#### Nkonkobe Local Municipality GROUP ANNUAL FINANCIAL STATEMENTS

for the year ended 30 June 2012

#### Accounting Officer's Responsibilities and Approval

The accounting officer is required by the Municipal Finance Management Act (Act 56 of 2003), to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is the responsibility of the accounting officer to ensure that the annual financial statements fairly present the state of affairs of the municipality as at the end of the financial year and the results of its operations and cash flows for the period then ended. The external auditors are engaged to express an independent opinion on the annual financial statement and was given unrestricted access to all financial records and related data.

The annual financial statements have been prepared in accordance with Standards of Generally Recognised Accounting Practice (GRAP).

The annual financial statements are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The accounting officer acknowledges that he is ultimately responsible for the system of internal financial control established by the municipality and place considerable importance on maintaining a strong control environment. To enable the accounting officer to meet these responsibilities, the accounting officer sets standards for internal control aimed at reducing the risk of error or deficit in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk.

These controls are monitored throughout the municipality and all employees are required to maintain the highest ethical standards in ensuring the municipality's business is conducted in a manner that all reasonable circumstances is above reproach. The focus of risk management in the municipality is on identifying, assessing, managing and monitoring all known forms of risk across the municipality. While operating risk cannot be fully eliminated, the municipality endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems, and ethical behaviour are applied and managed within predetermined procedures and constraints.

The accounting officer is of the opinion, based on the information and explanations given by management that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or deficit.

The accounting officer has reviewed the municipality's cash flow forecast for the year ended 30 June 2013 and, in the light of this review and the current financial position, he is satisfied that the municipality has or has access to adequate resources to continue in operational existence for the foreseeable future.

The annual financial statements are prepared on the basis that the municipality is a going concern.

Although the accounting officer is primarily responsible for the financial affairs of the municipality, they are supported by the municipality's external auditors.

The external auditors are responsible for independently reviewing and reporting on the municipality's annual financial statements.

The annual financial statements set out on pages 7 to 43, which have been prepared on the going concern basis, were approved by the accounting officer on 31 August 2012 and were signed on its behalf by:

Mr. K. C Maneli Accounting Officer

30 September 2012

#### Nkonkobe Local Municipality ANNUAL FINANCIAL STATEMENTS

for the year ended 30 June 2012

#### **Mayor's Foreword**

It gives me great pleasure to present the annual financial statements for the 2011/2012 financial year. The Municipal Finance Management Act provides that a municipality must prepare the annual financial statements of the institution and, within two months after the end of the financial year to which those statements relate, submit them to the Auditor General for auditing. During the last financial year we presented improved financial statements to Council. This year, as we endeavour to make further improvements to our financial statements, as the municipality we have tried our utmost best to adhere to the Generally Recognised Accounting Practices when preparing the financial statements - to produce reports attuned to specific needs of the Nkonkobe community.

The annual financial statements for the year under review - 2011/2012 - portray a different picture than the last financial year. This is with regards to financial viability and debt management of the municipality. As an institution with a thin revenue base we have devised strategies to enhance our revenue, so that we are able to move away from grant dependency and become a self sufficient municipality.

To this end, we have established a technical unit in order to do most projects in-house, and some of the projects are funded through our own revenue. As a result, I can safely say that the current financial statements are a true reflection of all the institution's financial activities in the year under review. The challenges that the municipality faced before should be a thing of the past and as such, we firmly believe that we can do better to change the situation from qualified to clean audit.

We are especially pleased to have a functional audit committee and we have also beefed-up our internal audit unit. This purports that the municipality is determined to strive for clean audit outcomes. Our audit committee is committed to ensuring that the municipality performs better.

Balance at end of year	7 978 443	10 425 923
Trade and other receivables past due but not impaired		
Trade and other receivables which are less than 3 months past due are not considered to be impaired. An interest rate of 14% is charged on outstanding balances overdue, thus the carrying value of the receivable is held at amortised cost (Fair Value).		
Trade and other receivables impaired		
As of 30 June 2012, trade and other receivables of R 18 616 750 (2010: R 18 866 779) were impaired and provided for.		
The ageing of these receivables is as follows: Over 4 months	21 542 099	10 425 923
No debtors have been pledged as security.

Effect of change in accounting policy Assets that were previously not valued and recognised due to Directive 4 exemption, were recognised as a result of GRAP 17 adoption. Previously only movable assets were disclosed, however they were not depreciated. With the adoption of GRAP 17, all assets, immoverble and movable, were valued and depreciated

#### 7.4 Details of property

Due to the extent and sheer number of the properties, it is not practical to disclosed details on every property in the financial statements. Full details on each property is available from the municipal offices on request.

#### 7.5 Details of valuation for Infrastructure and Properties

The effective date of the revaluations was 1 July 2009 and 30 June 2012 in accordance with Directive 4. Revaluations were performed by an independent valuer, Mrs PJ Lindstrom who not connected to the entity and have recent experience in location and category of the investment property being valued.

The valuation was based on comparative market approach, depreciated replacement value and the Direct Comparison Method as and where appropriate and all assumptions are based on prevailing market conditions.

#### 15.1 Post Retirement Healthcare Liability

The Post Retirement Healthcare Liability represents the obligation of the municipality to meet the medical aid contributions of retired employees. The amount of the liability is the present value of the obligation less the fair value of any plan assets held in respect of the post-retirement medical scheme. There are no plan assets in this valuation.

#### Key assumptions used

#### The following assumptions were used on the valuation on 30 June:

Discount rate	8.20%
Healthcare cost inflation	7.09%

Seymour Hogsback Fort Beaufort

The municipality will be cleaning and covering all sites apart from the sites at Alice and Middledrift that will remain operational.

Landfill sites restoration is a provision that will be revisited each year and estimated. Unlisenced sites should be rehabilitated as required by legislation. The Alice and Middledrift sites are licenced and will remain operatonal.

The four sites are operated without permits. Penalties of R 10 million per site can be imposed by the Department of Environmental Affairs. The possible penalties have been disclosed under contingent liabilities per note 37.

Valuations on land and buildings are performed every four years. The last valuation came into effect on 1 July 2009. Interim valuations are processed on a quarterly basis to take into account changes in individual property values due to alterations.					
Rates are levied on a montly or annual basis with the final date of payment being 30 Septemeber for annual levies. Interest at 14% per annum (2010: 14%) is levied on outstanding rates.

35.2 Operating leases				
At the reporting date the entity has outstanding commitments under operating leases which fall due as follows:				
Operating leases - lessee				
Within one year	846 597	791 088	834 597	779 088
In the second to fifth year inclusive	185 027	768 966	174 027	747 966
After five years	-	-	-	-
Total	1 031 624	1 560 054	1 008 624	1 527 054
Operating Leases consists of the following:				
Operating lease payments represent rentals payable by the municipality for certain of its office equipment. Rentals are fixed for an average of five years. No contingent rent is payable.				
36 RETIREMENT BENEFIT INFORMATION				
<b>36.1 Defined contribution plan</b> The municipality contributes to the following funds: Government Employee Pension Fund, Verso Pension Fund, Cape Joint Pension Fund, Cape Joint Provident Fund, Salga Pension Fund and Samwu Provident Fund. These membership is in terms of a defined contribution plan. These funds have been registered and governed under the Pension Fund Act, 1956 as amended.				
For the period ending 30 June 2012, the monthly contributions towards the Provident Fund are a minimum of 7.5% of the employee's basic salary, which is calculated as the cost to company and a 7.5% is contributed by the employer. The employee reserves the right to contribute a larger percentage as and when he / she so decides. These contributions have been expensed in the statement of financial performance.				

37

#### 36.2 Defined benefit plan

Defined benefit plans are not treated as such as defined by IAS19, but are accounted for as defined

contribution plans or as provisions until the Minister of Finance issue an effective date for GRAP 25. Further to this assumption, the exemption in IAS 19 par. 30 is also adopted which states that where information required for proper defined benefit plan accounting is not available in respect of multi-employer and state plans, these should be accounted for as defined contribution plans. The municipality has been unsuccessful in obtaining the necessary information to support proper defined benefit plan accounting for due to restrictions imposed by the multi-employer plan. It is therefore deemed impracticable to obtain this information at a suitable level of detail.

40 EVENTS AFTER THE REPORTING DATE			
41 KEY SOURCES OF ESTIMATION UNCERTAINTY AND JUDGEMENTS			
The following areas involve a significant degree of estimation uncertainty:			
Provision for Long Service Awards			
Provision for Post Retirement Medical Aid Assistance			
Provision for rehabilitation of landfill sites (discount rate used, number of years, amount of cash flows) Provision for doubtful debts			
The following areas involved judgements, apart from those involving estimations disclosed above, that management has made in the process of applying the municipality's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:			
Valuation and Impairment of assets - Fist-time adoption			
42 RISK MANAGEMENT			
2.1 Maximum credit risk exposure			
Trade receivables comprise a widespread customer base. Management evaluates credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the board. The			
utilisation of credit limits is regularly monitored. Sales to retail customers are settled in cash or using major credit cards. Credit guarantee insurance is purchased when deemed appropriate.			

Financial assets exposed to credit risk at year end were as follows:

Standard Bank First National Bank Absa	67 381 (377 833)	68 710 2 489 832
Trade and other receivables Borrowings - Development Bank of South Africa	7 439 105 -	13 118 391 3 520 171
These balances represent the maximum exposure to credit risk.

		R'000	R'000	R'000	R'000
42.2 Liquidity risk				-	
The municipality's risk to liquidity is a result of the funds available to cover future commitments. The municipality manages liquidity risk through an ongoing review of future commitments and credit facilities.					
The table below analyses the municipality's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

2 RISK MANAGEMENT					
3 Interest rate risk					
As the municipality has no significant interest-bearing assets, the municipality's					
income and operating cash flows are substantially independent of changes in					
market interest rates.					
OR The municipality's interest rate risk arises from long-term borrowings. Borrowings					
issued at variable rates expose the group to cash flow interest rate risk. Borrowings					
issued at fixed rates expose the municipality to fair value interest rate risk.					
Municipality policy is to maintain approximately 60% of its borrowings in fixed rate					
instruments.					
At year end, financial instruments exposed to interest rate risk were as follows:					
- Call deposits					
- Notice deposits					
1 Interest rate sensitivity analysis					
The sensitivity analysis below has been determined based on financial instruments exp	posure to interest rates a	t reporting date. For floatir	ng rate instruments, the a	nalysis is prepared as	suming the amount
The basis points increases or decreases, as detailed in the table below, were determin	ed by management and	represent management's	assessment of the reasor	nably possible change	in interest rates.
A positive number below indicates an increase in surplus. A negative number below in	dicates a decrease in su	rplus.			
As the entity does not have any instruments that effect not assots directly, the disclose	ire only indicated the offe	at of the change in interes	at ratas on ournlus		

As the entity does not have any instruments that effect net assets directly, the disclosure only indicates the effect of the change in interest rates on surplus.

#### 42.5 Other price risk

Examples include changes in commodity prices. 43 RESTATEMENT OF COMPARATIVE INFORMATION

During the year the following prior period error corrections and reclassifications took place:

LED Expenditure of R4 444 946 which was incorrectly classified as a debtor in 2010 has been corrected. Therefore the opening balance of the comparative year for trade and other receivables has been restated against accumulated surplus.

Errors in customers accounts (Amathole R 6 265 401.30 and Dream Fair Properties R780 618.15) were identified and correct on the debtors accounts in the current year. However, the correction was as a result of an error in meter readings which related to the prior period. Therefore the opening balance of the comparative year for trade and other receivables has been restated against accumulated surplus.

A debtor for R1,459,772 was raised as Grants received in the prior year against Dept of Sports, Arts and Cuture in respect of expenses incurred on libraries which is to be recouped in the 2012 financial year. Similarly LED expenditure of R246 923 which was not recognised in prior year has been restated. Surpluss for the year was restated accordingly.

Expenditure items to the value of R 1 476 042.96 that were previoulsy disclosed as assets have now been disclosed as expenses under repairs and maitenance

Tools and plant previsouly disclosed as assets, to the value of 69 146.86 was subsequently disclosed as general expenses as these items did not meet asset definition.

Trade and other payables as disclosed in the 2010/2011 financial statements did not include payments received from debtors in advance to the value of R 3 353 411. Classification of these debtors which had credit balance has since been corrected.

An invoice for R 16,006 for assets purchased in the prior year was paid in the current year, therefore the Accounts payable was restated to account for the creditor and Property, Plant and Equipment was restated at year-end.

The opening balance in the prior year of assets and accumulated depreciation was adjusted by R1 760 to correct an error in the asset register opening balances. Similarly the prior year was also adjusted by R 3 774.

In the prior year, interest of R 11 517 on unspent conditional grants was incorrectly taken to the Statement of Financial Performance, this has now been correctly treated by capitalising the interest to the unspent conditional grant.

As previously stated:		
Statement of Financial Performance		
Government grants and subsidies	(96 926 677)	(96 926 677)
Repairs and maintenance	7 415 778	7 415 778

44 CHANGE IN ACCOUNTING POLICY

Accounting Policies have been consistently applied, except as indicated below: The municipality changes an accounting policy only if the change: a) is required by a Standard of GRAP; or b) results in the financial statements providing reliable and more relevant information about the effects of transactions, other events or conditions on the performance or cash flow.

The aggregate effect of the changes in accounting policy on the annual financial statements for the year ended 30 June 2012 (Retrospectively) is as follows:

Property, Plant and Equipment / Intangible Assets / Investment property Previously stated Recognition of standards previously not applied - GRAP Statements relating to assets	46 066 870 230 278 676 <b>276 345 546</b>	46 066 870 230 278 676 <b>276 345 546</b>

#### 44 CHANGE IN ACCOUNTING POLICY (Cont.)

The changes in accounting policy resulted from the application of GRAP Directive 4 which exemption municipalities from valueing assets for a period of 3 years after initial adoption of the GRAP reporting framework. Nkonkobe is a low capacity municipality and first time adoption of the GRAP framework was done during 2009/10, hence the full implementation of all asset related GRAP standards during 2011/12 retrospectively.

The retrospective restatement to years preceding the comparative period is virtually impracticable as the restatement relates to valuation of infrastructure assets which have been in existence from a number of years prior to implementation of the GRAP accounting framework. As such the municipality adopted acceptable models such as Directive 4, Directive 7 and Asset Management Guidelines (2008) to retrospectively value and restate to periods before the opening balance of the comparative year (1 July 2011). The impact of deemed values in tose prior periods does not impact on the usefulness of the annual financial statements to the users thereof.

#### 45 COMPARISON WITH THE BUDGET

The comparison of the Municipality's actual financial performance with that budgeted is set out in Annexures D

#### 46 Bulk Electricity losses

Purchased during the year Sold durign the year Unaccounted Normal Distribution losses (10%) of electricity purchased Loss	<u>-36 331 176</u> 2 169 793 -173 583	units in (kwh) units in (kwh) units in (kwh) units in (kwh) units in (kwh)	-36 331 176 2 169 793 -173 583	units in (kwh) units in (kwh) units in (kwh) units in (kwh) units in (kwh)
Loss % Total Average Energy Charge (Rate) - Purchased Loss (R)	5% 0.32 638 787		5% 0.32 638 787

THER BREAKDOWN OF ACCOUNTS IN NOTES (select from dro	pdown - refer to the SCOA for guidance)	
		NB: It is essential that the user refers to the SCOA when mapping the individual accounts in the TB. This is to avoid incorrect descriptions being used in the mapping, which would result in formula errors. Where the municipality has more examples of a particular type of asset / liability than what has been provided for in the template, or where there is more detail in the TB than what is required in the AFS, simply add the appropriate TB accounts together for mapping purposes and then split manually for disclosure purposes where necessary. (for eg. if there are additional types of investment properties, intangible assets, etc.) If this is not done properly, the AFS will not balance to the notes and the TB.

#### Index does not sum more than one account
