See Appendix F for a reconciliation of grants from National/Provincial Government. These amounts are fully invested until utilised.

	2007 R	2006 R
Non-current provisions Provision for Post Retirement Benefits. Total Non-Current Provisions	54,200,000 54,200,000	52,500,000 52,500,000

The District Municipality's net obligation in respect of post retirement medical benefits was calculated by Arch Actuarial Consulting on the 30 August 2005 The value of the post retirement medical and pension benefits was arrived at by calculating the value of the subsidies at 30 June 2005 with escalations for 3 years. The key financial assumptions used were, discount rate 8.5%, Health care cost inflation rate (long term) 7% and net effective discount rate of 1.4%. Allowances were made for the increases in subsidies in the future at a rate equal to that of the expected medical aid inflation rate. The liability for CDM amounts to R54.2M. The contribution for the year under review amounts to R1.7m. The contribution has been funded from the accumulated surplus. The provision was established for the purpose of generating interest that is utilised to fund the yearly medical scheme commitments in respect of post retirement benefits. The expected future outflows is dependent upon the life expectancy of existing members and their spouses.

	Post Retirement	Benefits
The movement in the provisions is reconciled as follows:-		## 000 000
Balance at beginning of year	52,500,000	50,900,000
Contributions	2,745,774	2,968,471
Expenditure incurred	(2,745,774)	(2,968,471)
Increase in provision	1,700,000	1,600,000
Balance at end of year	54,200,000	52,500,000
The estimated expected timing of resulting outflows of post retirement benefits are:	2 720 041	
With one year	2,539,841	
Later than one year, not later than five years	12,736,269	
Later than five years	38,923,890 54,200,000

2007	2006
R	R

Land and buildings were valued at 30 June 2007 using the income capitalisation, comparable sales of sectional title office developments and comparable sales methods by DDP valuers Pty(Ltd) a registered and independent valuator. As the date of adoption of GAMAP GRAP was 1 June 2005, the valuation was present valued to 1 June 2005, using growth rates as determined by the independent valuator for the land and buildings to determine their fair value at 1 June 2005. Buildings are depreciated on cost less residual value, using the straight line method, over their estimated useful lives. As the carrying value of the Land and Buildings differed materially to the valuation of Land and Buildings at 30 June 2007, the Land and Buildings were revalued to the fair value at 30 June 2007 as determined by DDP valuers Pty(Ltd) a registered and independent valuator.

The revaluation surplus is reconciled as follows:		
Balance at beginning of the year	38,516,658	38,871,324
Surplus realised	(355,640)	(354,666)
Surpius realised	38,161,018	38,516,658
Revaluation at 30 June 2007	7,699,605	-
Balance at beginning of the year	45,860,623	38,516,658

Backlog depreciation was calculated according to GAMAP 17 taking into consideration the estimated useful life of the asset.

Refer Appendixes B and C for more detail on property, plant and equipment.

## 7. LONG-TERM RECEIVABLES

Loans to Kouga Local Municipality	209,183	334,736
Department of Housing (Housing Schemes)	7,855,461	•
Staff loans	58,791	40,215
Statt tomis	8,123,436	374,951
Less: Short-term portion transferred to current assets	143,504	162,319
As previously stated Total Non-Current receivables	7,979,932	212,632
Reclassification		13,862,888
Reclassification of Department of Housing from Trade and other receivables	7,979,932	14,075,520
Restated Long-term Receivables	7,777,732	14,073,040

The loan to Kouga Local Municipality is unsecured, bears interest at 14.25 % per annum and is repayable in 30, 6 monthly payments.

The loan to the Department of Housing is unsecured, interest free and has no fixed terms of re-payment.

## 8. INVESTMENTS

### Unlisted

CDM has a 50 percent share in the Kouga Development Agency (KDA)

## 21. RETROSPECTIVE RESTATEMENT OF ERRORS

20.

During the year under review it was discovered that:

- Regional Service Levies for Turnover of R3 269 711 that should have been recognised in 2006 were incorrectly omitted from 2006 and recognised as revenue in 2007
- Regional Service Levies for Remuneration of R2 004 017 that should have been recognised in 2006 were incorrectly omitted from 2006 and recognised as revenue in 2007
- Government grants and subsdies of R308 627 that should have been recognised in 2006 were incorrectly omitted from 2006 and recognised as revenue in 2007.
- Tarrifs and charges of R968 that should not have been recognised in 2006 were incorrectly recognised in 2006 and incorrectly not recognised as revenue in 2007.
- Overstatement of Employee related cost of R353 798 as a result of understatement of 2006 provision post retirement benefits that has now been corrected and R115 676 incorrectly omitted in 2006 and recognised as expenditure in 2007.
- -Bad debts written off of R61 022 that should have been separately disclosed in 2006 were incorrectly disclosed as general expenses in
- -Depreciation of R930 108 was understated in 2006 as a result of Buildings not being fair valued and depreciated and residual values not being taken into account when calculating depreciation for plant and equipment.
- Repairs and maintenance of R17 561 that should not have been recognised as an expense in 2006 as it related to fixed assets has now been corrected in 2006.
- -Finance costs of R93 464 that were incorrectly recognised as an expenditure in 2006 as a result of understatement of finance lease in 2006 has now been corrected in 2006.
- Government grants and subsdies of R308 627 that should have been recognised in 2006 were incorrectly omitted from 2006 and recognised as expenditure in 2007.
- General expenses other of R543 345 that should have been recognised as an expenses in 2006 were incorrectly omitted from 2006 and incorrectly recognised as an expense in 2007.
- Understatement of provision for post retirement benefits of R353 798 as a result of an overstatement of 2006 employee related cost

The municipality's accounting records for 2007 showed revenue of R129 689 960 (including Regional levies of R5 273 728 and Tarrifs and charges of -R968) and expenditure of R107 811 513 (including expenditure of R197 585) for a surplus of R21 878 447.

## 26. CAPITAL COMMITMENTS

A capital commitment of R 15 m exists for the construction of a new office building in Jeffreys Bay. This amount has been ringfenced and is recorded in the Restructuring Grant account.

## 27. OPERATING COMMITMENTS

Operating leases - as lessee (expense): photostat and facsimile machines

Minimum future lease payments due -within one year -second to fifth year inclusive	19,015 109,193	206,296 354,303
Total	128,208	560,599

## 28. RETIREMENT BENEFIT INFORMATION

## 28.1 Post-Retirement Medical Benefit

Provision is made for post retirement medical benefits in the form of health care plans for eligible employees and pensioners.

## 28.2 Pension and Retirement Fund Benefits

Employees and Council contribute to the Cape Joint Pension and Retirement Funds on the basis of a fixed contribution which is charged against income as incurred.

## 29. IN-KIND DONATIONS AND ASSISTANCE

No in-kind donations and assistance were made during the year

2007 2006 R R

## 30. AGENCY FUNCTIONS

The District Municipality provides Primary Health Care services on an agency basis, and the net transactions are recorded below;

Subsidy received	17,527,959	18,007,232
Expenditure incurred	17,527,959	16,376,009
Surplus		1,631,223

## 31. RISK MANAGEMENT

## 31.1 Liquidity risk

The Municipality's risk to liquidity is a result of the funds available to cover future commitments. The Municipality manages liquidity through an ongoing review of future commitments and credit facilities.

Stringent cash management procedures are in place. These include cash flow forecasting.

## 31.2 Interest rate risk

Deposits attract interest at a rate that varies according the the prime banking rate. The municipality manages this interest rate risk by ensuring that all surplus funds are invested in fixed rate instruments and by maintaining the minimum possible balance in the current account.

### 31.3 Credit risk

Credit risk consists mainly of cash deposits, cash equivalents and debtors. The Municipality only deposits cash with the five major banks which have an equity above R 6 billion with good credit rating. The Municipality also limits exposure according to a pre determined formulae.

Consumer debtors comprise a widespread customer base. Management evaluates credit risk relating to consumers on an ongoing basis.

## 32. ACTUAL OPERATING EXPENDITURE VERSUS BUDGETED OPERATING EXPENDITURE

Refer to Appendix E (1) for the comparison of actual operating expenditure versus budgeted operating expenditure.

## 33. ACTUAL CAPITAL EXPENDITURE VERSUS BUDGETED CAPITAL EXPENDITURE

Refer to Appendix E (2) for the comparison of actual capital expenditure versus budgeted capital expenditure.

## 34. EVENTS AFTER THE REPORTING DATE

The provincialisation of the Health Agency function will have a direct effect on the support functions of the Municipality and will result in a reduction in income from administration fees.

## 35. COMPLIANCE WITH CHAPTER 11 OF THE MUNICIPAL FINANCE MANAGEMENT ACT

The Municipality has adopted a Supply Chain Management policy with effect from 1 January 2006 in accordance with the Act and applicable regulations. However, the Municipality has experienced difficulties in populating a comprehensive supplier database which is due to a poor response from potential suppliers. As a result the application of the regulations have not been fully implemented.

REPORT OF THE AUDITOR-GENERAL TO THE EASTERN CAPE PROVINCIAL LEGISLATURE ON THE FINANCIAL STATEMENTS AND PERFORMANCE INFORMATION OF THE CACADU DISTRICT MUNICIPALITY FOR THE YEAR ENDED 30 JUNE 2007

## REPORT ON THE FINANCIAL STATEMENTS

## Introduction

1. I have audited the accompanying financial statements of Cacadu District Municipality which comprise the statement of financial position as at 30 June 2007, statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 27 to 69.

## Responsibility of the accounting officer for the financial statements

- 2. The accounting officer is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting determined by National Treasury, as set out in accounting policy note 1.1.2 and in the manner required by the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (MFMA). This responsibility includes:
  - designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error
  - selecting and applying appropriate accounting policies
  - making accounting estimates that are reasonable in the circumstances.

## Responsibility of the Auditor-General

- 3. As required by section 188 of the Constitution of the Republic of South Africa, 1996 read with section 4 of the Public Audit Act, 2004 (Act No. 25 of 2004) (PAA) my responsibility is to express an opinion on these financial statements based on my audit.
- 4. I conducted my audit in accordance with the International Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.
- 5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- 6. An audit also includes evaluating the:

- · appropriateness of accounting policies used
- reasonableness of accounting estimates made by management
- overall presentation of the financial statements.
- 7. Paragraph 11 et seq. of the Statement of Generally Recognised Accounting Practice, GRAP 1 Presentation of Financial Statements requires that financial reporting by entities shall provide information on whether resources were obtained and used in accordance with the legally adopted budget. As the budget reporting standard is still in the process of being developed, I have determined that my audit of any disclosures made by Cacadu District municipality in this respect will be limited to reporting on non-compliance with this disclosure requirement.
- 8. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

## Basis of accounting

9. The municipality's policy is to prepare financial statements on the basis of accounting determined by National Treasury, as set out in accounting policy note 1.1.2.

## Opinion

10. In my opinion the financial statements present fairly, in all material respects, the financial position of Cacadu District Municipality as at 30 June 2007 and its financial performance and cash flows for the year then ended, in accordance with the basis of accounting determined by National Treasury, as set out in accounting policy note 1.1.2 and in the manner required by the MFMA.

## Emphasis of matter

- 11. Without qualifying my audit opinion, I draw attention to the following matters:
- 12. Highlighting matters affecting the financial statements
  - 12.1 Restatement of comparatives

With reference to note 21 to the financial statements, there were various account balances and classes of transactions in the comparative period that have been restated due to the following:

- 12.1.1 Prior period errors reported on for which the municipality received a qualification in the prior year.
- 12.1.2 The prior period's financial statements included material misstatements discovered in the current period.
- 12.1.3 Reclassification errors which have resulted in amounts being incorrectly included in other account balances.
- 12.1.4 Reclassification requirements in terms of legislation and prescribed financial reporting standards.

Where applicable, the accumulated surplus was adjusted accordingly.

72

## 13. Departure and deviations from the basis of accounting

As set out in accounting policy note 1.1, the National Treasury approved a deviation from the basis of accounting applicable to the municipality in terms of *General Notice 552* of 2007 issued in *Government Gazette 30013 of 29 June 2007*.

## OTHER MATTERS

I draw attention to the following matters that are ancillary to my responsibilities in the audit of the financial statements:

## 14. Non-compliance with applicable legislation

14.1 Division of Revenue, 2006 (Act 2 of 2006)

No supporting documentation could be provided for an amount of R317 000 received for a Local Economic Development (LED) Small Medium Micro Enterprises (SMME) Strategy conditional grant.

- 14.2 Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (MFMA)
  - 14.2.1 Late submission of financial statements

In terms of section 126(1)(a) of the MFMA the accounting officer of the municipality must within two months after the end of the financial year submit the financial statements to the Auditor-General for auditing. The financial statements were only submitted on 3 September 2007.

14.2.2 Failure to pay creditors within 30 days

All monies owing by the municipality were not paid within 30 days of receiving the relevant invoice or statement as required in terms of section 65 (2)(e) of the MFMA

14.3 Preferential Procurement Policy Framework Act, 2000 (Act No 5 of 2000)

Various goods and services were acquired without meeting all the requirements of the established supply chain management policies.

## 15. Material corrections made to the financial statements submitted for audit

The financial statements, approved by the accounting officer and submitted for auditing on 3 September 2007, have been significantly revised in respect of the following misstatements identified during the audit:

- 15.1 Revenue from regional service council (RSC) levies was not recognised in terms of GAMAP 9 Revenue, as reliable estimates were not recognised as revenue for the current and prior period, resulting in the following:
  - An understatement of RSC levies debtors by R1 369 073 (2006: R4 236 999)
  - An overstatement of the RSC levies paid in advance liability by R44 851 (2006: R1 775 051)
  - An understatement of the VAT liability by R173 640 (2006: R738 322)
  - An understatement of revenue from RSC levies by R1 240 284 (2006: R5 273 728).

73

- 15.2 The transitional provisions to GAMAP 17 Property, Plant and Equipment were applied to land and buildings. This application was incorrect as the date of adoption for GRAP/GAMAP/GAAP was 1 July 2005. This prior period error resulted in an understatement of the carrying value of land and buildings and accumulated surplus by R812 323. Furthermore the accumulated surplus was overstated and the revaluation reserve understated by an amount of R45 860 623.
- 15.3 Comparative figures in the statement of financial position, statement of financial performance and the cash flow statement were restated as a result of the items mentioned in paragraph 11 above. Disclosures detailing the nature of the prior period error, the amount of correction per each financial statement line item and the amount of the correction at the beginning of the earliest prior period presented as required by GRAP 3: Accounting policies, changes in accounting estimates and errors were not included in the annual financial statements.
- 15.4 Interest received as reflected in the financial statements included an amount that related to the prior year. Consequently, interest received in the current year was overstated by R1 006 939 and accumulated surplus understated by the same amount.

## 16. Value for Money

A significant variance existed between the planned and actual activities regarding infrastructure projects. This variance indicated a possibility of inadequate service delivery during the financial year ended 30 June 2007. It is acknowledged that service delivery was hampered due to the fact that property transfers to Cacadu District Municipality were delayed due to circumstances beyond the control of management. The unspent balance at 30 June 2007 amounted to R11.01m (2006: R13.35m).

## 17. Internal control

Section 62(1)(c)(i) of the MFMA states that the accounting officer must ensure that the District Municipality has and maintains effective, efficient and transparent systems of financial and risk management and internal control. The following significant control weakness has been identified. The table below depicts the root causes of the matters indicated, as they relate to the five components of internal control. In some instances deficiencies existed in more than one internal control component.

Reporting flem	Control environments	Assessm ent of risks	Control activities	Information and communication	Monitoring

Restatement of comparatives					1

Other matters			
Non- compliance with legislation	V		√
Material corrections to the financial statements	<b>√</b>		<b>V</b>
Value for money matters	1/10/20	\ \	٧

## 18. Unaudited supplementary schedules

The supplementary information set out on pages 60 to 69 does not form part of the annual financial statements and is presented as additional information. I have not audited these schedules and accordingly I do not express an opinion on them.

## OTHER REPORTING RESPONSIBILITIES

## Reporting on performance information

19. I have audited the performance information as set out in Chapters 2 and 5.

## Responsibility of the accounting authority

20. In terms of section 121(3)(c) of the MFMA, the annual report of a municipality must include the annual performance report of the municipality prepared by the municipality in terms of section 46 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000) (MSA).

## Responsibility of the Auditor-General

- 21. I conducted my engagement in accordance with section 13 of the Public Audit Act, 2004 (Act No. 25 of 2004) read with General Notice 646 of 2007, issued in Government Gazette No. 29919 of 25 May 2007.
- 22. In terms of the foregoing my engagement included performing procedures of an audit nature to obtain sufficient appropriate audit evidence about the performance information and related systems, processes and procedures. The procedures selected depend on the auditor's judgment.
- 23. I believe that the evidence I have obtained is sufficient and appropriate to provide a basis for the audit findings reported below.

## **Audit findings**

## 24. Non-compliance with regulatory requirements

24.1 Municipal Systems Act 32 of 2000 (MSA) and Planning and Performance Management Regulations of 2001

- 24.1.1 The performance objectives and targets per the performance management system have not been cascaded down to all managers directly accountable to the municipal manager as required by chapter 8 section 57(4)(a) of the MSA and regulation 7(2)(c) of the Municipal Planning and Performance Management Regulations of 2001.
- 24.1.2 The system to monitor, measure and review development priorities and objectives against the key performance indicators and targets as required by chapter 6 section 41 (c) of the MSA are not in place, as the outputs reflected in the Draft Service Delivery and Budget Implementation Plan (SDBIP) for 2006/2007 revealed various instances of under spending on budgeted objectives.
- 25. Lack of sufficient appropriate audit evidence
  - 25.1 No evidence was made available to determine whether the municipality gave notice to the public within 14 days of the adoption of the Integrated Development Plan (IDP) as required by chapter 5 section 24 (a) of the MSA.
  - 25.2 Priorities and objectives in respect of projects planned for completion in the prior year had not been met resulting in various projects being carried over to the current year. The status of these projects at the end of the current year could not be determined due to lack of information available for audit purposes.

## APPRECIATION

26. The assistance rendered by the staff of the Cacadu District Municipality during the audit is sincerely appreciated.

Auditor-General

Port Elizabeth

30 November 2007

AUDITOR-GENERAL

76

## RESPONSE TO REPORT OF THE AUDITOR GENERAL ON THE FINANCIAL STATEMENTS AND PERFORMANCE OF THE MUNICIPALITY FOR THE YEAR ENDED 30 JUNE 2007

## Introduction

The audit of the Cacadu District Municipality for the year ended 30 June 2007 was completed and the report received from the Auditor-General (AG) was available on 30 November 2007 which is the date specified in the Municipal Finance Management Act.

In the previous financial year, because of the significance of the matters raised by the AG and the uncertainty on the effect thereof on the financial statements, the AG could not express an opinion on the financial statements. The matters raised by the AG included:

- The annual financial statements were not presented in the format prescribed in the Appendix GRAP 1;
- The accounting policy for revenue did not comply with the requirements of GAMAP 9;
- The accounting policy for the revaluation of land and buildings as per financial statements complied with paragraph 41 of GAMAP 17, however the accounting policy did not comply with requirements of GAMAP 17;
- The accounting policy for property, plant and equipment did not comply with the requirements of GAMAP 17;
- Financial Instruments: The category of financial assets held by the Council was not disclosed in the financial statements as required in terms of paragraph 9 of IAS 39. Loans and receivables were not measured at amortized cost as required in paragraph 46 of IAS 39.

Besides these qualifications the AG also raised concerns regarding a number of internal control weaknesses.

For the financial year under review the AG stated "the financial statements present fairly, in all material respects, the financial position of Cacadu District Municipality as at 30 June 2007 and its financial performance and cash flows for the year ended, in accordance with the basis of accounting determined by National Treasury".

The efforts of the municipality to progress from a disclaimer of audit opinion to an unqualified audit opinion in one financial year is a remarkable achievement. There is however still work to be done to achieve full compliance with GAMAP, GRAP and GAAP Accounting Standards.

## Progress Made with the Implementation of GAMAP / GRAP / GAAP

The Cacadu District Municipality as a pilot site for the implementation of the MFMA Budgetary and Accounting Reforms voluntarily elected in 2003/2004 financial year to adopt the GRAP / GAMAP basis of accounting. Since 2003 the municipality has adopted a phased approach to the implementation of the new accounting standards.

Compliance with the new accounting standards is an onerous undertaking that requires technical expertise, financial resources and changes to accounting processes. There is no doubt that the rigorous application of the new accounting standards has resulted in an increase in the compliance costs which will be an additional financial burden for the low and medium capacity municipalities. During the 2006/2007 financial year it became apparent that it would be necessary to initiate programmes that would ensure compliance with the new accounting standards. Three programmes were launched:

- Revaluation of Land and Buildings;
- Review of GAMAP / GRAP / GAAP Annual Financial Statements (Technical interpretation and implementation of Accounting Standards); and
- VAT Audit.

Service providers were appointed to assist with the implementation of these projects.

Subsequent to the appointment of the service providers, the Minister of Finance promulgated regulations Vol. 504 No 30013 dated 29 June 2007 which exempted inter alia medium capacity municipalities from:

- Complying to section 122 (2) of the MFMA to prepare consolidated financial statements;
- Complying to section 122 (3) of the Act to the extent that they are required in the preparation of their financial statements to comply with the standards referred to in that section.

In terms of these regulations no medium capacity municipality may deviate from the exemptions unless the municipality has consulted the relevant Provincial Treasury and has agreed on the basis of presentation of the Annual Financial Statements, or any consolidated financial statements if such consolidated statements are to be presented.

An Audit Steering Committee meeting was arranged on 12 July 2007 with the Auditor-General's office to discuss the impact of the regulations on the preparation of the annual financial statements. It was agreed that in spite of the risks of non-compliance, the municipality was at an advanced stage of implementing the new accounting standards and that it would be a step backwards if full exemptions were adopted.

It was therefore decided to apply for exemption only in respect of certain accounting standards.

## Emphasis of Matter

Restatement of comparatives was necessary to avoid an audit qualification. With regard to the departure and deviation from basis of accounting, the progress with regard to the implementation of GAMAP / GRAP / GAAP as well as the details of the deviation from the basis of accounting applicable to the municipality in terms of General Notice 552 of

78

2007 issued in Government Gazette 30013 of 29 June 2007 is dealt with in detail under the heading "Progress made with the Implementation of GAMAP / GRAP / GAAP".

## Other Matters

The financial statements were available for submission on 31 August 2007, however it was felt that there was room for refinement. Permission was obtained from the Auditor-General's staff on site to submit the AFS on 3 September 2007. A National Treasury directive however instructed the Auditor-General to view all financial statements received after 16:30 on Friday, 31 August 2007 as a late submission. The agreement with the Auditor-General's staff was done good faith and could not have anticipated the directive from National Treasury.

With regard to the supporting documentation that could not be provided for the amount of R317 000 received for economic development, it was established that the amount was a conditional grant received from the EC Provincial Government.

It is standard practice for the municipality to pay creditors within 30 days and the non compliance in this regard is an exception to the rule. The creditors administration and systems will however be reviewed during the current financial year. To overcome non-compliance with regard to the Supply Chain Management system a two day training programme on Supply Chain Management Policies and Procedures will be arranged in March 2008.

## **Material Corrections**

It is clear from the audit report that the first set of annual financial statements were not up to standard. Material corrections were made to the original set of annual financial statements to achieve an unqualified audit opinion.

One of the main challenges was that initially the transitional provisions to GAMAP 17, Property, Plant and Equipment were applied to land and buildings. This application was incorrect as the date of adoption for GRAP / GAMAP / GAAP was 1 July 2005. This resulted in the understatement of the accumulated surplus and revaluation reserve by R812 323 and R45 860 623 respectively. To recalculate the opening balances, the municipality obtained technical advice regarding the methodology to be used. There were a number of areas where the knowledge base to interpret and apply the new accounting standards were lacking and which lead to delays in finalizing the annual financial statements.

## Value for Money

It should be noted that the exception report regarding Infrastructure spending relates to projects from Infrastructure Services Budget. A large part of the unspent balance relates to projects in the DMA which is dependent on the transfer of properties from Transnet to the CDM.

The municipality is currently reviewing the projects to evaluate whether funds should not be diverted to alternative projects.

## Performance Management - Progress to Date

The existing Performance Management System was introduced in the 2003/2004 financial year and performance contracts were drafted for the Municipal Manager, Section 57 Directors and all senior employees up to level 4.

Following concerns as to the effectiveness of the system, an investigation was conducted together with research by way of benchmarking. In addition to this DBSA (who funded the initial system) also conducted a simultaneous study which again raised questions regarding the fact that it was not computerized, did at the stage not convert performance into percentages achieved and it was regarded as an onerous system producing a significant amount of paperwork.

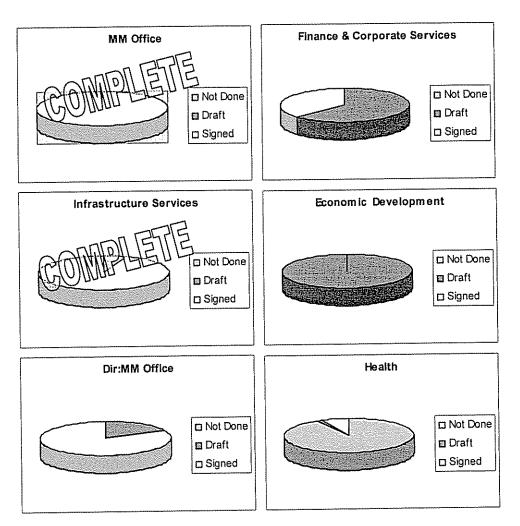

CDM concluded that the system is not the most appropriate to be rolled-out throughout the municipality. It was regarded imperative that these preliminary issues be resolved prior to embarking on a full roll-out.

During 2006/2007 financial year the PM Officer was already involved in preparation in order to develop a new system utilizing a revised methodology. During the 2006/2007 financial year the Performance Audit Committee was advised of these developments (see agenda – 18 January 2007).

Significant progress has been made with the rollout of the new system and details are provided below:

## PMS Roll-Out Update

The following developments have taken place with regards to the roll-out of the PMS

	Total Existing Employees	Not Done	Draft	Signed
MM Office	5	0	0	5
Finance &Corporate Services	41	0	26	15
Infrastructure	18	1 (maternity leave)	0	17
Economic Development	1	0	1	0
Dir: MM Office	17	0	3	14
Health	148	136	2	10

### <u>Health</u>

The introduction of a PMS has proved to be more of a challenge than originally anticipated and it was only after the appointment of a Senior Performance Management Officer (SPMO) in 2006 that the project reflected satisfactory progress. Unfortunately the SPMO recently resigned and the position is now vacant and a recruitment process has been initiated.

# REPORT OF THE AUDIT COMMITTEE FOR THE YEAR ENDED 30 JUNE 2006

We present our report for the year ended 30 June 2007.

### AUDIT COMMITTEE MEMBERS AND ATTENDANCE

The Audit Committee has adopted appropriate formal terms of reference and consisted of the four independent, outside members as listed below.

The audit committee meets at least four times per annum as per its approved terms of reference, although additional special meetings may be called as the need arises.

During the 2006/7 year four meetings were held.

Name of member	No of meetings attended
S G Zamisa (Chair)	4
S M Dondolo	4
F E Prinsloo	4
Dr R Snelgar	3

### AUDIT COMMITTEE RESPONSIBILITIES

The committee reports that it has complied, as far as possible, with its responsibilities set out in its Council approved terms of reference.

## REVIEW OF THE ANNUAL FINANCIAL STATEMENTS

The Audit Committee has noted the unqualified opinion expressed by the Auditor-General in his report on the Annual Financial Statements and commends management on addressing the issues raised in the previous year regarding the Application of the Financial Statement Preparation Framework.

The Auditor-General has without qualifying his opinion emphasised the matters set out below:

- Restatement of comparatives: this relates to the presentation and disclosures in the financial statements and arose through the application of the basis of accounting in the current year.
- Departures and deviations from the basis of accounting: these were elections made by the municipality in preparing the financial statements

The committee is satisfied that these matters relate to presentation and do not represent a risk to the district municipality.

The other matters raised in the balance of the report have been noted by the committee and measures identified by management to address these.

### The Committee has:

- Reviewed the audited annual financial statements;
- Reviewed management responses to the management letters of the Auditor-General;
- Concluded that the going concern premise is appropriate in preparing the annual financial statements.

## EFFICIENCY AND EFFECTIVENESS OF INTERNAL CONTROLS

The matters reported in the reports of Internal Audit (received quarterly) and the Auditor-General as well as matters brought to the attention of the Accounting Officer, by way of informal queries and management letters, indicate that whilst there is always room for improvement the internal checking and control measures generally functioned adequately during the year under review.

The Committee has urged management to take corrective action to ensure that internal checking and control measures are as effective as possible so as to improve the internal control environment.

### RELEVANT LEGISLATION

The committee's terms of reference include responsibility for monitoring certain legislation such as Local Government Municipal Systems Act, the Local Government Transition Amendment Act, Performance Management Regulations and The Municipal Finance Management Act.

The Committee concentrated primarily on financial legislation. In addition, the committee took cognisance of the recommendations of the King II Report on Corporate Governance

### PERFORMANCE MEASUREMENT

The municipality is monitoring and comparing actual to targeted progress on a regular basis according to a framework. Use is made of the Service Delivery and Budget Implementation Plan (SDBIP) report which reflects planned completion dates for all projects.

The findings of the Auditor-General regarding performance information are noted, specifically that the performance management system has not been cascaded to all managers and that instances of under spending on budgeted objectives indicates that the system to monitor development objectives against key performance indicators and targets was not in place. It is the view of the committee that the system is in place but was not effective, and

they concur that the performance management system must be cascaded to all managers. They have confirmed with management that this is in process

### CONCLUSION

The Audit Committee, accepts the conclusions of the Auditor-General on the annual financial statements for the year ended 30 June 2007 and recommends that the audited annual financial statements should be adopted by the Council.

### CHAPTER 5

# FUNCTIONAL AREA SERVICE DELIVERY REPORTS

FUNCTION: EXECUTIVE AND COUNCIL	FUNCTION:	EXECUTIVE AND COUNCIL
---------------------------------	-----------	-----------------------

### **Overview**

Includes all activities relating to the executive and council function of the municipality, including costs associated with mayoral, councillor and committee expenses and governance.

## Costs Relating To Function: Executive And Council: 2006/2007

### Office of the Mayor

Council's Expenses Mayoral Committee	5 124 194 4 034 851 910 694
Secretariat Auxiliary Services	1 250 601
Total: Office of the Mayor	11 320 340
Office of the Municipal Manager	1 477 777

TOTAL : EXECUTIVE AND COUNCIL R 12 798 117

### **Description of Activity**

The function of Executive and Council within the Municipality is administered by the Office of the Executive Mayor and Municipal Manager.

All decisions are taken by the Council, the Executive Mayor in consultation with the Mayoral Committee, or senior officials in terms of authority delegated by legislation and/or the delegations of authority adopted by the Council on 1 December 2004.

The following committees have been established to deal with specific issues and make recommendations thereon to the Mayoral Committee, or the Council via the Mayoral Committee:

Audit/Performance Audit Committee Cacadu District Mayors' Forum Cacadu Municipal Managers Forum Cacadu District Health Authority

Local Labour Forum
Water Services Authority
District Aids Council
DMA Committee
Municipal Finance Management Act Implementation Steering Committee
District Wide Infrastructure Forum
Chief Financial Officers Forum
Heritage Advisory committee
Bid specification, evaluation and adjudication committees

### Strategic objectives

- Improve municipal governance
- Move head office to Jeffrey's Bay
- Create closer linkages with constituency
- Promote effective and transparent communication

### Key issues for 2006/2007

- Partnership agreement entered into with Nelson Mandela Bay Metropolitan Municipality
- Launch of Cacadu Brand
- New database and website developed as part of brand marketing plan
- Road signage project implemented as part of brand marketing plan
- District Outreach to all LMs by Mayoral Committee completed in July 2006.
   Information gathered during road shows was used to assist with the compilation of the Municipality's Capacity Building Strategy
- Outreach to farmers in the District
- By-laws promulgated for the District in November 2007
- Councillors trained on by-laws
- New development priorities approved for IDP 2007-2012:
  - O Capacity Building and support to LMs
  - o Infrastructure Investment
  - o Economic Development
  - o Community Services
- Organisation restructured to facilitate achievement of development objectives
- Hon MEC N Sogoni outreach to Cacadu District in June 2007 to deal mainly with issues relating to biodiversity management and economic development.

FUNCTION: FINANCE AND CORPORATE SERVICES
SUB-FUNCTION: FINANCE (Budget and Treasury Office)

### Overview

This includes all activities relating to the finance function of the municipality, including revenue collection.

### Description of Activity

The function of finance within the municipality is administered by the Budget and Treasury Office of the Department: Finance and Corporate Services, and includes:

- provision of relevant, accurate and reliable financial information to all users including councillors, managers, levy payers and stakeholders to facilitate informed decision making
- provision, maintenance and implementation of sound financial policy, controls and systems
- ongoing introduction of budgetary and accounting reforms
- production of annual budget and GAMAP / GRAP / GAAP compliant annual financial statements
- internal audit and risk management
- the maintenance of an effective system of expenditure control, including procedures for the approval, authorisation, withdrawal and payment of funds. All monies owed to suppliers and service providers are paid within 30 days of receiving the relevant invoice or statement unless there are special arrangements
- provision of financial advice to the Mayoral Committee, Council and Departments
- administration of the investment and insurance portfolios of the municipality
- management of conditional grants
- asset and liability management
- revenue collection and cash flow management
- capacity building by way of training interns, councillors and officials.

### Strategic Objectives

- ensure long-term financial sustainability
- ensure full compliance with all accounting statutory and legal requirements including implementation of the MFMA
- implement revenue generating strategies and lobby for additional equitable share of National Revenue
- recover outstanding monies owed by the Provincial Government in respect of health subsidies and long term liabilities

• provide support to nine local municipalities

### Key Issues for 2006/2007

- Produced Operating and Capital budget in the prescribed format and within the specified guidelines;
- Compiled GAMAP / GRAP / GAAP compliant Financial Statements;
- Implementation of the Municipal Finance Management Act (MFMA);
- Implementation of Supply Chain Management regulations, policy and systems;
- Improvement of financial system with regards to costing;
- Improvements to MFMA reporting requirements;
- Substantial progress made with regards to the property valuation project and all land and buildings owned by the Municipality valued at market value; and
- Business Risk Assessment and Evaluation Project.

### **Analysis of Function**

<u>Grants received and spent</u> - An analysis of the grants received is contained in Appendix F of the Financial Statements.

Remuneration of councillors	2006/2007	2005/2006
