on Impairment of Assets has been exempted

#### 9. FINANCIAL INSTRUMENTS

#### 9.1 ACCOUNTS RECEIVABLE

#### 2005/06 Financial Year

Accounts receivable are carried at anticipated realisable value. An estimate is made for doubtful receivables based on review of all outstanding amounts at year- end. Bad debts are written off during the year in which they are identified. Amounts that are receivable within 12 months from the reporting date are classified as current.

#### 9.2 TRADE CREDITORS

#### 2005/06 Financial Year

Trade creditors are stated at their nominal value.

#### 9.3 CASH AND CASH EQUIVALENTS

2005/06 Financial Year

Cash includes cash on hand and deposits held on call with banks. For the purposes of the cash flow statements, cash and cash equivalents comprise cash on hand, deposits held on call with banks.

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007 ACCOUNTING POLICIES

#### 9.4 INVESTMENTS

Financial Instruments, which include listed government bonds, unlisted municipal bonds, fixed deposits and shortterm deposits invested in registered commercial banks, are stated at cost. Where the carrying amount of an investment is greater than the estimated recoverable amount , it is written down immediately to its recoverable amount and impairment loss is charged to the Statement of Financial Performance.

#### Audit Qualification

Financial instruments have not been recognised or measured in terms of International Accounting Standard (IAS) 39: Financial Instruments: Recognition and Measurement nor disclosed in terms of IAS32: Financial Instruments: Disclosure and Presentation. The financial misstatement with regards to this is unknown as the municipality would have to determine an adequate discount rate in accordance with their risk profile and the discounting period if not known would have to be estimated. This may have a material impact on current liabilities and current assets of R69 555 523 and R14 887 391 respectively.

#### 2006/07 Financial Year

#### 9.1 Initial recognition

The company classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement.

Financial assets and financial liabilities are recognised on the municipality's statement of financial position when the municipality becomes party to the contractual provisions of the instrument.

#### 9.2 Loans to municipalities, municipal entities and employees

These financial assets are initially and subsequently measured at face value plus direct transaction costs.

#### 9.3 Loans from municipalities and the Development Bank of South Africa

These financial liabilities are initially and subsequently measured at face value plus direct transaction costs.

#### 9.4 Trade and other receivables

Trade receivables are measured at initial and subsequent recognition at face value. Appropriate allowances for estimated irrecoverable amounts are recognised in surplus or deficit when there is objective evidence that the asset is impaired.

#### 9.5 Trade and other payables

Trade payables are initially and subsequently measured at face value.

#### 9.6 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

These are initially and subsequently recorded at face value.

#### 9.7 Investments

Financial Instruments, which include listed government bonds, unlisted municipal bonds, fixed deposits and shortterm deposits invested in registered commercial banks, are stated at cost.

#### 9.8 Borrowings

Borrowings is initially and subsequently measured at face value.

#### Exemption

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemptions paragraphs granted in terms of IAS 39/AC 133 Financial instruments: Recognition and measurement:

- Initially measuring financial assets and financial liabilities at fair value. (SAICA circular 09/06, paragraph 43, AG79,

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

ACCOUNTING POLICIES

#### Exemption

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemption paragraphs granted in terms of IFRS 7/AC 144 Financial Instruments: Disclosures

- Entire standard to be replaced by IAS 32 (AC 125) issued August 2006 and effective for financial statements covering periods beginning on or after 1 January 1998.

#### 10. LEASES

#### 2005/06 Financial Year

Leases are classified as finance leases where substantially all the risks and rewards associated with ownership of an asset are transferred to the municipality.

Operating leases are those leases that do not fall within the scope of the above definition. Operating leases rentals in respect of the Municipality are expensed as they become due, while Agency operating lease rentals are accounted for on a straight-line basis over the period of the lease.

#### Audit Qualification

Operating lease payments have been accounted for when the payments fall due and not on a straight line basis as required by IAS17: Leases. The accounting policy used to account for operating leases was therefore incorrect.

#### 2006/07 Financial Year

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

#### 10.1 Finance leases - lessee

- 10.1.1 Finance leases are recognised as assets and liabilities in the statement of financial position at amounts equal to the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.
- 10.1.2 The discount rate used in calculating the present value of the minimum lease payments is the interest rate implicit in the lease.
- 10.1.3 The lease payments are apportioned between the finance charge and reduction of the outstanding liability.
- 10.1.4 The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of on the remaining balance of the liability.
- 10.1.5 Leases are classified as finance leases if the following situations in accordance with paragraphs 10 and 11 of IAS 17 individually or in combination occur:
  - the lease transfers ownership of the asset to the lessee by the end of the lease term;
  - the lessee has the option to purchase the asset at a price that is expected to be sufficiently lower than the fair value at the date the option becomes exercisable for it to be reasonably certain, at the inception of the lease, that the option will be exercised;
  - the lease term is for the major part of the economic life of the asset even if title is not transferred;
  - at the inception of the lease the present value of the minimum lease payments amounts to at least substantially all of the fair value of the leased asset;
  - the leased assets are of such a specialised nature that only the lessee can use them without major modifications;
  - if the lessee can cancel the lease, the lessor's losses associated with the cancellation are borne by the lessee:
  - gains or losses from the fluctuation in the fair value of the residual accrue to the lessee (for example, in the form of a rent rebate equalling most of the sales proceeds at the end of the lease); and

- the lessee has the ability to continue the lease for a secondary period at a rent that is substantially lower than market rent.

#### 10.2 Operating leases - lessor

10.2.1 Operating lease income is recognised as an income on a straight-line basis over the lease term.

10.2.2 Initial direct costs incurred in negotiating and arranging operating leases are added to the carrying amount of the leased asset

and recognised as an expense over the lease term on the same basis as the lease income.

**10.2.3** Income for leases is disclosed under revenue in the Statement of Financial Performance.

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007 ACCOUNTING POLICIES

#### 10.3 Operating leases - lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset or liability. This asset or liability is not discounted.

Any contingent rents are expensed in the period they are incurred.

#### 11. INVENTORIES

#### 2005/06 Financial Year

- 11.1 Consumables stores, raw material, work-in-progress, settlements and finished goods are valued at the lower of cost and net realisable value. In general, the basis of determining cost is the first-in, first-out method.
- 11.2 Unsold properties and land used for housing are valued at the lower of cost or net realisable value. Direct costs are accumulated for each separately identifiable development. Costs also include a proportion of overhead costs.
- 11.3 Housing development funding received is recognised as revenue and expenditure on the Statement of Financial Performance to the extent that the Municipality has complied with any of the criteria, obligations or conditions of the grant.
- 11.4 When housing development is financed from government grants, an amount equal to the note is transferred from the accumulated surplus/ (deficit) in the Statement of Changes in Net Assets and is reflected as Work in Progress Housing projects. Completed and transferred houses will be offset against the accumulated surplus/ (deficit) in the Statement of Changes in Net Assets.

#### 2006/07 Financial Year

#### Exemption

12.

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemptions granted in terms of GAMAP 12 Inventories:

- The entire standard as far as it relates to immovable capital assets inventory that is accounted for in
- terms of GAMAP 17; and
- The entire standard to the extent that it relates to water stock that was not purchased by the municipality.

#### EMPLOYMENT BENEFITS 2005/06 Financial Year

#### Audit Qualification

There is no accounting policy to recognise the municipality's liability for the defined benefit plan in respect of post employment benefits as required by IAS 19: Employee Benefits. Accordingly an actuarial gain/loss has not been recognised in the statement of financial performance and the required disclosure has not been reported.

#### 2006/07 Financial Year

- 12.1 Short-term employee benefits
- 12.1.1 The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as paid vacation leave and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.
- 12.1.2 The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.
- 12.1.3 The expected cost of profit sharing and bonus payments is recognised as an expense when there is a legal or constructive obligation to make such payments as a result of past performance.

#### 12.2 Defined contribution plans

12.2.1 Payments to defined contribution retirement benefit plans are charged as an expense as they fall due.

12.2.2 Payments made to industry-managed (or state plans) retirement benefit schemes are dealt with as defined contribution plans where the company's obligation under the schemes is equivalent to those arising in a defined contribution retirement benefit plan.

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007 ACCOUNTING POLICIES

#### 12.3 Defined benefit plans

12.3.1 The municipality has accounted for the defined benefit plan as a defined contribution plan for the 2006/07 financial year as permitted in terms of Gazette 30013. Accordingly, the municipality recognises the contributions to the scheme as an expense when the employees and councillors have rendered the employment service or served office entitling them to the contributions.

#### Exemption

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemptions granted in terms of IAS 19 Employee benefits:

- Defined benefit accounting as far as it relates to defined benefit plans accounted for as contribution plans and the defined benefit obligation

#### 13. PROVISIONS

#### 2005/06 Financial Year

Provisions are recognised when the Municipality has a present or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the provision can be made. Provision are reviewed at reporting date and adjusted to reflect the current best estimate. Non-current provisions are discounted to the present value using a discount rate based on the average cost of borrowing to the Municipality.

#### Leave Provision

The Leave provision is utilised for the payment of leave sold during the year. An amount equivalent to the expected value of the leave accrual for the financial year is allocated to the leave provision during the year.

#### Audit Qualification

Leave pay and performance bonuses owing to employees, of R2 673 587 and R824 782 respectively, have been recorded as provisions, rather than accruals, which represents non-compliance with GAMAP 19: Provisions, Contingent Liabilities and Contingent Assets. No accrual has been recognised for service bonuses.

#### 2006/07 Financial Year

13.1 Provisions are recognised when:

- the company has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.
- 13.2 The amount of a provision is the present value of the expenditure expected to be required to settle the obligation.
- 13.3 Provisions are not recognised for future operating losses.
- 13.4 Contingent assets and contingent liabilities are not recognised. Contingencies are disclosed in note 34.

#### 14. CONDITIONAL GRANTS AND RECEIPTS

#### 2005/06 Financial Year

Revenue received from conditional grants, donations and funding is recognised as revenue to the extent that the Municipality has complied with any of the criteria, conditions or obligations. If it has not been met it is recognised as a liability.

#### 2006/07 Financial Year

- 14.1 Government grants are recognised when there is reasonable assurance that:
  - the municipality will comply with the conditions attaching to them; and

- the grants will be received.

Government grants are recognised as income over the periods necessary to match them with the related costs that they are intended to compensate.

- 14.2 A government grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs is recognised as income of the period in which it becomes receivable.
- 14.3 Government grants related to assets, including non-monetary grants at fair value, are presented in the Statement of Financial

Position by setting up the grant as deferred income or by deducting the grant in arriving at the carrying amount of the asset.

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007 ACCOUNTING POLICIES

14.4 Grants related to income are presented as a credit in the Statement of Financial Performance.

- 14.5 Repayment of a grant related to income is applied first against any un-amortised deferred credit set up in respect of the grant. To the extent that the repayment exceeds any such deferred credit, or where no deferred credit exists, the repayment is recognised immediately as an expense.
- 14.6 Repayment of a grant related to an asset is recorded by increasing the carrying amount of the asset or reducing the deferred income balance by the amount repayable. The cumulative additional depreciation that would have been recognised to date as an expense in the absence of the grant is recognised immediately as an expense.

#### 15. REVENUE RECOGNITION 2005/06 Financial Year

#### 15.1 Levies

Enterprises are assessed on a monthly basis and charged an Establishment and Service charge levy using Turnover and Human Resource costs, respectively. The tariffs for levies on Turnover and Human Resources costs differ in accordance with the operating budget approval.

Levy income is recognised on the receipt of actual assessments. Payments received regarding undeclared figures are considered creditors in the Municipality's records.

#### Audit Qualification

The accounting policy for revenue does not comply with the requirements of GAMAP 9: *Revenue*. In terms of paragraph 50, levies shall be recognised as revenue when it is probable that the economic benefits or service potential associated with the transaction will flow to the entity, and the amount of the revenue can be measured reliably. Paragraph 51 continues to state that revenue will be determined from declarations actually received by due date of the payment, together with an estimate of levies due when a levy payer has not submitted a declaration in the reporting period where payment was due. Based on this requirement, the levy revenue for the 2005-06 year should be recognised irrespective of whether a declaration has been submitted by 30 June 2006. The total misstatement cannot be determined.

#### 2006/07 Financial Year

- 15.1 When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the statement of financial position date. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied: - the amount of revenue can be measured reliably:
  - the amount of revenue can be measured reliably;
  - it is probable that the economic benefits associated with the transaction will flow to the company;
  - the stage of completion of the transaction at the statement of financial position date can be measured reliably; and
  - the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.
- 15.2 When the outcome of the transaction involving the rendering of services cannot be estimated reliably, revenue shall be recognised only to the extent of the expenses recognised that are recoverable.
- 15.3 Revenue is measured at the fair value of the consideration received or receivable and represents the amounts receivable services provided in the normal course of business, net of value added tax.

#### Services

15.4 Service income is recognised on an invoice basis.

### Interest and rentals

15.5 Interest and rentals are recognised on a time proportion basis in the Statement of Financial Performance.

#### 15.6 Agency Services

Income from agency services is recognised once such income has been received in accordance with a service level agreement.

#### Exemption

In accordance with Government Gazette 30013 dated 29 June 2007 Amathole District Municipality accepted the following exemptions paragraphs granted in terms of GAMAP 9 Revenue:

- Initial measurement of fair value discounting all future receipts using an imputed rate of interest [SAICA circular 09/06 and paragraph 12]

### AMATHOLE DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS

### FOR THE YEAR ENDED 30 JUNE 2007

#### ACCOUNTING POLICIES

#### 16. UNAUTHORISED EXPENDITURE

Unauthorised expenditure is expenditure that has not been budgeted for, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in the form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No.56 of 2003) Unauthorised expenditure is accounted for as an expense in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

#### 17. IRREGULAR EXPENDITURE

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No. 56 of 2003) the Municipal Systems Act (Act No. 32 of 2000), the Public Office Bearers Act (Act No. 20 of 1998). Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

#### 18. FRUITLESS AND WASTEFUL EXPENDITURE

Fruitless and wasteful expenditure is expenditure that was made in vain and would have been avoided had reasonable care been exercised. Fruitless and wasteful expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

### 19. COMPARATIVE INFORMATION

#### 19.1 Current year comparative:

Budgeted amounts have been included in the annual financial statements for the current financial year only.

#### 19.2 Prior year comparatives:

When the presentation or classification of items in the annual financial statements is amended, prior period comparative amounts are reclassified. The nature and reason for the reclassification is disclosed.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007 1. INFRASTRUCTURE, PLANT AND EQUIPMENT

In terms of Government Gazette 30013 dated 29 June 2007 the municipality has utilised the exemption under GAMAP 12 - Inventorie: The municipality possibly has housing stock which has been recognised as infrastructure, plant and equipmen In terms of the Government Gazette, the municipality has been granted additional time to identify any items of Infrastructure, plant and equipme that should actually be recognised and disclosed as inventory

In terms of the Government Gazette 30013 dated 29 June 2007 the municipality has utilised the exemption under IAS 40 - Investment property.

In terms of the Government Gazette 300 is date 25 offe 200 r the maintiplant has durined the exemption under has 40 - investment property. Included in community assets above are items that may meet the definition of investment property but have been included as infrastructure, plant and equipment because the municipality had not finalised the process of identifying investment property for reporting purposes. These items will be transferred to investment property once they have been identified as investment property, and that until this has been done the property has been included as infrastructure, plant and equipment in the annual financial statements.

No restriction on title exists on any assets held.

#### Revaluations

Included in other assets above are land and buildings that have been revalued.

The effective date of the revaluation was 1 December 2004. The revaluation was performed by independent valuer Penny Lindstrom [Member of the Institute of Valuers], of Penny Lindstrom Property & Valuation Services. Penny Lindstrom Property and Valuation services is not connected to the municipality.

Land and buildings are re-valued independently every 3-5 years.

The valuation was performed using depreciated replacement values

Infrastructure, plant and equipment subjected to finance leases

#### NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

	2006/07	2005/06
	R	R
It is the municipality's policy to lease certain office equipment under finance leases.		

The average lease term was 5 years and the average effective borrowing rate was 12% (Prior Year: 12%).

All leases have fixed repayment terms with no annual escalation rate, but varies with the changes in the prime interest rate. No arrangements have been entered into for contingent rent.

The municipality's obligations under finance leases are secured by the lessor's charge over the leased assets.

#### 12. OPERATING LEASE LIABILITY

In accordance with IAS 17/(AC 105), operating lease income and expenses have been recognised on a straight line basis over the lease term.

The effect of accounting for operating leases on the straight line basis had the following effect:

#### Non current liabilities

Operating lease accrual		
13. DEFERRED INCOME		

The deferred income relates to Government Grants related to assets which have been accounted for in accordance with IAS 20/(AC 134) Government grants.

The government grant funding that has been received has been set up as deferred income which is recognised as income on a systematic and rational basis over the useful life of the asset.

Government grants related to the construction of water infrastructure assets [CMIP and DWAF: Refer note 37] Government grants related to other assets Non current liabilities	329 496 501 5 957 242 335 453 743 334 751 496	<u>6 659 489</u> <u>6 659 489</u> 5 981 735

19. GAIN ON TRANSFER OF WATER INFRASTRUCTURE

The provisions of Provincial notice 80 dated 27 September 2000, issued in terms of section 12 of the Local Government Municipal Structures Act, provides for the transfer of the Water Service Authority and Water Service Provider duties to the Amathole District Municipality, effective 01 July 2006, for the district municipality's areas excluding Buffalo city municipality. In terms of sub-paragraph 6(1) of Provincial notice 80 "The assets, liabilities and obligations of a disestablished municipality... (are) transferred to the new municipality..."

The ADM embarked on an asset verification program aimed at determining all immovable properties to be transferred from the local municipalities' financial records. Similarly, the ADM embarked on a process of third party confirmations and/or assessments of all consumer debtors, liabilities and obligations that were identified for transfer from the local municipalities.

Only immovable assets identified as per the ADM's verification exercise, the identified fleet currently being utilised within operations, and incumbent liabilities are incorporated into the financial records.

The financial records of the Amahlati Local Municipality was incorporated into the financial records of the ADM (Only municipality with un-disclaimed audited financial records) All unsubstantiated balances will remain within the local municipalities' financial records (Mbhashe LM, Mnquma LM, Great Kei LM, Ngqushwa LM Nkonkobe LM, Nxuba LM).

The incorporation of the financial records of Amathole LM and various balances from other municipalities resulted in gains in the financial records of the ADM.

The gains (excess of assets over liabilities) are recognised through the Statement of Financial Performance.

Gain on transfer of Amahlati water infrastructure assets Gain on transfer of other Local Municipality water infrastructure assets	15 824 654 276 238 055 292 062 709	:

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

	2006/07	2005/06
	R	R
36. PRIOR PERIOD ERRORS		
Finance leases Leases were not classified as operating or finance leases in accordance with IAS 17 in the prior financial years. Leases were assessed against the criteria of IAS 17 in the current financial year. This has led to certain leases being classified as finance leases which has resulted in the capitalisation of office equipment as well as recognising the correspondin The prior period errors relating to leases have been corrected retrospectively.	g liability.	

#### Operating leases

Operating Messes In the past operating leases payments were incorrectly accounted for when they fall due and not on a straight line basis as required by IAS 17. Operating leases were straight lined in the current year and all errors were corrected retrospectively.

#### **RSC** levies

In the prior year no receivable was raised for RSC revenue where levy payers had not submitted a declaration in the reporting period where payment was due. This error was inconsistent with paragraph 51 of GAMAP 9. An exercise was undertaken in the current year to correct this error, the error has been adjusted for retrospectively.

#### Service bonuses accrual

No accrual was made in the prior year for services bonuses in accordance with GAMAP 19. This error was corrected in the current year and was adjusted for retrospectively.

#### Revaluation reserve

A portion of the revaluation reserve was incorrectly recognised in the prior financial years on the initial recognition of property, plant and equipment where land and buildings were acquired for zero or a nominal consideration. This error is inconsistent with paragraph 27 of GAMAP 17. The error was corrected in the current financial year and was adjusted for retrospectively.

uovernment Grants The accounting for the government grant reserve in the prior year was inconsistent with paragraph 12 of IAS 20. IAS 20 paragraph 12 states that government grants shall not be credited directly to equity. This error was corrected in the current financial year by setting up the government grants received as deferred income. Where the government grants related to assets, the deferred income was released to the Statement of Financial Performance on a systematic basis being the period which is consistent with the useful life of the asset the grant is related to. An error also arose during the take - on of the DWAF water assets as the take on balance was incorrectly taken to the government grant reserve due to the assets being acquired for zero consideration. No government funding was received for the take on of the DWAF water assets. The errors were corrected retrospectively.

The correction of the errors resulted in adjustments as follows:

#### Finance leases

37. CAPITALISATION OF CMIP AND DWAF WATER INFRASTRUCTURE COSTS		-
Water infrastructure assets		
On 1 July 2006 being the effective transfer date, Amathole District Municipality became the water services provider in terms of the Strategic	Framework for water services	
While the device of the second s		
The result of the above is that prior to 1 July 2006 Amathole did not have control over the water infrastructure assets that were being constrn All payments made prior to 1 July 2006 for the construction of water infrastructure was expensed due to the probability of future economic benefits relating to the construction of the water infrastructure not flowing to Amathole District Municipality.	ructed.	
The value of the trade receivables taken over from the Local municipalities were not recognised in Council's records due the failure to meet	t theb recognision and measurement	criteria.
Subsequent to 1 July 2006 Amathole assumed control of the water infrastructure assets due to the District Municipality's decision to centrali function under the municipality	ise the Water Service Provision	
The capitalisation of this expenditure is not seen as a prior period error in accordance with Grap 3 due to no omissions or misstatements ari from the failure to use or misuse reliable information in the prior year.	ising	
The effect of the above on the 2006/07 annual financial statements is as follows:		R
Statement of Financial Position		329 496 501
Increase in Infrastructure, plant and equipment [Refer note 1] Increase in deferred income [Refer note 13]		(329 496 501
