Introduction

Section 16(2) of the Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (MFMA) requires the Mayor of a municipality to table the annual budget at a Council meeting at least ninety days prior to the start of the municipal budget year.

Section 16(1) of the MFMA requires that the Council of a municipality must for each financial year approve the annual budget for the municipality before the start of the financial year.

In order to assist Parliament with its oversight responsibilities, I, Pravin Gordhan, Minister of Finance, acting in terms of section 24(3) of the MFMA hereby -

- a. inform Parliament of the dates on which Municipalities have tabled their 2009 Medium Term Revenue and Expenditure Framework (MTREF) Budgets in Council in terms of section 16(2) of the MFMA; and
- b. inform Parliament of the dates on which Municipal Councils approved those budgets in terms of section 16(1), read together with section 24.

The information is presented in the form of a schedule per province, with those municipalities that failed to comply with the above provisions being highlighted.

This information will also assist the Office of the Auditor General to conduct their compliance audit on the municipal budget side in terms of Sections 25 and 27 of the MFMA.

Pravin Gordhan
Minister of Finance

Broad Trends:

2. In aggregate 251 out of 283 or 89 per cent of the municipalities tabled their budgets in their respective municipal councils on time, an 8 per cent increase from last year's 81 per cent.
3. 172 out of 283 or 61 per cent of the municipalities adopted their budget within the prescribed period, 65 or 23 per cent of the municipalities did not adopt their budget on time and the remaining 46 or 16 per cent did not provide the answer to this question in our questionnaire.
4. 271 municipalities prepared their own budgets, and only 12 or 4 per cent of the municipalities had their budgets prepared by external service providers.
5. Only 89 municipalities adjusted their budget to include electricity tariff increases as per Government Gazette No. 31195 of 27 June 2008, this constitutes only 31 per cent of the 283 municipalities. It should however be noted that most of these municipalities, inclusive of 45 district municipalities do not exercise their powers and functions on electricity and were therefore not required to adjust their budget for this purpose, and this might explain the low percentage of 31 per cent.
6. 27 or 10 per cent of the 283 municipalities planned to table another adjustment for their previous year's budget i.e. for the 2008/09 municipal financial year.
7. 164 or 58 per cent of the 283 municipalities tabled adjustments that comply with Section 22(b) of the MFMA which requires them to submit their Adjustment Budget in both printed and electronic formats to National Treasury, the relevant provincial treasury, prescribed national or provincial state organs as well as to other municipalities affected by the budget.
8. 188 or 66 per cent of the 283 municipalities adopted adjustments that comply with Section 24(3) of the MFMA which requires them to submit the Approved Adjustment budget to the National Treasury and the relevant provincial treasury.
9. From a provincial perspective, the figures suggest that municipalities in the Northern Cape province performed worst in terms of tabling their budgets on time with only 75 per cent of the municipalities meeting the deadline, a 13 per cent decrease from the previous year's 88 per cent. The municipalities in the Free State province had the next lowest level of compliance at 76 per cent, a 20 per cent increase from last year's 56 per cent. The highest rate of meeting the deadline was the Eastern Cape and Gauteng provinces at 100 per cent, an increase of 16 per cent for Eastern Cape from last year, and Gauteng kept to their good performance of 100 per cent last year.
