MEDIA STATEMENT

LOCAL GOVERNMENT REVENUE AND EXPENDITURE: FOURTH QUARTER LOCAL GOVERNMENT SECTION 71 REPORT (PRELIMINARY RESULTS)

FOR THE PERIOD: 1 JULY 2017 – 30 JUNE 2018

National Treasury has today released local government's revenue and expenditure for the fourth quarter of the 2017/18 financial year, as well as spending on conditional grants for the same period. This report covers the fourth quarter of the municipal financial year ending on 30 June 2018.

The report is part of the *In-year Management, Monitoring and Reporting System for Local Government (IYM)*, which enables provincial and national government to exercise oversight over municipalities, and identify possible problems in implementing municipal budgets and conditional grants.

In-year reporting is institutionalised with most municipalities that consistently produce quarterly financial reports. The reporting facilitates transparency, better in-year management as well as the oversight of municipal budgets. This makes these reports management tools and early warning mechanisms for councils, provincial legislatures and officials in order to monitor and improve municipal performance.

KEY TRENDS:

Aggregate trends

1. As at 30 June 2018, municipalities on aggregate spent 89.4 per cent or R373.8 billion of the total adjusted expenditure budget of R418 billion. In respect of revenue, aggregated billing and other revenue amounts to 100.6 per cent or R413.1 billion of the total adjusted revenue budget of R410.5 billion. This over-collection may be due to two municipalities in KwaZulu-Natal who reported highly overstated revenue in the 4th quarter.
2. Capital expenditure amounts to R58.8 billion or 82.3 per cent of the adjusted capital budget of R71.4 billion.
3. The adjusted operating expenditure budget amounts to R346.6 billion, of which R315 billion or 90.9 per cent was spent by 30 June 2018.
4. In terms of the budgeted monthly statements in support of the adjusted budgets, municipalities reported the following performance:
 - **Revenue collection** – 3.6 per cent or R12.1 billion over performance against budgeted forecasts;
 - **Operational expenditure** – 8.8 per cent or R30.4 billion under performance

Enquiries: Communications Unit
Email: media@treasury.gov.za
Tel: (012) 315 5944

- against budgeted forecasts; and
 - **Capital expenditure** – 17.7 per cent or R12.6 billion under performance against budgeted forecasts.
5. Municipalities have adjusted the budget for salaries and wages expenditure downwards to R103.1 billion, R8 billion less than the adopted budget of R111.1 billion for the 2017/18 municipal financial year. The adjusted budget for salaries and wages constitutes 29.7 per cent of their adjusted operational expenditure budget of R346.6 billion. As at 30 June 2018 expenditure on salaries and wages was R102.5 billion or 99.4 per cent.
 6. Metropolitan municipalities achieved 93.4 per cent or R224.1 billion of billed and other revenue of the total adjusted revenue budget of R239.9 billion.
 7. Aggregated year-to-date total expenditure for metros amounts to R213.4 billion or 89.2 per cent of their adjusted budget expenditure of R239.2 billion. On average, this represents an annual retraction of 8.6 per cent when compared to the fourth quarter of 2016/17.
 8. Aggregated year-to-date total operating expenditure for metros amounts to R153.9 billion or 64.3 per cent of their adjusted budgeted expenditure of R239.3 billion.
 9. The adjusted capital budget for metros in the 2017/18 financial year is R37.3 billion of which 70.6 per cent or R26.3 billion has been spent as at 30 June 2018.
 10. In aggregate, metropolitan municipalities recorded an under performance of 3.3 per cent or R6.8 billion on revenue collection, an under performance of 7.9 per cent or R16 billion on operational expenditure and 29.4 per cent under performance or R10.9 billion on capital expenditure.
 11. As shown in the figure above, when billed revenue is measured against their actual expenditure, the performance of metros shows surpluses for all trading services for the fourth quarter 2017/18. This does not take into account actual collections:
 - Billed water revenue totaled R27.2 billion against expenditure of R25.4 billion;
 - Billed electricity revenue billed totaled R70.1 billion against expenditure of R62.7 billion;
 - Billed waste water management revenue totaled R11.6 billion against expenditure of R7.2 billion, and
 - Billed waste management revenue totaled R8.3 billion against expenditure R7.9 billion.
 12. The performance of secondary cities against the adjusted budget for the four core services also shows surpluses for the fourth quarter of 2017/18. This excludes actual collections:
 - Billed water revenue totaled R6.5 billion against expenditure of R4.9 billion;
 - Billed electricity revenue totaled R25.2 billion against expenditure of R14 billion;
 - Billed waste water management revenue totaled R2.6 billion against expenditure of R1.6 billion; and
 - Billed waste management revenue totaled R2.1 billion against expenditure of R1.4 billion.
 13. As at 30 June 2018, the aggregated revenue for secondary cities is 99.6 per cent or R58.1 billion of their total adjusted revenue budget of R58.4 billion for the 2017/18 financial year. A year-on-year comparison shows that total billed revenue on average has decreased by 3.7 per cent. It should be noted that Rustenburg has experienced financial system challenges which led to poor reporting and affected the overall

performance of secondary cities in this quarter.

14. The year-to-date operating expenditure level of the secondary cities is 76.9 per cent or R39.9 billion of the total adjusted operating expenditure budget of R51.9 billion for the 2017/18 financial year.
15. Capital spending levels are low at an average of 70.8 per cent or R6 billion of the adjusted capital budget of R8.4 billion. Low capital spending has potentially serious implications for the government's ability to meet the targets for expanded access to service delivery, as well as its job creation targets.
16. Secondary cities reported an over performance of 3.1 per cent or R1.6 billion when measured against monthly budgeted billed revenue, while there is an under performance of 22.3 per cent or R11.4 billion on operational expenditure and R2.5 billion or 29.2 per cent on capital expenditure.
17. Aggregate municipal consumer debts amounted to R143.2 billion (compared to R139.2 billion reported in the third quarter) as at 30 June 2018. A total amount of R1.3 billion has been written off as bad debt. The government accounts for 5.5 per cent or R7.9 billion of the total outstanding debtors. The largest component of this debt relates to households and represents 71.2 per cent or R101.9 billion (73.6 per cent or R102.5 billion in the third quarter).
18. It needs to be acknowledged that not all the outstanding debt of R143.2 billion is realistically collectable as these amounts are inclusive of debt older than 90 days (historic debt that has accumulated over an extended period), interest on arrears and other recoveries.
19. The actual debt owed to municipalities for less than 90 days amounts to R27.2 billion. This should not be interpreted that the National Treasury by implication suggests that the balance must be written-off by municipalities.
20. Metropolitan municipalities are owed R72.3 billion (R64.9 billion reported in the fourth quarter) in outstanding debt as at 30 June 2017.
21. Households in the metros are reported to account for R52.7 billion or 72.9 per cent of outstanding debt, followed by businesses which account for R16.7 billion or 23.1 per cent. Debt owed by government agencies is approximately R1.8 billion or 2.5 per cent of the total outstanding debt owed while the remainder of the debt is for unclassified customer groups.
22. As at 30 June 2018 secondary cities are owed R25.6 billion. This represents an increase of 1.1 per cent from the R25.3 billion reported in the third quarter.
23. The creditors' age analysis shows that R51.1 billion is owed by municipalities as at 30 June 2018; an increase of R10.6 billion when compared to the R40.5 billion reported in the third quarter of 2017/18.
24. Municipalities in the Free State have the highest percentage of outstanding creditors greater than 90 days at 87.5 per cent, followed by North West at 71.1 per cent, Northern Cape 70.3 per cent and Mpumalanga at 65.6 per cent. The year-on-year increase in outstanding creditors could be an indication that municipalities are experiencing liquidity and cash challenges and consequently are delaying the settlement of outstanding debt owed.
25. The aggregated year-to-date actual collection rate is 79.4 per cent compared to an adjusted budgeted collection rate of 90.2 per cent. This represents an aggregated under performance of 10.8 per cent. The national budgeted and actual collection rate is below the 95 per cent norm.
26. The metros budgeted for an adopted collection rate of 92.3 per cent which was adjusted

to 94.1 per cent and achieved an actual collection of 94.4 per cent which is 0.3 per cent above the target. The growth in outstanding debtors does not support this collection rate and requires further investigation by municipalities with the focus on cash flow management.

27. The secondary cities reported 55.6 per cent collection against an adjusted collection rate of 86 per cent which is 30.5 per cent below the adjusted collection rate. This is far below the norm of 95 per cent and is a significant risk to the liquidity and operations of these municipalities.
28. The total balance on borrowing for all municipalities equates to R62.5 billion as at 30 June 2018. This includes long term loans of R43.6 billion and long term marketable bonds of R18.6 billion. The balance represents other short and long term financing instruments.
29. A total of 196 municipalities reported on 461 borrowing instruments of which 110 municipalities reported that they have no loans.
30. A total of 189 municipalities reported on 2 563 investment instruments.
31. As at 30 June 2018 the closing balance for investments made by municipalities equates to R33 billion. Investments include bank deposits of R26 billion, guaranteed endowment policies (sinking funds) of R3.9 billion, negotiable certificates of deposits at banks of R1.6 billion, listed corporate bonds of R1.4 billion and some smaller investments.

Over- and underspending

32. Underspending of R66.8 billion or 16 per cent of municipalities' total adjusted budgets was reported. When compared to last year's performance, there has been an increase of R13.7 billion. In 2016/17 the aggregate underspending was R53.1 billion or 13.3 per cent of the total municipal budget. The over- and underspending can be summarised as follows:

Analysis of Over and Under spending of expenditure for 2014/15 to 2017/18

R thousands	2014/15			2015/16			2016/17			2017/18		
	(Over)	Under	Nett	(Over)	Under	Nett	(Over)	Under	Nett	(Over)	Under	Nett
Total	(1 913 463)	41 282 835	39 369 372	(3 079 327)	43 699 930	40 620 603	(1 766 257)	53 093 175	51 326 919	(22 626 540)	66 833 502	44 206 962

Source: National Treasury Local Government Database

- Aggregate overspending of the adjusted operating budget – R15.1 billion or 4.4 per cent;
- Aggregate underspending of the adjusted operating budget – R46.7 billion or 13.5 per cent;
- Aggregate overspending of the adjusted capital budget – R8.2 billion or 11.5 per cent;
- Aggregate underspending of the adjusted capital budget – R20.8 billion or 29.2 per cent;
- Aggregate underspending of the revised conditional grants allocation – R4.5 billion or 14.1 per cent; and
- Aggregate overspending of the conditional grants allocation – R510.8 million or 1.6 per cent.

33. Note that the aggregation of the capital and operating budgets will result in a different outcome to that of analysing them separately.

34. The biggest contributor to over spending on the conditional grant framework is informed by the Eastern Cape and Free State provinces with 3.2 and 2.5 per cent respectively.
35. Municipalities in aggregate underspent conditional grants with R4.5 billion or 14.1 per cent. This represents a net underspend of R4 billion for the financial year. Underspending on conditional grants negatively impacts service delivery.

Conditional Grant performance

36. Expenditure on conditional grants for the fourth quarter of the 2017/18 financial year indicated that R28 billion or 86.2 per cent of the transferred R32 billion was spent by municipalities as at 30 June 2018 (a 0.5 per cent decrease from the 86.7 per cent achieved in 2016/17). As a norm, the fourth quarter performance, similarly to all quarterly performance reports, excludes indirect grants as these are spent by national departments administering the grants on behalf of municipalities.
37. The best performing province was Mpumalanga, which reported overall expenditure of R2.9 billion or 94.4 per cent of the R3 billion transferred to Mpumalanga municipalities, followed by Eastern Cape, Limpopo and KwaZulu-Natal provinces with expenditure at 92.6 per cent, 91.6 per cent and 90.9 per cent of total transfers respectively. The Northern Cape also performed relatively well, as expenditure was at R1 billion or 87 per cent of transfers as at the end of the fourth quarter of 2017/18 municipal financial year.
38. The Western Cape, Gauteng and Free State provinces did not perform so well, with respective expenditures at 79.3 per cent, 77.3 per cent and 76.1 per cent.
39. As in 2016/17, the poorest performing province was North West, achieving expenditure of 68.1 per cent or just over R2.0 billion from the transferred R2.9 billion as at the end of the fourth quarter of 2017/18. This is also a regression from 2016/17 where the province achieved expenditure of 74.2 per cent.

Infrastructure Conditional Grants Expenditure as at 30 June 2018

40. Under the capacity building conditional grants, the best performing grants were the Expanded Public Works Programme (EPWP) integrated grant for municipalities, the local government Financial Management Grant (FMG), as they all reported expenditure of over 90 per cent of total transferred amounts, with EPWP reporting 100 per cent expenditure, similarly to the same period last year. The Rural Roads Asset Management (RRAMS) grant, Infrastructure Skills Development Grant (ISDG) and the Municipal Demarcation Transition Grant (MDTG) also performed relatively well, with reported expenditures of 89.8 per cent, 88 per cent and 87.9 per cent respectively.
41. The Energy Efficiency Demand Side Management (EEDSM) grant also performed well as the aggregated expenditure as reported by municipalities was R158.1 million or 77.8 per cent of the transferred amount of R203.2 million, a notable improvement from the 65.3 per cent and 70.6 per cent achieved in the same period in 2015/16 and 2016/17 financial years respectively.
42. The poorest performing grant was the Municipal Disaster Grant (MDG), which reported expenditure of 40.5 per cent or R138.2 million from the allocated amount of R341.3 million to assist municipalities in mitigating immediate consequences of disasters by carrying out emergency repair of infrastructure and emergency provision of goods and services. The poor performance can be attributed to the transfer of a large portion of the allocation in March 2018 (3 months before the end of the municipal financial year), following the declaration of disasters in the Eastern Cape, Northern and Western Cape owing to drought.

Infrastructure Conditional Grants Expenditure as at 30 June 2018

43. From an infrastructure conditional grants perspective, the best performing grants were the MIG and INEP municipal grant at 94.2 per cent and 90.2 per cent expenditure respectively, with MIG improving from 92.4 per cent and INEP regressing from 99.2 per cent in 2016/17. The RBIG also performed well with expenditure of 82.7 per cent, a notable improvement from the 66.3 per cent achieved in the same period last year.
44. The above conditional grants all reported expenditure of over 90 per cent and 80 per cent of total transferred amounts, which is a notable achievement, especially the MIG and RBIG based on the intensive nature and complexity of infrastructure rolled out using these grants. This is despite the fact that some municipalities received additional MIG allocations in March this year i.e. in their third quarter of 2017/18, as a result of the stopping and re-allocation process conducted in terms of sections 19 and 20 of DoRA.
45. The NDPG and WSIG also performed relatively well as the aggregated expenditure as reported by municipalities was at R517.7 million or 78.0 per cent and R2.6 billion or 78.7 per cent of the allocated and transferred amounts of R663.4 million and R3.3 billion respectively. This is a notable improvement from the same period last year, where expenditure for NDPG and WSIG was at 63.2 per cent and 66.9 per cent of the transferred R624 million and R2.8 billion respectively.
46. The poorest performing infrastructure grant was the Public Transport Network Grant (PTNG). The grant reported expenditure of just over 70 per cent of the allocation. This is a regression from the 87.7 per cent achieved in 2016/17; the underperformance on the PTNG is of particular concern, given the number of years the grant has been in existence, and the lack of efficient, effective and reliable public transport in the cities receiving the grant.
47. In 2017/18, the TOs were responsible for managing indirect grants which include the Regional Bulk Infrastructure Grant, Water Services Infrastructure Grant, Eskom's Integrated National Electrification Programme grant, National Treasury's Neighbourhood Development Partnership Grant, and Municipal Systems Improvement Grant. Performance monitoring for these grants are not included as part of the section 71 publications because municipalities are not the recipients of the allocated funds (allocations in-kind).

Roll-Overs from 2016/17 to 2017/18 Conditional Grants Expenditure as at 30 June 2018

48. National Treasury approved a roll-over amount of R814.1 million from the 2016/17 to the 2017/18 financial year. This is a further notable reduction in the amount approved for roll-over from previous years owing to the stringent roll-over criteria National Treasury is employing to encourage municipalities to spend their grant allocations in the allocated timeframe. The roll-over amount is mainly made up of infrastructure grants in the form of MIG (R401.7 million), WSIG (R149.4 million), PTNG (R104.4 million), and INEP (R59.9 million and RBIG (R52.6 million).
49. The aggregated reported expenditure on the rolled over funds by municipalities in the fourth quarter of 2017/18 was reported at a meagre R236.1 million or 29 per cent of the roll-over amount of R814.1 million. The low expenditure on approved roll-over could be attributed to poor and non-reporting on municipalities' part, which needs to be addressed. The expenditure figures are likely to be very different to those municipalities will report in their 2017 pre-audited Annual Financial Statements to be submitted to the Auditor General by 31 August 2018.
50. This is a marginal regression from the same period last year, but still of much concern where of the approved roll-over of R853.6 million from 2015/16 to 2016/17, 31.8 per cent or R271.8 million of the rolled over amount was reported as spent. The expenditure or reporting of expenditure on rolled over unspent conditional grants (especially infrastructure) continues to be a going concern as this paints a picture of municipalities struggling to spend their roll-overs from previous

financial years, together with their current year allocations. A different picture will all together be painted when municipalities submit their pre-audited Annual Financial Statement, wherein we will find most, if not all approved roll-overs are fully spent by municipalities.

A summary of key aggregated information is included in the tables in **Annexure A**.

Further details on this report can be accessed on the National Treasury's website: www.treasury.gov.za.

NOTE TO EDITORS:

- This information is published in terms of Sections 71 of the Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (MFMA), and 30(3) of the 2017 Division of Revenue Act. The budgeted figures shown are based on the 2017/18 adjusted budgets approved by municipal councils.
- In terms of the process, Municipal Managers and Chief Financial Officers are required to sign and submit data to the National Treasury by 30 July 2018. Any queries on the figures in these statements should be referred to the relevant Municipal Manager or Chief Financial Officer. Queries on conditional grants may be referred to the national department responsible for administering the grant.
- A municipal budget must be funded in terms of Section 18 of the MFMA before a Municipal Council can adopt that budget for implementation. A funded budget is essentially a budget that is funded by a combination of cash derived either from realistically anticipated revenues to be collected in that year, and cash backed surpluses of previous years. It is a common practice amongst most municipalities, when preparing their annual budgets, to overstate or inflate revenue projections, either to reflect a surplus, or on the surface to show that excess expenditure requirements are adequately covered by revenues to be collected. Therefore, the revenue estimates are seldom underpinned by realistic or realisable revenue assumptions resulting in municipalities not being able to collect this revenue, and as a result finding themselves in cash flow difficulties. Should such situations arise, municipalities must adjust expenditure downwards to ensure that there is sufficient cash to meet these commitments.
- This fourth quarter publication covers 257 municipalities on financial information and conditional grant information.

Issued by National Treasury

Date: 23 August 2018

STRUCTURE OF INFORMATION RELEASED:

Other information released on National Treasury's website (www.treasury.gov.za) as part of this process includes the following:

- Municipal Budget Statements:
 - a. Cash Flow closing balances as at 30 June 2018;
 - b. Over- and under collection of revenue against the adjusted budget 2017/18 for the following dimensions:
 - i. Total municipal budgets;
 - ii. Operating budgets;
 - iii. Capital budgets;
 - c. Over- and underspending of adjusted budget 2017/18 for the following dimensions:
 - i. Total municipal budgets;
 - ii. Operating budgets;
 - iii. Capital budgets;
 - d. Over- and underspending of allocated conditional grants;
 - e. High-level summary of revenue, and
 - f. High-level summary of expenditure.
- Summary of revenue and expenditure per function (electricity, water, etc):
 - a. High level summary of revenue per function, and
 - b. High level summary of expenditure per function.
- Consolidation of revenue and expenditure numbers for each municipality in one file.
- Detail per province per municipality.
- Summary of Conditional Grant (CG) Information for all municipalities and per grant.
- CG - Detail per province per Municipality.
- Summary of Conditional Grant (CG) information per programme.
- Section 71 summary information for the fourth quarter:
 - a. Summary of total monthly operating expenditure;
 - b. Summary of total monthly operating revenue;
 - c. Summary of total monthly capital expenditure;
 - d. Summary of total monthly capital revenue;
 - e. Summary – Metros;
 - f. Conditional Grant summary – Metros;
 - g. Summary – Secondary cities;
 - h. Conditional Grant summary – Secondary cities;
 - i. Summary – Provinces;
 - j. Conditional Grant summary – Provinces;
 - k. Analysis of Sources of Revenue;
 - l. Listing of borrowing instruments – 203 municipalities;
 - m. Listing of investment instruments – 189 municipalities;
 - n. Monthly repairs and maintenance expenditure per asset class; and
 - o. Monthly repairs and maintenance operating expenditure.

- Service delivery information (non-financial performance) for all municipalities.
- Non Compliance:
 - a. List municipalities not complying with Section 71 of the MFMA.

The section 71 information reported by municipalities to National Treasury is also published on the National Treasury website in the format of Schedule C, which is the format for monthly and quarterly municipal financial statements as prescribed by the Municipal Budget and Reporting Regulations.

SUMMARY TABLES:

According to the budgeted monthly operational and capital expenditure submitted by all municipalities as supporting tables to the adjusted budgets, municipalities recorded an over performance of 3.6 per cent or R12.1 billion on revenue collection, an under performance of 8.8 per cent or R30.4 billion on operational expenditure and 17.7 per cent or R12.6 billion on capital expenditure.
