Accounting Officer's Responsibilities and Approval

The accounting officer is required by the Municipal Finance Management Act (Act 56 of 2003), to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is the responsibility of the accounting officer to ensure that the annual financial statements fairly present the state of affairs of the municipality as at the end of the financial year and the results of its operations and cash flows for the period then ended. The external auditors are engaged to express an independent opinion on the annual financial statement and was given unrestricted access to all financial records and related data.

The annual financial statements have been prepared in accordance with Standards of Generally Recognised Accounting Practice (GRAP).

The annual financial statements are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The accounting officer acknowledges that he is ultimately responsible for the system of internal financial control established by the municipality and place considerable importance on maintaining a strong control environment. To enable the accounting officer to meet these responsibilities, the accounting officer sets standards for internal control aimed at reducing the risk of error or deficit in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk.

These controls are monitored throughout the municipality and all employees are required to maintain the highest ethical standards in ensuring the municipality's business is conducted in a manner that all reasonable circumstances is above reproach. The focus of risk management in the municipality is on identifying, assessing, managing and monitoring all known forms of risk across the municipality. While operating risk cannot be fully eliminated, the municipality endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems, and ethical behaviour are applied and managed within predetermined procedures and constraints.

The accounting officer is of the opinion, based on the information and explanations given by management that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or deficit.

The accounting officer has reviewed the municipality's cash flow forecast for the year ended 30 June 2013 and, in the light of this review and the current financial position, he is satisfied that the municipality has or has access to adequate resources to continue in operational existence for the foreseeable future.

The annual financial statements are prepared on the basis that the municipality is a going concern.

Although the accounting officer is primarily responsible for the financial affairs of the municipality, they are supported by the municipality's external auditors.

The external auditors are responsible for independently reviewing and reporting on the municipality's annual financial statements.

The annual financial statements set out on pages 7 to 43, which have been prepared on the going concern basis, were approved by the accounting officer on 31 August 2013 and were signed on its behalf by:

Mr.D. Mere Accounting Officer

31 August 2013

1 NON-CURRENT PROVISIONS			
Post Retirement Healthcare Liability		-	-
Provision for long-service awards Provision for rehabilitation of landfill sites		9 691 600	- 9 691 600
Provision for remadification of failuring sites		9 091 000	9 091 000
Total Non-Current Provisions		9 691 600	9 691 600
Post Retirement Healthcare Liability			
The Post Retirement Healthcare Liability represents the obligation of the municipality to meet the medical aid contributions of retired employees. The amount of the liability is the present value of the obligation less the fair value of any plan assets held in respect of the post-retirement medical scheme. There are no plan assets in this valuation.			
Provision for long-service awards			
The long-service award is payable after every 5 years of continuous service. The provision is an estimate of the long-service based on historical staff turnover.			
Post Retirement Healthcare Liability

Condoned or written off by Council		-	-
		36 314 199	129 3
Transfer to receivables for recovery – not condoned Irregular expenditure awaiting condonement		30 314 199	1271

Limited suppliers within the region resulted in the municipality transacting with suppliers who had not tax clearence certificates. In some instances, suppliers were so limited within the area that it was impracticable to obtain the required three quotations, thereby causing deviations from SCM.

	for the year ended 30 June	2013

34.2 Fines and penalties			40 000 000

The municipality is operating 4 landfill sites without the required permits from the Department of Environmental Affairs. The Department may imposed a penalty of up to R 10 000 000 per landfill site operated without the required permits or for non-compliance with permit conditions.

Restated Note 2013 2012

Estimated inflow nett of legal costs

35 CONTINGENT ASSET

No identified contingent assets

36 EMPLOYEE BENEFIT INFORMATION

The municipality contributes to the following funds: Government Employee Pension Fund, Verso Pension Fund, Cape Joint Provident Fund, Sala Pension Fund and Samwu Provident Fund. These membership is in terms of a defined contribution plan. These funds have been registered and governed under the Pension Fund Act, 1956 as amended.

For the period ending 30 June 2013, the monthly contributions towards the Provident Fund are a minimum of 7.5% of the employee's basic salary, which is calculated as the cost to company and a 7.5% is contributed by the employer. The employee reserves the right to contribute a larger percentage as and when he / she so decides.

38 EVENTS AFTER THE REPORTING DATE

No events have occurred after 30 June 2013 which necessitates adjustment or disclosure within the annual financial statements.

39 KEY SOURCES OF ESTIMATION UNCERTAINTY AND JUDGEMENTS

The following areas involve a significant degree of estimation uncertainty:

Provision for Long Service Awards
Provision for Post Retirement Medical Aid Assistance
Provision for rehabilitation of landfill sites (discount rate used, number of years, amount of cash flows)
Provision for doubtful debts

		Restated
Note	2013	2012

40 RISK MANAGEMENT

40.1 Maximum credit risk exposure

Credit risk consists mainly of cash deposits, cash equivalents and trade debtors. The municipality only deposits cash with major banks with high quality credit standing and limits exposure to any one counter-party.

Financial assets exposed to credit risk at year end were as follows:

These balances represent the maximum exposure to credit risk.

40.2 Liquidity risk

The municipality's risk to liquidity is a result of the funds available to cover future commitments. The municipality manages liquidity risk through an ongoing review of future commitments and credit facilities.

Cash flow forecasts are prepared and adequate utilised borrowing facilities are monitored.

The table below analyses the municipality's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

At 30 June 2013	Less than 1 year	2 - 5 years	More than 5 years
Trade and other payables from exchange transactions	44 063 561	-	=
Current portion of borrowings	=	-	-
Other current financial liabilities	÷	-	=
At 30 June 2012			
Trade and other payables from exchange transactions	40 842 049	-	-
Current portion of borrowings	=	-	=
Other current financial liabilities	=	-	-

40.3 Interest rate sensitivity analysis

The sensitivity analysis below has been determined based on financial instruments exposure to interest rates at reporting date. For floating rate instruments, the analysis is prepared assuming the amount of the instrument outstanding at the reporting date was outstanding for the whole

The basis points increases or decreases, as detailed in the table below, were determined by management and represent management's assessment of the reasonably possible change in interest rates.

A positive number below indicates an increase in surplus. A negative number below indicates a decrease in surplus.

As the entity does not have any instruments that effect net assets directly, the disclosure only indicates the effect of the change in interest rates on surplus.

There were no changes in the methods and assumptions used in preparing the sensitivity analysis from one year to the next.

Increase (decrease) in interest rates
The estimated increase (decrease) in basis points
Effect on surplus
