Vision

“By 2009 Ugu will have developed sustainable agriculture, tourism and commerce with balanced infrastructure and social amenities. Its people will be empowered through education, skills development, good health and safety. There will be sufficient water services and land for development, investors and settlement. The imbalances of the past, gender equity, and the needs of the youth, the elderly and people with disabilities will have been seriously addressed.”

Mission

“Ugu District Municipality, a local authority founded on the cherished tenets of democracy, is fully committed to the attainment of the district’s vision by the year 2009. To this end, we will enhance our performance and work ethic to reach world-class standards, by always placing emphasis on customer satisfaction and total quality management of all resources at our disposal.”
