

8.3 Trade and other receivables

Trade and other receivables originated by the municipality are stated at cost less provision for doubtful debts.

8.4 Cash and cash equivalents.

Cash and equivalents are measured at fair value.

8.5 Financial liabilities.

Non-derivative financial liabilities are recognized at amortized cost, comprising original dent less principal payments and amortizations.

9. INVENTORIES

Stores and materials held by Council are solely for use in the Roads Agency's operations and have been transferred to the relevant accounts. The balance sheet value of stores and materials, shown on the Roads Agency balance sheet as from June 2003, is determined by physical count and calculated at applicable cost.

10. ACCOUNTS RECEIVABLE

Accounts receivable are carried at original invoice amount less an estimate made for impairment based on a review of all outstanding amounts at year-end. Bad debts are written off during the year in which they are identified. Amounts that are receivable within twelve months from the reporting date are classified as current.

11. TRADE CREDITORS

Trade creditors and other payables are carried at the fair value of the consideration to be paid in future for goods or services that have been received or supplied and invoiced or formally agreed with the supplier.

12. REVENUE RECOGNITION

Service charges relating to water sales at Koopmansfontein are based on consumption. Meters are read on a monthly basis and are recognised as revenue when invoiced.

Interest and rentals are recognised on a time proportion basis.

Revenue for agency services is recognised on a monthly basis in accordance with the agency agreement. Other revenue is recognised when all conditions associated with the service rendered have been met.

13. CONDITIONAL GRANTS AND SUBSIDIES

Revenue received from conditional grants, donations and funding are recognised as revenue to the extent that the municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. To the extent that the criteria, conditions or obligations have not been met a liability is recognised.

13.1 *Unutilized Conditional Grants*

Unutilized conditional grants are reflected on the Statement of Financial Position as a creditor. They represent unspent government grants, subsidies and contributions from the public. This creditor always has to be backed by cash. The following provisions are set for the creation and utilization of this creditor.

- The cash, which backs up the creditor, is invested until it is utilized.
- Interest earned on the investment is treated in accordance with grant conditions, if it is payable to the funder it is recorded as part of the creditor. If it is the municipality's interest it is recognized as interest earned in the Statement of Financial Position.
- Whenever an asset is purchased out of an unutilized conditional grant, an amount equal to the cost price of the asset is transferred from Unutilized Capital Receipts to the Statement of Financial Performance as revenue. Therefore an equal amount is transferred on the statement of changes in the net assets to the donations and public contributions reserve. This reverse is equal to the remaining depreciable value (book value) of assets purchased out of unutilized capital receipts. The reserve is used to offset depreciation charged on assets purchased out of unutilized capital receipts.

14. PROVISIONS

A provision is recognized when the municipality has a present obligation(legal or constructive) as a result of a past event and it is probable(f.i.e. more likely than not) that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation, and a reliable estimate can be made of the obligation.

Council's provisions for future liabilities include:

- *Personnel leave benefits*, based on the total leave days due on the reporting date, calculated at salary scales applicable at the reporting date. No provision is made for leave obligations in respect of Roads Agency personnel as this liability does not apply to Council.

15. CASH AND CASH EQUIVALENTS

Cash includes cash on hand and cash with banks. Cash equivalents are short-term highly liquid investments that are held with registered banking institutions with maturities of three months or less and are subject to an insignificant risk of change in value.

For the purpose of the cash flow statement, cash and cash equivalents comprise of cash on hand, deposits held on call with banks and investments in financial instruments and the net value of bank overdrafts. In the balance sheet, bank overdrafts are included in borrowings under current liabilities.

Bank overdrafts are recorded based on facility utilised. Finance charges on bank overdraft are expensed as incurred.

16. EMPLOYEE BENEFITS

16.1 Post retirement pension benefits

The District Municipality contributes to the following post retirement funds - Cape Joint Pension fund, Cape Joint Retirement fund and SAMWU Retirement fund which provides for retirement benefits to its employees.

Actuarial gains and losses arising from experience adjustments and charges in actuarial assumptions in excess of the greater of 10% of the value of plan assets or 10% of the defined benefit obligation are charged or credited to the income over the employees expected average remaining working lives.

Past-service costs are recognized immediately in income, unless the changes to the pension plan are conditional on the employees remaining in services for a specific period of time (vesting period). In this instance the past-service costs are amortised on a straight-line basis over the vesting period.

For defined contribution plans, the District Municipality pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis. The contributions are recognized as employee benefit expenses when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or reduction in the future payments is available.

At present Council is paying, out of own funds, pensions to certain persons from the former Divisional Council Vaalrivier who retired before 31 December 1990.

It is an unfunded post-employment benefit and the amount paid per year is recognised as an expense on the operating account.

16.2. Post-retirement medical benefits

The District Municipality provides post-retirement medical benefits by subsidizing the medical aid contributions of certain retired staff according to the rules of the medical aid funds. Council pay 70% as contribution and remaining 30% are paid by members. The entitlement to these benefits is usually conditional on the employee remaining in service up to retirement age and the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment using the same accounting methodology as used for defined benefit pension plans.

Actuarial gains and losses arising from the experience adjustments and changes in actuarial assumptions in excess of the greater of 10 % of the value of plan assets or 10% of the defined obligation, is charged or credited to the Statement of Financial Performance over the expected average remaining working lives of the related employees. These obligations are valued annually by independent qualified actuaries. (See note: 27)

However no valuations of these obligations were carried out for the year end as 30 June 2007, by independent actuaries due to the Minister of Finance promulgation per General Notice 522 of 2007 where municipalities are exempted from compliance with regards to AC 116 (Employee Benefits) defined benefit accounting as far as it relates to defined benefit plans accounted for as defined contribution plans and the defined benefit obligation disclosed by narrative information. [Paragraphs 29, 48-119, 120A(q)] .

17. UNAUTHORISED EXPENDITURE

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in a form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No. 56 of 2003). Unauthorised expenditure is accounted for as an expense in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

18. IRREGULAR EXPENDITURE

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No. 56 of 2003), the Municipal Systems Act (Act No. 32 of 2000), the Public Office Bearers Act, and (Act. No. 20 of 1998) or is in contravention of the Municipality's Supply Chain Management Policy. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

19. FRUITLESS AND WASTEFUL EXPENDITURE

Fruitless and wasteful expenditure is expenditure that was made in vain and could have been avoided had reasonable care been exercised. Fruitless and wasteful expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

20. COMPARATIVE INFORMATION

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

21. CONTINGENT LIABILITIES

Contingent liabilities existent at the reporting date include housing loan guarantees issued by arrangement with Council's bankers. An investment has been ceded to the bank for global security against individual guarantees issued for collateral security provided for approved employees. Other known contingent liabilities are reflected in the financial statements.

22. AGENCY SERVICES

Council performs a cost-based roads maintenance service on behalf of the Department of Transport, Roads and Public Works of the Northern Cape Province.

Financial reporting on agency services is excluded from these statements as the principal requires reports to be submitted for processing on their independent system.

Inter-authority obligations relevant to the agency service on the reporting date are reflected in the balance sheet.

23. SEGMENTAL INFORMATION

The principle segments have been identified according to service operation (Internal Structure) and by classification of revenue and expenditure as per functional grouping of activity cost determined by National Treasury.

24. AMENDED DISCLOSURE POLICY

Amendments to accounting policies are reported as and when deemed necessary based on the relevance of any such amendment to the format and presentation of the financial statements. The principal amendments to matters disclosed in the current financial statements include fundamental errors, and the treatment of assets financed by external grants.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2008

2008 R
2007 R

Fraudulent transactions to the total value of R1,978,497-72 have been discovered in August 2006 after a proper investigation was completed by SHAG Forensics (Pty).

A portion to the value of R601,540 is in process to be recovered from council's insurance and the pension fund of the official involved. - Accountant Expenditure. According to a report received from SHG Forensic, it was indicated that the amount to the value of R1 373 218,47 can be regarded as unrecoverable. Based on the report, Council resolve to write off the estimated unrecoverable amount to the value of R1.38M. (Council resolution MAYCON 01 06/07 dated 20 June 2007). An additional amount amount of R464 703.60 was recovered from the selling of house which was not anticipated during the 2006 / 07 financial year.

Fraudulent transaction to the estimated amount of R5000 was discovered during June 2008. The case relates irregular usage of petrol card for one of councils motor vehicles. The matter has been investigated and reported to the SAPD. The outcome of a disciplinary hearing is pending.

Refer to note 26 for more detail.

9 VAT

VAT Receivable

2,553,1672,155,966

VAT is payable on the receipts basis. Only once payment is received from debtors is VAT paid over to SARS. All VAT returns have been submitted by the due date through out the year.

25.5 Non-Compliance with Chapter 11 of the Municipal Finance Management Act

Supply Chain Management Policy has been amended and adopted by Council with an effective date of 1st January 2008 for implementation..
To ensure adherence and full implementation of the Supply Chain Management Policy a number of challenges still needs to be address
in the next financial year. Following some challenges to be addressed:

- Establishment of an effective Supply Chain Management Unit
- Review, develop and implementation of new procurement procedure aligned with SCM policy
- Review and amendment of procedures with regard to the tender committee system (Specification, Evaluation and Adjudication Committees)
- Develop systems to monitor and report on supply chain management as required in terms of the policy
- Development of a proper supplier contract register.
- Ongoing update of the SCM supplier database and verification of information received

FRANCES BAARD DISTRICT MUNICIPALITY

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2008

2008 R
2007 R

26 RETIREMENT BENEFIT INFORMATION

26.1 Pension fund contributions

The District Municipality contributes to the following post retirement funds - Cape Joint Pension fund, Cape Joint Retirement fund and SAMWU Retirement fund which provides for retirement benefits to its employees. All Councillors and employees belong to these defined benefit retirement funds administered by the Provincial Pension Fund. These funds are subject to a triennial actuarial valuation.

An amount of R2 068 775 (2007 : R1 677 555) was contributed by Council in respect of Councillor and employees retirement funding. These contributions have been expensed.

26.2 Pensions

At present Council is paying, out of own funds, pensions to eight persons from the former Divisional Council Yaadrivier who retired before 31 December 1990.

It is an unfunded post-employment benefit and the amount recognised as an expense on the operating account amounted to R59 693 for the year under review.

26.3 Continued medical aid contributions

The municipality provides post-retirement medical benefits by subsidizing the medical aid contributions of certain retired staff according to the rules of the medical aid funds. Council pay 70% as contribution and remaining 30% are paid by members. The liability for these benefits is charged to the statement of financial performance in the year of payment.

It is an unfunded post-employment benefit and the amount recognised as an expense on the operating account amounted to R1 011 713 for the year under review.

27 CAPITAL COMMITMENTS

Commitments in respect of capital expenditure Approved and contracted for
Community

The expenditure will be financed from

External Loans
Internal Funding (Own Resources)

<u>25,469,380</u>	<u>3,024,000</u>
15,000,000	3,024,000
<u>10,469,380</u>	<u>3,024,000</u>
<u>25,469,380</u>	<u>3,024,000</u>

An estimated amount of R29.6m is budgeted for the building of a council chamber of which an amount of R6.5m was approved for the 2007 / 08 financial year.

An amount of R4 189 657 was spent at the end of the 2007 / 08 financial year that reflects in appendix A under capital under construction. The amount to be spent during the 2008 / 09 financial year amounts to R25.5m. Estimated completion date is June 2009.

28 CONTINGENT LIABILITIES

28.1 Transnet: Sale of Koopmansfontein

Signing of an agreement to sell Koopmansfontein to the District Municipality has been concluded on 17 November 2003 pending ministerial approval for the sale.

In terms of the signed agreement, the purchaser will be liable to pay a monthly occupational rent amounting to 1% of the purchase price (R45 000) if the purchaser elect to take occupation and possession before the date of registration. Due to the fact that the sale of Koopmansfontein has not been approved by the minister, the occupational rental to the estimated amount of R21 600 has not been paid since the date of signing of the contract.

28.2 Computers Direct: Rental of Photocopying Machine

Rental of the equipment amounted to R38 217 for the year under review and further payments to the amount of R25 884 for the remainder of the contract period.

28.3 Standard Bank

Rental of office space amounted to R207 585 for the year under review and further payments to the amount of R492 070 for the remainder of the contract period.

28.4 South African Local Government Bargaining Council

A conciliation hearing between a former employer and the District Municipality is pending. The estimated cost of the matter is unknown.

28.5 Tender allocations

The allocation of a tender in relation to valuation roll for Magareng municipality is in dispute by one of the bidders. The value of the tender in dispute amounted to R647 429

29 FINANCIAL RISK MANAGEMENT

The activities of the District Municipality exposed it to a variety of financial risks, including market risk (comprising currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The District Municipality's:

29.1 Foreign Exchange Currency Risk:

The District Municipality does not engage in foreign currency transactions.

29.2 Interest Rate Risk:

The District Municipality is mainly exposed to interest rate risk due to the movements in long-term and short term interest rates:

The risk is management on an on-going basis.

29.3 Credit Risk:

Credit risk is the risk that a counter party to a financial asset will fail to discharge an obligation and cause the District Municipality to incur financial loss.

Credit risk arises mainly from cash and cash equivalents, instruments and deposits with banks and financial institutions, as well as credit exposures to grant debtors.

For banks and financial institutions, only independently rated parties with minimum rating of "B+" are excepted. Grants are receivable from higher order levels of government.

FRANCES BAARD DISTRICT MUNICIPALITY

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2008

2008
R

2007
R

29.4 Liquidity Risk:

Liquidity risk is the risk that the District Municipality will encounter difficulty in raising funds to meet commitments associated with financial liabilities.

Prudent liquidity risk management includes maintaining sufficient cash and marketable securities, the availability of funding from an adequate amount of committed credit facilities and the ability to close out market positions.

The financial liabilities of the District Municipality are backed by appropriate assets and it has adequate liquid resources. The District Municipality monitors the cash projections by ensuring that borrowing facilities are available to meet its cash requirements.

No significant financial risk pertaining to creditors exists except for mainly operational risks that are not covered in here.

Executive & Council

Function:	Executive and Council
------------------	------------------------------

Reporting Level	Detail	Total
Overview:	The governance system of the Frances Baard District Council is a mayoral committee system. The Council is also comprised of Section 80 Committees (Finance, Policy & Institutional Development, Social Development, Infrastructure Development and Economic Development). Council is made up of 25 members - 10 female, 15 male.	
Description of the Activity:	<p>The function of executive and council within the municipality is administered as follows and includes:</p> <p>The Executive Mayor heads the municipality and fulfills this governance task in collaboration with the 24 councillors. 14 of these councillors represent the Category B municipalities in the district and 10 councillors were elected through proportional representation, 1 councillor represents the District Management Area (DMA). The Mayoral Committee functions in a manner similar to that of a cabinet with its main function to ensure integration of the work of the Council across political portfolios and departments. The Speaker is a councillor elected as chairperson of the Municipal Council as per legislation and presides over the meetings of council. The Speaker also oversees the effective functioning of the council committee system. The committees of Council meet on a monthly basis and formulate recommendations based on their portfolios.</p> <p>The municipality has a mandate to:</p> <ul style="list-style-type: none"> Provide a democratic and accountable government Ensure the provision of services to communities in a sustainable manner Promote social and economic development Promote a safe and healthy environment Encourage the involvement of communities and community organizations in the matters of Local Government <p>The district does not yet account for the provision of bulk electricity and water to Category B municipalities as this competency falls in the jurisdiction of these municipalities pending the devolution of powers and functions. The housing function is currently the competence of the Provincial Department of Housing & Local Government. However progress has been made to accredit the district municipality for housing delivery.</p>

Office of the Municipal Manager

Reporting Level	Detail	Total																
Overview:	The Municipal Manager is the head of administration for the Frances Baard District Municipality. The Municipal Manager and his team of senior managers are appointed on 5-year performance based contracts. The Municipal Manager is the interface between the political and administrative arms of the municipality, and also interface with the community on a regular basis. As the administrative nucleus of the municipality, the Municipal Manager provides strategic direction with regard to governance and administration. Without assuming the status of a department, the Office has to accommodate specific specialist units in the municipality. These include Internal Auditing, Communication and Committee Services.																	
Description of the Activity:	<p>The above-mentioned functions are administered as follows:</p> <p>Committee Services: Compile agendas and minutes for Council and its Committees as well as administrative support.</p> <p>Communication: Encourage and create conditions for the local community and other stakeholders to participate in the affairs of the district municipality.</p> <p>Internal Audit: Conducting performance, financial and compliance audits and providing consulting services to management.</p> <p>The strategic objectives of this function are to: The formation and development of an efficient, effective and accountable administration.</p> <p>The key performance areas for 2007/08 are:</p> <ul style="list-style-type: none"> • Municipal Institutional Development and Transformation • Infrastructure Development and Basic Service Delivery • Local Economic Development (LED) • Municipal Financial Viability and Management • Good Governance and Public Participation

Reporting Level	Detail
<p>Overview:</p>	<p>The provision of infrastructure development, road maintenance, mechanical support, and housing services in the district.</p>
<p>Description of the Activity:</p>	<p>The Directorate Technical Services is managed as follows:</p> <p>The Sub-Directorate: Physical Infrastructure Development is responsible for the development of infrastructure in Category B Municipalities and the DMA. It also provides basic services to rural settlements in the DMA. Funds allocated for infrastructure development in the Category B Municipalities either from the MIG or PIG grants as well as own capital budget are channelled through this Sub Directorate. A total of R17 194 770 was allocated for infrastructure development. Most of these funds were spent on basic needs projects. Due to the lack of maintenance on Municipal infrastructure, a pilot site for operations and maintenance was established at District level. This pilot site is operated in co-operation with DWAF, DH&LG, DBSA and SIDA. In total an amount of R6 065 641 was spent on upgrading of infrastructure and training of personnel.</p> <p>The Roads Maintenance section is an agency function for the Provincial Department of Transport, Roads and Public Works. Some proclaimed roads are maintained on behalf of the provincial department. The funding for this function has not kept pace with the growing demand and difficulties are experienced in the maintenance of the district roads.</p> <p>The Mechanical Support Function forms part of the roads agency. The primary aim is to offer mechanical support to the Roads Maintenance Section. Mechanical Support is also provided to the eastern region of the Provincial Roads Maintenance section. To a lesser degree, mechanical assistance is provided to the DM in terms of its own vehicle fleet.</p> <p>The municipality is currently going through a process to get accredited to perform the housing function.</p> <p>The municipality has a mandate on:</p> <p>Service Delivery and eradication of backlogs</p> <p>The strategic objectives of this function are to:</p> <ul style="list-style-type: none"> • To effectively manage all administrative services vested in the Department of Technical Services. • To effectively manage the Roads Agency Function • To effectively manage Infrastructure development • To effectively implement National Key Performance Indicators <p>Key issues for 2007/08 are:</p> <ul style="list-style-type: none"> • Provide water and sanitation to targets set by National Government • Completion of business plans or project plans • Work within parameters of SLA with Department of Transport Roads and Public Works • Number of jobs created through the municipality's initiatives and capital projects
