MUNICIPAL AIRPORTS

The Prince Mangosuthu Buthelezi airport was transferred to the Zululand District Municipality in April 2007.

Management Services

There are a total of 6 staff members responsible for the operation and maintenance of the Airport. These officials are charged with the responsibility of ensuring safe, effective, compliant and efficient functioning of the airport. A tender for provision of management support, skills transfer and an operational and marketing plan is awaiting adjudication.

Airport Strategy

The Zululand District Municipality has completed a strategic document that will aim to improve the operational and financial viability of the airport. This document contains a number of projects to ensure the sustainability of the airport

Maintenance Services

This is the key function of everyone working at the airport since Civil Aviation Authority issues the aerodrome license based on confirmed functionality of all airport equipment, which guarantees safety of aircrafts. This is divided into two categories i.e. Technical and General Maintenance. A decision has been made that one tractor and a sweeper will be purchased for grass cutting and runway sweeping. The process of awarding a tender to an eligible service provider that will look after the airport gardens have been initiated. The Zululand District Municipality has an amount of R1.8m available for the refurbishing of the runway and general maintenance and refurbishment of the airport buildings.

Security Services

This component is outsourced, and is responsible for the general security inside the Airport premises.

Technical Services Department

1. BACKGROUND

The Technical Department is divided into three main divisions, viz:

- Project Management Unit (PMU)
- Bulk Water and Wastewater Management
- Rural and Urban Reticulation

2. PROJECT MANAGEMENT UNIT (PMU)

The Project Management Unit is headed by Mr Andre Smit. This division is responsible for the implementation of all the capital projects in the district. The division has a total of four technical officers and two Institutional Development Officers (ISD).

The current total Business Plans approved by the Municipal Infrastructure Grant (MIG) is in excess of R630,000,000 and this makes Zululand Distirict Municipality to be at least having committed projects for more than five years ahead, considering the current rate of MIG fund allocation. In 2006-2007 financial year an allocation of R95 million was received and was successfully spent 100% by the end of March 2007.

About 70% of the capital funds are spent on water, 20% on sanitation and 10% on sporting facilities. The large amount of money is currently spent in the development of bulk infrastructure and as the bulk line passes communities, reticulation networks are installed.

Zululand District Municipality, for convenience of water supply, is divided into ten (10) regional schemes with reliable water sources.

The schemes are as follows:-

Nkonjeni Regional Water Scheme

- Usuthu Regional Water Scheme
- Mandlakazi Regional Water Scheme
- Mkhuze Regional Water Scheme
- Simdlangentsha East Regional Water Scheme
- Simdlangentsha Central Regional Water Scheme
- Simdlangentsha West Regional Water Scheme
- Khambi Regional Water Scheme
- Coronation/Inyathi Regional Water Scheme
- Hlahlindlela/eMondlo Regional Water Scheme

In 2006-2007 financial year, the following communities within the regional schemes started

benefiting:-

Nkonjeni RWSS: KwaNgilazi

Ehawini Mbudle

Mandlakazi RWSS: Obani

Xhoxha Qondile Sekane

Mntwanontengayo Nkalakuthaba (part)

Mkhalantombi Vungama Nomphemba

eMaDresini

Simdlangentsha West RWSS: Ngwanya

Mazezeni

Khambi RWSS: KwaNgenetsheni area (East and West)

In the areas where the schemes are still to reach in the future, rudimentary water programme is in progress, whereby boreholes are drilled and equipped, hand pumps and windmills are refurbished and repaired and springs are protected.

In Usuthu and Simdlangentsha Central Regional Water Schemes the abstraction points have been completed. The Simdlangentsha Central Bulk comprised of the weir for water abstraction, pump station and raw water bulk pipe starting from Monzana River to Belgrade Dam that feeds the Belgrade Water Treatment Works. ESKOM is currently installing power supply.

Other than the water and sanitation projects, sports facilities like Ulundi Sports Complex, Mona Sports Field and Hlobane Sports Field are being implemented as multi year projects.

Zululand District Municipality has also built quite a number of schools, crèches, school sanitation and crèche sanitation, see the table below.

3. BULK WATER AND WASTEWATER MANAGEMENT

This division is headed by Mr Thabane Xaba.

Section 78 study was completed in the year 2006/2007 and the outcome was that water service provision will be done internally. This study included both bulk and reticulation.

Amongst other functions bulk water supply section is responsible for the management, operation and maintenance of water and wastewater treatment facilities and associated bulk distribution infrastructure.

In 2006/2007 financial year Zululand District Municipality was operating and maintaining 28 water purification plants, 8 wastewater treatment plants and a number of raw water and purified water pump stations.

Since the take over from DWAF and the Dept. of Works, most specialised work for bulk water and wastewater management, operation and maintenance has always been outsourced. Alliance water engineering was managing the bulk infrastructure since June 2003 and their contract expired in July 2007, and they have been replaced by Water and Sanitation South Africa (PTY) LTD (WSSA), with their contract envisaged to end by June 2010.

To ensure clean, affordable and sustainable supply of water to our communities, Zululand District Municipality spent **R 21.8 million** in procuring chemicals, repairs, maintenance to pumps and associated bulk infrastructure, sand replacement and management of the facilities.

4. URBAN AND RURAL RETICULATION

This division is run by two heads, Mr Mthandeni Siwela in the South (Ulundi and Nongoma) and Mr Sizwe Khumalo in the North (Phongola, eDumbe and Abaqulusi). The main function of this division is to operate and maintain the water and sanitation reticulation networks both in urban and in rural areas. They are also responsible for borehole maintenance of electrical pumps and hand pumps.

Within the ten (10) regional water schemes there are small stand alone schemes that will be eventually be connected to regional water distribution network, see table below.

<u>No.</u>	Regional Water Scheme	Number of rural schemes	<u>Expenditure</u>

Full details of Funds and Reserves are included in Appendix A to the financial statements.

Expression of Appreciation

I wish to thank the Honorable Mayor, Speaker, Deputy Mayor, Members of EXCO and Councilors for their support and the Municipal Manager and the members of staff who assisted in the preparation of the financial statements.

CHIEF FINANCIAL OFFICER
ZULULAND DISTRICT MUNICIPALITY

As indicated earlier the Zululand District Municipality received an unqualified report from the Auditor-General for the year ending 30 June 2007. In the report a number of matters of non-compliance with laws and regulations were however raised by the Auditor-General.

The full report from the Auditor-General is attached as annexure "A".

Report 2006/07

REPORT OF THE AUDITOR-GENERAL TO THE MUNICIPAL COUNCIL AND KWAZULUNATAL PROVINCIAL LEGISLATURE ON THE FINANCIAL STATEMENTS AND PERFORMANCE INFORMATION OF THE ZULULAND DISTRICT MUNICIPALITY FOR THE YEAR ENDED 30 JUNE 2007

REPORT ON THE FINANCIAL STATEMENTS

Introduction

1. I have audited the accompanying financial statements of the Zululand District Municipality which comprise the balance sheet as at 30 June 2007, income statement and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 2 to 17.

Responsibility of the accounting officer for the financial statements

- The accounting officer is responsible for the preparation and fair presentation of these financial statements in accordance with the entity-specific basis of accounting, as set out in accounting policy 1.1 to the financial statements and in the manner required by the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (MFMA). This responsibility includes:
 - designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error
 - selecting and applying appropriate accounting policies
 - making accounting estimates that are reasonable in the circumstances.

Responsibility of the Auditor-General

- 3. As required by section 188 of the Constitution of the Republic of South Africa, 1996, read with section 4 of the Public Audit Act, 2004 (Act No. 25 of 2004)(PAA) and section 126(3) of the MFMA, my responsibility is to express an opinion on these financial statements based on my audit.
- 4. I conducted my audit in accordance with the International Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.
- An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- 6. An audit also includes evaluating the:
 - appropriateness of accounting policies used
 - reasonableness of accounting estimates made by management
 - overall presentation of the financial statements.

7. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Basis of accounting

8. The municipality's policy is to prepare financial statements on the entity-specific basis of accounting, as set out in accounting policy 1.1.

Opinion

9. In my opinion the financial statements of Zululand District Municipality as at 30 June 2007 and its financial performance and cash flows for the year then ended have been prepared, in all material respects, in accordance with the basis of accounting as set out in accounting policy 1.1 and in the manner required by the MFMA.

OTHER MATTERS

I draw attention to the following matters that are ancillary to my responsibilities in the audit of the financial statements:

Matters of governance

10. Effectiveness of internal audit and audit committee

The following shortcomings came to light regarding the effectiveness of internal audit and the audit committee:

- 10.1 The district municipality did not have a functioning audit committee during the year under review, as required by section 166(1) of the MFMA.
- 10.2 The annual internal audit plan for 2006-07 had not been approved.
- 10.3 The last available internal audit reports were for the 2004-05 financial year.

Material corrections made to the financial statements submitted for audit

- 11. The financial statements, approved by the accounting officer and submitted for audit on 31 August 2007, have been significantly revised and corrected in respect of the following misstatements identified during the audit:
- 11.1 Retention moneys of R5,5 million in respect of project expenditure as disclosed in note 12 to the financial statements was not recognised in the accounting records. This resulted in the carrying value of property, plant and equipment as well as retention moneys (creditors) being increased by the aforesaid amount.

- 11.2 Property, plant and equipment as disclosed in note 4 to the financial statements was overstated and accumulated surplus understated by R198 021, due to assets disposal, which were not recognised. This misstatement was subsequently corrected.
- 11.3 Prior year levy income of R1,8 million was included in the current year's operating income instead of being accounted for in the appropriation account. This resulted in income being overstated and the prior year adjustment account being understated by the aforesaid amount, which was subsequently adjusted.
- 11.4 Trade creditors amounting to R1,8 million as disclosed in note 12 to the financial statements were erroneously raised at year-end. This resulted in the overstatement of creditors by the aforesaid amount and understatement of the accumulated surplus at year-end. This misstatement was subsequently corrected.
- 11.5 Community project expenditure of R21,7 million was understated and general expenditure was overstated by the same amount, due to misclassifications made during the year. This misclassification was subsequently corrected.

Internal control

12. Section 62(1)(c)(i) of the MFMA states that the accounting officer must ensure that the municipality has and maintains effective, efficient and transparent systems of financial and risk management and internal control. The table below depicts the root causes of the matters indicated, as they relate to the five components of internal control.

Reporting item	Assessment of risks	Information and communication	
Other matters			
Matters of governance			
Effectiveness of internal audit and audit committee	>		
Material corrections to the financial statements			~

Unaudited supplementary schedules

13. The supplementary information as set out on pages 18 to 23 do not form part of the financial statements and is presented as additional information. I have not audited these schedules and accordingly, I do not express an opinion on them.

OTHER REPORTING RESPONSIBILITIES

Reporting on performance information

I was engaged to audit the performance information.

Responsibility of the accounting officer for the performance information

15. In terms of section 121(3)(c) of the MFMA, the annual report of a municipality must include the annual performance report of the municipality prepared by the municipality in terms of section 46 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000) (MSA).

Responsibility of the Auditor-General

- I conducted my engagement in accordance with section 13 of the PAA read with General Notice 646 of 2007, issued in Government Gazette No. 29919 of 25 May 2007 and section 45 of the MSA.
- 17. In terms of the foregoing, my engagement included performing procedures of an audit nature to obtain sufficient appropriate evidence about the performance information and related systems, processes and procedures. The procedures selected depend on the auditor's judgement.
- I believe that the evidence I have obtained is sufficient and appropriate to provide a basis for the audit findings reported below.

Audit findings (performance information)

Non-compliance with regulatory requirements

No reporting of performance information

The district municipality did not include its performance information with the submission of its financial statements to audit on 31 August 2007, as required by *General Notice 646 of 2007*, issued in *Government Gazette No. 29919 of 25 May 2007* and section 45 of the MSA.

No quarterly reporting by internal auditors

No quarterly reports were prepared, submitted and tabled by the district municipality's internal auditors to the municipal manager and the performance audit committee on the progress made in achieving measurable objectives and targets to facilitate effective performance monitoring, evaluation and corrective action as required by regulation 14(1)(c) of the Local Government: Municipal Planning and Performance Management regulations.

21. Existence and functioning of a performance audit committee

During the 2006-07 financial year, the district municipality did not have a performance audit committee in place as required by regulation 14(2)(a) of the Local Government: Municipal Planning and Performance Management regulations.

APPRECIATION

22. The assistance rendered by the staff of the Zululand District Municipality during the audit is sincerely appreciated.

ZULULAND DISTRICT MUNICIPALITY ANNUAL FINANCIAL STATEMENTS for the year ended 30 June 2007

I am responsible for the preparation of these annual financial statements, which are set out on pages 1 to 24, in terms of Section 126(1) of the Municipal Finance Management Act and which I have signed on behalf of the Municipality.

I certify that the salaries, allowances and benefits of Councillors as disclosed in note 12 of these annual financial statements are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Office Bearers Act.

ACCOUNTING POLICIES

1. BASIS OF PRESENTATION

- 1.1 These financial statements have been prepared so as to conform to the standards laid down by the Institute of Municipal Finance Officers (IMFO) in its code of accounting practice(1997) and report on published annual financial statements (second edition – 1996).
- 1.2 The financial statements are prepared on the historical cost basis, adjusted for fixed assets as more fully detailed in accounting policy note 2. The accounting policies are consistent with those of the prior years except if otherwise indicated.
- 1.3 The financial statements are prepared on the accrual basis as stated:
 - * Expenditure is accrued in the year it is incurred.
 - Income is accrued when measurable and available to finance operations. Levy income is accrued when received and/or when the amount can be measured with certainty such as when declarations have been received from the levy payers

2. FIXED ASSETS

Fixed assets are resources owned by Council from which future economic benefits are expected to flow. All assets are capitalised.

2.1 Fixed assets are stated

- * At historical cost
- At valuation (based on market price or insured value at date of acquisition) where assets have been acquired by grant
 or donation, whilst they are in existence and fit for use.

2.2 Depreciation

The balance shown against the heading "loans redeemed and other capital receipts" in the notes is tantamount to a provision for depreciation, however, structural differences do exist. By way of this "Provision" assets are written down over their useful life.

Apart from advances from the various Council funds, assets may also be acquired through:

- Appropriations from income where full cost of the asset forms an immediate and direct charge against the operating income, and therefore it is unnecessary to make any further provision for depreciation.
- * Grant or donation, where the amount representing the value of such grant or donation is immediately credited to "loans redeemed and other capital receipts" account.
- 2.3 All net proceeds from the sale of fixed assets are credited to the Project Development Fund.
- 2.4 Fixed Assets are financed from operating income, grants and donations and external loans.

3. <u>INVENTORY</u>

Inventory is valued at lower of cost or net realisable value. Stationery is expensed in the year in which it is acquired.

4. FUNDS, RESERVES AND PROVISIONS

4.1 Project Development Fund

The annual budget allocation to projects is a contribution to the Project Development Fund with the objective of providing funds for project development. Project expenditure is financed from this fund. Funds received as equitable share are not contributed to Project Development Fund.

4.2 Accrued Leave Fund

This provision was established to provide for accrued leave payments to employees who could be resigning or retiring from service as well as accumulation of leave accruals during the year. A provision equal to the actual leave credit at 30 June is maintained to provide for leave payments on request. Contributions are charged against the department concerned.

4.3 Bursary Fund

The bursary provision is established to assist employees for studies at a tertiary educational institution. The contribution based on anticipated commitments is charged against income.

TRUST FUNDS

2007: No Trust Funds as defined were accounted for.

RESERVES

All funds in reserves are utilised for the purposes for which funds were reserved. For details of reserves see Appendix Δ

7. RETIREMENT BENEFITS

Zululand Disrict Municipality and its employees contribute to the Natal Joint Municipal Pension Fund, which provides retirement benefits to the employees. Current pension contributions are charged against operating income on the basis of current service costs. The retirement benefit plan is subject to the rules and regulations prescribed by the Local Government Superannuation Ordinance (no. 24 of 1973) and in accordance with the Pension Funds Act, 1956. Full actuarial valuations are performed at least every three years. Some Councillors belong to the Councillors' Pension Fund.

8. SURPLUS AND DEFICITS

Any surpluses / deficits are retained within the Council for its use.

9. ADMINISTRATIVE EXPENSES RECHARGED

9.1 PIMMS, INDONSA, FMG, LGSETA, AIRPORT AND PLANNING

100% of PIMMS operating expenditure is recharged to the MSIG fund.

100% of INDONSA operating expenditure is recharged to the INDONSA fund.

100% of Finance Management Grant operating expenditure is recharged to the Finance Management grant fund.

100% of LGSETA operating expenditure is recharged to the LGSETA fund.

100% of Planning operating expenditure is recharged to the Development Planning fund.

100% of Airport operating expenditure is recharged to the Ulundi Airport fund.

Zululand District Municipality

10. <u>LEASED ASSETS</u>

Leases are operating leases and relevant rentals are charged to the operating account in a systematic manner related to the period of use of the asset concerned.

11. <u>INVESTMENTS</u>

Investments are valued at lower of cost or market value if a permanent decline in value occurred. No investments were written off in the current year. The Council only invests in call and fixed deposits at registered commercial banks.

12. INCOME RECOGNITION

12.1 Levy Income

A fixed rate as approved by the National Minister of Finance is used to calculate the establishment and services levies. Declaration forms are issued on a monthly basis except where it is issued in intervals as allowed for in KwaZulu-Natal Joint Services Board Act, 1990 (Act No. 84 of 1990). Levy income is recognised to the extent that cash has been received and / or when the tax returns (RC4 forms) have been received to enable the determination of accrual amount. The levying of levies has been discontinued by the Minister of Finance with effect from 01 July 2006. The lost income has been replaced by the Levies Replacement Grant that has been included in the Equitable Share however, the District continues to collect prior years' levies.

12.2 Investment interest

The interest on investemnt has been allocated to Operating Account. This represent a change in a policy where portion of interest income was allocated to funds.

12.3 Grants and Subsidies

Equitable share is contributed to the operating income.

12.4 Other income

All other income is recognised on the accrual basis.

CAR LOANS

6

2007: Senior staff were entitled to car loans which attract interest at 8% per annum and which were repayable over a maximum period of 6 years. However, senior staff appointed in terms of s57 of the Municipal Systems Act 2000 are excluded from the scheme but existing loans at date of appointment attract interest at the official rate of interest. 2006: With effect from 1 July 2004 the Municipal Finance Management act prohibited the granting of loans to staff members. Existing loans at the time of discontinuance are payable over the remaining contract periods.
